# Q3 FY 20 Results Update: IDFC FIRST Bank: Rapid Strides across all the Strategic Priorities

On merger between Capital First and IDFC Bank, the newly created Bank, IDFC First Bank, had put forward key Strategic Priorities. We are happy to report that we are staying steadfast on the course laid out as the future plan and are firmly on course on the projections.

During the quarter ended 31 December, 2019, the Bank recognized one legacy telecom exposure as stressed and provided 50% provisioning on the total exposure which resulted in a net loss for the quarter. We believe the bulk of the legacy troubled exposures inherited from IDFC Bank are now appropriately provided for.

We have made strong progress on the following fronts:

## **1. Assets (As of 31 Dec 2019)**

- a. Growing the Retail Loan book: Retail Book has increased to **Rs. 51,506 crores** (grown by **15,270 crores in 12 months since merger**)
- b. Increase proportion of Retail Loans: Retail Book as a % of Total Funded Assets reached **49%** (36% at merger)
- c. Reducing Infrastructure Book. Infrastructure book decreased to **Rs. 15, 016 crores** (reduced by **Rs. 7,695 crore** in 12 months since merger)
- d. Reducing Wholesale loan book: W/S loan book decreased to **Rs. 42,951 crore** (reduced by **Rs. 13,858 crore** in 12 months since merger)

## **2. Liabilities (As of 31 Dec 2019)**

- a. Increasing CASA Deposits. CASA Deposits grown to **Rs. 16,204 crore** (Grown by **Rs. 10,930 crore** in 12 months since merger)
- b. Improving CASA Ratio. CASA Ratio has improved to **24.06%** as on 31 Dec 2019 from **8.68% at merger** as on 31 Dec 2018.
- c. Core Deposits (Retail CASA and Retail TD) **Rs. 29,267 crore** (Grown by **Rs. 18,866 crore** in 12 months since merger)
- d. Improving Core Deposit Ratio. Improved to **21.78%** as on 31 Dec 2019 from **8.04% at merger** as on 31 Dec 2018.

## Section 1: The Founding of IDFC FIRST Bank..

### Erstwhile IDFC BANK

IDFC Limited was set up in 1997 to finance infrastructure focusing primarily on project finance and mobilization of capital for private sector infrastructure development. Whether it is financial intermediation for infrastructure projects and services, whether adding value through innovative products to the infrastructure value chain or asset maintenance of existing infrastructure projects, the company focused on supporting companies to get the best return on investments. The Company's ability to tap global as well as Indian financial resources made it the acknowledged experts in infrastructure finance.

Dr. Rajiv Lall joined the company in 2005 and successfully expanded the business to Asset Management, Institutional Broking and Infrastructure Debt Fund. He applied for a commercial banking license to the RBI in 2013. In 2014, the Reserve Bank of India (RBI) granted an in-principle approval to IDFC Limited to set up a new bank in the private sector.

Following this, the IDFC Limited divested its infrastructure finance assets and liabilities to a new entity - IDFC Bank- through demerger. Thus IDFC Bank was created by demerger of the infrastructure lending business of IDFC to IDFC Bank in 2015.

### Erstwhile CAPITAL FIRST LIMITED

Mr Vaidyanathan who had built ICICI Bank's Retail Banking business from 2000-2009 and was then the MD and CEO of ICICI Prudential Life Insurance Company in 2009-10, quit the group for an entrepreneurial foray to conclude a Management Buyout of a listed NBFC with the stated intent of converting it to a commercial bank financing small businesses.

During 2010-12, he acquired a significant stake in a real-estate financing NBFC through personal leverage, and launched businesses of financing small entrepreneurs and consumers (loan against property, two wheeler loans, micro enterprise loans, home loans, personal loans etc). The key focus was customers and purposes not financed by existing banks.

He built a prototype for such financing (Rs 12000-Rs. 30,000, ~\$300-\$500), built a loan book of Rs. 770 crore (\$130m, March 2011) within a year, and presented the proof of concept to many global private equity players for a management Buyout.

In 2012, he concluded India's largest Management Buyout, got fresh equity into the company and founded Capital First as a new entity with new shareholders, new Board, new business lines, and fresh equity infusion.

## Section 1: The Founding of IDFC FIRST Bank..

### Erstwhile IDFC BANK

Continued from page 6

The bank was launched through this demerger from IDFC Limited in November 2015. During the subsequent three years, the bank developed a strong and robust framework including strong IT capabilities for scaling up the banking operations.

The Bank designed efficient treasury management system for its own proprietary trading, as well as for managing client operations. The bank started building Corporate banking businesses. Recognizing the change in the Indian landscape, emerging risk in infrastructure financing, and the low margins in corporate banking, the bank launched retail business for assets and liabilities and put together a strategy to retailise its loan book to diversify and to increase margins.

Since retail required specialized skills, seasoning, and scale, the Bank was looking for inorganic opportunities for merger with a retail lending partner who already had scale, profitability and specialized skills.

