

The image features a large, stylized 'ARIES' logo in white with a trademark symbol, positioned in the upper left. The background is a collage of various interior fabric textures, including a dark red leather-like material, a grey woven mesh, and a dark blue/black textured fabric. A red boot is visible in the lower right quadrant, partially overlapping the dark blue fabric. The overall aesthetic is industrial and modern.

ARIES DEALER PORTAL

Access free marketing resources and order from our easy, new online ordering system!

At ARIES, we want to give you the tools you need to successfully market the ARIES brand and further your business. As such, we are proud to introduce our Dealer Portal. This online dealer-exclusive site is a one-stop shop for ordering ARIES parts and downloading all our latest marketing resources.

The ARIES Dealer Portal allows you to:

- Look up parts by vehicle and order them using a single username and password
- Access product content, photography, videos and more
- Download up-to-date vehicle application data

For more information, please contact our Development Team at websupport@curtmfg.com.

UNMATCHED VIDEO LIBRARY

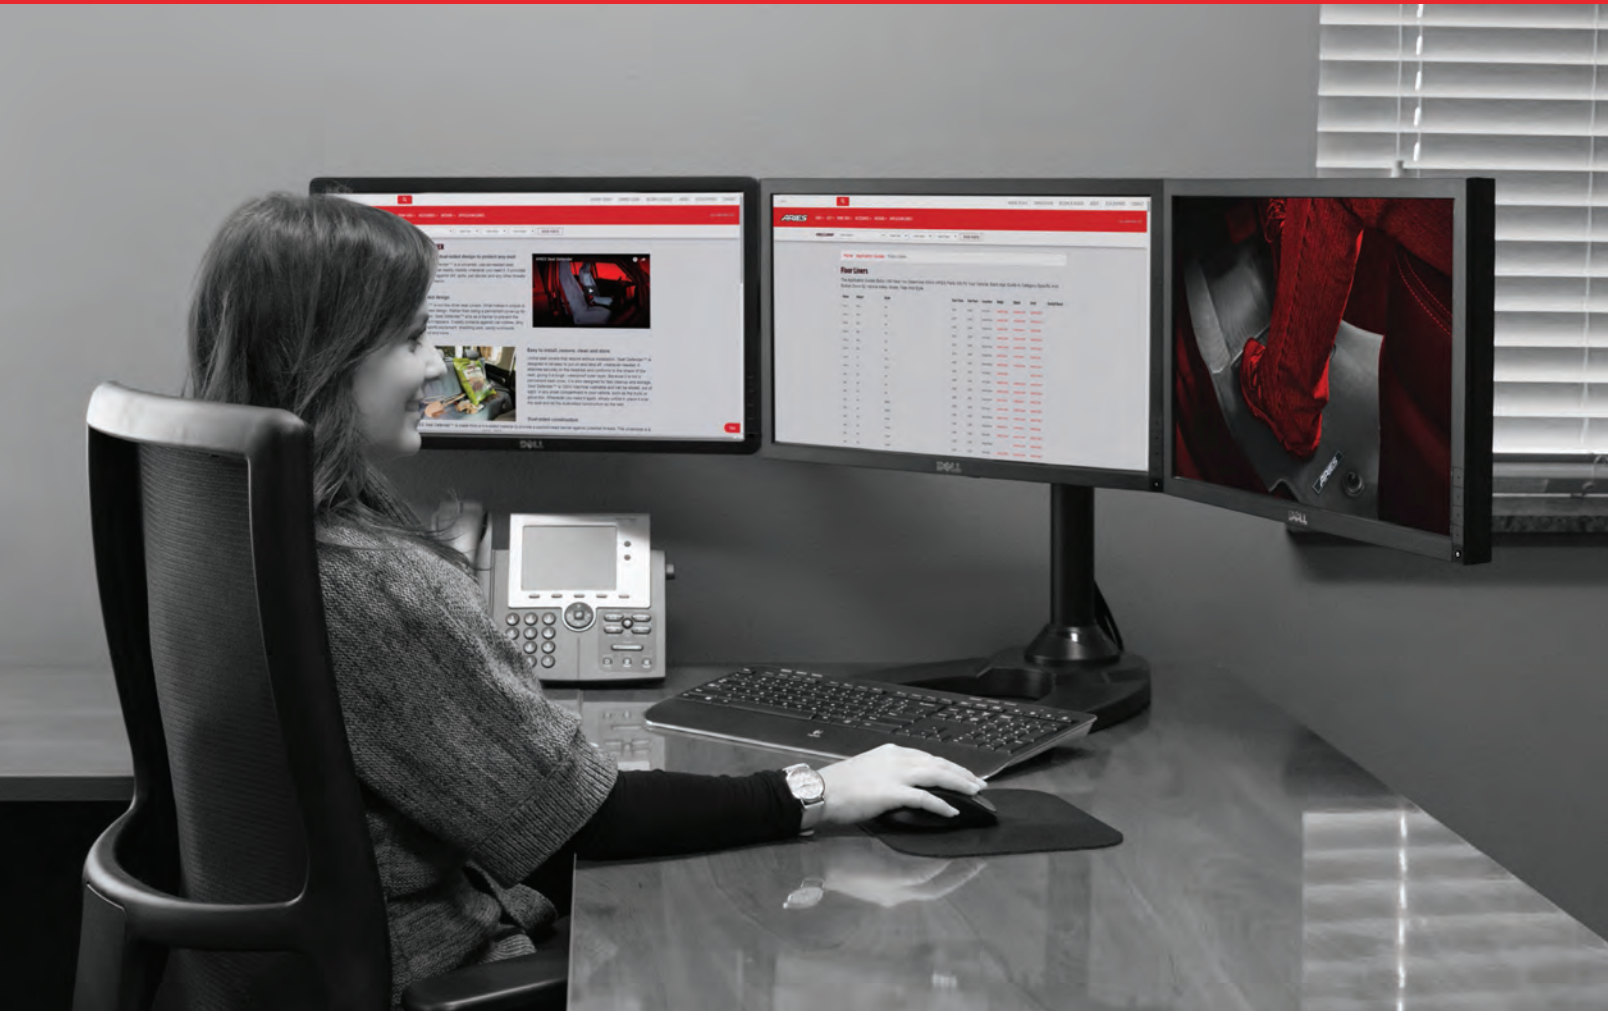

Show your customers the ARIES difference with our expanding video resources!

With a new, professional video team at our headquarters, ARIES is in the process of building a library of videos to support our dealers, installers and consumers. We offer installation videos, product feature videos and more, to show our customers the benefits of ARIES products. We now have over 50 videos, with new ones added every week.

Our entire video library is available to use in your store and on your website. They can be accessed in following ways:

