**OUR PERFORMANCE ROAD
FAMILY IS NOW FULLY
DISC-EQUIPPED**

All the engineering knowledge of our World-Tour level Gallium Pro, in a more accessible package. The Gallium CS is the perfect way to make a mark on those long training days, or to jockey for rank on group rides. This is the bike that will be ready when you are, whether that includes a punishing climb, soaring descent, or flat-out sprint to the coffee shop. Easy to fit, intuitive to maintain and a pure pleasure to ride, the Gallium CS equally suits the randonneur and racer.

Pro-level Lineage: The Gallium CS Disc comes with a pedigree that few bikes of its price point can match. With the same geometry as the Gallium Pro Disc, the CS offers World-Tour proven lineage for all riders.

Comfort and Confidence: Disc model offers clearance for 28c tires and the added stiffness of thru-axles, along with the confident braking power of discs. With ride quality that makes it our perennial best-seller, this is a bike that was engineered rider-first.

All the right features – at the right price: The CS Disc features our press-fit 3D system, replaceable rear derailleur hanger, riveted aluminum front derailleur hanger and chainsuck protector, all at one of the most competitive pricepoints for disc-equipped carbon performance road bikes.

ARGON 18

GALLIUM CS DISC

In this day and age, it only makes sense to offer a complete range of disc brake equipped road bikes. The introduction of the new Gallium CS Disc finally rounds out our Gallium Disc line.

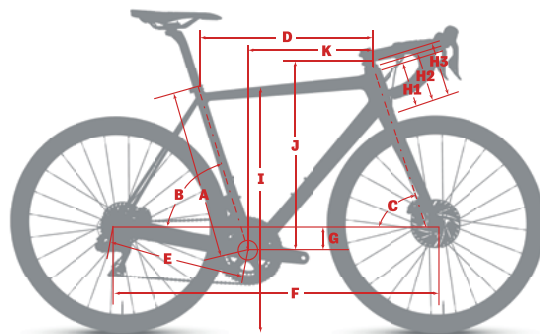

Designed on the same platform as the Gallium Pro Disc and the Gallium Disc, the Gallium CS guarantees years of enjoyment to newcomers to the sport and to more seasoned cyclists on a tighter budget.

322A - VIBRANT BLUE METALLIC

322B - SILVER RABBIT BLACK
