---

### SUMMARY

Accomplished and experienced in designing and facilitating engaging learning experiences. Successful in collaborating with subject matter experts (SMEs) to build engaging, interactive, learner-centered solutions in a variety of modalities using sound instructional design principles. Creative and ambitious lifelong learner.

---

### PROFESSIONAL ACCOMPLISHMENTS

#### *Development*

- Identified learner needs and developed custom learning solutions to address needs.
- Converted training from ILT to vILT and eLearning for delivery in online learning environments by developing interactive web-based course components.
- Developed supplemental course materials such as job aids.

#### *Collaboration*

- Collaborated with SMEs and cross-functional faculty to revise course materials to ensure learning design excellence and validation of objective driven content.
- Collaborated on a team of leaders to design, develop, and implement engaging learning experiences for a diverse population.
- Built relationships with key stakeholders and worked effectively to identify learner needs and develop materials to meet those needs.

#### *ILT*

- Administered daily ILT with emphasis on learner knowledge attainment.
  - Tracked learner performance and measured knowledge acquisition using learner assessments.
  - Conducted needs analysis to identify performance gaps and designed and developed custom learning solutions to address learner needs.
-
