SECTION II - SUMMARY OF OFFER DOCUMENTS

SUMMARY OF OUR BUSINESS OVERVIEW

Our Company was incorporated as a private limited company with the name of “Z-Tech (India) Private Limited” under the Companies Act, 1956 vide certificate of incorporation dated November 09, 1994 issued by Registrar of Companies, Delhi, bearing Registration No. 62582. Further, our Company was converted into a Public Limited Company in pursuance of a special resolution passed by the members of our Company at the Extra Ordinary General Meeting held on November 20, 2023 and the name of our Company changed from “Z-Tech (India) Private Limited” to “Z-Tech (India) Limited” & Registrar of Companies, Delhi has issued a new certificate of incorporation consequent upon conversion dated January 11, 2024, bearing CIN U74899DL1994PLC062582.

Our company originally designs civil engineering products and services with state-of-the-art specialty in Geo-Technical Specialised Solutions in the field of infrastructure and civil construction projects to India. It includes a range of techniques, methodologies, and technologies aimed at optimizing the performance and stability of structures built on or in the ground. In addition to this, we are actively engaged in the waste management sector, where our focus involves creating theme parks through the utilization of recycled scrap materials. Simultaneously, we are dedicated to implementing innovative waste water management solutions for industrial units, employing the cutting-edge GEIST technology. This dual commitment underscores our holistic approach to sustainable practices, transforming discarded materials into recreational spaces while efficiently managing industrial wastewater through state-of-the-art technology.

Our Company is engaged in providing innovative, safe and eco-friendly engineering solutions to our customers. These solutions include three major categories:

1. Sustainable Theme Park Development
2. Industrial Waste Water Management
3. Geo Technical Specialised Solutions

Sustainable Theme Park Development includes but not limited to creating beautification artwork and infrastructure, landscape designing, sourcing and execution of waste materials and transforming them into meaningful and attractive show pieces. It involves incorporating environmentally friendly practices and responsible resource management throughout the planning, design, and operational phases of the project. It goes beyond traditional development approaches by prioritizing ecological, social, and economic considerations.

Industrial Waste Water Management involves the systematic treatment and responsible handling of wastewater generated by industrial processes. The goal is to mitigate the environmental impact of potentially harmful substances, promote water conservation, and even extract valuable resources from the wastewater. Under this segment, we have acquired GEIST, a water treatment technology, developing solutions for the recovery of chemicals from industrial waste water streams. It offers Turnkey Solutions for achieving profitable zero liquid discharge (ZLD). This technology is also termed as WOOW (Wealth out of Waste) Technologies.

Geo Technical Specialised Solutions includes but not limited to reinforcement of soil walls and slopes, slope stabilization, retaining structures, ground improvement, riverside erosion control, coastal protection and similar activities. These services are offered including designing, supplying and construction undertaken by the company’s in-house chartered engineers and backed up by a full indemnity supervision team.

Our highly competent team of engineers and trained technicians spearhead the process to timely deliver the solutions at your doorstep. We have a strong, diverse, and dedicated leadership and delivery team that is positioning

the firm for growth and for the seamless transition of the next generation of leaders.

SECTION III- RISK FACTORS

An investment in the Equity Shares involves a high degree of risk. You should carefully consider all the information in this Draft Red Herring Prospectus, including the risks and uncertainties summarized below, before making an investment in our Equity Shares. The risks described below are relevant to the industries our Company is engaged in, our Company and our Equity Shares. To obtain a complete understanding of our Company, you should read this section in conjunction with the chapters titled “Our Business” and “Management’s Discussion and Analysis of Financial Condition and Results of Operations” beginning on page numbers 127 and 265, respectively, of this Draft Red Herring Prospectus as well as the other financial and statistical information contained in this Draft Red Herring Prospectus. Prior to making an investment decision, prospective investors should carefully consider all of the information contained in the section titled “Financial Information, as Restated” beginning on page number 204 of this Draft Red Herring Prospectus.

If any one or more of the following risks as well as other risks and uncertainties discussed in the Draft Red Herring Prospectus were to occur, our business, financial condition and results of our operation could suffer material adverse effects, and could cause the trading price of our Equity Shares and the value of investment in the Equity Shares to materially decline which could result in the loss of all or part of investment. Prospective investors should pay particular attention to the fact that our Company is incorporated under the laws of India and is therefore subject to a legal and regulatory environment that may differ in certain respects from that of other countries.

This Draft Red Herring Prospectus also contains forward looking statements that involve risks and uncertainties. Our actual results could differ materially from those anticipated in these forward-looking statements as a result of many factors, including the considerations described below and elsewhere in the Draft Red Herring Prospectus. These risks are not the only ones that our Company face. Our business operations could also be affected by additional factors that are not presently known to us or that we currently consider to be immaterial to our operations. Unless specified or quantified in the relevant risk factors below, we are not in a position to quantify financial or other implication of any risks mentioned herein.

Materiality

The Risk factors have been determined based on their materiality, which has been decided based on following factors:

1. Some events may not be material individually but may be material when considered collectively.
2. Some events may have an impact which is qualitative though not quantitative.
3. Some events may not be material at present but may have a material impact in the future.

Classification of Risk Factors

Internal & Business-related Risk Factors

1. Operating in three distinct segments that lacks connections poses a significant risk to our business.

We are engaged in three distinct sectors: Sustainable Theme Park Development, Industrial WasteWater Management, and Geo Technical Specialized Solutions. Earlier, our company was engaged in providing Geo Technical Specialised Solutions, however, it has also started providing Industrial WasteWater Management Services in the FY 2022, and Sustainable Theme Parks services in FY 2023. While this diversification brings about varied revenue streams, it presents challenges in resource distribution, strategic alignment, and operational effectiveness due to the lack of synergy between these unrelated segments. Successfully navigating these segments requires dedicated focus on each area, potentially stretching resources and requiring heightened efforts to ensure success.

Requiring tailored strategies and concentrated efforts for each business domain might lead to a dispersal of resources, encompassing both human capital and financial investments, thereby influencing the overall operational efficiency. Furthermore, overseeing distinct customer bases, supply chains, and industry dynamics in the three segments could heighten complexity, potentially challenging our agility in responding promptly to evolving market conditions.

2. We derive a substantial portion of our revenue from our newly introduced business Sustainable theme park as compared to Geo technical specialized solutions and WaterWaste management. Our dependency on sustainable theme park can have a material adverse effect on our business, financial condition, results of operations and cash flows.

We are engaged in three (3) distinct sectors: Sustainable Theme Park Development, Industrial WaterWaste Management and Geo Technical Specialized Solutions. Earlier we were providing services of Geo Technical Specialized Solutions only and started providing Sustainable Theme Park Services in F.Y. 2023 only. Despite being the new introduced services, it contributes 63.10% to our total revenue for the stub period ended on September 30, 2023. our relatively higher dependency on this new segment of business could pose a risk on our financial condition.

The detailed working is given below:

3. Our present promoters of the Company are first generation entrepreneur.

Our present Promoters are first generation entrepreneurs. Their experience in managing and being instrumental in the growth of our Company is limited to the extent of their knowledge and experience and we cannot assure that this will not affect our business growth. Investors and stakeholders may be more cautious when the entrepreneurs belong to first generation. This could affect the ability to secure funding or partnerships that are critical for growth. Established entrepreneurs often have extensive networks within their industries, which can be invaluable for partnerships, collaborations, and accessing resources. First-generation entrepreneurs may have limited connections, making it more challenging to tap into these opportunities.

4. Our promoter or holding company has incurred losses in the past and may incur losses in the future also.

Our promoter or holding company i.e., Terramaya Enterprises Private Limited have incurred losses in the past. There can be no assurance that it will not incur losses in the future, which may have an adverse effect on our reputation and business.

For Further details relating to our holding company or corporate promoter i.e., Terramaya Enterprises Private Limited refer to the page no. 195 of the Draft Red Herring Prospectus.

5. We have had negative cash flows in the past and may continue to have negative cash flows in the future.

The table given below set forth our cash flows for the last three (3) Financial Years and Stub Period ended on September 30, 2023.

(Amount in lakhs)

Particulars	For the stub period ended on September 30, 2023	For the Financial Year ended on March 31, 2023	For the Financial Year ended on March 31, 2022	For the Financial Year ended on March 31, 2021
Cash flow from operating activities	206.74	9.06	168.89	(135.75)
Cash flow from investing activities	(21.69)	(96.81)	(61.79)	(17.00)
Cash flow from financing activities	33.86	(7.38)	(12.84)	5.35

Any such negative cash flows in the future could adversely affect our business, financial condition and results of operations. For more details, kindly refer to the page no. 204 in the chapter title “Financial Information as restated”.

6. *Our business is subject to seasonal fluctuations that could result in delays or disruptions to our operations during the critical periods of our projects and cause severe damages to our premises and equipment's.*

Our business operations may be affected by seasonal factors which may restrict our ability to carry on activities related to our construction projects, laying of water pipes and fully utilize our resources.

The following factors, as given below, may restrict our ability:

- Heavy or sustained rainfalls
- Flood
- Cyclones or
- Other extreme weather conditions

The above could result in delays or disruptions to our operations during the critical periods of our projects and cause severe damages to our premises and equipment's.

In particular, the monsoon season may restrict our ability to carry on activities related to our projects and fully utilize our resources and may slow our activities on construction projects, which shifts our revenue and accordingly profit recognition to subsequent quarters. Adverse seasonal developments may also require the evacuation of personnel, suspension or curtailment of operations, resulting in damage to construction sites or delays in the delivery of materials. Such fluctuations may adversely affect our revenues, cash flows, results of operations and financial conditions. We have not experienced any delay of projects or any penalty imposed by the government in past. Further, no assurance can be given that we will not experience such incidents in future.

7. *The mismatch between the water samples and actual water may cause significant financial loss and cause harm to integrity and viability of our industrial setups.*

The industrial water management process involves examining samples provided by clients and subsequently developing technology tailored exclusively for each client. This technology is customized to the specific needs of the client. We conduct thorough tests on water samples to identify the most effective process among various alternatives and after identifying the best suitable process we establish the industrial setups which involves huge amount of expenditure. However, a critical risk may arise if the processes identified through our testing of water samples fails to accurately correspond to the properties of actual water, which may cause significant financial loss. This mismatch between the water samples and actual water poses a considerable threat which may result in huge financial losses. It may also damage the viability of our industrial setups.

8. *Changes in technology may render our current technologies obsolete or require us to make substantial investments.*

In Industrial WasteWater Management segment, certain technologies are used for water treatment. Modernization and technology upgradation is essential to reduce costs and increase the output. Our technology and machineries may become obsolete or may not be upgraded timely, hampering our operations and financial conditions and we may lose our competitive edge. Although we believe that we have installed updated technology, we shall continue to strive to keep our technology, plant and machinery in line with the latest technological standards. In case of a newly found technology in the industry in which we operate, we may be required to implement new technology or upgrade the machineries and other equipment employed by us. Further, the costs in upgrading our technology and modernizing the plant and machineries are significant which could substantially affect our finances and operations.

9. Majority of our state wise revenues from operations for the last 3 years is majorly derived from Delhi. Any adverse developments affecting our operations in this state could have an adverse impact on our revenue and results of operations.

Our business operations span various regions across India and extend beyond international borders. Despite this diversified presence, we have a significance dependency on Delhi which contributes 51.38%, 27.64%, and 27.49% to our total revenue for the stub period ending on September 30, 2023, and the Financial Years ending on March 31, 2023, and March 31, 2022, respectively.

(Amount in lakhs)

State	September 30, 2023		March 31, 2023		March 31, 2022		March 31, 2021	
	Amount	% of total revenue	Amount	% of total revenue	Amount	% of total revenue	Amount	% of total revenue
Delhi	1,507.99	51.38%	711.00	27.64%	842.15	27.49%	69.04	3.05%

Relying heavily on one geographic location exposes us to regional economic fluctuations, regulatory changes, and local market dynamics. Adverse conditions such as economic downturns, political instability, or natural disasters specific to that region could significantly impact our revenue stream and also any decline in the economic prosperity or changes in regulations within that particular region could negatively affect our financial performance.

10. Our success depends largely upon the services of our Directors, Promoters and other Key Managerial Personnel and our ability to attract and retain them. Demand for Key Managerial Personnel in the industry is intense and our inability to attract and retain Key Managerial Personnel may affect the operations of our Company.

Our success is substantially dependent on the expertise and services of our Directors, Promoters and our Key Managerial Personnel. They provide expertise which enables us to make well informed decisions in relation to our business and our future prospects. Our future performance will depend upon the continued services of these persons. Demand for Key Managerial Personnel in the industry is intense. We cannot assure you that we will be able to retain any or all, or that our succession planning will help to replace, the key members of our management. The loss of the services of such key members of our management team and the failure of any succession plans to replace such key members could have an adverse effect on our business and the results our operations.

11. Our operations may cause injury to people or property and therefore could subject us to significant disruptions in our business, legal and regulatory actions, costs and liabilities which could materially and adversely affect our business, financial condition and results of operations.

The nature of our operations carries inherent risks, including the potential for harm to individuals or property, such as accidents on site, consumption of hazardous chemical, or any similar act, which could lead to substantial disruptions in our business operations. These risks may also expose us to legal and regulatory actions, resulting in significant financial costs and liabilities. These adverse consequences have the potential to exert a material and detrimental impact on our business, financial stability, and overall operational performance. Hence, it is imperative that we remain vigilant in implementing robust safety measures and compliance protocols to mitigate these potential challenges and safeguard our business interests. The operation of equipment and machinery can be hazardous, resulting in significant personal injury to our employees or other individuals, severe damage to and destruction of property, plant, and equipment, and contamination or damage to the environment.

12. Our Company's operation and growth is dependent upon successful implementation of our business strategies.

The success of our business depends substantially on our ability to implement our business strategies effectively, within the budgeted framework and in a timely manner. We have successfully executed our business strategies in the past but there can be no guarantee that we can implement the same on time and within the estimated budget going forward, or that we will be able to meet the expectations of our targeted customers. Changes in regulations applicable to us may also make it difficult to implement our business strategies. Failure to implement our business strategies would have a material adverse effect on our business and the results of operations.

13. We depend on government tenders for a certain part for our revenue of operations. Any unavailability or any failure to secure these tenders in the future may adversely affect our business operations and financial conditions.

The business of Sustainable Theme Parks are highly dependent on government tenders. Further, for the period ending on September 30, 2023, 63.10 % of our revenue is sourced from this segment. The emerging trend indicates a growing reliance on government tenders as a primary source of revenue. While this dependence on government contracts presents certain advantages, such as stable income streams and potential long-term partnerships, it also introduces specific risks, such as government policies change, contract dependency, political and economic factors that influence government spending, long sales cycles. The below table provides the details of percentage and amount of revenue sourced from government tenders.

(Amount in Lakhs)

Particulars	September 30, 2023		March 31, 2023		March 31, 2022		March 31, 2021	
	Amount	% of total revenue	Amount	% of total revenue	Amount	% of total revenue	Amount	% of total revenue
Government Tenders	542.21	18.47%	79.15	3.08%	91.88	3.00%	532.86	22.69%
Other than Government Tenders	2,392.89	81.53%	2,493.35	96.92%	2,972.04	97.00%	1,815.25	77.31%
Total	1,507.99	51.38%	711.00	27.64%	842.15	27.49%	69.04	3.05%

14. We may not be successful in bidding for and winning bids for sustainable theme park to grow our business.

Under the Swachh Bharat Abhiyan initiative, the Government of India has initiated the process of inviting open tenders from various companies involved in the construction of a Sustainable Theme Park. The growth and business performance also depends on our ability to continually win bid for sustainable theme parks. Under sustainable theme parks, our company secures projects by submitting bids in government-issued tenders. Our company may face difficulties in future in successfully bidding for and winning projects, as 63.10% of revenue from operations for the period ending on September 30, 2023, is sourced from Sustainable Theme Parks business, If we are not able to source tenders, our financial condition, operational results, and overall prospects may adversely affect.

15. If we do not deliver government projects on time, the likelihood of receiving future bids diminishes significantly. This delay may have a material adverse effect on our business, financial condition, results of operations, and prospects.

Timely delivery of government projects is paramount to our continued success. If we fail to meet deadlines for government projects, there is a high probability that our chances of securing future bids will substantially decrease. Such delays could negatively impact our business, financial stability, operational outcomes, and future opportunities.

The timely execution of these projects not only reflects our commitment to meeting contractual obligations but also plays a crucial role in establishing a positive reputation within the government procurement sector. Failure to deliver on time could erode the trust and confidence of government entities, potentially limiting our opportunities for future bids. This scenario poses a substantial risk to our business, potentially resulting in a material adverse impact on our financial condition, operational results, and overall prospects.

16. An inability to comply with environmental laws and other regulatory requirements in relation to Waterwaste Management may adversely affect our business, financial condition and results of operations.

Our Waterwaste Management segment is subject to a wide range of safety and environmental laws and regulations. Compliance with these laws and regulations is essential to ensure the well-being of our employees, protect the environment, and maintain our business operations. These laws include The Environment (Protection) Act of 1986 (“EPA”), The Air (Prevention and Control of Pollution) Act, 1981, (“Air Act”), The Water (Prevention and Control of Pollution) Act, 1974, (“Water Act”). Violations of these laws and regulations can lead to fines, penalties, or litigation, which may have adverse effects on our business, financial condition, and results of operations. To remain compliant with applicable laws and regulations, we may need to modify our operations or make capital improvements in the future. Compliance with these environmental protection laws and regulations is crucial to minimize the impact of our operations on air and water quality, as well as to protect ecosystems and public health. Failure to comply with these laws could result in penalties, legal actions, or reputational damage.

17. We require high working capital for our smooth day to day operations of business and any discontinuance or our inability to procure adequate working capital timely and on favorable terms may have an adverse effect on our operations, profitability and growth prospects.

Our business demands substantial funds towards working capital requirements. Our Objects of the Issue also consist of the requirement of working capital. In case there are insufficient cash flows to meet our working capital requirement or we are unable to arrange the same from other sources or there are delays in disbursement of arranged funds, or we are unable to procure funds on favorable terms, it may result into our inability to finance our working capital needs on a timely basis which may have an adverse effect on our operations, profitability and growth prospects. The working capital requirement for the period ended on September 30, 2023, March 31, 2023, March 31, 2022, and March 31, 2021 is given below.

18. Our Registered Office and other branches from where we operate are not owned by us. If we are required to vacate the same, due to any reason whatsoever, it may adversely affect our business operations.

The premises on which our Registered Office is situated is owned by third parties and the same has been occupied and used by us on a leave and license basis vide Leave and License Agreement dated October 2022, and extension to that agreement upto September 14, 2024, executed between our Company and Ranjana Khullar.

In addition to our Registered Office, we also have branch offices whose details in business chapter beginning on page 127.

We cannot assure you that we will be able to continue the above arrangements on commercially acceptable or favourable terms in future. In the event we are required to vacate the current premises, we would be required to make alternative arrangements for new premises and other infrastructure and facilities. We cannot assure that the new arrangements will be on terms that are commercially favourable to us. If we are required to relocate our business operations during this period, we may suffer a decline in our operations or have to pay higher charges, which could have an adverse effect on our business, prospects, results of operations and financial condition. For details regarding such leasehold properties, please refer to chapter titled “Our Business” on page. 127 of this Draft Red Herring Prospectus.

19. We do not have long-term contracts with our suppliers and therefore, there may be potential unavailability of raw materials in future, which may adversely affect our business operations.

We operate under Geo Technical Specialised Solutions where we offer services such as reinforcement of soil walls and slopes, slope stabilization, retaining structures, ground improvement, riverside erosion control, coastal protection and other similar activities. The seamless execution of these specialized solutions depends upon the timely availability of raw materials which are procured from our trusted suppliers. Any delay in the procurement of these raw materials could hamper our ability to fulfill commitments within specified timelines, thereby affecting our reputation for timely project deliveries.

Also, we generally do not enter into agreements with our suppliers and transact with them on an order-by-order basis, and we cannot assure you that we will continue to enjoy uninterrupted relationships with our suppliers in the future.

If we are unable to obtain adequate supplies of raw materials in a timely manner or on commercially acceptable terms, the cost of raw material consumption can increase, which could have an adverse effect on our business, prospects, results of operations and financial condition.

20. We have issued Equity Shares during the last one year at a price that may be below the Issue Price.

During the last one year we have issued Equity Shares at a price that is lower than the Issue Price as detailed in the following table:

Date of allotment	Number of Equity Shares allotted	Face value (₹)	Issue Price (₹)	Nature of Consideration	Nature of allotment
November 11, 2023	75,795	10/-	489/-	Cash	Private Placement
November 20, 2023	82,30,292	10/-	Nil	Nil	Bonus Issue

Note: The Issue Price is before bonus issue and after bonus issue, the issue price will be Rs. 61.12/-.

21. We depend on a limited number of customers for a significant portion of our revenues. The loss of a major customer or significant reduction in demand from any of our major customers may adversely affect our business, financial condition, results of operations and prospects.