- youtube.com/AriesAutomotive
- FTP server via the Dealer Portal
- ariesautomotive.com

For more information about embedding ARIES videos on your website or to obtain hard copies for use in your store, contact our video team at videos@curtmfg.com.

NEW IMAGERY, CONTENT & DATA

Implement our growing content resources in your store and on your website!

ARIES has undergone some major changes recently, refocusing our marketing strategies and customer support efforts. In addition to video, we have refined and expanded our photo library, written content and vehicle application data.

We have built an extensive photo library, consisting of professional product images, in-use images and lifestyle shots. We have expanded our written content offering,

including rich product descriptions, bullet points and more. We have also refined our application data to make it easy for our customers to find the products they are looking for.

All of these resources are available for you to use on your website and in printed materials. They can be accessed through the ARIES Dealer Portal at ariesautomotive.com, using our FTP server and Reporting tool.

TABLE OF CONTENTS

When it comes to protecting the interior of your customer's vehicle, ARIES has the variety and quality your customers are looking for. We offer universal, use-as-needed seat protectors to fit virtually any size seat, as well as custom-fit, vehicle-specific liners to protect the floor.

Both Seat Defender™ and StyleGuard™ floor liners are available in multiple colors to match the style of any vehicle interior. So, whether your customers are hard at work or hard at play, ARIES has them covered.

