Management Perspective

Commenting on the results, Anuj Khanna Sohum - Chairman, Managing Director & Chief Executive Officer said:

“Today marks a special day as Affle on August 8, 2020, has completed the 1st anniversary of its successful IPO in India. I extend our heartfelt regards to the shareholders for their trust in us. Affle has achieved momentous progress across all the fronts in FY2020 and as we stepped into the new fiscal year, the country was under lockdown and economic activity was at halt. Despite that, the resilient nature of our business and focused measures helped us navigate these challenging times to emerge even more stronger than ever before.

I am pleased to announce that Affle continued its growth trajectory to reach Revenue from Operations of Rs. 898 million in Q1 FY2021, a growth of 20.4% y-o-y. Our PAT stood at Rs. 188 million in Q1 FY2021, to register a growth of 42.3% y-o-y. This growth has been broad-based coming from both CPCU business and Non-CPCU business. While CPCU business marked a marginal growth, Non-CPCU business performed well driven by customer’s demand for PaaS / SaaS based model and short-term inclination of advertisers towards brand advertising during the pandemic times. Though the economic momentum was impacted with two months of lockdown in April and May, June has seen a strong demand from both India and International markets and across the industry verticals.

I am also extremely proud to say that the Company has not only proved itself to deliver a sustainable and profitable growth even in the most challenging times, but rather it has been a responsible growth for all our stakeholders particularly our employees with no cuts in salaries, jobs and the pre-agreed bonuses. Affle has been highly responsive in ensuring its employees safety while promoting a strong entrepreneurial and collaborative culture.

The shift in consumer preferences due to work from home and lockdowns, is redefining the mobile-focused priorities of organizations globally. However, India has been leading this change especially with Government’s vision of ‘Self-Reliant Digital India’ that Affle supports. As the app developer community pursues made in India initiatives, we remain committed to accelerating their growth trajectory through our omni-channel connected platform ecosystem. Affle remains committed to deliver new innovations and leverage capabilities to drive sustainable growth, while looking to invest in credible consolidation opportunities that shall enhance value for all our stakeholders.”