At present, we derive most of our revenues from sale to limited number of customers.

(Amount in Lakhs)

Particulars	For the period ended on September 30, 2023	For the Financial Year ended on March 31, 2023	For the Financial Year ended on March 31, 2022	For the Financial Year ended on March 31, 2021
Revenue from Operations	2,935.10	2,572.50	3,063.92	2,348.11
Top ten (10) Customers	2,704.91	1,935.45	1,487.00	1,801.90
% of top ten (10) Customers to Revenue from Operations*	92.16%	75.24%	48.53%	76.74%

*The % has been derived by dividing the total amount received from top ten customers with the Revenue from operations of the company in the relevant year as mentioned in the Profit and Loss Statement as given in restated financials of the company.

As our business is currently concentrated among relatively few significant customers, we may experience reduction in cash flows and liquidity if we lose one or more of our major customers or if the amount of business from one or more of them is significantly reduced for any reason, including as a result of a dispute with or disqualification by a major customer.

For further details related to our top ten (10) customers for the stub period ended on September 30, 2023, March 31, 2023, March 31, 2022, and March 31, 2021 refer to the Chapter “Our Business” on page no. 127 of this Draft Red Herring Prospectus.

22. Any controversies and religious sentiments could result in shortfall in the number of visitors in the sustainable theme park which could negatively impact our revenue.

Under the segment, Sustainable Theme Park, one of our business model is Hybrid Annuity Model, in which the generated revenue from ticket sales is shared between our company and the government. Thus, the financial success

of such sustainable theme park depends upon the volume of visitors it attracts. Any unforeseen circumstances such as controversies or unintentional religious sentiments could result in shortfall in the number of visitors, affecting our revenue stability. It could possess significant risk to our financial performance and future prospects. For details of business model. Please refer page no. 127 for the chapter “Our Business”.

23. Our Company is involved in certain legal proceedings/litigations. Any adverse decision in such proceedings may render us/them liable to penalties and may adversely affect our business and result of operations.

Our Company is involved in certain legal proceedings and claims in relation to certain civil matters incidental to our business and operations. Any adverse decision may render us/them liable to liabilities/penalties and may adversely affect our business and results of operations. A classification of these legal and other proceedings are as follows:

Name	By/Against	Civil Proceedings	Criminal Proceedings	Tax Proceedings	Actions by regulatory authorities	Amount Involved (Rs.)

For further details, refer the chapter “Outstanding Litigation and Material Developments” beginning on page 285 of this Draft Red Herring Prospectus.

24. Our business operations are subject to various operating risks at our sites, accidental risk, the occurrence of which can affect our results of operations and consequently, financial condition of our Company.

Our business operations are subject to operating risks, such as breakdown or failure of plant & machineries and equipments used at the sites, shortage of consumables, performance below expected levels of output or efficiency, natural disasters, and labour disputes. The occurrence of these risks, if any, could significantly affect our operating results, and the slowdown / shutdown of business operations may have a material adverse effect on our business operations and financial conditions.

Further, the usage of machinery, handling of materials by labour during the waterwaste management industrial set ups and geo technical specialized solutions, testing of water samples or otherwise, lifting of materials by humans, etc. may result in accidents, which could cause injury to our labours, employees, other persons on the site and could also damage our properties thereby affecting our operations. Occurrence of accidents could hamper our process and consequently affect our profitability.

25. We may not be able to prevent unauthorised use of trademarks obtained/ applied for by third parties, which may lead to the dilution of our goodwill. (Newly added)

As on the date of this Draft Red Herring Prospectus, we have  obtained trademark registrations of our brand under Class 37 and Class 40 and for **terraRé** under Class 37, 40 and 41 under The Trade Marks Act, 1999. Any

unauthorized use or infringement of our trademark by third parties may have negative consequences. It may damage our reputation, discourage potential investors, partners, or customers. Additionally, if we fail to protect our own intellectual property, our competitors or other third parties may copy, steal, or misuse our ideas or services. This can lead to lost revenues, decreased market share, or erosion of our competitive advantage. Moreover, any unauthorized use, reproduction, or distribution of our copyrighted material without our permission will result in legal action and may lead to financial penalties, damage to our brand reputation.

Also, preventing trademark infringement, particularly in India, is difficult, costly and time consuming. The measures we take to protect our trademarks may not be adequate to prevent unauthorized use by third parties, which may affect our brand and in turn adversely affect our business, financial condition, results of operations and prospects.

For further details on the trademarks, Objected or pending registration, please refer to the chapter titled-Government and Other Approvals – Intellectual Property Rights on page 295 of this Prospectus.

26. *We may not be able to prevent unauthorised use of patents obtained/ applied for by third parties, which may lead to the dilution of our goodwill.*

We have acquired GEIST Technology from Earl Exim Private Limited vide an Assignment Agreement dated November 01, 2020, and patented it under The Patent Act, 1970 for a method and a system for recovery of anhydrous sodium sulfate from reject stream of sulfate removal system and novel process for recovery of Calcium Hypochlorite.

Although, we have secured legal protection for our technologies, but there is always a possibility that third parties may independently develop similar processes. The development of similar processes independently by third parties poses a potential threat to our operations, thereby impacting our financial condition and profitability. Such developments could undermine our competitive advantage, which may lead to market disruption, affect our market share and our future revenue from operations.

For further details related to patent please refer to the chapter “Our Business” beginning on page 127 of this Draft Red Herring Prospectus.

27. *Bidding for a tender involves various management activities such as detailed project study, cost estimations. Inability to accurately measure the cost may lead to bid amount having margin lower than hurdle rate margin i.e. the expected rate of return.*

For every project, Notice for Invitation of Tender is issued which requests interested infrastructure companies/ contractors/ participants to bid. To evaluate a project tender, we undertake various management discussions, project feasibility study, site study, cost estimations, material and equipment suppliers among others which aids us to calculate the estimated cost of the project on which we add-on our margin, which varies from project to project, the result of which is the tender amount which we bid for any particular project. The price at which work is allotted to the bidder is inclusive of the profit margin as well & the bidder also quotes its price after doing complete analysis of its cost & profit. Accordingly, all of the bid amounts are based on estimation of the project cost, the fluctuation of which, either marginally or substantially, may impact our margins adversely. Further, we may incorrectly or inadequately estimate the project cost leading to lower bid amount affecting our profitability, in case the project is awarded to us. Excess estimation of costs may lead to higher bid amount by us owing to which, we may not be awarded a contract which may substantially impact our results of operations and financials. Further, as most of the projects are spread over a longer period of time, cost escalations in our industry is a frequent issue, although most

of the agreements includes clauses relating to cost escalations, any fluctuations in costs or material availability or an other unanticipated costs will substantially impact the business operations, cash flows and financial conditions.

28. *Our Company has unsecured loans that may be recalled by the lenders at any time.*

We have outstanding unsecured loans of Rs. 67.20 Lakhs as on September 30, 2023, which may be recalled by the lenders at any time. In the event that the lenders seek a repayment of any such loans, Company would need to find alternative sources of financing, which may not be available on commercially reasonable terms, or at all, which may affect the result of operation and financial conditions of our business. For further details, please refer to the chapter titled “*Financial Indebtedness*” beginning on page no. 284 of this Draft Red Herring Prospectus.

29. *Our profitability and business operations are significantly dependent on our ability to successfully anticipate the industry and client requirements. Any failure on our part to do so, may have an impact on our operations, which could have an adverse effect on our revenue, reputation, financial conditions, results of operations and cash flows.*

Our profitability, business operations and its success are significantly dependent on our ability to ensure continued demand for our services in existing and proposed markets, which requires us to continuously anticipate and respond in a timely manner to customer requirements and preferences. If we are unable to successfully anticipate customer requirements or are unable to modify our services, in a timely manner, we may lose customers.

Though we are committed to our services improvement, there can be no assurance that we would be successful in improving our services that respond to changes in customer requirements and preferences. Any enhancement to our existing offerings or new offerings that we develop and introduce involves significant commitment of time and resources and is subject to a number of risks and challenges including:

- ensuring the timely deployment of new offerings and features;
- adapting to emerging and evolving industry standards, technological developments by our competitors and changing client requirements;
- operating effectively with existing or newly-introduced technologies, systems, or applications of our existing and prospective clients.

The development of alternative technologies or a fundamental shift in technologies in key markets for our business segments could have an adverse effect on our business. Moreover, failure to correctly anticipate trends and adapt to the changing technological environment may result in reduced demand for our services which could have adverse effect on our revenue, reputation, financial conditions, results of operations and cash flows.

30. *Our Company has entered into certain related party transactions in the past and may continue to do so in the future.*

As of six months period ended Sep 30, 2023, we have entered into several related party transactions with our Promoters, individuals and entities forming a part of our promoter group relating to our operations aggregate amount to Rs. 196.76 Lakhs on standalone basis. In addition, we have in the past also entered into transactions with other related parties. However, the related party transactions entered into with Promoters/ Directors/ Promoter Group is in compliance with Section 188 of Companies Act, 2013 and other applicable rules, as may be applicable.

For further details, please refer to the chapter titled “*Financial Information – Restated Financial Information – Note 29 Restated Statement of Related Party Transactions*” beginning on page 204. While we believe that all our related party transactions have been conducted on an arm’s length basis as per the Companies Act, 2013, we cannot assure you that we may not have achieved more favourable terms had such transactions been entered into with unrelated

parties. There can be no assurance that such transactions, individually or taken together, will not have an adverse effect on our business, prospects, results of operations and financial condition, including because of potential conflicts of interest or otherwise. In addition, our business and growth prospects may decline if we cannot benefit from our relationships with them in the future.

31. In addition to normal remuneration, other benefits and reimbursement of expenses some of our Directors (including our Promoters) and Key Management Personnel are interested in our Company to the extent of their shareholding and dividend entitlement in our Company.

Some of our Directors (including our Promoters) and Key Management Personnel are interested in our Company to the extent of their shareholding and dividend entitlement in our Company, in addition to normal remuneration or benefits and reimbursement of expenses. As a result, our directors will continue to exercise significant control over our Company, including being able to control the composition of our board of directors and determine decisions requiring simple or special majority voting, and our other Shareholders may be unable to affect the outcome of such voting. We cannot assure you that our directors or our Key Management Personnel would always exercise their rights as shareholders to the benefit and best interest of our Company, thereby adversely affecting our business and results of operations and prospects.

32. If we fail to maintain an effective system of internal controls, we may not be able to successfully manage or accurately report our financial risk.

Effective internal controls are necessary for us to prepare reliable financial reports and effectively prevent and detect any frauds or misuse of funds. Moreover, any internal controls that we may implement, or our level of compliance with such controls, may decline over time. There can be no assurance that additional deficiencies or lacks in our internal controls will not arise in the future, or that we will be able to implement and continue to maintain adequate measures to rectify or mitigate any such deficiencies or lacks in our internal controls. If internal control weaknesses are identified in a delayed manner, our actions may not be sufficient to correct such internal control weakness. Such instances may also adversely affect our reputation, thereby adversely impacting our business, results of operations and financial condition.

33. Our funding requirements and proposed deployment of the Net Proceeds have not been appraised by a credit rating agency registered with the Board and if there are any delays or cost overruns, we may have to incur additional cost to fund the objects of the Issue because of which our business, financial condition and results of operations may be adversely affected.

We intend to use the Net Proceeds for the purposes described in chapter titled “Objects of the Issue” on page 81 of this Draft Red Herring Prospectus. All the funding requirements mentioned as a part of the objects of the Issue have not been appraised by any credit rating agency registered with the Board. The deployment of the funds as stated under chapter “Objects of the Issue” is at the discretion of our Board of Directors and is not subject to monitoring by any external independent credit rating agency.

As per SEBI (ICDR) Regulations, 2018, appointment of monitoring agency is required only for Issue size above ₹ 100 crores. Hence, we have not appointed a monitoring agency to monitor the utilization of Issue proceeds. However, the Audit Committee of our Board will monitor the utilization of Issue proceeds. Further, our Company shall inform about material deviations in the utilization of Issue proceeds to the stock exchange and shall also simultaneously make the material deviations / adverse comments of the audit committee public.

34. *Certain Agreements, deeds or licenses and certificates may be in the previous name of the company, we have to update the name of our company in all the statutory approvals and certificates due to the conversion of our Company.*

Our company Z-Tech (India) Private Limited was converted into public limited company vide special resolution passed in the Extra-Ordinary Meeting of the company held on November 20, 2023. Our certain agreements, deeds or licenses and certificates may be in the name of the erstwhile name of the company Z-Tech (India) Private Limited and we would require to update all of them.

However, we cannot guarantee that we will be able to update all these in a timely manner and in case of failure to do so, it may affect our company's business and operations. Further, we may also face legal and financial complications, increased compliance costs, which may have an adverse effect on our company's financial condition and performance.

35. *We are subject to stringent labour laws or other industry standards and any strike, work stoppage, Lock-out or increased wage demand by our employees or any other kind of disputes with our employees could adversely affect our business, financial condition and results of operations.*

Our manufacturing activities are labour-intensive. We are subject to a number of stringent labour laws that protect the interests of our workers. We have not experienced significant labour unrest in the past, strikes, lock-outs and other labour action but such may have an adverse impact on our operations, and if not resolved in a timely manner, could lead to disruptions in our operations. We cannot guarantee that we will not experience any strike, work stoppage, lock out or increased wage demand or other industrial action in the future and any such event could adversely affect our business, results of operation and financial condition.

36. *Significant differences exist between Indian GAAP and other accounting principles, such as Ind AS, IFRS and U.S. GAAP, which may be material to investors' assessments of our financial condition, result of operations and cash flows.*

Our restated summary statements of assets and liabilities, restated summary statements of profit and loss (including other comprehensive income), cash flows and changes in equity for the Six months period ended September 30, 2023 and Fiscals 2023, 2022 and 2021 have been prepared in accordance with the Indian GAAP.

We have not attempted to quantify the impact of US GAAP, IFRS or any other system of accounting principles on the financial data included in this Draft Red Herring Prospectus, nor do we provide a reconciliation of our financial statements to those of US GAAP, IFRS or any other accounting principles. Ind AS, US GAAP and IFRS differ in significant respects from Indian GAAP. Accordingly, the degree to which the Restated Financial Information included in this Draft Red Herring Prospectus will provide meaningful information is entirely dependent on the reader's level of familiarity with Ind AS, Indian GAAP and the SEBI ICDR Regulations. Any reliance by persons not familiar with Indian accounting practices on the financial disclosures presented in this Draft Red Herring Prospectus should accordingly be limited.

37. *Our Company is subject to foreign exchange control regulations which can pose a risk of currency fluctuations.*

Our Company is involved in business transactions with international clients located globally and has to conduct the transactions in accordance with the rules and regulations prescribed under FEMA. Our international operations make us susceptible to the risk of currency fluctuations, which may directly affect our operating results. In case we

are unable to adhere to the timelines prescribed under the applicable laws or are unable to mitigate the risk of currency fluctuation, it may adversely affect our business, results of operations, financial conditions and cash flows.

38. *Our Company has not paid any dividend in past 3 financials years and our ability to pay dividends in the future may be affected by any material adverse effect on our future earnings, financial condition or cash flows.*

Our ability to pay dividends in future will depend on our earnings, financial condition and capital requirements. Our business is working capital intensive and declaration of dividend will depend upon financial performance of our Company at the time of declaration. We may be unable to pay dividends in the near or medium term, and our future dividend policy will depend on our capital requirements and financing arrangements (if any) in respect of our operations, financial condition and results of operations. Our Company has not declared dividends in the past and there can be no assurance that our Company will declare dividends in the future. For further details, please refer to the chapter titled “*Dividend Policy*” on page 203 of this Draft Red Herring Prospectus.

39. *Industry information included in this Draft Red Herring Prospectus has been derived from an industry report from various websites. The reliability on the forecasts of the reports could be incorrect and would significantly impact our operations.*

We have relied on the reports of certain independent third party for purposes of inclusion of such information in this Prospectus. These reports are subject to various limitations and based upon certain assumptions that are subjective in nature. We have not independently verified data from such industry reports and other sources. Although we believe that the data may be considered to be reliable, their accuracy, completeness and underlying assumptions are not guaranteed and their dependability cannot be assured. While we have taken reasonable care in the reproduction of the information, the information has not been prepared or independently verified by us or any of our respective affiliates or advisors and, therefore, we make no representation or warranty, express or implied, as to the accuracy or completeness of such facts and statistics. Due to possibly flawed or ineffective collection methods or discrepancies between published information and market practice and other problems, the statistics herein may be inaccurate or may not be comparable to statistics produced for other economies and should not be unduly relied upon. Further, there is no assurance that they are stated or compiled on the same basis or with the same degree of accuracy as may be the case elsewhere. Statements from third parties that involve estimates are subject to change, and actual amounts may differ materially from those included in this Prospectus.

40. *Our Company’s future funding requirements, in the form of further issue of capital or other securities and/or loans that might be availed by us, may turn out to be prejudicial to the interest of the shareholders depending upon the terms and conditions on which they are raised.*

We may require additional capital from time to time depending on our business needs. Any further issue of Equity Shares or convertible securities would dilute the shareholding of the existing shareholders and such issuance may be done on terms and conditions, which may not be favourable to the then existing shareholders. If such funds are raised in the form of loans or debt or preference shares, then it may substantially increase our fixed interest/dividend burden and decrease our cash flows, thus adversely affecting our business, results of operations and financial condition.

41. *The average cost of acquisition of Equity Shares by our Promoters is lower than the issue price.*

Our Promoters' average cost of acquisition of Equity Shares in our Company is lower than the Issue Price of the shares proposed to be offered through this Prospectus. For further details regarding average cost of acquisition of Equity Shares by our Promoters in our Company, please refer to page no. 24 of this Draft Red Herring Prospectus.

42. *Our insurance coverage in connection with our business may not be adequate and may adversely affect our operations and profitability.*

Our Company has obtained insurance coverage in respect of certain risks. For further details in relation to our Insurance, please refer to the section titled - Insurance in the chapter titled "Our Business" beginning on page 127 of this Draft Red Herring Prospectus. The insurance policies are renewed periodically to ensure that the coverage is adequate, however, our insurance policies do not cover all risks. There can be no assurance that our insurance policies will be adequate to cover the losses in respect of which the insurance has been availed. If we suffer a significant uninsured loss or if insurance claim in respect of the subject-matter of insurance is not accepted or any insured loss suffered by us significantly exceeds our insurance coverage, our business, financial condition and results of operations may be materially and adversely.

Issue Related Risk Factors

43. *There are certain restrictions on daily movements in the price of Equity Shares, which may adversely affect a shareholder's ability to sell, or the price at which it can sell, Equity Shares at a particular point in time.*

Following the Issue, we will be subject to a daily circuit breaker imposed by NSE, which does not allow transactions beyond specified increases or decreases in the price of the Equity Shares. This circuit breaker operates independently of the index-based, market-wide circuit breakers generally imposed by SEBI on Indian stock exchanges. The percentage limit on our circuit breakers will be set by the stock exchange based on the historical volatility in the price and trading volume of the Equity Shares. This circuit breaker will limit the upward and downward movements in the price of the Equity Shares. As a result of this circuit breaker, no assurance can be given regarding your ability to sell your Equity Shares or the price at which you may be able to sell your Equity Shares at any particular time.

44. *After this Issue, the price of the Equity Shares may be highly volatile, or an active trading market for the Equity Shares may not develop.*

The price of the Equity Shares on the Stock Exchanges may fluctuate as a result of the factors, including:

- Volatility in the Indian and global capital market;
- Company's results of operations and financial performance;
- Performance of Company's competitors,
- Adverse media reports on Company or pertaining to our Industry;
- Changes in our estimates of performance or recommendations by financial analysts; and
- Significant developments in India's economic and fiscal policies;

Current valuations may not be sustainable in the future and may also not be reflective of future valuations for our industry and our Company. There has been no public market for Equity Shares and the prices of the Equity Shares may fluctuate after this Issue. There can be no assurance that an active trading market for the Equity Shares will develop or be sustained after this Issue or that the price at which the Equity Shares are initially traded will correspond to the price at which the Equity Shares will trade in the market subsequent to this Issue.

45. *Market price of our share will be decided by market forces and issue price of equity share may not be indicative of the market price of our share price after the issue.*

After listing and trading permission of equity shares, the price of the shares shall be driven by free market forces. The market price of a company's share is determined by the forces of supply and demand in the stock market. These forces are influenced by a variety of factors, including the company's financial performance, industry trends, economic conditions, and investor sentiment.

When a company issues equity shares, it sets an issue price based on various factors such as the company's valuation, the prevailing market conditions, and the demand for its shares. However, the issue price is not necessarily indicative of the market price of the shares after the issue.

Once the shares are listed on the stock exchange, their price is determined by the forces of supply and demand in the market. If there is strong demand for the shares, the price may rise above the issue price, and if there is weak demand, the price may fall below the issue price.

Therefore, while the issue price of equity shares provides a starting point for the company's valuation, it is not necessarily a reliable indicator of the market price of the shares after the issue. Investors should carefully evaluate all relevant factors and information before making investment decisions in the stock market.