AUTO ACCESSORIES GUIDE

TRUCK CAB GUIDE

Automotive manufacturers use different names for their various truck cab sizes. While Ford may call its largest cab the SuperCrew, Toyota calls it the CrewMax. However, all truck cabs generally fit into one of three categories: regular cab, extended cab or crew cab.

/ Regular cab

This type of truck cab has two full-size, front-hinging doors and provides seating for two or three people. Unlike the other cab types, it has no extra space or seating behind the first row.

/ Extended cab

This type of truck cab has at least two full-size, front-hinging doors and extra seating behind the first row. The back seats are accessed either by tilting and sliding the main seats forward or by opening a set of smaller, rearward doors. The rear doors are usually suicide doors but can also be standard front-hinging doors.

/ Crew cab

This type of truck cab is the largest and has four full-size, front-hinging doors. It offers the most room with two full rows and seating for up to five or six people.

TRUCK CAB NAMES BY MANUFACTURER

The table below lists each truck cab name by manufacturer and size. This categorization is only intended to promote a better understanding of the three basic types of truck cabs and does not imply certain design similarities across the various makes and models.

In the ARIES Application Guide, the names will reflect those actually used by each manufacturer.

Truck Cab Names By Manufacturer			
	Regular Cab	Extended Cab	Crew Cab
Chevrolet / GMC	Regular Cab	Double Cab	Crew Cab
Honda Ridgeline	--	--	Crew Cab
Ford	Regular Cab	Super Cab	SuperCrew
Dodge & Ram	Regular Cab	Quad Cab	Crew Cab & Mega Cab
Nissan Titan	--	King Cab	Crew Cab
Toyota Tacoma	Regular Cab	Access Cab	Double Cab
Toyota Tundra	Regular Cab	Double Cab	CrewMax

AUTO ACCESSORIES GLOSSARY

A

Access Cab

see 'Extended Cab'

Aftermarket

a term used to refer to automotive parts and accessories that fit a particular vehicle but are made by a manufacturer different than the original equipment manufacturer or OEM

All-Wheel Drive (AWD)

a drivetrain system that powers all four wheels simultaneously, all of the time; provides more traction when needed but generally will not activate until the vehicle requires it, making some automatic all-wheel drive vehicles essentially smart 2WD systems; different from four-wheel drive in that 4WD can be switched off by the driver

Application Guide

a complete index of current part numbers and associated vehicle applications for all ARIES parts; available online or in the ARIES catalog

B

Bench Seat

a type of vehicle seat that spans the width of the vehicle and provides seating for three or more persons; can be in the first row, but is commonly found in the rear passenger rows

Bucket Seat

a type of vehicle seat designed to hold only one person; typically used for the first row and sometimes second row

C

Club Cab

see 'Extended Cab'

Crew Cab

also known as a 'quad cab', 'double cab', 'dual cab' and others; a truck cab with four full-size, front-hinging doors and seating for five or six people; larger than a regular cab and extended cab; see the 'Truck Cab Guide' on page 5 for more information

Cross-Linked Polyethylene (XPE) Foam

a fine-celled material comprised of linked polymer chains that provide increased hardness and rigidity, and offer characteristics of thermal insulation, waterproofing, shock absorption and sound insulation

Crossover Utility Vehicle (CUV)

also known simply as a 'crossover'; a vehicle that is built on a car platform using features and styling common on sport utility vehicles (SUV)

CUV

see 'Crossover Utility Vehicle'

D

Denier

a measurement of fabric weight, based on the fineness or thickness of the threads

Drivetrain

the set of parts in an automobile that allows the engine to channel its power to the axles; typically includes the driveshaft, CV joints, differential, axle shafts and U-joints

Dual Cab

see 'Crew Cab'

Dual Post

a floor liner attachment method that uses two knobs or posts, usually positioned on the driver's side near the seat, to help keep the floor liner held in place; also see 'Single Post'

