1. Total Revenue includes Revenue from Owned and Leased hotels and Fees from Managed hotels
2. Operating Expenses include Hotel operating expenses for Owned and Leased hotels (including non-operational hotels)

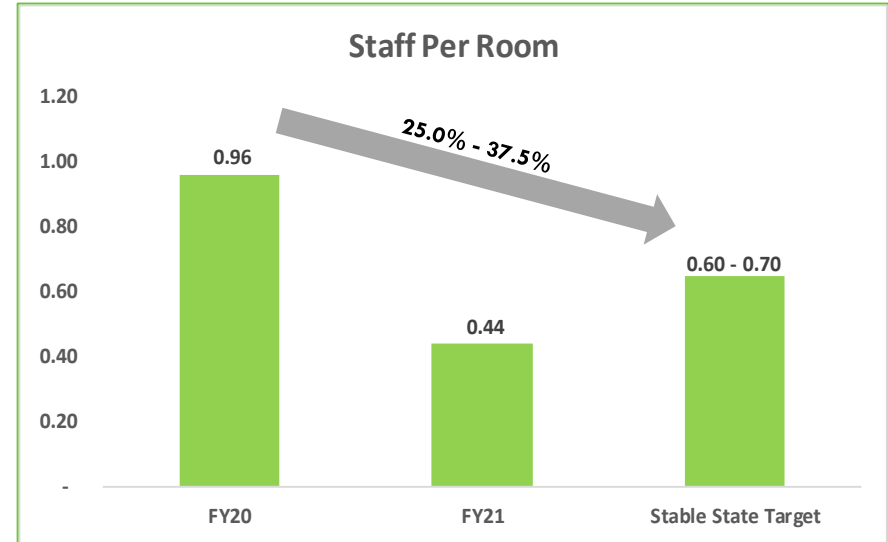

Quarter on Quarter Performance

Manpower

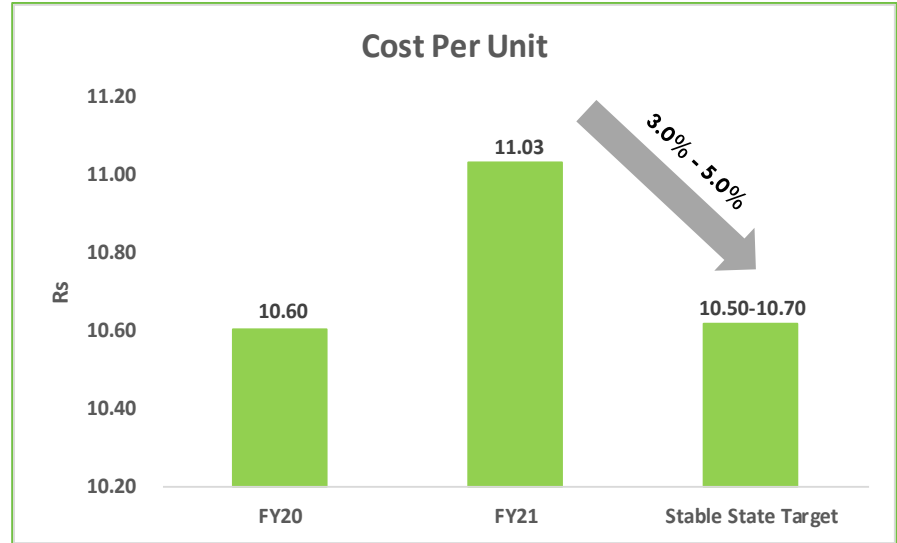

- One of our biggest learnings has been that our hotels can operate with lesser manpower without compromising on service quality
- During Covid-19 induced lockdowns and partial curfews, we utilized the opportunity to multi-skill our staff by imparting cross trainings across departments

Hotel Payroll expenses were ~21% of our Total Revenue in FY20

Heat, Light and Power

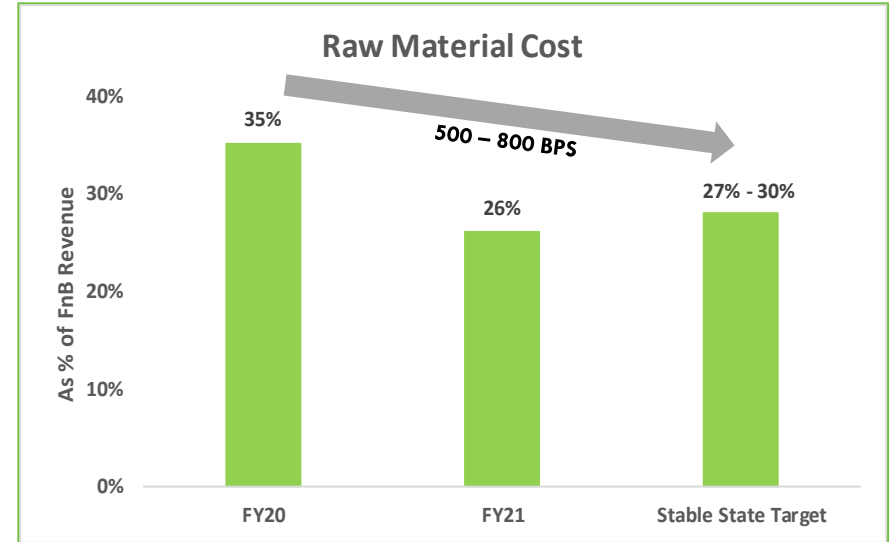

- We have been aggressively expanding the share of electricity from renewable sources, which comes at a lower cost as compared to thermal power
- In FY20, 5% of our electricity was sourced from renewable sources. We target to increase this share to 50% by FY26
- The increase in share of renewable energy will also lead to reduction in our carbon footprint

