September 7, 2021

Dear Sir/ Madam,

Sub: Investor conference presentation

In continuation to our intimation dated September 1, 2021 regarding the Morgan Stanley Virtual Asia ESG Conference, please find enclosed the presentation to be made by Nilanjan Roy, CFO during the conference for your information and records.

This information will also be hosted on the Company's website, at www.infosys.com.

Thanking you,

Yours sincerely,
For **Infosys Limited**

A.G.S. Manikantha
Company Secretary

Infosys – ESG Vision 2030

Shape and share solutions that serve the
development of businesses and communities

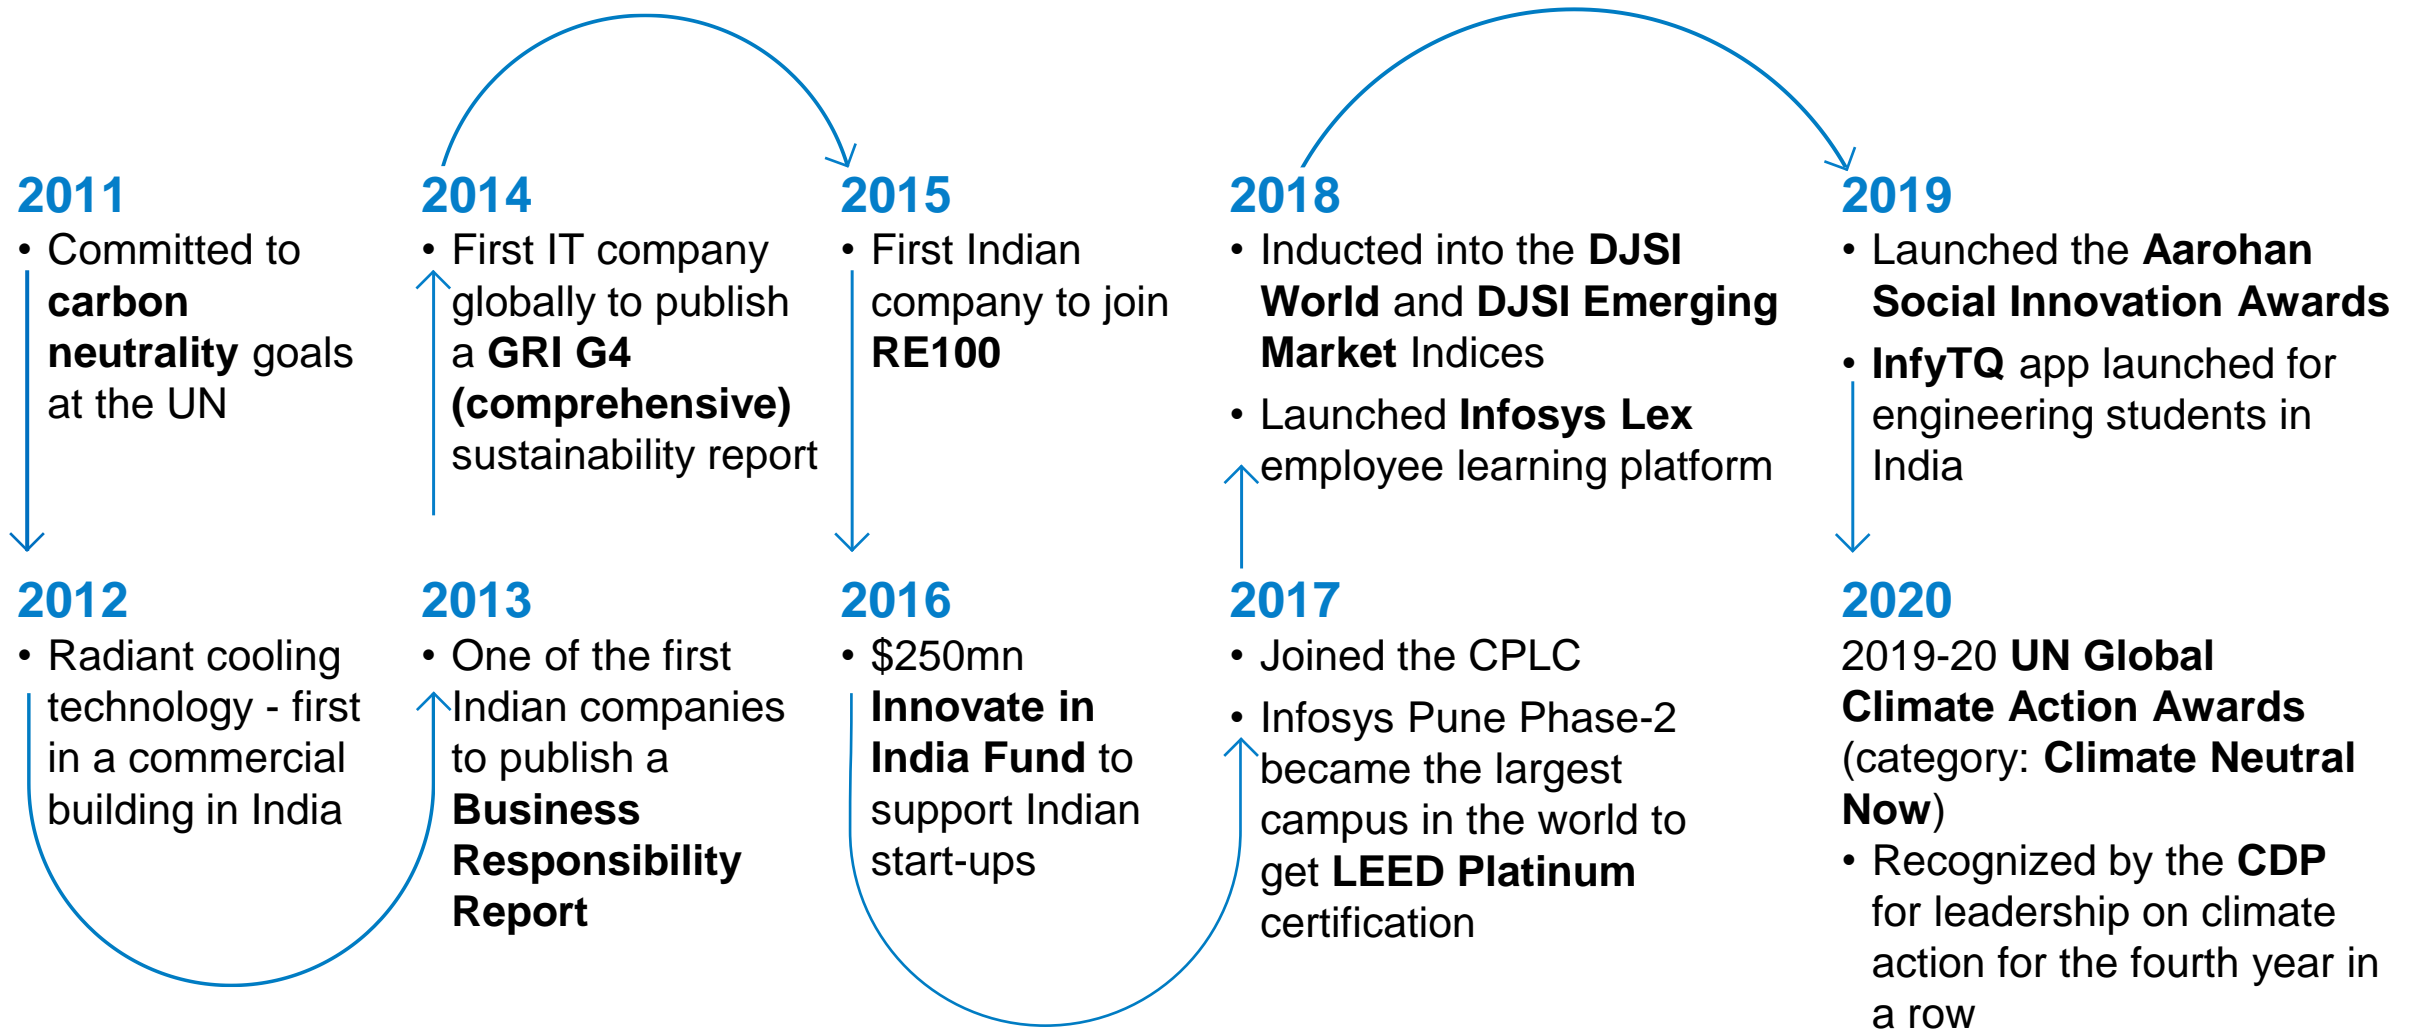

Safe harbor

Certain statements in this presentation concerning our future growth prospects, financial expectations and plans for navigating the COVID-19 impact on our employees, clients and stakeholders are forward-looking statements intended to qualify for the 'safe harbor' under the Private Securities Litigation Reform Act of 1995, which involve a number of risks and uncertainties that could cause actual results to differ materially from those in such forward-looking statements. The risks and uncertainties relating to these statements include, but are not limited to, risks and uncertainties regarding COVID-19 and the effects of government and other measures seeking to contain its spread, risks related to an economic downturn or recession in India, the United States and other countries around the world, changes in political, business, and economic conditions, fluctuations in earnings, fluctuations in foreign exchange rates, our ability to manage growth, intense competition in IT services including those factors which may affect our cost advantage, wage increases in India, our ability to