LEGENDARY PERFORMANCE, AGAIN AND AGAIN

A thoroughbred through and through, the Gallium Disc is our elite-level racer that matches its climber's pedigree with lightning-sharp reflexes and precision handling. With the same race-ready handling and geometry as the Gallium Pro, the Gallium Disc showcases our painstaking attention to detail in all aspects of our layup and performance testing. Stiff for sprints, stable at speed, and compliant to avoid the road rattles, the Gallium provides an ideal ride experience, with the stiffness of thru-axles and confidence of discs.

RACE-READY GEOMETRY: Classic road race geometry lets you achieve a lean-and-mean setup without discomfort on long rides.

OPTIMAL BALANCE: Stiff for sprints, stable at speed, and compliant to avoid the road rattles, the Gallium provides an ideal ride experience.

COMFORT AND CONFIDENCE: Clearance for 28c tires and the added stiffness of 12mm DT-Swiss Type thru-axles, along with the confident braking power of discs.