Electricity cost was ~7.4% of our Total Revenue in FY20

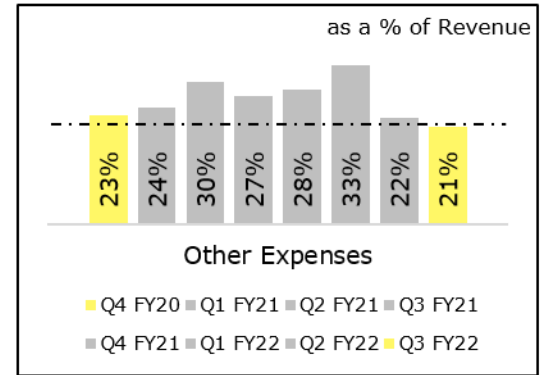

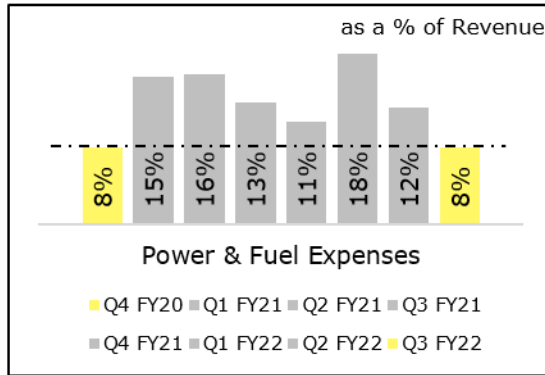

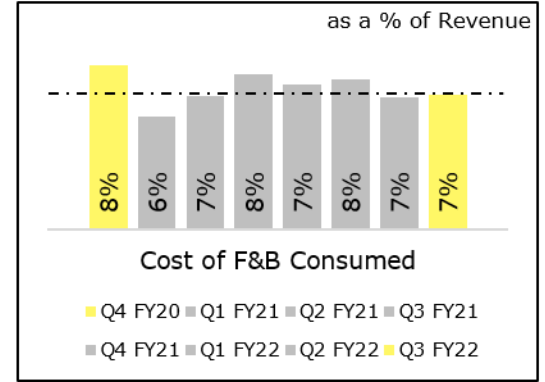

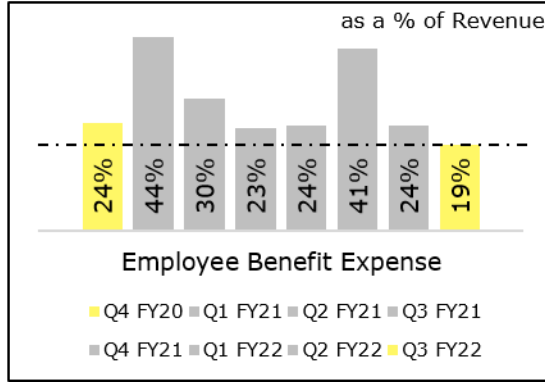

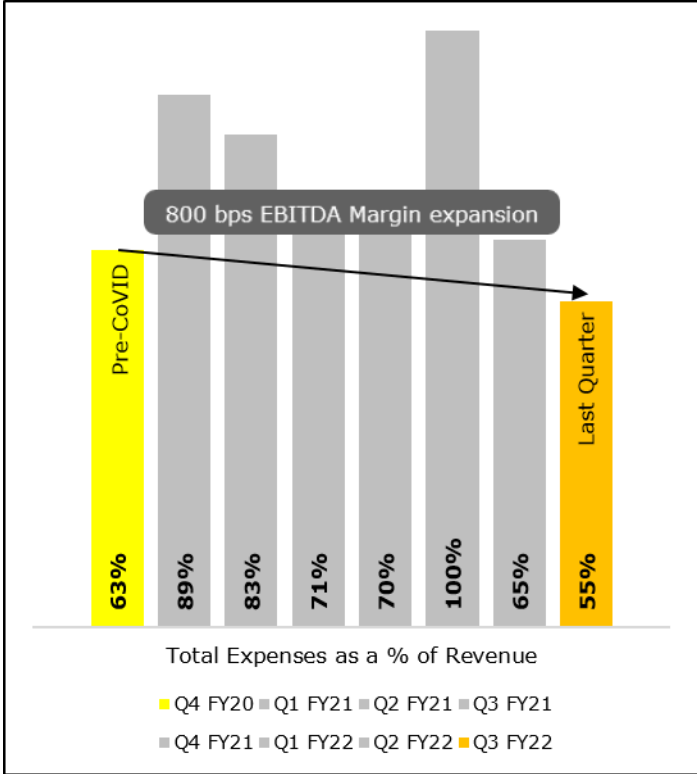

Raw Material Cost

- With our continuously expanding geographical footprint we are strengthening our position to negotiate contracts with our suppliers favorably
- Over the past 9 months, we have reinvented our menus to save spoilage and reduced wastage.

FnB Revenue was ~15% of our Total Revenue in FY20