E

Extended Cab

also known as a 'king cab', 'super cab' and others; a truck cab with extra seating behind the front seats, usually accessed by tilting and sliding the main seats forward or using suicide doors; may also be referred to as a 'quad cab' on some older Dodge / Ram models; see the Truck Cab Guide on page 5 for more information

F

Four-Wheel Drive (4WD)

a drivetrain system in which all four wheels of the vehicle are powered by the engine simultaneously; different from all-wheel drive in that it can be disengaged by the driver so that the vehicle operates on a two-wheel drive system only

K

King Cab

see 'Extended Cab'

L

Long Bed (LB)

a truck bed that is typically one or two feet longer than a short bed (compact long beds are generally 7' long and full size are 8' long)

O

Original Equipment Manufacturer (OEM)

a term used to designate parts that are made by the original manufacturer as opposed to an aftermarket manufacturer

Q

Quad Cab

see 'Crew Cab'

R

Regular Cab

also known as a 'standard cab'; a truck cab with two full-size, front-hinging doors and seating for two or three people; has no extra space or seating behind the main seats, unlike an extended cab or crew cab; see the Truck Cab Guide on page 5 for more information

S

Short Bed (SB)

a pickup truck bed that is usually a foot or two shorter than a long bed; typically 5.5' to 6.5' long

Single Hook

a floor liner attachment method, similar to 'Single Post', but using a hook instead of a knob, to help keep the floor liner held in place

Single Post

a floor liner attachment method that uses one knob or post, usually positioned on the driver's side near the seat, to help keep the floor liner held in place; also see 'Dual Post'

Sport Utility Vehicle (SUV)

a type of automotive vehicle with a station-wagon-like body built on a light truck chassis; usually equipped with four-wheel drive for on- or off-road capability

Standard Cab

see 'Regular Cab'

Suicide Door

a type of vehicle door that has rearward hinges and that opens toward the front, opposite a standard vehicle door; typically requires the forward door to be opened first; commonly used on extended cab pickup trucks

Super Cab

see 'Extended Cab'

SUV

see 'Sport Utility Vehicle'

T

Terylene

a highly durable fabric that is made of synthetic polyester and characterized by its light weight and resistance to creasing

Thermoplastic rubber (TPR)

a material consisting of a combination of plastic and rubber and having properties of both, being flexible, moldable, durable, waterproof and resilient to extreme temperatures

Truck Bed

also called a 'truck box' or simply a 'box'; the rear portion of a truck, designed for holding cargo; usually equipped with sides and a tailgate; also see 'Short Bed' and 'Long Bed'

Truck Cab

also known as a 'cabin' or simply a 'cab'; the enclosed compartment of a pickup truck where the driver and passengers sit; see the Truck Cab Guide on page 5 for more information

Two-Wheel Drive (2WD)

a drivetrain system in which the engine powers only two of the vehicle's wheels; common on most non-commercial vehicles without four-wheel drive

V

Vehicle Identification Number (VIN)

a unique serial number used by the automotive industry to identify individual motor vehicles

VIN Tag

a metal plate or sticker on a vehicle or trailer that provides vital information about the vehicle, including the make, model, year, weight ratings and the VIN

X

XPE Foam

see 'Cross-Linked Polyethylene (XPE) Foam'

INTERIOR PROTECTION

The image shows the interior of a car, specifically the front passenger area. The seats and the center console are covered with white, protective fabric covers. The background is a solid, vibrant red color, which makes the white covers stand out. The lighting is dramatic, highlighting the texture of the covers and the contours of the car's interior. The overall composition is clean and focused on the product being advertised.

WORK HARD TO PLAY EVEN HARDER

ARIES is aimed at complete protection of your customer's vehicle interior – not just for the floor but for every row and every seat. We offer Seat Defender™ and StyleGuard™ floor liners for interior protection unlike any other.

Seat Defender™ is an innovative, universal and use-as-needed seat protection system that stops damage before it happens, instead of just covering it up. It is easy to install, remove, clean and store.