attract and retain highly skilled professionals, time and cost overruns on fixed-price, fixed-time frame contracts, client concentration, restrictions on immigration, industry segment concentration, our ability to manage our international operations, reduced demand for technology in our key focus areas, disruptions in telecommunication networks or system failures, our ability to successfully complete and integrate potential acquisitions, liability for damages on our service contracts, the success of the companies in which Infosys has made strategic investments, withdrawal or expiration of governmental fiscal incentives, political instability and regional conflicts, legal restrictions on raising capital or acquiring companies outside India, unauthorized use of our intellectual property and general economic conditions affecting our industry and the outcome of pending litigation and government investigation. Additional risks that could affect our future operating results are more fully described in our United States Securities and Exchange Commission filings including our Annual Report on Form 20-F for the fiscal year ended March 31, 2021. These filings are available at www.sec.gov. Infosys may, from time to time, make additional written and oral forward-looking statements, including statements contained in the Company's filings with the Securities and Exchange Commission and our reports to shareholders. The Company does not undertake to update any forward-looking statements that may be made from time to time by or on behalf of the Company unless it is required by law.

Sustainability is a continuous journey

UN: United Nations; GRI: Global Reporting Initiative; RE100: A global platform for major companies committed to 100% renewable power; CPLC: Carbon Pricing Leadership Coalition; LEED: Leadership in Energy and Environmental Design; DJSI: Dow Jones Sustainability Indices; CDP: formerly Carbon Disclosure Project

- Developing 'super-efficient' green buildings

Offsetting carbon emissions through community projects

- Helping rural communities embrace a low-carbon future
- Installing emissions-free cook stoves & biogas plants and aiding electrification

Infosys continues to be 'Carbon Neutral'*

Energy efficiency

To reduce emissions

26mn sq ft

of highest rated (LEED Platinum/ GRIHA 5-star) green buildings

> 55%

reduction in per-capita electricity consumption compared to 2008 baseline

30mn sq ft

of smart connected office space

Super efficient buildings

with superior energy performance

* certified against PAS 2060:2014

Renewable energy

To avoid emissions

~ 60 MW

of installed solar PV capacity

~50%

of total electricity across India campuses from renewable sources

Carbon offsets

To offset emissions

11 of 17 SDGs

favorably impacted through our carbon offset projects

2,600+

Jobs created through our carbon offset projects

119,000+

Rural families continue to benefit from our carbon offset projects

Infosys became carbon neutral 30 years ahead of timeline set by Paris agreement

Conserving key natural resources

HIGHLIGHTS

Zero discharge
of wastewater from
our campuses

reduction in freshwater
intake between 2008
and 2020

370 injection wells
with a potential to
recharge 18.5mn litres
of groundwater a day

330mn litres

of rainwater can be stored
at our campuses through 35
lakes/ponds

of organic waste
can be treated
within campuses

91%
reduction in
non-recyclable and
single-use plastic
since 2018

100%

E-waste handled by
authorized recyclers