External Risk Factors

46. *Outbreaks of contagious diseases, such as the recent outbreak of COVID-19, may have a material adverse effect on our business, financial condition, results of operations, cash flows and prospects.*

India experienced multiple waves of COVID-19 which had impacted global supply chains and resulted in shortages of materials and components used in the manufacturing operations and an inability to meet the manufacturing targets and this impact continues till date. The COVID-19 pandemic had resulted in restrictions on travel and transportation and prolonged closures of workplaces, businesses and schools, with employees being asked to work from home and citizens being advised to stay at home. Consequently, there was a significant disruption in attendance at the manufacturing facilities.

There can be no assurance that any future outbreak of contagious diseases will not have a material adverse effect on our business, financial condition, results of operations, cash flows and prospects.

47. *Changes in the Government Policy could adversely affect economic conditions in India generally and our business in particular.*

Our business, and the market price and liquidity of our Equity Shares, may be affected by interest rates, changes in Government policy, taxation, social and civil unrest and other political, economic or other developments in or affecting India. Elimination or substantial change of policies or the introduction of policies that negatively affect the Company's business could cause its results of operations to suffer. Any significant change in India's economic policies could disrupt business and economic conditions in India generally and the Company's business in particular.

48. *A slowdown in economic growth in India could adversely affect our business, results of operations, financial condition and cash flows.*

We are dependent on domestic, regional and global economic and market conditions. Our performance, growth and market price of our Equity Shares are and will be dependent to a large extent on the health of the economy in which we operate. Demand for our services may be adversely affected by an economic downturn in domestic, regional

and global economies. Economic growth in the country in which we operate is affected by various factors including domestic consumption and savings, balance of trade movements, namely export demand, global economic uncertainty and liquidity crisis, volatility in exchange currency rates. Consequently, any future slowdown in the Indian economy could harm our business, results of operations, financial condition and cash flows.

49. *Inflation in India could have an adverse effect on our profitability and if significant, on our financial condition.*

Inflation is typically impacted by factors such as governmental policies, regulations, commodity prices, liquidity and global economic environment. Any change in the government or a change in the economic and deregulation policies could adversely affect the inflation rates. Continued high rates of inflation may increase our costs such as salaries, travel costs and related allowances, which are typically linked to general price levels. There can be no assurance that we will be able to pass on any additional costs to our clients or that our revenue will increase proportionately corresponding to such inflation. Accordingly, high rates of inflation in India could have an adverse effect on our profitability and, if significant, on our financial condition.

50. *Taxes and other levies imposed by the Government of India or other State Governments, as well as other financial policies and regulations, may have a material adverse effect on our business, financial condition and results of operations.*

Taxes and other levies imposed by the Central or State Governments in India that affect our industry include STT, GST, income tax and other taxes, duties or surcharges introduced on a permanent or temporary basis from time to time. Imposition of any other taxes by the Central and the State Governments may adversely affect our results of operations.

51. *You may be subject to Indian taxes arising out of capital gains on the sale of our Equity Shares.*

Capital gains arising from the sale of equity shares within 12 months in an Indian company are generally taxable in India. Any gain realised on the sale of listed equity shares on a stock exchange held for more than 12 months will not be subject to capital gain being long term capital gain amounting to upto one lakhs rupees provided Securities Transaction Tax ("STT") is paid on the transaction. STT is levied on and collected by a domestic stock exchange on which equity shares are sold. Any gain realised on the sale of equity shares held for more than 12 months to an Indian resident, which are sold other than on a recognized stock exchange and on which no STT has been paid, is subject to long term capital gains tax in India. Further, any gain realised on the sale of listed equity shares held for a period of 12 months or less will be subject to short term capital gains tax in India. Capital gains arising from the sale of equity shares is exempt from taxation in India where an exemption from taxation in India is provided under a treaty between India and the country of which the seller is resident.

Generally, Indian tax treaties do not limit India's ability to impose tax on capital gains. As a result, residents of other countries may be liable to pay tax in India as well as in their own jurisdiction on a gain on the sale of equity shares.

52. *Natural calamities could have a negative impact on the Indian economy and cause our Company's business to suffer.*

India has experienced natural calamities such as earthquakes, tsunami, floods etc. in recent years. The extent and severity of these natural disasters determine their impact on the Indian economy. Prolonged spells of abnormal

rainfall or other natural calamities could have a negative impact on the Indian economy, which could adversely affect our business, prospects, financial condition and results of operations as well as the price of the Equity Shares.

53. Terrorist attacks, civil unrests and other acts of violence or war involving India or other countries could adversely affect the financial markets, our business, financial condition and the price of our Equity Shares.

Any major hostilities involving India or other acts of violence, including civil unrest or similar events that are beyond our control, could have a material adverse effect on India's economy and our business. Incidents such as the terrorist attacks, other incidents such as those in US, Indonesia, Madrid and London, and other acts of violence may adversely affect the Indian stock markets where our Equity Shares will trade the global equity markets as well generally. Such acts could negatively impact business sentiment as well as trade between countries, which could adversely affect our Company's business and profitability. Additionally, such events could have a material adverse effect on the market for securities of Indian companies, including the Equity Shares.

WITHDRAWAL OF THE ISSUE

Our Company in consultation with the BRLM, reserves the right not to proceed with the Issue at any time after the Issue Opening Date but before the Board meeting for Allotment. In such an event, our Company would issue a public notice in the newspapers, in which the pre-Issue advertisements were published, within two (2) days of the Issue Closing Date or such other time as may be prescribed by SEBI, providing reasons for not proceeding with the Issue. The BRLM, through the Registrar to the Issue, shall notify the SCSBs to unblock the bank accounts of the ASBA Applicants within one (1) day of receipt of such notification. Our Company shall also promptly inform NSE Emerge on which the Equity Shares were proposed to be listed. Notwithstanding the foregoing, the Issue is also subject to obtaining the final listing and trading approvals from NSE Emerge, which our Company shall apply for after Allotment. If our Company withdraws the Issue after the Issue Closing Date and thereafter determines that it will proceed with an IPO, our Company shall be required to file a fresh Draft Red Herring Prospectus.

DETAILS OF THE MARKET MAKING ARRANGEMENT FOR THIS OFFER

Our Company and the BRLM have entered into a tripartite agreement dated [●] with [●] the Market Maker for this Issue, duly registered with NSE Emerge to fulfill the obligations of Market Making:

The Market Maker shall fulfill the applicable obligations and conditions as specified in the SEBI (ICDR) Regulations, and its amendments from time to time and the circulars issued by the NSE and SEBI regarding this matter from time to time. Following is a summary of the key details pertaining to the Market Making arrangement:

1. The Market Maker shall be required to provide a 2-way quote for 75% of the time in a day. The same shall be monitored by the stock exchange. Further, the Market Maker(s) shall inform the exchange in advance for each and every black out period when the quotes are not being offered by the Market Maker.
2. The prices quoted by Market Maker shall be in compliance with the Market Maker Spread Requirements and other particulars as specified or as per the requirements of NSE Limited and SEBI from time to time.
3. The minimum depth of the quote shall be Rs.1,00,000. However, the investors with holdings of value less than Rs.1,00,000 shall be allowed to offer their holding to the Market Maker(s) (individually or jointly) in that scrip provided that he sells his entire holding in that scrip in one lot along with a declaration to the effect to the selling broker.
4. Execution of the order at the quoted price and quantity must be guaranteed by the Market Maker(s), for the quotes given by him.
5. There would not be more than five Market Makers for a script at any point of time and the Market Makers may compete with other Market Makers for better quotes to the investors.
6. On the first day of the listing, there will be pre-opening session (call auction) and thereafter the trading will happen as per the equity market hours. The circuits will apply from the first day of the listing on the discovered price during the pre-open call auction.
7. The Market maker may also be present in the opening call auction, but there is no obligation on him to do so.
8. There will be special circumstances under which the Market Maker may be allowed to withdraw temporarily/fully from the market – for instance due to system problems, any other problems. All controllable

reasons require prior approval from the Exchange, while force-majeure will be applicable for non-controllable reasons. The decision of the Exchange for deciding controllable and non-controllable reasons would be final.

The Market Maker(s) shall have the right to terminate said arrangement by giving a one month notice or on mutually acceptable terms to the Merchant Banker, who shall then be responsible to appoint a replacement Market Maker(s). In case of termination of the above mentioned Market Making agreement prior to the completion of the compulsory Market Making period, it shall be the responsibility of the BRLM to arrange for another Market Maker in replacement during the term of the notice period being served by the Market Maker but prior to the date of releasing the existing Market Maker from its duties in order to ensure compliance with the requirements of regulation 261 of the SEBI (ICDR) Regulations, 2018. Further, our Company and the BRLM reserve the right to appoint other Market Makers either as a replacement of the current Market Maker or as an additional Market Maker subject to the total number of Designated Market Makers does not exceed five or as specified by the relevant laws and regulations applicable at that particular point of time. The Market Making Agreement is available for inspection at our registered office from 11.00 a.m. to 5.00 p.m. on working days.

9. Risk containment measures and monitoring for Market Makers: Emerge Platform of NSE will have all margins which are applicable on the NSE Main Board viz., Mark-to-Market, Value- At-Risk (VAR) Margin, Extreme Loss Margin, Special Margins and Base Minimum Capital etc. NSE can impose any other margins as deemed necessary from time-to-time.

10. Punitive Action in case of default by Market Maker: Emerge Platform of NSE will monitor the obligations on a real time basis and punitive action will be initiated for any exceptions and/or non- compliances. Penalties / fines may be imposed by the Exchange on the Market Makers, in case he is not able to provide the desired liquidity in a particular security as per the specified guidelines. These penalties/ fines will be set by the Exchange from time to time. The Exchange will impose a penalty on the Market Maker(s) in case he is not present in the market (offering two way quotes) for at least 75% of the time. The nature of the penalty will be monetary as well as suspension in market making activities / trading membership.

The Department of Surveillance and Supervision of the Exchange would decide and publish the penalties/ fines/ suspension for any type of misconduct/ manipulation/ other irregularities by the Market Makers from time to time.

Price Band and Spreads: Pursuant to SEBI Circular number CIR/MRD/DSA/31/2012 dated November 27,2012, limits on the upper side for Markets Makers during market making process has been made applicable, based on the issue size and as follows:

Issue Size	Buy quote exemption threshold (including mandatory initial inventory of 5% of the Issue Size)	Re-Entry threshold for buy quote (including mandatory initial inventory of 5% of the Issue Size)
Up to Rs. 20 Crore	25%	24%
Rs.20 Crore to Rs.50 Crore	20%	19%
Rs.50 Crore to Rs.80 Crore	15%	14%
Above Rs.80 Crore	12%	11%

The Marketing Making arrangement, trading and other related aspects including all those specified above shall be subject to the applicable provisions of law and/or norms issued by SEBI/NSE from time to time.

The trading shall take place in TFT segment for first 10 days from commencement of trading. The price band shall be 20% and the Market Maker Spread (difference between the sell and the buy quote) shall be within 10% or as intimated by Exchange from time to time.

16. **Details of Promoter's Contribution locked in for 3 years:**

As per Sub-Regulation (1) of Regulation 236 of the SEBI (ICDR) Regulations, 2018, an aggregate of 20% of the post-Issue Capital shall be considered as Promoter's Contribution.

Our Promoters have granted consent to include such number of Equity Shares held by them as may constitute 20.00% of the post-issue Equity Share Capital of our Company as Promoters Contribution and have agreed not to sell or transfer or pledge or otherwise dispose of in any manner, the Promoters Contribution from the date of filing of this Draft Red Herring Prospectus until the completion of the lock-in period specified above.

In terms of clause (a) of Regulation 238 of the SEBI (ICDR) Regulations, 2018, *Minimum Promoters Contribution as mentioned above shall be locked-in for a period of 3 years from the date of commencement of commercial production or date of allotment in the Initial Public Offer, whichever is later.*

Explanation: The expression “date of commencement of commercial production” means the last date of the month in which commercial production of the project in respect of which the funds raised are proposed to be utilized as stated in the offer document, is expected to commence.

We further confirm that Minimum Promoters Contribution of 20.00% of the post issue paid-up Equity Shares Capital does not include any contribution from Alternative Investment Fund.

The Minimum Promoters Contribution has been brought into to the extent of not less than the specified minimum lot and has been contributed by the persons defined as Promoters under the SEBI (ICDR) Regulations, 2018.

The lock-in of the Minimum Promoters Contribution will be created as per applicable regulations and procedure and details of the same shall also be provided to the Stock Exchange before listing of the EquityShares.

The details of the Equity Shares held by our Promoters, which are locked in for a period of 3 years from the date of Allotment in the Offer are given below:

Name of Promoter	Date of Transaction and when made fully paid-up	Nature of Transaction	No. of Equity Shares	Face Value (Rs.)	Issue/ Acquisition Price per Equity Share (Rs.)	Percentage of post-Offer paid-up capital (%)	Lock in Period
[●]	[●]	[●]	[●]	[●]	[●]	[●]	[●]

The Equity Shares that are being locked in are not ineligible for computation of Promoters contribution interms of Regulation 237 of the SEBI ICDR Regulations. Equity Shares offered by the Promoters for the minimum Promoters contribution are not subject to pledge. Lock-in period shall commence from the date of allotment of Equity Shares in the Public Issue.

We confirm that the minimum Promoters contribution of 20.00% which is subject to lock-in for 3 years does not consist of:

- Equity Shares acquired during the preceding three years for consideration other than cash and revaluation of assets or capitalization of intangible assets;
- Equity Shares acquired during the preceding three years resulting from a bonus issue by utilization of revaluation reserves or Unrealised profits of the issuer or from bonus issue against equity shares which are ineligible for minimum Promoters contribution;
- Equity Shares acquired by Promoters during the preceding one year at a price lower than the Issue Price;
- The Equity Shares held by the Promoters and offered for minimum 20% Promoters Contribution are not subject to any pledge.
- Equity Shares for which specific written consent has not been obtained from the shareholders for inclusion of their subscription in the minimum Promoters Contribution subject to lock-in.

In terms of Regulation 241 of the SEBI (ICDR) Regulations, 2018, our Company confirms that certificates of Equity Shares which are subject to lock in shall contain the inscription “Non-Transferable” and specify the lock-in period and in case such equity shares are dematerialized, the Company shall ensure that the lock in is recorded by the Depository.

Equity Shares locked-in for one year.

In addition to above Equity Shares that are locked-in for three years as the minimum Promoters’ contribution, the promoters and public pre-issue shareholding of Equity Share capital of our Company, *i.e.* [●] Equity Shares shall

be locked in for a period of one year from the date of Allotment in the Public Issue. Further, such lock-in of Equity Shares would be created as per the bye laws of the Depositories.

Pledge of Locked in Equity Shares:

In terms of Regulation 242 of the SEBI (ICDR) Regulations, 2018, the locked-in Equity Shares held by our Promoters can be pledged only with any scheduled commercial banks or public financial institutions as collateral security for loans granted by such banks or financial institutions, subject to the following:

- In case of Minimum Promoters' Contribution, the loan has been granted to the issuer company or its subsidiary (ies) for the purpose of financing one or more of the Objects of the Issue and pledge of equity shares is one of the terms of sanction of the loan.
- In case of Equity Shares held by Promoters in excess of Minimum Promoters' contribution, the pledge of equity shares is one of the terms of sanction of the loan.

However, lock in shall continue pursuant to the invocation of the pledge and such transferee shall not be eligible to transfer the equity shares till the lock in period stipulated has expired.

Transferability of Locked in Equity Shares:

In terms of Regulation 243 of the SEBI (ICDR) Regulations, 2018 and subject to provisions of Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011 as applicable:

- The Equity Shares held by our Promoters and locked in as per Regulation 238 of the SEBI (ICDR) Regulations, 2018 may be transferred to another Promoters or any person of the Promoters' Group or to a new promoter(s) or persons in control of our Company, subject to continuation of lock-in for the remaining period with transferee and such transferee shall not be eligible to transfer them till the lock-in period stipulated has expired.
 - The equity shares held by persons other than promoters and locked in as per Regulation 239 of the SEBI (ICDR) Regulations, 2018 may be transferred to any other person (including Promoter and Promoters' Group) holding the equity shares which are locked-in along with the equity shares proposed to be transferred, subject to continuation of lock-in for the remaining period with transferee and such transferee shall not be eligible to transfer them till the lock- in period stipulated has expired.
17. Our Company, our Promoters, our Directors and the BRLM to this Offer have not entered into any buy-back, standby or similar arrangements with any person for purchase of our Equity Shares from any person.
18. Our Company has not issued shares for consideration other than cash or out of revaluation of reserves, including Bonus Shares, at any point of time since Incorporation except the following:

3. To meet out the Issue Expenses.

Our Company believes that listing will enhance our Company's corporate image, brand name and create a public market for its Equity Shares in India. The main objects clause of our Memorandum enables our Company to undertake the activities for which funds are being raised in the Issue. The existing activities of our Company are within the objects clause of our Memorandum. The fund requirement and deployment are based on internal management estimates and has not been appraised by any bank or financial institution.

Fund Requirements

Our funding requirements are dependent on a number of factors which may not be in the control of our management, changes in our financial condition and current commercial conditions. Such factors may entail rescheduling and / or revising the planned expenditure and funding requirement and increasing or decreasing the expenditure for a particular purpose from the planned expenditure.

We intend to utilize the proceeds of the Fresh Issue, in the manner set forth below:

(Amount in Lakhs)

S. N.	Particulars	Amount (In Rs. Lakh)	% of Gross Proceeds	% of Net Proceeds
1.	Working Capital Requirement	2,375.77	[●]	[●]
2.	General Corporate Purposes	[●]	[●]	[●]
3.	Issue Expenses*	[●]	[●]	[●]
	Total	[●]	[●]	[●]

**As on February 12, 2024, the Company has incurred a sum of Rs. 2.50 lakhs towards issue expenses.*

The requirements of the objects detailed above are intended to be funded from the proceeds of the Issue. Accordingly, we confirm that there is no requirement for us to make firm arrangements of finance through verifiable means towards at least 75% of the stated means of finance, excluding the amount to be raised from the proposed Issue.

The fund requirement and deployment are based on internal management estimates and have not been appraised by any bank or financial institution. These are based on current conditions and are subject to change in light of changes in external circumstances or costs, other financial conditions, business or strategy, as discussed further below.

In case of variations in the actual utilization of funds allocated for the purposes set forth above, increased fund requirements for a particular purpose may be financed by surplus funds, if any, available in respect of the other purposes for which funds are being raised in this Issue. If surplus funds are unavailable, the required financing will be through our internal accruals and/or debt.

We may have to revise our fund requirements and deployment as a result of changes in commercial and other external factors, which may not be within the control of our management. This may entail rescheduling, revising or cancelling the fund requirements and increasing or decreasing the fund requirements for a particular purpose from

its fund requirements mentioned below, at the discretion of our management. In case of any shortfall or cost overruns, we intend to meet our estimated expenditure from internal accruals and/or debt. In case of any such re-scheduling, it shall be made by compliance of the relevant provisions of the Companies Act, 2013.

Details of Utilization of Issue Proceeds

1. Working Capital Requirements:

Our Company proposes to utilize Rs. 2,375.77 Lakhs towards funding its working capital requirements in the ordinary course of business. We have significant working capital requirements, and in the ordinary course of business, we fund our working capital needs through internal accruals. Our Company, in order to support its incremental business requirements, funding growth opportunities and for other strategic, business, and corporate purposes requires additional working capital and such funding is expected to lead to a consequent increase in our revenues and profitability.

Change in Days	Days	-	(12)	+8	(5)	+2	+1

The Inventory for FY 2021 stands at Rs. 110.49 Lakhs and same has reduced to Rs. 48.80 Lakhs in FY 2022. For the same period, Inventory Days have also reduced from 18 days in FY 2021 to 6 Days in FY 2022. Considering the same for FY 2023, the inventory amount stands at Rs. 102.21 Lakhs which stands at 14 days. For stub period 30th September 2023, the inventory amount stands at Rs. 136.58 Lakhs with inventory days standing at 9 Days.

During the audited period FY 2021 till stub period 30th September 2023, the inventory has stayed at almost similar amount range. But the same is expected to increase in FY 2024 & FY 2025. As it is expected the company plans to

repay its payables earlier than before even with growth in these years, the inventory level will also increase to meet the daily demand of its ongoing projects. Also, company expects to maintain an inventory level of 11-12 days for the estimated and projected period. This would amount to Rs. 257.42 Lakhs in FY 2024 & 512.37 lakhs in FY 2025.

