

Electron Pro TKO Fork Replacement Program

Following recent reports of a potential cracking issue at the fork stem insert of some Electron Pro TKO forks, Argon 18 is taking immediate action to ensure the safety of all riders. As a precaution, **all Electron Pro TKO forks produced between 2020 and 2024 should not be ridden until a replacement fork has been installed.**

The replacement program applies to the following SKUs:

- ELPR.X.350A.FS
- ELPR.X.350B.FS
- FK.N.ELPR.X.350A
- FK.W.ELPR.X.350B

The Electron Pro TKO 2020-2024 model is recognisable by its artwork, as shown below:

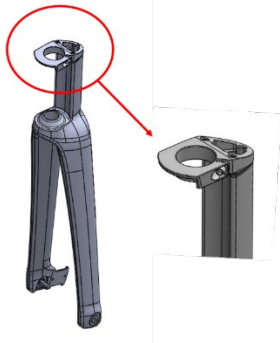

Please note that the Electron Pro RIO model (shown below) is not affected by this notice:

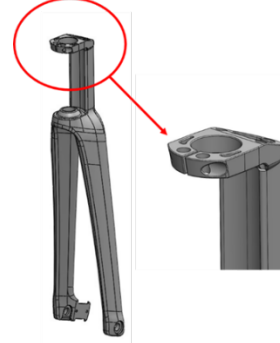

Any Electron Pro TKO fork produced between 2020 and 2024 and affected by this replacement program features the original 350A/B Stem Insert configuration. Forks produced after 2024 (and therefore not covered by this program), are equipped with the revised New 350A/B Stem Insert configuration.

To identify whether a fork is part of the replacement program, please refer to the images below:

TKO Fork Replacement Program

Argon 18 is offering a replacement program for all affected forks, free of charge. Any Electron Pro TKO fork produced between 2020 and 2024 with the original stem insert configuration should be returned to an Argon 18 Authorized retailer. Argon 18 will provide a replacement fork featuring the revised stem insert design.

For additional information, or if the retailer where your bike was purchased is no longer an Argon 18 Authorized Retailer, please contact Argon 18 Customer Service through the online webform [\[HERE\]](#). A replacement fork will be sent to you. Your safety is our top priority, and we are committed to resolving this matter promptly. If you need further assistance, don't hesitate to reach out. We appreciate your understanding and cooperation.

The replacement fork product code is as follows:

- FK.N.ELPR.X.350C
