# Four finishes

Tap a finish to see its sample up close.

## Natural

A light tone, closest to the wood's own colour. Suits bright, understated spaces.

## Baroque

A warm, mid-tone brown with visible grain. Sits comfortably in both classic and modern spaces.

## Roicon

A deep, dark brown with a reddish undertone. Brings weight and warmth to a room.

## Black

Black, with the wood grain still visible. Makes a strong contrast with light fabrics.

# Choose your finish

Just send us the name of the finish you like.

Options vary by model.

Colours may look different on screen and in print, and natural wood grain means small tone differences between pieces.

Write to us for physical samples; we can send them.