StyleGuard™ floor liners feature a triple-layer defense, a custom-molded fit and a refined appearance. They break away from the industrial look and offer superior slip resistance using patented OmniGrip™ fibers.

Complete vehicle coverage

Instead of only protecting the vehicle's floor, StyleGuard™ and Seat Defender™ work together to offer a complete, waterproof protection system

Multiple applications

Seat Defender™ comes in two universal sizes, while StyleGuard™ liners are available for a variety of vehicles for individual rows or in complete kits

Durable construction

Seat Defender™ is made with a tough, dual-sided construction, and StyleGuard™ features a triple-layer design with industrial-strength materials

CATEGORY INDEX

10 | **Seat Defender™**

12 | **StyleGuard™ Floor Liners**

SEAT DEFENDER™

with a universal, dual-sided design to protect any seat

/ As-needed protection

The fast, simple design allows it to be used as needed to stop damage instead of just covering it up. It then removes and cleans quickly to be ready for use again

/ Dual-action defense

The bottom layer of thermoplastic rubber grips the seat, while the top layer of 600-denier terylene fabric defends against spills, dirt, pet dander and more

/ Universal design

Seat Defender™ is available in two universal sizes and four different color options. It easily installs on front or rear seats and fits virtually any bucket or bench seat

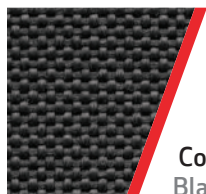

Features and benefits

- Use-as-needed, universal design with dual-layer, non-skid protection
- Fast and easy to remove, clean and store
- Thermoplastic rubber grips the seat, providing added comfort and safety
- Woven 600-denier terylene fabric blocks spills, dirt and more
- 100% waterproof and machine washable
- Allows for side airbag deployment
- Maintains seat belt access on both bucket and bench seats (may interfere with center shoulder strap)
- Bucket and bench size options fit virtually all vehicles

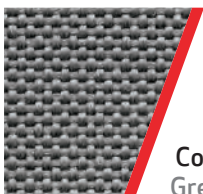

Color options

Seat Defender™

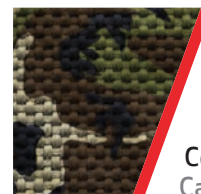

Color:
Black

Color:
Grey

Color:
Brown

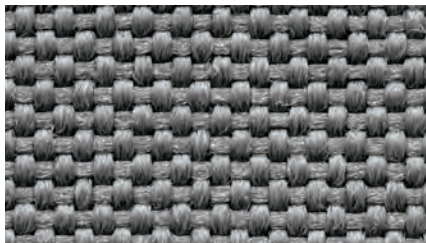

Color:
Camo

Applications

Seat Defender™				
Location	Black#	Grey#	Brown#	Camo#
Bucket	3142-09	3142-01	3142-18	3142-20
Bench	3146-09	3146-01	3146-18	3146-20

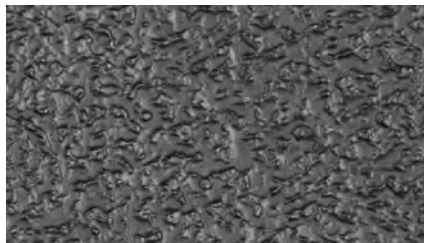

TWO LAYERS OF PROTECTION

/ 600D terylene fabric

The top side of the Seat Defender™ is a durable, woven, 600-denier terylene fabric that keeps dirt and spills out and cleans up easily

/ Thermoplastic rubber (TPR)

The underside is a layer of waterproof thermoplastic rubber that not only protects against spills but also grips the seat for added safety

STYLEGUARD™ FLOOR LINERS

with patented OmniGrip™ fibers

/ Triple-layer defense

Made with a unique, three-layer construction of thermoplastic rubber, XPE foam and OmniGrip™ fibers, StyleGuard™ provides ultimate interior protection

/ Custom-molded fit

Each StyleGuard™ liners is laser-measured and custom-molded for a specific make and model, allowing it to fit in a way that no universal floor mat can