Trade Receivables

Particulars	UOM	March 31, 2021 (A)	March 31, 2022 (A)	March 31, 2023 (A)	Stub Sept 31, 2023 (A)	March 31, 2024 (E)	March 31, 2025 (P)
Trade Receivable	Rs. Lakhs	1,215.83	1,216.83	1,507.63	2,485.36	3,163.64	5,267.66
Change in Amount	Rs. Lakhs	-	1.00	290.80	977.73	678.28	2,104.02
Trade Receivable	Days	193	144	213	155	136	128
Change in Days	Days	-	(49)	+69	(58)	(19)	(8)

The numbers in the data show that in 2021, the company took almost 193 days to collect money owed to them, but in 2022, they improved and collected it faster with debtor days reduced to 144 days. Even though the receivables were Rs. 1,215.83 lakhs for FY 2021 and Rs. 1,216.83 Lakhs for FY 2022, Debtor days have reduced by 49 days. This illustrates that the company's revenue increased for FY 2022 over FY 2021.

For FY 2023, the company's receivable days have further increased to 213 days i.e. increasing by 69 days. The amount outstanding for FY 2023 stands at Rs. 1,507.63 Lakhs. This shows that the company's recovery in receivable in comparison for FY 2022 have reduced. Company's revenue for the period i.e. FY 2023 has also reduced in comparison to FY 2022 and outstanding amount has increased showing that recovery in FY 2023 was not in line with company's recovery days in the past.

It could be seen in the stub period ending 30th September 2023, that the amount of receivable has increased to Rs. 2,485.36 Lakhs. It should also be noted that the company's receivable days has reduced by almost 58 days to 155 Days. This has brought the company's receivable days in line with its receivable days trend of FY 2021 & 2022.

For estimated period of fiscal year 2024, the receivable days are expected to be 136 days showing a bit of improvement over the stub period. The receivable outstanding for FY 2024 estimate period is estimated at Rs. 3,163.64 Lakhs. Further for FY 2025, receivable days are expected to further reduce to 128 days and outstanding amount is expected to increase to Rs. 5,267.66 Lakhs.

The company is in the business where receivables hold an important part of the working capital. The projects are milestone based and payments are recovered based upon completion of such milestones as per project timeline. Still, company projects to bring the receivable days from 153 in stub period 30th September 2023 to 128 days in FY 2025. The increase in amount from Rs. 3,163.64 Lakhs in FY 2024 to Rs. 5,267.66 Lakhs in FY 2025 suggests overall growth of the company.

Other Current Assets

Other Current Assets include Advance payment of taxes & Other Current Assets

-------------------------	------------------	---	---------	-------	---------	--------	--------

Other current assets include Advances to Suppliers, Employees & Imprest, Bank Deposit, Prepaid Expenses, Taxes Recoverable. Other current assets for FY 2021 till stub period 30th September 2023 has been in range of Rs. 350 Lakhs to Rs. 450 Lakhs. This is also due to the fact that company's revenue during this audited period has stayed almost the same. The same is expected to increase in estimated and projected year because the company has plans to get the benefit of pricing and opportunity of efficient rates by making advance payments to suppliers and getting it's workflow moving on faster pace.

Bifurcation of OCA for Audited Period is as follows:

Particulars (Rs. Lakhs)	March 31, 2021 (A)	March 31, 2022 (A)	March 31, 2023 (A)	Stub Sept 31, 2023 (A)

Other Receivables	2.35	0.79	-	-
Total	434.36	352.14	445.46	368.48

The amount of Other Current assets has been increasing over the audited period from Rs. 434.36 Lakhs, Rs. 352.14 Lakhs, Rs. 445.46 Lakhs for FY 2021, 2022 & 2023 respectively. Other current assets for stub period 30th September 2023 is Rs. 368.48 Lakhs.

Looking ahead, the company is preparing for substantial growth through an Initial Public Offering (IPO) to raise capital. This IPO is expected to lead to a rise in revenue and have a parallel increase in profits. As part of this strategy, the company anticipates that its Other Current Assets will also expand.

Consequently, it is expected that the balances in Other Current Assets will be Rs. 744.09 lakhs and Rs. 1,161.26 lakhs in the fiscal years 2024 and 2025, respectively.

This increase in estimated and projected period is because the company expects that upon increasing the payment of advance to vendors, suppliers or service providers to get the benefit of better pricing, early deliver of goods and better services on account of such products being bought. This would ultimately help the company to enhance its bottomline.

Current Liabilities

Short Term Borrowings

Particulars	UOM	March 31, 2021 (A)	March 31, 2022 (A)	March 31, 2023 (A)	Stub Sept 30, 2023 (A)	March 31, 2024 (E)	March 31, 2025 (P)

<i>Change in Amount</i>	<i>Rs. Lakhs</i>	-	(4.91)	(17.03)	(32.07)	31.55	-

The company expects to keep the limits of short term borrowings at similar level for projected period as they were in audited period. The amount for short term borrowings stands at Rs. 56.46 Lakhs & Rs. 51.55 Lakhs in FY 2021 & FY 2022. The same stands at Rs. 34.52 Lakhs in FY 2023. For the stub period 30, Sept 2023 the amount stands at Rs. 2.45 Lakhs. For estimated period FY 2024 & Projected Period FY 2025, the amount should be Rs. 34 Lakhs for each year. Thus, this states that the company will utilize its existing limits of short term borrowings to meet the short term requirement of funds.

Trade Payables

Particulars	UOM	March 31, 2021 (A)	March 31, 2022 (A)	March 31, 2023 (A)	Stub Sept 30, 2023 (A)	March 31, 2024 (E)	March 31, 2025 (P)
Trade Payables	Rs. Lakhs	742.53	779.71	920.71	1,680.05	2,024.73	3,037.10
<i>Change in Amount</i>	<i>Rs. Lakhs</i>	-	37.18	141.00	759.34	344.68	1,012.37
Trade Payables	Days	123	94	148	130	101	88
<i>Change in Days</i>	<i>Days</i>	-	(49)	+68	(58)	(19)	(7)

The trajectory of trade payables for the company demonstrates a consistent and controlled management approach, characterized by the following justifications:

Amount Trends:

- The company experienced stability in trade payables from FY 2021 to FY 2022.
- The notable increase in FY 2023, amounting to Rs. 141.00 Lakhs, was primarily a result of bills received in the last quarter.
- The same increased in stub period 30th September 2023 with company increase in company's business. The company had achieved the turnover achieved in full year of FY 2023 in just 6 months of period ending 30th September 2023. This led to increase in outstanding to vendors with whom such projects were executed.
- For FY 2024, the company expects a moderate increase as company expects to make payments in advance also to its vendors and suppliers to get benefit of pricing.
- In projected year FY 2025, a moderate increase is further expected considering the growth company expects to reach in the said year.

Days Trends:

- The company's payable days were 123 Days in FY 2021 which were reduced to 94 Days in FY 2022.
- For the FY 2023, the days increased to 148 days i.e. an increase of 68 Days.
- For Stub period the payable days were reduced to 130 Days.
- In FY 2024 the payable days are expected to be at 101 Days and For FY 2025, the payable days are expected to be at 88 Days.
- FY 2023 saw a temporary increase to 33 days, aligning with the elevated amount during that period.

Analysis:

- The significant upturn in trade payables in FY 2023 can be attributed to specific bills received in the closing quarter.
- For FY 2024 & FY 2025, company expects to keep the payable days at 100 Days level and after keeping the days at such level it could be seen that the amount of trade payable increase substantially. This is clearly due to the reason of growth expected by the company in terms of revenue and profits in projected year.

In essence, the company's management of trade payables reflects a strategic and responsive approach, demonstrating an ability to navigate fluctuations and ensure financial stability.

For the FY 2021 till stub period 30th September 2023, the company's Other Current Liabilities including Short Term Provisions are in range of Rs. 120 Lakhs to Rs. 250 lakhs. This is majorly on account of advance to customers, provision for income tax, amount due to employees etc.

It is expected that for the FY 2024 & FY 2025, the total amount for Other Current Liabilities shall be Rs. 421.46 Lakhs & Rs. 646.15 Lakhs respectively. This is majorly due to provision for income tax as the other current liabilities stay in same range as previous years.

Conclusion

- This business is characterized by a significant working capital intensity, with a major portion of funds tied up in Debtors and other current assets.
- The total working capital requirement for FY 2024 and 2025 mirrors the amount recorded during the stub period ending on October 31, 2023. This requirement is being fulfilled through internal accruals, with the remaining balance to be met through proceeds from the Initial Public Offering (IPO).

4. *Quality Deliverables*

For further details, refer heading chapter titled –Our Business beginning on page 127 of this Draft Red Herring Prospectus.

QUANTITATIVE FACTORS

Information presented below relating to the Company is based on the Restated Financial Statements. Some of the quantitative factors which form the basis or computing the price are as follows:

1. Basic & Diluted Earnings Per Share (EPS):

Financial Year	EPS (Basic & Diluted)	Weight
For the period ended on September 31, 2023	36.94	4
2022-23	18.00	3
2021-22	0.86	2
2020-21	5.41	1
Weighted Average EPS		20.89

Note:

- a) EPS Calculations have been done in accordance with Accounting Standard 20 - Earning per share issued by the Institute of Chartered Accountants of India.
- b) Basic earnings per share is calculated by dividing the net profit or loss for the year attributable to equity shareholders by the weighted average number of equity shares outstanding during the year. Partly paid equity shares are treated as a fraction of an equity share to the extent that they were entitled to participate in dividends relative to a fully paid equity share during the reporting year.
- c) Weighted Average number of Equity Shares is the number of Equity Shares outstanding at the beginning of the year/period adjusted by the number of Equity Shares issued during year/period multiplied by the time

weighting factor. The time weighting factor is the number of days for which the specific shares are outstanding as a proportion of total number of days during the year.

- d) For the purpose of calculating diluted earnings per share, the net profit or loss for the year attributable to equity shareholders and the weighted average number of shares outstanding during the year are adjusted for the effects of all dilutive potential equity shares.

2. Price to Earnings (P/E) ratio in relation to Issue Price of Rs. [●] per Equity Share of face value Rs. 10/- each fully paid up.

STATEMENT OF POSSIBLE TAX BENEFITS

To,
The Board of Directors,
Z-Tech (India) Limited
Plot 140, Khasra No. 249, Mangla Puri,
Gadaipur, South West Delhi, New Delhi- 110030, India

Dear Sirs,

Sub: Statement of possible Special tax benefit ('the Statement') available to Z-Tech (India) Limited and its shareholders prepared in accordance with the requirements under Schedule VI-Clause 9L of the Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2018 as amended (the 'Regulations')

We hereby confirm that the enclosed annexure, prepared by "**Z-Tech (India) Limited**" ("**the Company**") states the possible special tax benefits available to the Company and the shareholders of the Company under the Income – tax Act, 1961 ('Act') as amended time to time, the Central Goods and Services Tax Act, 2017, the Integrated Goods and Services Tax Act, 2017, the State Goods and Services Tax Act as passed by respective State Governments from where the Company operates and applicable to the Company, the Customs Act, 1962 and the Foreign Trade Policy 2015-2020, as amended by the Finance Act, 2021, i.e., applicable for the Financial Year 2022-23 relevant to the assessment year 2023-24, presently in force in India for inclusion in the Draft Red Herring Prospectus ("DRHP") / Red Herring Prospectus ("RHP") / Prospectus for the proposed public offer of equity shares, as required under the Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2018, as amended ("ICDR Regulations").

Several of these benefits are dependent on the Company or its shareholders fulfilling the conditions prescribed under the relevant provisions of the Act. Hence, the ability of the Company or its shareholders to derive the tax benefits is dependent upon fulfilling such conditions, which based on the business imperatives, the company may or may not choose to fulfil.

The benefits discussed in the enclosed Annexure cover only special tax benefits available to the Company and its Shareholders and do not cover any general tax benefits. Further, these benefits are neither exhaustive nor conclusive and the preparation of the contents stated is the responsibility of the Company's management. We are informed that this statement is only intended to provide general information to the investors and hence is neither designed nor intended to be a substitute for professional tax advice. In view of the individual nature of the tax consequences, the changing tax laws, each investor is advised to consult his or her own tax consultant with respect to the specific tax implications arising out of their participation in the issue. We are neither suggesting nor are we advising the investor to invest money or not to invest money based on this statement.

Our views are based on the existing provisions of the Act and its interpretations, which are subject to change or modification by subsequent legislative, regulatory, administrative or judicial decisions. Any such change, which could also be retroactive, could have an effect on the validity of our views stated herein. We assume no obligation to update this statement on any events subsequent to its issue, which may have a material effect on the discussions herein.

We do not express any opinion or provide any assurance as to whether:

- the Company or its Shareholders will continue to obtain these benefits in future;
- the conditions prescribed for availing the benefits, where applicable have been/would be met;
- The revenue authorities/courts will concur with the views expressed herein.

We hereby give our consent to include enclosed statement regarding the tax benefits available to the Company and to its shareholders in the DRHP for the proposed public offer of equity shares which the Company intends to submit to the Securities and Exchange Board of India provided that the below statement of limitation is included in the offer document.

Limitations

Our views expressed in the statement enclosed are based on the facts and assumptions indicated above. No assurance is given that the revenue authorities/courts will concur with the views expressed herein. Our views are based on the information, explanations and representations obtained from the Company and on the basis of our understanding of the business activities and operations of the Company and the interpretation of the existing tax laws in force in India and its interpretation, which are subject to change from time to time. We do not assume responsibility to update the views consequent to such changes. Reliance on the statement is on the express understanding that we do not assume responsibility towards the investors who may or may not invest in the proposed issue relying on the statement.

The enclosed Annexure is intended solely for your information and for inclusion in the Draft Red Herring Prospectus / Red Herring Prospectus/ Prospectus or any other issue related material in connection with the proposed issue of equity shares and is not to be used, referred to or distributed for any other purpose without our prior written consent.

GLOBAL OUTLOOK

More than three years after the global economy suffered the largest shock of the past 75 years, the wounds are still healing, amid widening growth divergences across regions. After a strong initial rebound from the depths of the COVID-19 pandemic, the pace of recovery has moderated. Several forces are holding back the recovery.

Some reflect the long-term consequences of the pandemic, Russia’s war in Ukraine, and increasing geoeconomic fragmentation. Others are more cyclical, including the effects of monetary policy tightening necessary to reduce inflation, withdrawal of fiscal support amid high debt, and extreme weather events.

Despite signs of economic resilience earlier this year and progress in reducing headline inflation, economic activity is still generally falling short of pre-pandemic (January 2020) projections, especially in emerging market and developing economies (Figure 1.1).

The strongest recovery among major economies has been in the United States, where GDP in 2023 is estimated to exceed its pre-pandemic path. The euro area has recovered, though less strongly—with output still 2.2 percent below pre-pandemic projections, reflecting greater exposure to the war in Ukraine and the associated adverse terms-of-trade shock, as well as a spike in imported energy prices.

In China, the pandemic-related slowdown in 2022 and the property sector crisis contribute to the larger output losses of about 4.2 percent, compared with pre-pandemic predictions.

Other emerging market and developing economies have seen even weaker recoveries, especially low-income countries, where

output losses average more than 6.5 percent. Higher interest rates and depreciated currencies have exacerbated the difficulties of low-income countries, placing more than half either at high risk of distress or already in distress.

Note: “Pre-pandemic projections” refers to those in the January 2020 *World Economic Outlook Update*. AEs = advanced economies; EA = euro area; EMDEs = emerging market and developing economies; LIDCs = low income developing countries.

Overall, global output for 2023 is estimated at 3.4 percent (or about \$3.6 trillion in 2023 prices) below pre-pandemic projections.

Resilient Start to 2023, Signs of Slowdown

Despite these persistent challenges, several headwinds to global growth subsided earlier this year. The World Health Organization announced in May that it no longer considered COVID-19 a global health emergency, and infections and hospitalizations appear to remain relatively limited, despite a recent uptick in some regions. Supply chains, which the pandemic disrupted, have largely normalized, with shipping costs and suppliers' delivery times back to pre-pandemic levels (Figure 1.2). And global financial conditions eased after Swiss and US authorities took strong action in March to contain turbulence in their banking sectors. Amid these conditions, global GDP expanded by 3.4 percent in the second quarter of 2023 compared with a year earlier—outperforming forecasts, including those in the April 2023 WEO. The resilience reflected strong consumption amid tight labor markets in the United States and robust activity in economies with large travel and tourism sectors, such as Italy, Mexico, and Spain. These developments offset a slowdown in more interest-rate-sensitive manufacturing sectors.

That said, there are signs the rebound is fading:

Diminishing pandemic-era savings: The stock of savings built during the pandemic, which has so far supported consumers, is declining in advanced economies, especially the United States, as illustrated in Figure 1.3.1 This implies fewer resources for households to draw on as they contend with a still-elevated cost of living and more restricted credit availability in the context of monetary tightening aimed at reducing inflation.

Slowing catch-up in services, including travel: International tourist arrivals are approaching pre-pandemic levels in most regions (Figure 1.4, panel 1). The recovery of travel during 2021–23 has come with especially strong economic growth in economies with a large share of tourism activities in GDP (Figure 1.4). These economies had suffered especially sharp contractions in GDP at the onset of the pandemic (Milesi-Ferretti 2021).

But with the recovery in tourism maturing, the boost to growth is waning. Leading indicators for services now indicate weaker growth or declining output (Figure 1.5) in economies that previously enjoyed a strong rebound.

Figure 1.4. Tourism Returning to Normal

Persistent manufacturing slowdown: Recent data releases point to a wide-ranging slowdown or contraction in the manufacturing sector, with related declines in industrial production, investment, and international trade in goods.

This weakness reflects the combined effects of the postpandemic shift in consumption back toward services, weaker demand stemming from a higher cost of living, the unwinding of crisis policy support, tighter credit conditions, and general uncertainty amid intensified geoeconomic fragmentation (Figure 1.5).

Part of the slowdown is policy induced—the result of the globally synchronous central bank tightening of monetary conditions to restore price stability. Signs that tightening efforts are paying off are increasingly apparent, with global inflation steadily declining from its multidecade peak in 2022 amid tighter credit availability and cooling housing markets. Part of the slowdown also reflects more idiosyncratic developments, such as the property sector crisis in China.

INDIAN ECONOMY OVERVIEW

The Indian economy has been remarkably resilient amid a global slowdown, buoyed by solid domestic demand. Major globally renowned rating agencies have also shown confidence in India's economic strength. While one agency has retained India's economic growth at 6.7 per cent for FY24, another has raised India's medium-term potential growth estimate by 70 basis points to 6.2 per cent.

The supply-side economy in FY24 so far vindicates the confidence. In the agriculture sector, rapid progress in the procurement of wheat and rice has ensured a continuous increase in food buffers. Rural demand has sustained sequential momentum in Q2 of FY24 as incomes from foodgrain production have been stable and inflationary pressures moderate. At the same time, increasing production and expansion in sales have been driving growth in the manufacturing sector. Services activity has also been expanding, driven by favourable demand conditions and a strong influx of new businesses. Despite rising input costs, overall sentiment in the services sector remains upbeat, driven, among others, by an upswing in the tourism and hotel industry as leisure and business travel pick up momentum.

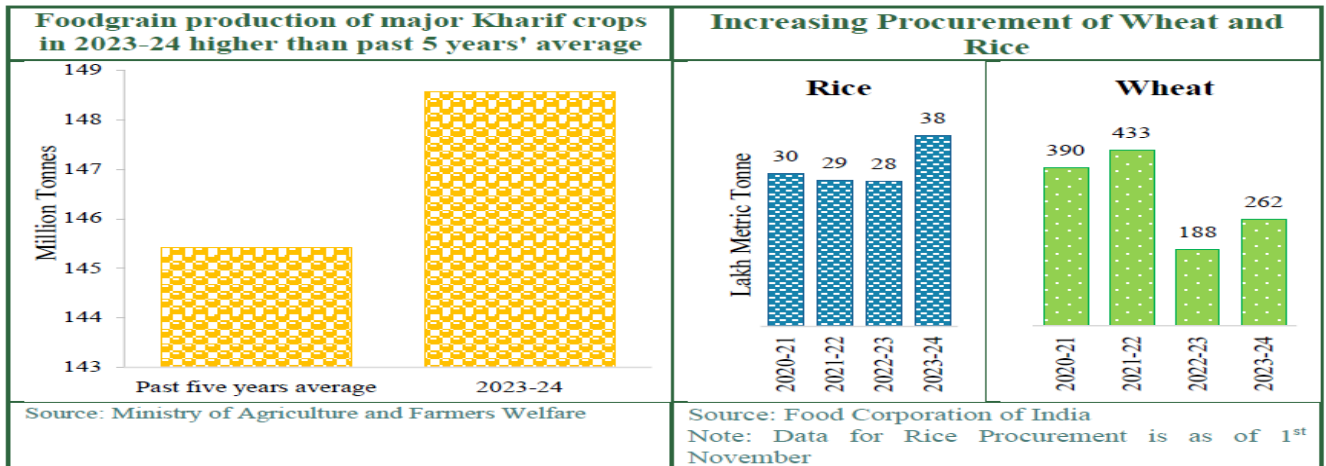

On the demand side, private final consumption expenditure (PFCE) has emerged as the strongest driver of India's growth so far in FY24. The festive season has further strengthened consumption demand. While accumulated savings and declining rates of unemployment constitute the underlying strength of consumption demand, the wealth effect emanating from rising real estate prices and growing capitalisation of equity markets may have also strengthened consumption. Strong consumption has also been expressing itself digitally with the UPI transactions reaching an all-time high and crossing 11 billion milestone in October 2023. The digital imprint of consumption, also seen in the substantial volume growth in electronic toll collection, signals a behavioural shift towards a cashless economy.

