Q2 FY21 Earnings Presentation

October, 2020

Disclaimer

This presentation and the accompanying slides (the “Presentation”), which have been prepared by Angel Broking Limited (the “Company”), have been prepared solely for information purposes and do not constitute any offer, recommendation or invitation to purchase or subscribe for any securities, and shall not form the basis or be relied on in connection with any contract or binding commitment whatsoever. No offering of securities of the Company will be made except by means of a statutory offering document containing detailed information about the Company.

This Presentation has been prepared by the Company based on information and data which the Company considers reliable, but the Company makes no representation or warranty, express or implied, whatsoever, and no reliance shall be placed on, the truth, accuracy, completeness, fairness and reasonableness of the contents of this Presentation. This Presentation may not be all inclusive and may not contain all of the information that you may consider material. Any liability in respect of the contents of, or any omission from, this Presentation is expressly excluded.

Certain matters discussed in this Presentation may contain statements regarding the Company’s market opportunity and business prospects that are individually and collectively forward-looking statements. Such forward-looking statements are not guarantees of future performance and are subject to known and unknown risks, uncertainties and assumptions that are difficult to predict. These risks and uncertainties include, but are not limited to, the performance of the Indian economy and of the economies of various international markets, the performance of the tire industry in India and world-wide, competition, the company’s ability to successfully implement its strategy, the Company’s future levels of growth and expansion, technological implementation, changes and advancements, changes in revenue, income or cash flows, the Company’s market preferences and its exposure to market risks, as well as other risks. The Company’s actual results, levels of activity, performance or achievements could differ materially and adversely from results expressed in or implied by this Presentation. The Company assumes no obligation to update any forward-looking information contained in this Presentation. Any forward-looking statements and projections made by third parties included in this Presentation are not adopted by the Company and the Company is not responsible for such third party statements and projections.

Pioneered Robo-Advisory Through Our Flagship Product – ARQ

ARQ provides equity investment advisory services, based on alpha-generating algorithms that take into account multiple fundamental and quantitative factors. ARQ helps clients build portfolio of stocks, that can provide superior risk-adjusted returns compared to the benchmark indices.

Key features of ARQ Prime

-  Angel Broking's proprietary digital advisory product
-  ARQ is time-tested, has outperformed BSE 100 index by a healthy margin since inception in May 2016
-  ARQ is delivered through our Angel Broking Mobile App in a simple and uncomplicated user experience
-  ARQ transparently displays return generated

How ARQ Prime Works

-  One of the longest running, proven Smart Beta strategies in India
-  Rules back-tested intensively to select optimum model
-  ARQ is a multi-factor model that picks stocks across value, growth, quality, momentum, etc. and also varies cash % in portfolio based on market outlook.
-  Robust risk management rules are incorporated in ARQ

One of the best digital broking business in India

Way Forward

Strengthen our leadership position to become the largest retail broking business in India

- Aim to become the largest retail broking firm in India, both by broking revenue and active clients
- Continue to focus on acquiring and retaining clients, product innovation and leveraging our web and digital broking platforms
- Provide open source platform, integrate 3rd party applications and offer multilingual services

Augment our investment in our mobile platform, artificial intelligence, machine learning capabilities & newer technologies

- Enhance client engagement through focused advancements in mobile technology for innovative products, improved user interface and time optimization
- Augment artificial intelligence and machine learning based analytics to provide personalized digital experience to our clients

Establish a leadership position in the investment advisory space to support our business

ANGEL BEE

- Continue to maintain high growth and profitability by increasing scope and intensity of our existing investment advisory business
- Continue to engage with third party providers to widen the products bouquet

Capitalisation of the growing investable wealth in India

- Acquire a large market share of investments in financial products
- Growth in the Indian economy, urbanization and consumerism will drive growth in financial market