/ Refined appearance

Unlike the industrial, utilitarian look of other liners, StyleGuard™ uses a vehicle-specific contour and textured surface to offer a fresh, refined appearance

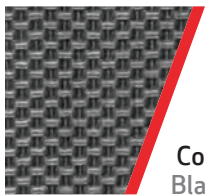

Features and benefits

- Durable, textured surface for a refined appearance and ultimate interior protection
- Triple-layer construction using industrial-strength materials
- Thousands of patented OmniGrip™ fibers resist slipping on all types of carpet
- Laser-measured for perfect, vehicle-specific contour
- Flexible, breathable rubber will not become brittle over time
- Raised edges contain all liquids and debris
- Resists moisture and reduces engine and road noise
- Simple, instantaneous installation; no extra grip discs required
- Offered in complete kits or individually for the first row, second row or cargo area
- Available for trucks, vans, SUVs, crossovers and passenger cars
- For application guide, see ariesautomotive.com
- Limited lifetime warranty

THREE LAYERS OF INNOVATION

/ Thermoplastic rubber (TPR)

The top layer of finely textured TPR is strong, durable, wear-resistant and waterproof to stand up to scuffs, dings, spills, drips and more

/ Layered XPE foam

The middle layers of semi-rigid cross-linked polyethylene foam are waterproof, shock-absorbent, sound-insulating and thermostatic for a more comfortable ride

/ OmniGrip™ fibers

Instead of two points of contact, the bottom layer of OmniGrip™ fibers has thousands. The fibers grip all carpet, preventing shift and providing safety

Thermoplastic Rubber

Layered XPE Foam

OmniGrip™ Fibers

Vehicle Carpet

VEHICLE-SPECIFIC FROM FRONT TO REAR

Instead of only providing your customers with a few universal floor mat options – none of which fits their vehicle quite right – we design each StyleGuard™ floor liner to have a unique shape that contours to the vehicle's floor. This is done using laser-measure technology and semi-rigid, moldable materials like thermoplastic rubber and XPE foam.

We apply this same vehicle-specific concept across the entire vehicle, meaning StyleGuard™ floor liners are not just for the driver's seat. They are available individually for the first row and second row, as well as third row and cargo area on certain applications.

PROTECTING THE CARGO AREA

While protecting each row of your customer's vehicle is important, we know that the cargo area takes just as much of a beating. StyleGuard™ cargo floor liners feature the same three-layer, custom-fit protection as our floor liners, transforming the cargo area into a waterproof, wear-resistant,

thermostatic and shock-absorbent space. StyleGuard™ cargo liners are perfect for outdoor enthusiasts, industrial and commercial workers, do-it-yourselfers and more. Many models feature a folding design for compact storage, and all are backed with a limited lifetime warranty.

APPLICATION GUIDE

ARIES StyleGuard™ floor liners are available for a wide variety of makes and models on the road today, and each liner features a vehicle-specific design for a custom fit. Use the following application guide to find the right fit for your customers. Stay up-to-date with the latest applications by visiting our website at ariesautomotive.com/appguides.

StyleGuard™ floor liners are available individually for the first row and second row, as well as the third row and cargo area for certain applications. We also offer complete vehicle kits that include first and second row floor liners for particular vehicles in one complete package (kits are only available in black, unless otherwise noted). See page 38 for applications.

MARKETING MATERIALS

SHOW THEM THE ARIES DIFFERENCE

At ARIES, we believe that creating a successful business means more than designing and delivering an innovative product line. We believe that supporting our customers is just as important.

Our marketing materials include brochures, signage, displays and more to give you the tools you need to successfully market and sell ARIES products. With our recent rebranding, these materials feature our new logo and style and offer a professional look for the aftermarket dealer.

For both in-store and online use, we also offer extensive image, video and written content resources to inform your customers and increase sales. These assets are available to all ARIES dealers, free of charge. More information is available in the Dealer Portal Media Kit at ariesautomotive.com.