Merchandise exports during October 2023 have surprised on the upside, with its growth highest in 11 months. Services exports continued to turn out strongly in October 2023 as well. Foreign Portfolio Investors (FPIs), which were net sellers in October 2023, have turned into net buyers in the first half of November 2023. Stability in the rupee and adequacy in forex reserves further support India's improving performance in the external sector.

The Central Government is on track to achieve the budgeted deficit target for the current fiscal year as well. Continued buoyancy in revenue collections supported by prudent expenditure management has enabled the fiscal deficit to be contained within 40 per cent of the Budget Estimate during the first half of the year. The government's emphasis on capital expenditure has continued during the year as well, imparting an impetus to private investment. The recent steep and rapid decline in global crude oil prices removes an important source of potential impact on public finances as well.

UPBEAT AGRICULTURAL OUTPUT

The supply-side components of GDP provide ample evidence of the strengthening of the economy across all sectors. Agriculture is one such sector wherein the sowing of Kharif crops in 2023-24 has been higher than the last year, as well as the average of the past five years. Consequently, the first advance estimates for 2023-24 show the robust expected output of major Kharif crops. Rabi sowing has also shown healthy progress in the current year, building on expectations of robust Rabi output as well. High reservoir levels, adequate availability of fertiliser and seeds, and growing tractor sales support improvements in sowing acreage and output outturns. At the same time, rapid progress in the procurement of wheat and rice has ensured a continuous increase in food buffers. Rising buffer stock would aid in curbing inflationary pressures caused by uneven rainfall distribution in the country, besides strengthening food security.

RURAL DEMAND STRENGTHENING

Rural demand has sustained sequential momentum in Q2 of FY24 as incomes from foodgrain production have been stable and inflation moderate. Several indicators, such as sales of fast-moving consumer goods (FMCG) and two & three-wheelers, point towards improvement in rural demand. Going forward, rising rural wages, increasing minimum support prices, and prospects of healthy rabi sowing will add further strength to the rural demand.

As per the data released by Nielsen IQ, rural markets reported a 6.4 per cent jump in volume sales of Fast-Moving Consumer Goods (FMCG) in Q2 of FY24. The FMCG industry also witnessed growing traction in rural wage growth and a reduction in price growth from the last quarter, which gave an impetus to the spending power of the consumer. Two and three-wheeler sales registered double-digit growth in October 2023. The cooling of inflation, decline in unemployment and LPG prices, amongst other factors, have contributed to an increase in the willingness of the consumer to spend. Moderating inflation and the festivities in Oct-Nov 2023 are expected to further improve rural consumption in the Oct-Dec 2023 quarter.

INDUSTRIAL ACTIVITY ON AN EXPANSIONARY PATH

PMI Manufacturing in India has been in an expansionary zone for the past 28 months, heralding a strong, solid, and sustained recovery from the pandemic. Increasing production, expansion in sales and positive market dynamics have been driving the expansion in the overall manufacturing activity, as evident in the October print. Robust September prints of the Index of Industrial Production (IIP) and Index of Eight Core Industries (ICI) offer fresh evidence of sustained growth in manufacturing activity. The trajectory of manufacturing activity is firm enough to withstand temporary headwinds of rising input costs and realignment of production lines with fast-paced changes in consumer preferences.

HOUSING DEMAND STRENGTHENING

The increase in steel consumption and cement production is substantially induced by continuously strengthening housing demand as both housing sales and new launches increase in Q2 of FY24 over the levels in Q2 of FY23. Households have been critical in keeping up demand through rising housing investment and consumption.

As per the data released by Anarock, despite high interest rates and rising real estate prices, housing sales and launches in India's top 7 cities jumped by 36 per cent and 24 per cent respectively on a YoY basis during the Jul-Sep 2023 quarter. Rising housing sales and launches have been accompanied by a fall in inventory overhang. Existing housing inventory saw a 3 per cent decline across the top 7 cities, from around 6.3 lakh units at the end of September 2022 to about 6.1 lakh units at the end of September 2023.

GLOBAL WASTE MARKET

Waste generation has increased massively around the world in recent decades, and there are no signs of it slowing down. More than two billion metric tons of municipal solid waste (MSW) are generated worldwide every year, and this figure is expected to increase by roughly 70 percent by 2050. With such immense volumes of waste arising, the need for authorities to provide adequate waste treatment and disposal services has become ever more important.

Largest waste producers worldwide

With a population of more than 1.4 billion people – the largest in the world – China is responsible for the largest share of global municipal solid waste, at around 15.5 percent, according to the latest data. The Asian country is estimated to generate over 200 million metric tons of MSW per year. On the other side of the globe, the United States produced roughly 12 percent of global MSW in 2018, while accounting for less than five percent of the global population. The U.S. is amongst the largest generators of MSW per capita, with the average American producing more than 800 kilograms of waste per year. However, among OECD countries, Denmark ranks as the top waste producer per capita, with 845 kilograms generated in 2022. This is almost twice the average per capita MSW generation in the EU. The high waste generation of the Nordic country is associated with a mostly urban population combined with a high purchasing power.

Global waste streams

Waste consists of a variety of materials, from food and packaging to electronics and construction materials. While plastic waste has garnered huge attention in recent years due to its impacts on marine life, electronic waste (E-waste) is the fastest growing waste stream worldwide. Global E-waste generation stood at around 50 million metric tons in 2019 and was forecast to grow by around 40 percent in just one decade, to reach some 75 million tons by 2030. Much like other waste forms, e-waste generation per capita is higher in wealthier nations, with countries like Norway, the UK, and Switzerland generating more than 20 kilograms per person per year. While E-waste is a fast-growing stream, food is still the most common form of waste, accounting for almost 50 percent of global MSW generation.

Fighting the global waste problem

Managing the ever-growing amount of waste generated around the world remains a challenge, with huge quantities still sent to landfills. In 2022, over 10 thousand tons of waste were sent daily to the world's largest landfill sites. Waste is also often disposed of at hazardous open dump sites, especially in developing nations. With recycling rates varying significantly by country, there is still a lot of room for improvement and development.

Global Metal Recycling Industry

Global Market Size, Forecast, and Trend Highlights Over 2023-2036

Metal Recycling Market size is expected to cross USD 143 Billion by the end of 2036, growing at a CAGR of 6% during the forecast period, i.e., 2024-2036. In the year 2023, the industry size of metal recycling was over USD 70 Billion. The market is expected to increase due to the increasing need for metals in various applications and the increasing scarcity of rare earth metals. According to calculations, in the next five years, over 70% of respondents in the automotive sector will see a shortage of metal. Conversely, the chemical and infrastructure sectors will see shortages of roughly 77% and 81%, respectively.

In addition to this, reprocessing of metal waste has been more popular over the past 20 years due to decreased greenhouse gas emissions and efficient energy management, both of which are significant factors anticipated to propel market expansion in the near future. For instance, the net greenhouse gas emissions from human activities

increased by 43% between 1990 and 2020. Emissions of carbon dioxide, which account for about three-fourths of all emissions, increased by 51% during that period.

Growth Drivers

- **Increase in Urbanization and Industrialization to Boost Market Growth-** The market is anticipated to expand as a result of the increase in construction activities occurring in several areas, including Asia-Pacific and Europe. The market for metal recycling is growing in demand due to the rapid economic growth brought about by increased industrialization and urbanisation. Consequently, increased government and consumer spending on housing and infrastructure as a result of growing urbanisation boosts market growth. Furthermore, recycling metals boosts employment in the sector and the national economy. For example, an industry in the US that brings in USD 236 billion a year employs more than a million people.
- **Favourable Government Initiatives-** Global government programmes that promote and encourage metal recycling have a big effect on the market as a whole. For instance, by establishing challenging goals and encouraging sustainable production and consumption methods, the circular economy package of the European Union seeks to enhance the recycling and reuse of commodities, including metal. All things considered, government initiatives for recycling metal are vital for encouraging environmentally friendly production and consumption methods, cutting waste and its negative effects on the environment, and propelling the world market for recycled metal.

Aggregating Demand from Many End- Use Sectors to Increase the Market for Metal- The global metal recycling market is expanding as a result of end-use industries including manufacturing, construction, and automotive using metal more and more. Because metal is just as good as virgin metal in terms of quality, cost, and environmental impact. The end- use industries are switching from employing virgin metal to recycled metal because of the previously cited reasons. One of the biggest steel companies in the world uses metal in its manufacturing process and has promised to employ 50% more recycled material by 2030.

Challenges

- **Issue of Safety-** The problem of safety is one of the main obstacles in commercial metal recycling. Managing substantial quantities of metal may be exceedingly hazardous, therefore it's critical for businesses to implement appropriate safety measures to safeguard both their employees and the environment. Strict safety protocols, such as frequent training and safety audits, are also in place to ensure that staff members are adequately prepared to manage the hazards inherent in this line of work.
- It is projected that an unorganised flow of waste metals and a dearth of collection zones will impede market expansion.
- The main obstacle to market expansion is a rise in import duties on steel.

Metal Recycling Segmentation

Product (Aluminium, Copper, Iron, Steel)

The aluminium segment in the metal recycling market is expected to hold the largest share of about 39% during the forecast period. Recycling aluminium is becoming more popular than recycling other metals since it is less harmful to the environment because it uses less energy and emits fewer greenhouse gases. Reusing aluminium helps lower greenhouse gas emissions since it uses 95% less energy than making new aluminium from raw materials. Additional recycling of aluminium is economical since it uses less energy, which lowers production costs. Furthermore, because aluminium is used in so many different industries, including packaging, transportation, and building, demand for metal is rising. Aluminium recycling makes it possible to satisfy this need without using up natural resources. As a result, there has been a notable increase in aluminium recycling in recent years due to a growing understanding of the advantages of recycling aluminium as well as economic and environmental factors.

Industry (Automotive, Construction, Electricals, Manufacturing, Consumer Goods)

Metal recycling market from the automotive segment is predicted to hold largest share of about 35% share during the forecast period. The market for recycling metal is significantly impacted by the expanding automobile sector. Many raw materials are needed in the manufacturing of modern cars, including metals like copper, aluminium, and steel. Recycling used metal scraps contributes to resource conservation by lowering the need for virgin raw materials. Because recycling waste metal uses less energy than creating new metals from raw materials, it is a cost-effective method. Because of this, the market for metal recycling is driven by the growing usage of recycled metal in the manufacture of automobiles.

Metal Recycling Industry - Regional Synopsis

APAC Market Forecast

Metal recycling market in the Asia Pacific region is attributed to hold the largest share of about 32% by the end of 2036. Being one of the world's top manufacturers of steel and aluminum, the area is responsible for the market's expansion. In April 2020, China produced over 85 million metric tons of steel, and in the same month in 2021, that amount rose to about 98 million metric tons. In addition, rising government emphasis on effective waste management and the expanding demand for products are expected to support future market expansion in the region. The National Policy, which the Indian government drafted in 2019, along with the country's increasing steel demand are anticipated to boost ferrous processing domestically, hence boosting the expansion of the APAC market under focus throughout the forecast period.

European Market Statistics

Europe metal recycling market is expected to hold 25% of the revenue share during the forecast period. The growth of the market is due to strict government rules regarding energy use in the region and the growing use of recycled for the production of secondary metals. To cut waste and greenhouse gas emissions, for example, the German government keeps funding recycling and circular economy initiatives. The government started a USD 5 billion investment programme in 2021 to aid in the advancement of new recycling technologies and their transfer. Throughout the projected period, the government's and service provider's actions are probably going to encourage the German market expansion.

Global Industrial waste water treatment industry

The global water and wastewater treatment market size was valued at USD 301.77 billion in 2022 and is projected to grow from USD 323.32 billion in 2023 to USD 536.41 billion by 2030, exhibiting a CAGR of 7.5% during the forecast period.

Water and wastewater treatment is necessary to meet the growing demand for clean water resources, not only for municipal and agricultural purposes but also for critical industrial processes. Currently, over 40% of the global population resides in regions marked under critical water stress. With only about 1% of the water available on earth being freshwater, countries facing sharp water poverty have been compelled to carry out treatment to convert seawater into freshwater via the desalination process. For instance, in March 2022, Saudi Arabia revealed more than sixty water treatment projects at the third MENA Desalination Projects Forum. These projects are expected to triple the country's desalination capacity by the end of 2027.

Increasing competition has prompted key market players to improve their water and wastewater treatment service networks. Global companies are signing acquisition deals with local players to gain a strong competitive edge. For instance, in January 2022, SUEZ announced the acquisition of Sentinel Monitoring Systems, an Arizona-based real-time microbial monitoring company. The acquisition was done to broaden the scope of analytical instruments and tap into the existing as well as new market opportunities for microbial monitoring.

Covid-19 Impact

Downscaling of Industrial Activities amid Pandemic Adversely Impacted Market Growth

With few exceptions, the COVID-19 outbreak slowed down investments in the water industry. However, it also increased the significance of operational reliability to overcome the cost of disruptions. A decline in demand for water and wastewater treatment utilities from large industrial and commercial users caused by lockdowns and travel restrictions had considerably impacted the revenue margins of the companies operating in the market.

According to a 'Global Water Leaders' group survey, the industrial water demand was estimated to decline by about 27% during the FY 2019-2020. Moreover, several countries announced emergency measures to prevent the spread of the virus, which affected the revenue of municipal water treatment authorities. For instance, a water utility in Brazil agreed with the government's call to defer the water bills and announced three months of tariff exemptions for low-income households. It also announced donations of water tanks in one of the largest settlements in its service area.

Latest Trends

Increasing Focus over Combination of Conventional and Novel Wastewater Treatments to Transform Market Outlook

The market players are seeking to build equipment with a unique blend of novel and traditional water and wastewater treatment techniques. For instance, in January 2022, the 'YogJal Prithvi' purifier was introduced by tech giant Tesla into the Indian market. This equipment was developed with the RO + UV + UF + Copper Filter + Alkaline technology, which combines traditional copper mineralization techniques with modern technology. Many researchers and companies have joined hands to develop innovative treatment techniques using advanced technologies, such as [Artificial Intelligence](#) and nanotechnology, which are expected to open newer avenues for the water and wastewater treatment market growth.

Driving Factors

Stringent Regulations on Effluent Treatment to Drive Market Growth

With technological advancement in production processes, the quantity of wastewater generated has multiplied sharply in the recent past. Effluents from companies processing chemicals, pesticides, rare metals, and other harmful chemicals and materials are hazardous to the environment. Improper treatment of these effluents may have catastrophic effects on freshwater sources. Thus, agencies, such as the U.S. EPA and FAO have set standard limits on the traces of such chemicals in the effluents before their disposal into the environment. For instance, the EPA published the Oil & Gas Extraction Effluent Guideline & Standards, last amended in 2016, which focused on wastewater retrieved from fields, oil drilling, production, and well treatment activities across the coastal, land, and offshore areas.

The regulations include punishments for perpetrators with prison time and hefty fines. The introduction of such strict regulations has made industries build water and wastewater treatment plants and carry out their timely maintenance. Thus, these factors are expected to drive the market in the forthcoming years.

Restraining Factors

High Investment Needed for Wastewater Treatment Technologies May Limit Adoption

Even with stringent regulations being placed on wastewater treatment for industries, many of them are deterred from having advanced treatment technologies set up at their premises due to heavy investments in building such plants. The complexity of operations makes it more labor-intensive, which further increases the operational cost. However, with increasing competition and reduced margins, the companies aren't seeking such substantial investments, thus plummeting the market growth.

SEGMENTATION

By Segment Analysis

Services to Gain Momentum Due to Growing Focus on Building New Treatment Plants

Based on segment, the market is classified into chemicals, equipment, and services. The services segment is expected to grow at the highest pace as the companies are focusing on constructing novel treatment plants while maintaining the existing facilities for water and wastewater treatment. The segment's growth will be further complemented by the requirement for upgrading the existing sewage treatment facilities in developed countries.

The chemicals segment is further divided into disinfectants, coagulants & flocculants, pH conditioners, antifoam chemicals, scale & corrosion inhibitors, and others. The coagulants & flocculants segment is dominating the market as they are vital chemicals that cause sedimentation in sludge treatment techniques.

The equipment segment is divided into filtration, biological, demineralization, disinfection, sludge treatment, and others. While the filtration equipment segment holds the largest share in the market, disinfection is expected to be the fastest-growing equipment sub-segment. This is owing to substantial investments planned by governments to reduce the spread of diseases through drinking water.

By Application Analysis

High Demand for Agricultural Water to Aid Usage of Wastewater Treatment in Municipal Establishments

By application, the market is bifurcated into municipal and industrial. Agriculture accounts for around 30% of the

world's water demand, contributing to the dominance of the municipal segment. Moreover, using municipal water for amusement activities such as swimming pools and adventure parks is anticipated to increase the demand for advanced water and wastewater treatment solutions. Significant growth is expected for the industrial segment in the upcoming years. This is attributed to the tightening of regulations in developing countries. Technological advances such as bioremediation and ozone treatment, developed by Culligan Industrial Water and Suez Worldwide, will be critical for the segment's growth during the forecast period.

Regional Insights

North America has the largest water and wastewater treatment market share and is expected to dominate this industry in the future as well. This is attributable to the heavy demand for treated water from the beverages and pharmaceutical industries in the U.S. Moreover, the demand for higher power generation to support the growth of industries in the region has boosted the demand for demineralized water, which has further accelerated the market growth.

The market in Asia Pacific is projected to surpass North America soon. This is due to large-scale investments by China, India, and Southeast Asia to improve the water quality and sanitation services in the region. The industries in the region are focusing on developing activated sludge process-based effluent treatments to ensure compliance with regulations set by environmental bodies, thus further boosting regional market growth.

The Europe market will be revitalized by the renovations being carried out in the existing water treatment facilities and support structures in the region to encourage the adoption of innovative wastewater treatment solutions. The Middle East & Africa market growth will be characterized by the construction of appropriate infrastructure for water desalination projects, leading to the high adoption of advanced water treatment solutions. The market in South America will be governed by low-cost, large-scale water and wastewater treatment techniques for treating effluents of paper and sugar industries.

Key Industry Players

Leading Companies to Focus on Sustainable Organic Growth to Fortify their Market Prospects

The competitive landscape of the global market is a highly fragmented one, which is slowly consolidating, with key companies, such as Veolia and Suez Environment building a diverse portfolio to capture a major share in this market and build operational efficiency. On the other hand, the focus of the domestic players is to build strategic partnerships with industries to provide them with water and wastewater treatment services and maintenance solutions.

The crucial objective of key players operating in this market is to build an all-inclusive water treatment process using AI, advanced diagnostics, and nanotechnology to treat all the impurities present in a water resource.

Global Geotechnical Services Market Size

The Global Geotechnical Services Market is projected to grow at a CAGR value of 6.5% from 2022 to 2027. Geotechnical services are becoming popular during the forecast period as they are significantly being used to determine the heat resilience of backfill resources necessary for transmission lines and pipelines, as well as sewage disposal and subterranean warehousing facilities.

Geotechnical services aid in the identification of issues and the avoidance of costly delays in construction, redevelopment, and engineering projects. Additionally, their significant use in extractive sectors like open cast and underground mining, as well as petroleum extraction, along with their deployment for assessing natural risks like earthquakes and landslides are contributing to market growth.

Continuous growth in urbanization, a breakthrough in green building materials, rising investments in infrastructural developments, particularly in developing countries, and the relevance of geotechnical services in planning and lowering the risk associated with project development and long-term investment is fueling market expansion. Furthermore, a widespread desire to avoid structural breakdowns, rising environmental consciousness, and the adoption of government-backed environmental policies and initiatives for long-term structures are also significantly contributing to market expansion.

Rising infrastructure improvements, increased usage of geotechnical instruments to minimize mechanical problems, burdensome regulations for sustainable structures, and expanding awareness of the importance of measurement and monitoring equipment are all contributing to global market growth.

Market expansion is also being fueled by factors such as historic restoration and preservation, seismic risk analysis and risk mitigation, site rehabilitation and ecological enrichment, as well as research & innovation in cold environments such as the ocean depths and space.

Wind power utilization has increased in most nations throughout the world in recent years which is also a major factor contributing to market growth. The rate of increase varies greatly among countries including Denmark, Portugal, Ireland, Spain, Cyprus, Germany, China, the United States, and Canada, ranging from 5.5 percent to 40%. By the middle of 2019, over 5500 offshore wind turbines had been linked to the grid in 17 nations.

COVID-19 Impact on Global Geotechnical Services Market

Owing to the imposition of lockdowns in several places, an imbalance in demand and supply was seen, resulting in enterprises not operating at full capacity. Lockdowns were implemented in various places, causing supply chain disruptions. Throughout the first two quarters of 2020, key producers of geotechnical instruments and software suppliers were badly impacted.