**As part of its strategy to diversify its loan book from infrastructure, the bank was looking for a merger with a retail finance institution with adequate scale, profitability and specialized skills.**

### Erstwhile CAPITAL FIRST LIMITED

Continued from page 6

.. Between March 31, 2010 to March 31, 2018, the Company's Retail Assets under Management increased from Rs. 94 crore (\$14m) to Rs. 29,625 crore (\$4 b, Sep 2018). The company financed seven million customers for Rs. 60,000 crores (\$8.5b) through new age technology models.

The company turned around from losses of Rs. 30 crore and Rs. 32 crore in FY 09 and FY 10 respectively, to Rs. 327 crore by 2018, representing a 5 year CAGR increase of 56%. The loan assets grew at a 5 year CAGR of 29%.

The ROE steadily rose from losses in 2010 to 15% by 2018. The market capitalisation of the company increased ten-fold from Rs. 780 crore on in March 2012 at the time of the LBO to over Rs. 8000 crore in January 2018 at the time of announcement of the merger.

As per its stated strategy, the company was looking out for a banking license as it was a non-deposit taking NBFC and funding could be a constraint for growth.

**Erstwhile Capital First, as part of its stated strategy, was on the lookout for a commercial banking license in order to access retail deposits.**

## Section 1: The Founding of IDFC FIRST Bank..

---

**In January 2018, Erstwhile IDFC Bank and Erstwhile Capital First announced a merger. Shareholders of Erstwhile Capital First were to be issued 13.9 shares of the merged entity for every 1 share of Erstwhile Capital First.**

**Thus, IDFC FIRST Bank was founded as a new entity by the merger of Erstwhile IDFC Bank and Erstwhile Capital First on December 18 2018.**

## **Section 2: Key Excerpts about Vision, Mission and Strategy from MD and CEO's letter to Shareholders in Annual Report 2019**

### **On Our founding philosophy:**

"The founding years, which I call the next five years, are particularly important, as the DNA we establish now will be hard to correct later. We will make every effort to sell the right products to customers, avoid mis-selling, avoid selling such third-party products that make wonderful fees for us but at the cost of expensive products for the customer. If we make a mistake, we will apologise and correct it. After all, we do not want to take this Bank to great heights in profits and profitability while having earned any penny that truly does not belong to us."

### **On Strategy for the new Bank:**

" We plan to implant the erstwhile Capital First's tried and tested model of financing small entrepreneurs and consumers [a retail franchise, growing at 29% per annum and 5-year profit CAGR of 55%, (FY18 PAT grew by 37%)], on a bank platform, (IDFC Bank's strong branch network of 242 and growing, excellent technology stack, quality internet and mobile banking, and strong rural presence). "

### **On the Vision of the New Bank:**

" Our new bank has a new vision. We want to create the world's best bank, right here in India, for aspiring Consumers and for Entrepreneurs "

### **On Our Mission:**

" We want to touch the lives of millions of Indians in a positive way by providing high quality banking services to them, with particular focus on aspiring consumers and entrepreneurs of our new India, using contemporary technologies "

### **On the Future Outlook:**

" I am quite confident that once we see through this investment phase (expansion of branch network, retailising assets, retailising liabilities), barring unforeseen circumstances, the Bank is set for a continuous and one-way growth in profitability from thereon. "

### **On Contribution to the Country:**

" We aspire to create millions of employment opportunities, and finance the growth of business and consumption. This will lead to greater domestic production, greater consumption, and we want to contribute in further the virtuous cycle of growth for our great nation "

## Section 7: Asset Strategy for IDFC FIRST Bank as guided at the time of merger in December 2018.

---

- **Growth of Assets:**

- The Bank plans to grow retail loan assets from Rs. 36,236 crore (December 31, 2018) to over Rs. 100,000 crore in the next 5 years
- The Bank plans to wind down loans to infrastructure to NIL within five years ( Rs. 22,710 as of 31 December 2018).
- The Bank plans to reduce the total Wholesale loan assets (including the Infrastructure Loans) from Rs. 56,809 crore (December 31, 2018) to Rs. 40,000 crore by March 2020 in order to rebalance and diversify the overall Loan Book. Thereafter, the Bank plans to maintain it at the similar levels for the next 5 years and would grow the business based on opportunities available at the marketplace.

- **Diversification of Assets:** We recognize that loan book of the bank needs to be well diversified across sectors and a large number of consumers. The Bank plans to increase the retail book composition from 34.62% to 70% within 5 years and set the target to take it to 80% thereon.

- **Gross Yield Expansion:** As a result of the growth of the retail loan (at a relatively higher yield compared to the wholesale loans), the gross yield of the Bank's Loan Book was initially guided to increase from 9.4% (as per Q2-FY19, pre-merger) to more than 12% in the next 5 years, however we now upgrade our guidance and project the yield to be at 13.5% in the next 5 years. The bank will expand Housing loan portfolio as one of its important product lines.

## Section 7: Liability Strategy for IDFC FIRST Bank as guided at the time of merger in December 2018.

We plan to increase the CASA Ratio from 8.68% as of December 31, 2018 on a continuous basis year on year and strive to reach 30% CASA ratio within 5 years, and increase it to 40-50% from there on. An array of digital savings & current accounts are planned to be offered to the customer base (more than 7 million customers) of Erstwhile Capital First.
- **Diversification of Liabilities:** We will focus on Retail CASA and Retail Term Deposits in order to diversify the liabilities of the bank.