Detailed literature

Our catalogs and brochures present our products with high-res, professional photography and offer detailed information about our products, highlighting our unique selling points

Informative signage

With everything from banners and display boards to header cards and countertop signs, our signage features full-color images and graphics to draw in and educate your customers

Attractive displays

We offer crops and minis for a variety of our products, as well as retail-friendly wall displays and display stands to show off ARIES products, in the best light, to your customers

WARRANTY INFORMATION

ARIES StyleGuard™ Floor Liner limited lifetime warranty

ARIES Automotive warranties ARIES floor liners against defects in materials and design and guarantees the products will not break or tear under normal usage during the life of the motor vehicle in/on which they are originally installed. This warranty applies only to ARIES floor liners and is made to the original purchaser of the product for the life of the vehicle in which the product is installed. The warranty shall only be effective as long as the original purchaser owns the vehicle and shall not be extended to any successive owners.

ARIES Automotive will refund or replace defective ARIES floor liners during the warranty period, if they are not voided by the conditions stated below. Defective products must be returned with proof of purchase to the original seller. This is the exclusive remedy available to the purchaser. All other damages, costs or losses, including those associated with installation, are excluded, including consequential and incidental damages.

The warranty shall be voided under the following conditions: improper installation of the product; improper usage of the product beyond that laid out in the instructions provided by ARIES; exposure of the product to unusual conditions or substances; altering or customizing the product in any way; damage to the product as a result of neglect, abuse or accident.

ABNORMAL WEAR AND TEAR ARE NOT COVERED UNDER THIS WARRANTY.

There are no warranties which extend beyond the description on the face hereof. ANY IMPLIED WARRANTY OF MERCHANTABILITY IS LIMITED IN DURATION TO THE DURATION OF THIS WARRANTY. There is no warranty of fitness for a particular purpose.

Limitations on warranty

ARIES's obligation under the above warranty is limited to repair or replacement of the ARIES product (Product) at its option due to a manufacturing defect of the Product. ARIES shall not be liable for the loss of or use of vehicles; loss of or damage to personal property; expenses such as telephone, lodging, gasoline, towing, tire damage or any other incidental or consequential damages incurred by the Purchaser or any other person or entity.

ARIES will examine the returned Product. If ARIES, in its exclusive discretion, determines that the defect or damaged Product is covered under this limited warranty, ARIES will repair the Product or replace it at that time.

Alterations to or misuse of the Product will void the warranty. Failure to properly maintain and regularly inspect the Product according to the specific instruction sheet accompanying each Product shall also void the warranty.

Some states do not allow the exclusion or limitation of incidental or consequential damages. If such exclusions or limitations are prohibited under applicable law, the above limitations or exclusions may not apply.

This warranty gives you specific legal rights, and you may also have other rights, which vary from state to state.

The Purchaser, when returning an ARIES Product, must observe the following steps:

1. The Purchaser must have proof of purchase of any damaged Product and supply the same to the headquarters of ARIES. The Purchaser must obtain from ARIES (toll free number is 877.287.8634) a Returned Goods Authorization (RGA) number in order to return any damaged Product to ARIES for inspection and evaluation under this limited warranty.
2. The Purchaser must pay all handling charges and shipping costs to deliver Products to ARIES and must send the damaged Product along with the RGA number and proof of purchase to ARIES at 6208 Industrial Drive, Eau Claire, Wisconsin 54701.
3. Upon receipt of damaged Product, ARIES will determine whether the damaged Product is covered under the limited warranty. If it is, ARIES will repair or replace the Product. If the Product is replaced, the Product that is originally returned by the Purchaser shall become the exclusive property of ARIES. If the returned Product is not covered under the limited warranty, ARIES will notify the Purchaser before taking any further action with regard to repair or replacement, which would be at the Purchaser's cost.

ARIES Automotive technical support line: 800.798.0813

ARIES Automotive is here to help you with any questions regarding the following:

Product installation • Product orientation • Trouble-shooting

Our knowledgeable staff is available Monday through Friday 8:00am - 7:00pm (CST)

If you wish to place an order or you have questions about your account, call 877.287.8634 for our customer service department.