However, the market has been steadily recovering since the third quarter of 2020, when many regions' lockdowns were removed. Many infrastructure improvements have been restarted during the third quarter, and the growing number of new infrastructure projects will generate new growth prospects for market players in the foreseeing years.

Global Geotechnical Services Market: By Type

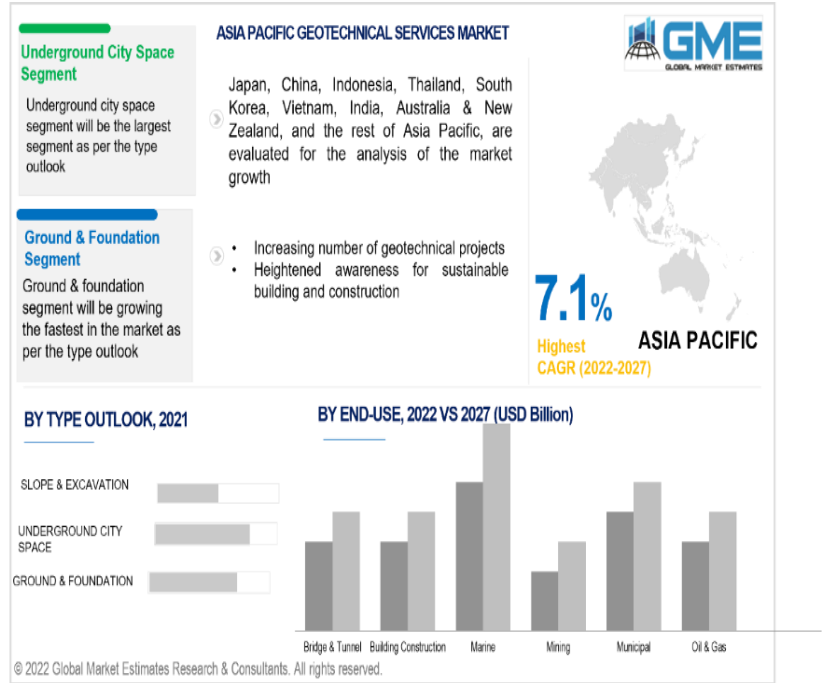

Underground city space is expected to be the most prominent geotechnical services market segment from 2022 to 2027. The utilization of underground space has additional environmental benefits in terms of visual effects, air quality by eliminating automobiles from streets, reduced traffic, and a diminution in noise and vibration. The use of underground space also aids in the provision of safe, ecologically friendly, quick, and unobtrusive urban mass transit networks. Many cities are planning or are currently constructing urban road tunnels to substitute elevated highways.

On the other hand, the ground & foundation is expected to be the fastest-growing segment in the market. Ground and foundation advantages include transferring weight superstructure to ground, equally distributing load to ground

basement, maintaining interior structure free of dust, rainwater, and flood, and playing a 30% part in producing earthquake-resistant buildings (ground beam).

Global Geotechnical Services Market: By End-User

Municipal is expected to be the most prominent geotechnical services market segment from 2022 to 2027. Geotechnical engineering is significant because it aids in the prevention of problems before they occur. Buildings could sustain considerable damage as a result of an earthquake, slope stability shifting, continuous settlement, and other factors without the extensive computations and assessment given by a Geotech. Building construction is expected to be the fastest-growing segment in the market. Geotechnical investigations are carried out by geotechnical engineers and engineering geologists to learn about the physical qualities of the soil and rock beneath a location. Geotechnical services in construction aid in the design, construction, operation, and maintenance of public and private sector construction projects, such as roads and buildings.

Global Geotechnical Services Market: By Region

North America (the United States, Canada, and Mexico) will dominate the geotechnical services market from 2022 to 2027. Regional market expansion is fueled by an increase in demand for sustainable constructions as a result of increased environmental consciousness. Also, the availability of abundant natural gas reserves and other oil and gas activities in this region are contributing to additional growth.

The United States is expected to have the lion's share in the North American geotechnical services market. This is mostly due to the region's strong penetration of geotechnical services and the start of a huge number of infrastructure and substructure projects.

Moreover, the Asia-Pacific region is expected to be the fastest-growing geotechnical services market segment during the forecast period. Growing awareness and understanding of geotechnical equipment and monitoring, as well as regulatory laws for geotechnical monitoring of structures, are some of the key causes driving this market's rise in this region.

China is expected to hold the largest share of the Asia Pacific geotechnical services market. China's dense population has made rapid urbanization possible resulting in growing infrastructural investments and a major increase in the creation of geotechnical structures such as dams, bridges, and tunnels. An increasing number of geotechnical projects, as well as a heightened awareness of sustainable building and construction, are all contributing to regional growth.

Indian Waste Industry

India is grappling with a waste management crisis, with landfills overflowing and the problem worsening each day. Cities all over the country produce tons of waste that often goes to landfills, further polluting the environment. According to a [CNN](#) news report, India is home to over 3,100 landfills scattered throughout the country. Landfills across the country have led to health and environmental hazards. Below is a list of landfills from major Indian cities fighting with waste management crises.

DELHI'S GHAZIPUR - LEGACY WASTE

Delhi is home to three major landfill sites: Ghazipur, Okhla, and Bhalswa, with Ghazipur being the largest and featuring towering mountains of garbage. According to the most recent estimate by the Municipal Corporation of Delhi (MCD), the city of Delhi produces a staggering 11,332 tonnes of solid waste on a daily basis.

(Image: Garbage Mountains at Ghazipur Landfill)

MUMBAI'S DEONAR - LEGACY WASTE

The Brihanmumbai Municipal Corporation (BMC) states that the city produces approximately 6,400 tonnes of waste daily. The Deonar landfill in Mumbai, the country's largest and oldest, receives tonnes of waste. Harmful gases from the accumulated garbage have caused respiratory issues and other health ailments among the population. This landfill has posed significant environmental and health problems for the city's residents. Addressing this, the Mumbai Climate Action Plan (MCAP) has set a fresh goal to close and rehabilitate the Deonar dumping ground – the city's biggest and oldest waste site – by 2025.

(Image: Garbage Heaps at Deonar Landfill)

PANIPAT - TEXTILE DUMPS

Panipat, often dubbed the "cast-off capital," is a major hub for textile recycling. However, its landfills brim with discarded textiles. This mounting waste not only poses environmental threats but also health risks to local residents. Addressing the landfill issue is crucial for sustainable development in India's textile city.

(Image: Textile Dump in Panipat)

BANGALORE'S MITAGANAHALLI - LEGACY WASTE

According to a news report by Deccan Herald, Bengaluru's Mitaganahalli landfill receives more than 3,000 tons of waste every day. The landfill is filled with both dry and wet waste. Heaps of mixed garbage can be seen, including unopened bags in green, yellow, and black. The waste is diverse and includes items such as vegetable peels, recyclable bottles, plastic items, paper, tender coconut shells, cardboard sheets, clothing, and many other materials.

Indian Metal Recycling Industry

Metal scrap recycling in India offers a plethora of environmental and economic benefits. As the second most populous country in the world and a rapidly developing economy, India faces significant challenges related to resource consumption, waste management, and environmental sustainability. Recycling metal scrap plays a crucial role in addressing these challenges.

1. Conservation of Natural Resources:

One of the most significant environmental benefits of metal scrap recycling is the conservation of natural resources. India is a resource-rich country, but the excessive extraction of metals and minerals for industrial and construction purposes places tremendous pressure on the environment. By recycling metal scrap, the demand for primary resources such as iron ore, aluminium, and copper is reduced, leading to less habitat destruction and ecosystem disruption. This helps in conserving the country's valuable natural resources for future generations.

2. Reduction in Energy Consumption:

The production of metals from raw materials consumes a substantial amount of energy. When metal scrap is recycled, it requires significantly less energy compared to the extraction and refining of primary metals. This reduction in energy consumption not only decreases greenhouse gas emissions but also contributes to India's efforts to lower its carbon footprint and combat climate change. It also makes recycling more energy-efficient and cost-effective, which leads to significant economic benefits.

3. Lower Greenhouse Gas Emissions:

Reducing the need for primary metal production not only conserves energy but also leads to a decrease in greenhouse gas emissions. The manufacturing of primary metals involves various energy-intensive processes, such as mining, transportation, and smelting, all of which release carbon dioxide and other pollutants into the atmosphere. By recycling metal scrap, India can make substantial strides in mitigating climate change and improving air quality, thereby enhancing the overall environmental well-being of the nation.

4. Minimisation of Landfill Waste:

India is grappling with a growing landfill crisis, with landfills overflowing with waste materials. Metal scrap recycling helps minimise landfill waste, diverting a significant portion of metal waste from disposal sites. This not only reduces the strain on landfill capacity but also prevents the leaching of harmful substances from metal waste into the environment, which can contaminate soil and water sources.

5. Job Creation:

The recycling industry in India has the potential to generate a substantial number of jobs. Collecting, sorting, processing, and trading scrap metal requires a skilled workforce. Furthermore, as the industry grows, it can stimulate the creation of new businesses and support the livelihoods of countless individuals. This, in turn, boosts the country's economy and reduces unemployment.

6. Economic Growth and Industrial Development:

The recycling of metal scrap fosters economic growth and industrial development in multiple ways. It provides a consistent and affordable source of raw materials for manufacturing industries. This, in turn, reduces the reliance on costly imports, making domestic industries more competitive in both national and international markets. Additionally, it promotes entrepreneurship by encouraging small and medium-sized enterprises to engage in recycling activities.

7. Export Opportunities:

Recycling metal scrap opens doors for export opportunities, as many countries need such materials. India can capitalise on these global demands and earn foreign exchange by exporting processed metal scrap. This not only enhances the country's trade balance but also contributes to the diversification of export items.

8. Reduction in Production Costs:

Manufacturers that use recycled metal scrap as their raw material can often achieve cost savings compared to using primary metals. This lowers production costs for various products, including consumer goods, construction materials, and automotive parts. Consequently, consumers may benefit from reduced prices, boosting their purchasing power and overall well-being.

9. Enhanced Resource Security:

India relies heavily on imported metals, which risks the country's resource security. By increasing domestic metal recycling and reducing the reliance on imports, India can enhance its resource security and reduce vulnerability to international market fluctuations and supply disruptions.

10. Technological Advancements:

As the recycling industry in India grows, it is likely to lead to technological advancements in recycling processes and waste management. Innovations in metal scrap recycling can have a positive ripple effect, not only improving the recycling efficiency but also benefiting other sectors of the economy.

11. Government Support and Policy Initiatives:

The Indian government has recognised the importance of metal scrap recycling and has taken several steps to support and encourage the industry. Initiatives such as the Metal Recycling Policy, the **Swachh Bharat Abhiyan (Clean India Campaign)**, and Make in India have created a favourable environment for the recycling sector to thrive.

12. Public Awareness and Participation:

An informed and engaged public can significantly contribute to the success of **metal scrap recycling** in India. Creating awareness about the environmental and economic benefits of recycling, as well as encouraging citizens to participate in recycling programs, can further strengthen the industry and its positive impact.

Indian Waste water Industry

Market Definition

Water & Wastewater treatment (WWT) includes processes that purify water & manage sewage. It utilizes technologies, products, and services to improve water quality for diverse purposes & ensure environmentally friendly wastewater disposal. The water treatment process makes raw water safe for drinking, industry, and irrigation. Wastewater treatment purifies sewage before releasing or reusing it, as untreated wastewater poses health & environmental risks due to pollutants. Proper treatment is vital for safeguarding the environment & public health.

Market Insights & Analysis: India Water and Wastewater Treatment Market (2023-28):

The **India Water and Wastewater Treatment Market** size was valued at **USD 1.51 billion in 2022** & is estimated to grow at a CAGR of around 11.22% during the forecast period, i.e., 2023-28. This is owing to the rising water & wastewater treatment initiatives by the union government, growing urban wastewater aligned with rapid urbanization, surging wetland restorations, and rising growth of the chemical industry.

The government of India has been implementing various initiatives, such as the Atal Mission for Rejuvenation and Urban Transformation, the National Mission for Clean Ganga, and Community Drinking Water Schemes, etc., in recent years. With this program, the government aims to ensure adequate, robust sewage networks & water supply, abatement of pollution & conservation of rivers, safe & adequate drinking water, etc. Consequently, the country has witnessed a surging demand for water & wastewater treatment solutions such as reverse-osmosis desalination, coagulation & flocculation, filtration, chlorination, and more in recent times.

Further, rapid urbanization and economic reforms in India have led to an upsurge in sewage water in cities like Delhi, Mumbai, Bangalore, and Chennai. The Central Pollution Control Board's 2022 report revealed urban centers generated approximately 72,368 million liters per day (MLD) of sewage in 2020-21. The installed sewage treatment capacity is around 31,841 MLD, yet the operational capacity is only about 26,869 MLD, significantly lower than the generated load. Merely 28% (20,236 MLD) of urban sewage undergoes treatment, leaving around 72% untreated and disposed into water bodies. To counter this, government initiatives via partnerships, investments, and promote wastewater treatment.

The necessity to manage urban sewage is projected to propel the Water and Wastewater Treatment Market in the forecast period, as governments & environmental organizations are expected to collaborate & invest in advanced treatment methods to address the challenges posed by escalating urban sewage generation

India Water and Wastewater Treatment Market Driver:

Government Inclination Towards Sludge & Greywater Management – During the historical years, the Indian government focused on the management of wastewater due to various reasons such as water stress & water pollution affecting the environment as well as human health. The appealing policies of the Indian government have catalyzed economic growth, leading to a substantial increase in foreign direct investment (FDI) to approximately USD 83.57 billion during the fiscal year 2021-22. This reflects a remarkable growth of about USD 23.35 billion when compared to 2016-17.

This growth has additionally led to the expansion of various industries, such as textiles, pharmaceuticals, and chemicals, among others, within the country & would require a massive addition to the water capacity & wastewater treatment facilities. Moreover, the increasing manufacturing activities in the country & government projects were back on track at full throttle, resulting in a sudden uptick in demand for water treatment systems.

Furthermore, the proposed expansion of oil & gas pipelines in western India, city gas distribution in Delhi NCR, and UP would contribute immensely to the demand for water treatment in recent years. Along with this, robust governmental initiatives, such as the Atal Mission for Rejuvenation and Urban Transformation, National Mission for Clean Ganga, Jal Jeevan Mission, and Community Drinking Water Schemes, contribute to the growth of the Indian Water and Wastewater Treatment Market in the forthcoming years.

India Water and Wastewater Treatment Market Challenge:

Lack of Standardized Law for Wastewater Management – Untreated sewage & industrial waste significantly contaminates India's water bodies. The 1974 Water Act initiated measures for conservation, pollution control, and wastewater guidelines. It led to central & state pollution boards overseeing pollution & innovative wastewater practices. The 1986 Environment Act set discharge standards for diverse pollutants. Although the Indian Constitution's Schedule 7 designates water as a state matter, the central government can legislate interstate water issues.

This dynamic creates a power imbalance between central & state governments, leading to conflicts. This fragmented approach hampers wastewater treatment implementation, further impeding the Water & Wastewater Treatment Market growth in the years ahead due to the absence of uniform laws in the country.

Indian Geotechnical Services Industry (Infrastructure)

India's high growth imperative in 2023 and beyond will significantly be driven by major strides in key sectors with infrastructure development being a critical force aiding the progress.

Infrastructure is a key enabler in helping India become a US \$26 trillion economy. Investments in building and upgrading physical infrastructure, especially in synergy with the ease of doing business initiatives, remain pivotal to increase efficiency and costs. Prime Minister Mr. Narendra Modi also recently reiterated that infrastructure is a crucial pillar to ensure good governance across sectors.

The government's focus on building infrastructure of the future has been evident given the slew of initiatives launched recently. The US\$ 1.3 trillion national master plan for infrastructure, Gati Shakti, has been a forerunner to bring about systemic and effective reforms in the sector, and has already shown a significant headway.

Infrastructure support to nation's manufacturers also remains one of the top agendas as it will significantly transform goods and exports movement making freight delivery effective and economical.

Infrastructure sector is a key driver for the Indian economy. The sector is highly responsible for propelling India's overall development and enjoys intense focus from Government for initiating policies that would ensure time-bound creation of world class infrastructure in the country. Infrastructure sector includes power, bridges, dams, roads, and urban infrastructure development. In other words, the infrastructure sector acts as a catalyst for India's economic growth as it drives the growth of the allied sectors like townships, housing, built-up infrastructure, and construction development projects. To meet India's aim of reaching a US\$ 5 trillion economy by 2025, infrastructure development is the need of the hour. The government has launched the National Infrastructure Pipeline (NIP) combined with other initiatives such as 'Make in India' and the production-linked incentives (PLI) scheme to augment the growth of infrastructure sector. Historically, more than 80% of the country's infrastructure spending has gone

toward funding for transportation, electricity, and water& irrigation. While these sectors still remain the key focus, the government has also started to focus on other sectors as India's environment and demographics are evolving. There is a compelling need for enhanced and improved delivery across the whole infrastructure spectrum, from housing provision to water and sanitation services to digital and transportation demands, which will assure economic growth, increase quality of life, and boost sectoral competitiveness.

MARKET SIZE

In Budget 2023-24, capital investment outlay for infrastructure is being increased by 33% to Rs.10 lakh crore (US\$ 122 billion), which would be 3.3 per cent of GDP. As per the Union Budget 2023-24, a capital outlay of Rs. 2.40 lakh crore (US\$ 29 billion) has been provided for the Railways, which is the highest ever outlay and about 9 times the outlay made in 2013-14.

India plans to spend US\$ 1.4 trillion on infrastructure through 'National Infrastructure Pipeline' in the next five years. In FY21, infrastructure activities accounted for 13% share of the total FDI inflows of US\$ 81.72 billion. India will need to construct 43,000 houses every day until 2022 to achieve the vision of Housing for All by 2022. As of August 22, 2022, 122.69 lakh houses have been sanctioned, 103.01 lakh houses have been grounded, and 62.21 lakh houses have been completed, under the Pradhan Mantri Awas Yojna scheme (PMAY-Urban).

Indian logistics market is estimated to touch US\$ 320 billion by 2025. The overall infrastructure capex is estimated to grow at a CAGR of 11.4% over 2021-26 driven by spending on water supply, transport, and urban infrastructure. Investment in infrastructure contributed around 5% of the GDP in the tenth five-year plan as against 9% in the eleventh five-year plan. Further, US\$ 1 trillion investment in infrastructure was proposed by the India's planning commission during the 12th five-year plan, with 40% of the funds coming from the private sector.

Government Initiatives and Investments

Some of the recent government initiatives and investments in the Infrastructure sector are as follows:

Under Budget 2023-24:

- Infrastructure Finance Secretariat is being established to enhance opportunities for private investment in infrastructure that will assist all stakeholders for more private investment in infrastructure, including railways, roads, urban infrastructure, and power.
- The Government has decided to continue the 50-year interest free loan to state governments for one more year to spur investment in infrastructure and to incentivize them for complementary policy actions, with a significantly enhanced outlay of Rs. 1.3 lakh crore (US\$ 16 billion).
- 100 critical transport infrastructure projects, for last and first mile connectivity for ports, coal, steel, fertilizer, and food grains sectors have been identified and will be taken up on priority with investment of Rs. 75,000 crore (US\$ 9 billion), including Rs. 15,000 crore (US\$ 1.8 billion) from private sources.
- 50 additional airports, heliports, water aerodromes and advance landing grounds will be revived for improving regional air connectivity.
- An Urban Infrastructure Development Fund (UIDF) will be established through use of priority sector lending shortfall, which will be managed by the National Housing Bank, and will be used by public agencies to create urban infrastructure in Tier 2 and Tier 3 cities.

Investments

The Government of India has designed various policies for the growth of MSMEs in the country.

- In January 2023, the Construction arm of Larsen & Toubro has secured orders for its power transmission & distribution and buildings & factories businesses to establish a 112.5MW Solar Power Plant in West Bengal and to construct a 600-bed super specialty hospital at Mumbai, respectively.
- In December 2022, Mr. Nitin Gadkari, Minister of Road Transport and Highways inaugurated and laid foundation stone of 8 National Highway projects of 226 km length worth Rs. 1800 crore (US\$ 217.4 million) at Igatpuri, Nashik, Maharashtra.
- In October 2022, National Highways Infra Trust (NHAI InvIT), the infrastructure investment trust sponsored by National Highway Authority of India (NHAI) to support Government of India's National Monetization Pipeline, has raised a sum of Rs. 1,430 crore (US\$ 172.6 million) from domestic and international investors through placement of its units, for part funding its acquisition of three additional road projects from NHAI.
- As many as 52 critical infrastructure gap projects identified by MoPSW for connecting maritime ports and IWTs (Inland Waterway Terminals) to be taken up under PM Gati Shakti National Master Plan. Currently, DPR of total 56 projects (including 11 IWT projects) under this category with total of 1,215 km length are under bidding stage for the feasibility assessment of these projects, which is being carried out by NHAI.
- FDI in construction development (townships, housing, built-up infrastructure, and construction development projects) and construction (infrastructure) activity sectors stood at US\$ 26.22 billion and US\$ 28.64 billion, respectively, between April 2000-June 2022.

Road Ahead

- India must enhance its infrastructure to reach its 2025 economic growth target of US\$ 5 trillion. India's population growth and economic development requires improved transport infrastructure, including through investments in roads, railways, and aviation, shipping and inland waterways.
- The government has also suggested an investment of \$750 billion to strengthen railway infrastructure and envisioned the Maritime India Vision 2030 which estimates massive investments in world-class infrastructure development at Indian ports.
- 220 destinations (airports/heliports/water aerodromes) under UDAN are targeted to be completed by 2026 with 1000 routes to provide air connectivity to unconnected destinations in India.
- 102 critical projects under the Gati Shakti masterplan worth \$7.67 billion are to be completed by 2024, making 2023 a critical year for effective execution and celerity of completion.
- India's Infrastructure forms an integral part of the country's economic ecosystem. There has been a significant shift in the industry that is leading to the development of world-class facilities across the country in the areas of roads, waterways, railways, airports, and ports, among others. The country-wide smart cities programmes have proven to be industry game-changers. Given its critical role in the growth of the nation, the infrastructure sector has experienced a tremendous boom because of India's necessity and desire for rapid development. The expansion has been aided by urbanisation and an increase in foreign investment in the sector.
- The infrastructure sector has become the biggest focus area for the Government of India. India plans to spend US\$ 1.4 trillion on infrastructure during 2019-23 to have a sustainable development of the country. The Government has suggested investment of Rs. 5,000,000 crore (US\$ 750 billion) for railways infrastructure from 2018-30. India's GDP is expected to grow by 8% over the next three fiscal years, one of the quickest rates among major, developing economies, according to S&P Global Ratings. India and Japan have joined hands for infrastructure development in India's Northeast states and are also setting up an India-Japan Coordination Forum for development of Northeast to undertake strategic infrastructure projects for the region.
- India being a developing nation is set to take full advantage of the opportunity for the expansion of the infrastructure sector, and it is reasonable to conclude that India's infrastructure has a bright future ahead of it.

OUR BUSINESS

Some of the information in this section, including information with respect to our plans and strategies, contain forward-looking statements that involve risks and uncertainties. Before deciding to invest in the Equity Shares, Shareholders should read this entire Draft Red Herring Prospectus. An investment in the Equity Shares involves a high degree of risk. For a discussion of certain risks in connection with investment in the Equity Shares, you should read “Risk Factors” on page 26 for a discussion of the risks and uncertainties related to those statements, as well as “Financial Statements” and “Management’s Discussion and Analysis of Financial Condition and Results of Operations” on pages 204, 265 respectively, for a discussion of certain factors that may affect our business, financial condition or results of operations. Our actual results may differ materially from those expressed in or implied by these forward-looking statements. Unless otherwise stated, the financial information used in this section is derived from our Restated Financial Statements.

Our Company was incorporated as a private limited company with the name of “Z-Tech (India) Private Limited” under the Companies Act, 1956 vide certificate of incorporation dated November 09, 1994 issued by Registrar of Companies, Delhi, bearing Registration No. 62582. Further, our Company was converted into a Public Limited Company in pursuance of a special resolution passed by the members of our Company at the Extra Ordinary General Meeting held on November 20, 2023 and the name of our Company changed from “Z-Tech (India) Private Limited” to “Z-Tech (India) Limited” & Registrar of Companies, Delhi has issued a new certificate of incorporation consequent upon conversion dated January 11, 2023, bearing CIN U74899DL1994PLC062582.

Our company originally designs civil engineering products and services with state-of-the-art specialty in Geo-Technical Specialised Solutions in the field of infrastructure and civil construction projects to India. It includes a range of techniques, methodologies, and technologies aimed at optimizing the performance and stability of structures built on or in the ground. In addition to this, we are actively engaged in the waste management sector, where our focus involves creating theme parks through the utilization of recycled scrap materials. Simultaneously, we are dedicated to implementing innovative waste water management solutions for industrial units, employing the cutting-edge GEIST technology. This dual commitment underscores our holistic approach to sustainable practices, transforming discarded materials into recreational spaces while efficiently managing industrial wastewater through state-of-the-art technology.

Our Company is engaged in providing innovative, safe and eco-friendly engineering solutions to our customers. These solutions include three major categories:

1. Sustainable Theme Park Development
2. Industrial Waste Water Management
3. Geo Technical Specialised Solutions

Sustainable Theme Park Development includes but not limited to creating beautification artwork and infrastructure, landscape designing, sourcing and execution of waste materials and transforming them into meaningful and attractive show pieces. It involves incorporating environmentally friendly practices and responsible resource management throughout the planning, design, and operational phases of the project. It goes beyond traditional development approaches by prioritizing ecological, social, and economic considerations.

Industrial Waste Water Management involves the systematic treatment and responsible handling of wastewater generated by industrial processes. The goal is to mitigate the environmental impact of potentially harmful substances, promote water conservation, and even extract valuable resources from the wastewater. Under this segment, we have acquired ***GEIST***, a water treatment technology, developing solutions for the recovery of

chemicals from industrial waste water streams. It offers Turnkey Solutions for achieving profitable zero liquid discharge (ZLD). This technology is also termed as WOOW (Wealth out of Waste) Technologies.

Geo Technical Specialised Solutions includes but not limited to reinforcement of soil walls and slopes, slope stabilization, retaining structures, ground improvement, riverside erosion control, coastal protection and similar activities. These services are offered including designing, supplying and construction undertaken by the company's in-house chartered engineers and backed up by a full indemnity supervision team.

Our highly competent team of engineers and trained technicians spearhead the process to timely deliver the solutions at your doorstep. We have a strong, diverse, and dedicated leadership and delivery team that is positioning the firm for growth and for the seamless transition of the next generation of leaders.

About the Promoter of the Company

Ms. Sanghamitra Borgohain is a promoter and managing director of the company. She is a first-generation entrepreneur with a rich experience of more than 13 years in the civil construction industry. She has demonstrated exceptional leadership and strategic vision throughout her career. Ms. Borgohain's expertise lies in overseeing complex construction projects and ensuring their successful completion within budget and on schedule. She has been associated with our company since 2019. She holds a degree of Bachelor of Arts in Political Science. She has been one of the guiding forces behind the growth and business strategy of our Company. Her wealth of experience, combined with her leadership acumen along with her commitment to excellence and ability to navigate the complexities of large-scale projects have been instrumental in the success of the businesses and people at the company.

OUR COMPANY MISSION AND VISION

Mission: Our mission is to be a catalyst for sustainable positive change in the manner that public administrations and the boards of corporations engage with the environment and the communities in discharge of their respective remits.

Vision: Our vision is to offer innovative, unique and customised solutions to underpin resilient and environmentally conscious development in the public space and sustainable growth in the private space.

These include but not limited to:

1. **Environmental Stewardship:** We envision infrastructure solutions that stand as guardians of the environment with minimum ecological footprints.
2. **Empowering Communities:** We aim to create infrastructure that fosters inclusivity, social equity, and community resilience through means of creativity.
3. **Creating Business Sustainability:** Our commitment is to earn the trust of our clients, partners and the communities we serve by providing economical & viable solutions.
4. **Continuous Learning and Evolution:** We are committed to cultivate a culture of curiosity and adaptability, staying ahead of industry trends, regulations, and technological advancements.

JOURNEY OF THE COMPANY

Business Segments:

The Company's businesses are underpinned by innovative, customised and eco-friendly engineering solutions to the clients, which currently include, Sustainable Theme Parks Development and Operations, Industrial Waste Water Management, and Geo Technical Solutions.

- 1. Sustainable Theme Park Development**
- 2. Industrial Waste Water Management**
- 3. Geo Technical Specialised Solutions**

SUSTAINABLE THEME PARK DEVELOPMENT

This business vertical encompasses conceptualising, planning, design, construction and operations management of theme parks with environmental sustainability, social good, and economic viability at its core. The cornerstone of our partnership with local administrations for development of city parks' is sustainability in development, maintenance and operations for the greater social good.

In order to address the significant challenges in waste material management, recycling, and processing, our proposed solution to the government involves the establishment of a sustainable theme park. We have developed and nurtured inhouse capabilities for transforming scrap materials sourced from local administrations into art, beautification resources and amenities that are integral to the theme park development. Our approach focuses on utilizing scrap materials sourced from local administration's dump yards, transforming them into useful beautification materials and park amenities. The remnants left in landfill sites lack any inherent value, and the associated land space remains underutilized. By repurposing waste materials, we aim to not only contribute to effective waste management but also create an innovative and eco-conscious space that aligns with sustainable principles.

The practice of repurposing waste materials is our contribution to enable the local administrations align the city planning and development agenda to the principles of sustainable development, effective waste management and creating innovative and eco-conscious public recreational spaces. Further, we also lay the emphasis for our maintenance and operations activities at the theme parks is on adopting eco-friendly practices and responsibly sourcing resources to keep the environmental impact minimal.

In 2017-18, we proposed the concept of establishing and enhancing sustainable theme parks by repurposing waste materials. In our journey to successfully create entertaining, immersive, and environment friendly experiences for visitors at the city theme parks, we have innovatively also utilised art created from repurposing of waste materials to beautify the cityscape in an endeavour to foster an appreciation of **public art** that is an important lever in shaping the cultural and aesthetic character of cities. Beyond its visual appeal, public art serves as a powerful expression of a city's ethos, heritage, values, and diversity. The presence of art in public spaces transforms ordinary spaces into vibrant and engaging landscapes, fostering a sense of pride and social connection amongst residents.

Comprehensive Overview:

1. Environmental Conservation:

Sustainable theme parks create urban green spaces that preserve natural habitats, offer refuge to local bio diversity and promote an ecological balance, while adding significantly and uniquely to the aesthetic appeal of the city parks.

2. Resource Management:

By addressing the waste issue and repurposing materials for park construction and amenities, our initiative aims to contribute to effective waste management while simultaneously providing a sustainable and innovative recreational space. This solution aligns with our commitment to fostering eco-conscious practices and resource responsibility in community development.

3. Social Responsibility:

By engaging local communities throughout the development, maintenance and operations' stages of the projects, creating job opportunities, promoting local arts and crafts, and offering recreational and social engagement green spaces nestled in the urban landscapes, this business vertical offers a unique and unparalleled socio-eco benefit to the society at large.

4. Educational and Entertainment Initiatives:

These city parks encompass a diverse and heterogeneous range of themes including the history, heritage and culture of India and global cities, sustainability and wildlife conservation. They offer a unique opportunity to educate the visitors about the heritage across different cultures and regions in the world.

5. Tourism:

The theme parks serve as major attraction spots for both domestic and international tourists, drawing visitors to experience their diverse array of entertainment, events, engaging activities, immersive attractions, and cultural experiences. These destinations provide a unique and captivating form of recreation, appealing to people of diverse age groups and interests.

6. Clean India | Green India

The Swachh Bharat Abhiyan has both rural and urban components, focusing on creating a cleaner and healthier environment for all citizens. With our effective waste management approach and practices, these sustainable theme parks contribute meaningfully, inherently and consistently to this campaign.

7. Economic Viability

The theme parks offer affordable access to green public spaces for social engagement, recreation, exercising, while minimising the emerging carbon footprint as cities grow and accelerate their economic development agenda. The theme parks will attract a share of the spending wallet that is meaningful and will have a lasting and attractive economic viability.

BUSINESS MODELS FOR THE SUSTAINABLE DEVELOPMENT PARK

Our company work in three different types of model:

1. **Hybrid Annuity Model (HAM):** Under this collaborative investment model, our company and the government pool resources to fund the development of the park. Once operational, the generated revenue from ticket sales is shared between our company and the government. This approach ensures a cooperative effort in both financing and benefiting from the park's development and ongoing success.
2. **EPC & ONM:** In this model, we refrain from making direct investments. Instead, our role is limited to offering engineering, procurement, and construction services, for which we receive revenue. Additionally, we extend our services to include the operation and management of the parks on behalf of the government earning recurring revenues during the contract period.
3. **Public Private Partnership (PPP):** In this model, we make investment for development of park and government contribute by way of land and scrap material to be used and enjoy a revenue sharing of approximately 90% from ticket revenue for some years, which will thereafter reduce over the period of time. In addition to this, we also receive additional income by organising events at these parks. This revenue structure is particularly advantageous for metropolitan cities as it draws large crowds to the parks, ensuring a rapid return on our investment and promising substantial profits in the ensuing years.

This space is left blank intentionally.

Projects under which we are involved:

Waste to Wonder Park, New Delhi

Bharat Darshan Park, New Delhi

Kathak Selfie Park, Lucknow

Shaheedi Park, New Delhi

Periyakulam Selfie Park, Coiminator

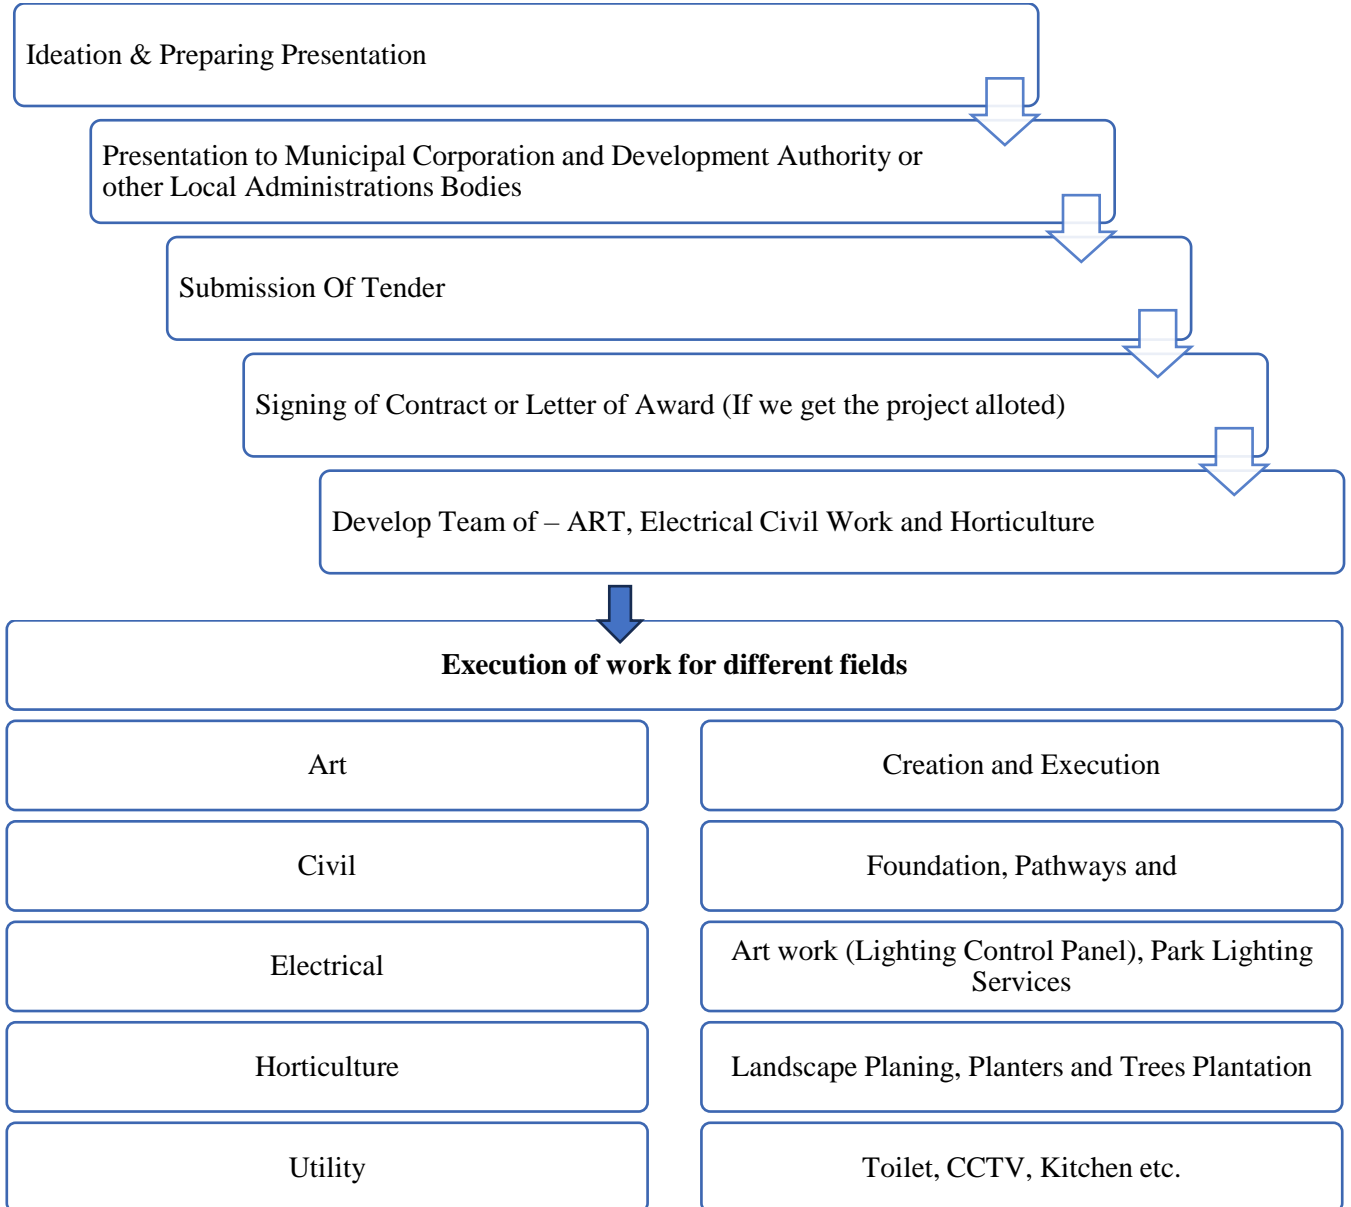

Pragati Park, Gurugram

G20 Mahipalpur Park, New Delhi

OUR BUSINESS PROCESS FOR THE SUSTAINABLE DEVELOPMENT PARK

Note: If operation and maintenance are included in the work order, then develop the team for the Execution of operation and maintenance such as Ticket Management team, Housekeeping Team and Promotional activities team.

INDUSTRIAL WASTE WATER MANAGEMENT

This business vertical offers a specialised treatment of waste water management across industries where water is an essential component of their production activities and specialised treatment of wastewater is essential due to the generation of chemical-laden wastewater during the manufacturing processes. Chemical manufacturing industries consume copious amounts of freshwater & generate equal amounts of wastewater. To comply with pollution control norms, industries are required to treat the wastewater first, removing chemicals before considering reuse or disposal. Normally waste water is treated in conventional ways. These conventional methods have various capital/operating costs associated with them & essentially convert one waste to another to meet the statutory norms. We have acquired Geist technology, which is a sustainable and profitable technology for the chemical manufacturing industry to address the treatment of these industrial wastewater. The advantage of such advanced wastewater treatment lies in obtaining high-quality water for reuse, along with the added value of recovered chemicals. This approach transforms the concept of 'waste out of wealth,' emphasizing the sustainable and responsible management of industrial by-products.

The value of the chemicals extracted relies on the purity and concentration levels present in the wastewater. To determine the value of these chemicals, prospective clients provide us with a sample of their wastewater for treatment and assessment. The water processed can be reused and the chemical extracted has a resale value. Thus, this process gives two by products:

Background

In India, the regulatory authorities responsible for enforcing the treatment of industrial effluents before discharge are primarily the State Pollution Control Boards (SPCBs) and the Central Pollution Control Board (CPCB). Industries are required to obtain a "Consent to Operate" from the respective SPCBs before commencing operations. The consent includes conditions related to the treatment of effluents, emissions, and other environmental parameters. Both SPCBs and the CPCB set effluent standards that industries must meet. These standards define the permissible limits of various pollutants in the effluents discharged by industries. Regulatory authorities conduct regular monitoring through site inspections and sample collection.

Industries are required to install effluent treatment plants (ETPs) to treat their wastewater before discharging it into water bodies. Non-compliance with the set standards can lead to penalties, closure orders, or legal actions.

In order to address these issues, we have introduced the GEIST WOOW Technologies which not only treats the chemical-laden water into reusable water but also extract the chemicals that can be further utilized.

About GEIST

In 2020, our company acquired the GEIST technology from Earl Exim Private Limited vide an Assignment Agreement dated November 01, 2020.

The GEIST technology comprises of a bouquet of technologies which includes freeze crystallization, calcium magnesium recovery, stable bleaching powder technology, selective extraction and monochloro acetic acid, and caters various industries that excrete the chemical laden water.

1. **Freeze Crystallization:** It is a process where Anhydrous Sodium Sulphate (AnSS) is extracted from chemical laden water in caustic chlorine industry. Sodium Sulphate is introduced in the caustic chlorine manufacturing process through Sodium Chloride. Barium Chloride is used to remove Sodium Sulphate. Barium Sulphate is generated through this process during precipitation.

GEIST technology selectively recovers Sodium Sulphate from depleted and de-chlorinated brine. It is a standalone system which purifies the brine solution and produces valuable Anhydrous Sodium Sulphate in its purest form. This process works in a continuous mode without addition of any new chemicals. The purified return brine is sent to saturator.

2. **Calcium Magnesium Recovery:** Sodium Chloride is the main raw material for caustic chlorine production, contains impurities such as calcium and magnesium.

GEIST technology separates calcium and magnesium as value added products such as precipitated/ activated calcium carbonate and magnesium hydroxide. These products are selectively recovered from brine as pure products meeting the desired Indian standards. This technology works continuously leaving a small footprint.

3. **Stable Bleaching Powder Technology:** Chlorine is generated during the course of manufacturing of caustic soda. Conventional stable bleaching powder technology is labour intensive and work in batch mode.

GEIST technology has developed an innovative process for production of High Strength Stable bleaching powder (H- SBP). This process helps in extracting more than 40% available chlorine. The process also recovers the by-product, i.e. Calcium Chloride in pure form thus generating additional revenue. This technique works continuously and is less manpower intensive.

4. **Monochloro Acetic Acid:** Caustic Chlorine manufacturers are looking for production of value added products from chlorine. Mono-Chloro Acetic Acid (MCA) is an important chlorine based derivative. GEIST technology has developed an innovative process for production of high purity Monochloro Acetic Acid. The new process is able to give product having more than 99% purity with very low Dichloro Acetic acid. This process works continuously, thus providing consistent performance with better process safety.

5. **Selective Extraction:** Selective Extraction technology is used for separation/recovery of organic compounds which are dissolved in water. In this technology, a solvent is brought into counter current contact with the wastewater stream. The choice of solvent is important. The targeted molecule changes phase due to selective solubility. This technology is used for recovery of Carboxylic acid such as Acetic Acid from wastewater streams.

BUSINESS PROCESS

Our company specializes in providing tailored water treatment solutions to a diverse range of industries, encompassing sectors such as fertilizers, pharmaceuticals, and chemical production. To meet the specific needs of each client, we employ a unique set of technologies for water treatment. Our approach involves customizing these technologies to ensure the effective utilization of waste and the extraction of valuable chemicals from water. Clients from various industries rely on our expertise to design and implement solutions that not only address their wastewater management challenges but also maximize the recovery of valuable resources from the treated water.

Whether in the realm of fertilizers, pharmaceuticals, or chemical production, our commitment is to deliver technology solutions that are precisely adapted to the distinctive requirements of each client, ensuring both environmental sustainability and operational efficiency.

- 1. Effluent Resource Assessment (ERA):** The first step is to ask for information from client for effluent assessment. It is a systematic evaluation and analysis of the resources contained in wastewater generated by industrial processes. This assessment aims to identify and quantify the potential value and utility of various components present in the effluent, such as water, and chemicals.
- 2. Gross Benefit Analysis (GBA):** GBA refers to a comprehensive evaluation and quantification of all the positive outcomes, advantages, or gains associated with a particular project, investment, policy, or decision. In this analysis, the focus is on assessing the total benefits without subtracting any associated costs or losses. It provides an overview of the overall positive impact of a given initiative, allowing decision-makers to understand the potential gains before accounting for expenses.
- 3. Technology Customisation:** After effluent assessment and benefit analysis, the next step is to customise the technology as per client. We request client for analysis of sample in our labs, on the basis of which the technology is to be developed. Thereafter, we provide feedback report for sample. Developing tailored and efficient technologies to extract, treat, and utilize the identified resources/ chemicals based on the specific characteristics of the effluent and the requirements of the industry or process is the key ingredient for setting up the plant for water management.
- 4. Design Basis Confirmation:** It is a process of validating and ensuring that the fundamental parameters and criteria set forth in the design phase of a project are accurate, complete, and appropriate. After technology customization, this confirmation is a critical step in engineering and project management to ensure that the design basis, which serves as the foundation for the entire project, is reliable and aligns with the project's objectives, safety standards, and regulatory requirements.
- 5. Techno Commercial Offer:** It is the end stage where the commercials are finalised with the client. A comprehensive proposal or document is submitted by our team to a potential client during the procurement process. This offer integrates both technical and commercial aspects, providing detailed information about the proposed technical solution or product along with associated costs and commercial terms. It serves as a key communication tool to convey the technical capabilities, specifications, and pricing of the offered goods or services.

BUSINESS MODELS

Our company work in three different types of model:

- 1. Design, Build, and Operate Model (DBO):** The DBO business model is a comprehensive approach building end to end responsibility that encompasses the entire lifecycle of the project. Under this collaborative investment model, our company fund the development of the plant, build the plant and take the responsibility of operating the entire plant. This approach ensures a cooperative effort in both financing and benefiting from the sale of the chemical substance extracted from waste water.
- 2. EPC & ONM:** In this model, we refrain from making direct investments. Instead, our role is limited to offering engineering, procurement, and setting up of plant, for which we receive revenue. Additionally, we extend our services to include the operation and management of the parks on behalf of the government.

3. **Engineering and Supervision Model:** In this model, we refrain from making direct investments and our role is limited to offering engineering and maintenance services of the plant. We only provide consultation for maintenance of the plant.

GEO TECHNICAL SPECIALISED SOLUTIONS

Geotechnical engineering solutions are employed to address challenges related to soil and rock mechanics. Geotechnical engineering focuses on understanding and managing the behavior of the Earth's materials, such as soil and rock, to support the design and construction of infrastructure projects.

Following are the services falls under this category:

- **Retaining Wall and Reinforced Soil Structure**

We are engaged in the designing supplying and building retaining structures, including modular block reinforced soil systems, concrete panel faced reinforced soil, gabion faced reinforced soil and planted. Grassed reinforced soil slopes.

A retaining wall is a structure designed and constructed to hold back or retain soil, rock, or other materials in a sloped or uneven area. They are commonly used in landscaping, civil engineering, and construction to create level areas in landscapes that are naturally sloped, and to prevent the erosion and movement of soil. Retaining walls can be constructed using various materials, including concrete, stone, brick, wood, or reinforced soil.

- **Asphalt Reinforcement**

Asphalt reinforcement refers to the process of enhancing the mechanical properties of asphalt pavement, typically to improve its durability, strength, and overall performance. It involves incorporating various materials or techniques into the asphalt mix to mitigate common issues such as cracking, rutting, fatigue, and thermal distress, which can result from traffic loads, environmental factors, and aging.

- **Coastal and River Protection**

The Company is capable of providing solutions for protecting waterfront structures using engineered products and bespoke solutions, specific to a particular project site.

River Bank Protection

Geotextile Tube for Erosion Control

- **Drainage of Structure**

Drainage of a structure refers to the process of managing or controlling the flow of water or other liquids away from the structure in order to prevent water accumulation, seepage, or potential damage. Proper drainage is crucial in various types of structures, including buildings, roads, bridges, and other infrastructure, as it helps to protect the integrity and longevity of the construction.

- **Basal Reinforcement or Ground Improvement**

Basal reinforcement refers to a technique commonly used in the field of geotechnical engineering to enhance the stability of soil or rock structures. This method involves the implementation of various engineering solutions at the base or foundation level of a structure to improve its load-bearing capacity and overall stability.

When the land is reclaimed from the seabed, or the in-situ soil does not fulfil the requirements of bearing capacity, lateral stability and liquefaction potential, the ground improvement techniques with different products offers a qualitative and economical solution.

- **Errosion Control Or Slope Protection**

Erosion control refers to the practice of preventing or controlling the process of erosion, which is the gradual wearing away of the earth's surface by natural elements such as water, wind, or other environmental factors. It is a critical aspect of environmental management, particularly in areas where soil degradation and loss can have significant detrimental effects on land quality, agricultural productivity, and overall ecosystem health. Erosion control methods aim to protect soil from being displaced or washed away, thereby preserving its fertility and structural integrity.

- **Soil Stabilization**

Soil stabilization is a process used in civil engineering and construction to improve the engineering properties of soil, making it more stable, durable, and better suited for construction purposes. This technique is commonly employed in situations where the natural soil conditions are not ideal for supporting the planned structures or where soil erosion and other environmental factors pose risks to the stability of the construction site.

- **Landslide Mitigation**

In order to mitigate the landslide, it requires in-depth knowledge of multi-disciplinary fields. We have a team of experienced geotechnical designers and geologist who provide support for identification of landslide, designing, execution and monitoring.

BUSINESS MODEL

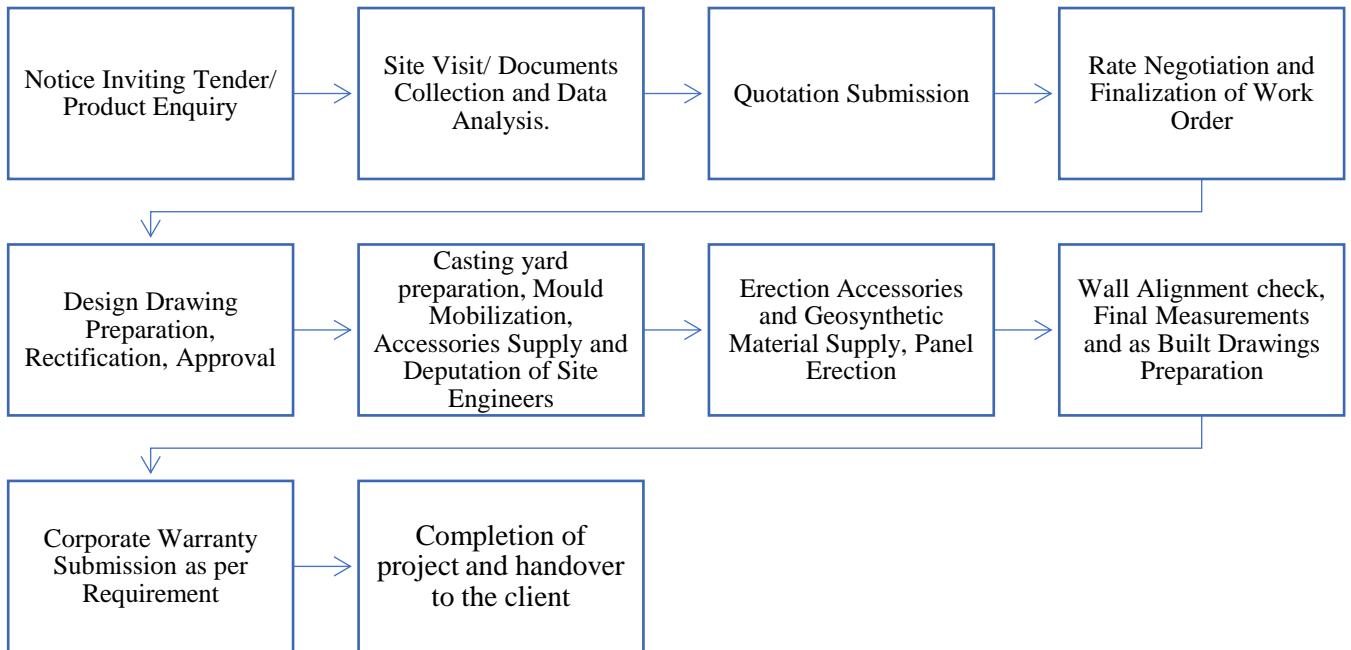

Our company work in three different types of model:

1. **EPC & ONM:** In this model, we refrain from making direct investments. Instead, our role is limited to offering engineering, procurement, and setting up of plant, for which we receive revenue. Additionally, we extend our services to include the operation and management of the parks on behalf of the government.

This space has been left blank intentionally.

COMPETITION

We have numerous competitors in each of the geographical regions in which we operate, ranging from international companies that operate in many regions to smaller local companies that typically concentrate their activities in one specific region. We also compete with larger and financially stronger Companies who may have greater brand recognition and reputation than us.

We operate in a highly competitive market. We face competition from other **Geo technical specialised solutions** provider Companies, Theme park developing companies, and Waste water management companies operating in the same geographies as ours. Our competition depends on various factors, such as the type of project, total contract value, potential margins, location of the project and client relationships.

While service quality, technical ability, performance record, experience, health and safety records and the availability of skilled personnel's are key factors in client decisions among competitors, price often is the deciding factor in most tender awards. Some of our competitors may have greater resources than those available to us.

Competition in our industry primarily involves factors such as:

- quality and capability of plant and machinery
- ability to meet the customer's schedule
- experience and reputation
- price

MARKETING

We've established a robust marketing network throughout the nation to cater to both our current and potential clients, including government agencies and public sector enterprises. Our success lies in the strength of our relationship with our customers who have been associated with our Company for a long period. The process of building such a network involves a multifaceted approach that combines various marketing techniques and strong interpersonal relationships.

Our marketing strategies are framed in the following way which ensures:

- Continuously identifying the industry trends
- Supply of Quality Products
- Timely Execution and delivery of the products

Our Company uses marketing tools like advertisements, seminars followed by fellowship dinners for clients in order to widen their business scope and to increase business potential and market share. We also have an effective feedback procedure in place for our clients regarding our products which helps us in improving and maintaining the efficiency of our products and achieving desired level of customer satisfaction.

INSURANCE

The operation of our business is subject to various risks, such as adverse weather conditions, mechanical and technical failures and errors, all of which represent a threat to personnel safety and to our plant and machinery. We believe that our current level of insurance is adequate for our business and consistent with industry practice. We may not be able to obtain insurance coverage in the future to cover all risks inherent in our business, or insurance, if available, may be at rates that we do not consider to be commercially reasonable.

Our Company has taken following insurance policies against any damage or loss:

KEY REGULATIONS AND POLICIES

The business of our Company requires, at various stages, the sanction of the concerned authorities under the relevant Central, State legislation and local laws. The following description is an overview of certain laws and regulations in India, which are relevant to our Company. Certain information detailed in this chapter has been obtained from publications available in the public domain. The regulations set out below are not exhaustive and are only intended to provide general information to Applicants and is neither designed nor intended to be a substitute for professional legal advice.

The statements below are based on current provisions of Indian law, and the judicial and administrative interpretations thereof, which are subject to change or modification by subsequent legislative, regulatory, administrative or judicial decisions.

RELATED TO OUR BUSINESS

BUILDING AND OTHER CONSTRUCTION WORKERS (REGULATION OF EMPLOYMENT AND CONDITION OF SERVICES) ACT, 1996

This law was enacted to regulate the employment and conditions of service of building and other construction workers and to provide for their safety, health and welfare. It applies to any establishment which employs, or in the preceding 12 months employed, 10 or more building workers in any building or other construction work. Section 40 (2) (k) of the Act empowers the “Appropriate Government” to make rules regarding the precautions to be taken in case of a fire. The rules mandate the employer to devise an emergency action plan in case of a fire or explosion, among other related matters.

According to the above, our company would be covered by the guidelines and the same would be applicable to our company, since our company is engaged in the field of infrastructure and civil construction projects in India and employs various construction workers.

ENVIRONMENT (PROTECTION) ACT, 1986

The Environment (Protection) Act was enacted with the objective of providing the protection and improvement of the environment. It empowers the Central Government to establish authorities charged with the mandate of preventing environmental pollution in all its forms and to tackle specific environmental problems that are peculiar to different parts of the country.

This act regulates what can and cannot be discharged into the environment, establishes standards for hazardous materials, and imposes fines for violations. It also requires construction companies to report any accidents that occur during or after construction.

CONSTRUCTION AND DEMOLITION (C&D) WASTE MANAGEMENT RULES, 2016

The Central Pollution Control Board (CPCB) comes up with guidelines and best practices with respect to waste management from time to time. Under Rule 3(c) of the Construction and Demolition (C&D) Waste Management Rules, 2016 issued by the MOEFCC, ‘construction and demolition waste’ is waste comprised of building materials, debris and rubble resulting from the construction, remodelling, repair or demolition of any civil structure. Rule 4(4) of the C&D Waste Management Rules states that there should be no littering or deposition of construction and demolition waste in order to prevent obstructions to traffic or the public, or to drains. The rules apply to all waste resulting from the construction, remodelling, repair or demolition of civil structures by the individual, organisation or authority that generates the waste.

PLASTIC WASTE MANAGEMENT RULES, 2016

The Plastic Waste Management Rules, 2016, mandate the generators of plastic waste to take steps to minimize generation of plastic waste, not to litter the plastic waste, ensure segregated storage of waste at source & hand over segregated waste in accordance with rules. The rules mandate the responsibilities of local bodies, gram panchayats, waste generators, retailers and street vendors to manage plastic waste. The PWM Rules, 2016 cast Extended Producer Responsibility (EPR) on Producer, Importer, and Brand Owner and EPR shall be applicable to both pre-consumer and post-consumer plastic packaging waste. Since our company is actively engaged in the waste management sector, we need to comply with these rules, relating to recycling or use of recycled plastic for our waste management initiatives.

WATER (PREVENTION & CONTROL OF POLLUTION), ACT 1974

An Act to provide for the prevention and control of water pollution and the maintaining or restoring of wholesomeness of water, for the establishment, with a view to carrying out the purposes aforesaid, of Boards for the prevention and control of water pollution, for conferring on and assigning to such Boards powers and functions relating thereto and for matters connected therewith. The said act applies to our company since our company is also engaged in providing waste water management solutions.

CONSUMER PROTECTION ACT, 2019

The Consumer Protection Act (both old and new) is a legislation enacted in India with the sole purpose of protecting and safeguarding the interests of consumers. When a service is found deficient by a consumer, they can lodge a complaint with the Consumer Court constituted under the Consumer Protection Act, 2019. Thus, the prime requirement is that the matter must fall within the “definition of service”, and it must entail a deficiency as per the requirements provided under the Consumer Protection Act, 2019.

Consumer Courts is a 3-tier system of courts (National level, State level and District level) where aggrieved consumers can approach as per the valuation of matter in concern, for redressal and adjudication of disputes. Once the issues of the matter in dispute are recognized, the further step is to understand the pecuniary limit/jurisdiction of the case.

THE INDIAN CONTRACT ACT, 1872:

The Indian Contract Act, 1872 (“Contract Act”) codifies the way in which a contract may be entered into, executed, implementation of the provisions of a contract and effects of breach of a contract.

Construction contracts in India are governed by the Contract Act, 1872. Section 10 of the act lays down the essential elements required for all contracts. Any contract that has an unlawful purpose is invalid. Moreover, claims for liquidated damages in case of breach of contract are rooted in the provisions of the Contract Act itself. Sections 73 and 74 specifically provide for the payment of damages by the defaulting party in the event of a breach of contract.

LABOUR LAWS

India has extensive labour related legislations. Some of the significant labour laws and regulations that may be applicable to our Company in India include:

INDUSTRIAL DISPUTES ACT, 1947

The Industrial Disputes Act, 1947 regulates the resolution of industrial disputes, as well as the legality or illegality of strikes, lay-off terms and worker retrenchment. It applies only where the employee is a worker – that is, someone who does manual, supervisory, technical or clerical labour, and does not primarily have management or supervisory duties.

EMPLOYEES COMPENSATION ACT, 1923

The Employee's Compensation Act, 1923 was formed to provide compensation to the workmen at the time of an accident. The act mentions that it is the duty and responsibility of the employer to include the welfare of the workers when an injury is the result of the employment in the same way the employer has reserved the right to make profits. The main aim of this act is to ensure that the workmen have sustainable life even after encountering an employment-related injury.

MINIMUM WAGES ACT, 1948

The Minimum Wages Act, 1948 is a Central legislation aimed at statutory fixation of minimum rates of wages in the employments where sweated labour is prevalent with possibility for exploitation of unorganized labour. The Act provides that the government will fix the minimum wage rate and revise it every five years. It appoints advisory committees to consider the proposals.

PAYMENT OF WAGES ACT, 1936

The Act ensures that the employees receive wages on time and without any unauthorised deductions. It must be complied with by any principal employer/contractor who hires 20 or more contract labourers for an "establishment". The said Act requires the principal employer to register its establishment in accordance with the Act, whereas all such contractors must obtain a licence from the authorised licensing authority specified in the Act.

THE EMPLOYEES' PROVIDENT FUND AND MISCELLANEOUS PROVISIONS ACT, 1952:

The EPFA came into force on March 4, 1952, and amended on September 1, 2014. Under the Employees' Provident Funds and Miscellaneous Provisions Act, 1952 (EPF Act), compulsory provident fund, family pension fund and deposit linked insurance are payable to employees in factories and other establishments. The legislation provides that an establishment employing more than 20 (twenty) persons, either directly or indirectly, in any capacity whatsoever, is either required to constitute its own provident fund or subscribe to the statutory employee's provident fund. All the establishments under the EPF Act are required to be registered with the appropriate Provident Fund Commissioner. Also, the employer of such establishment is required to make a monthly contribution to the provident fund equivalent to the amount of the employee's contribution to the provident fund. There is also a requirement to maintain prescribed records and registers and filing of forms with the concerned authorities. The EPF Act also prescribes penalties for avoiding payments required to be made under the abovementioned schemes.

CONTRACT LABOUR (REGULATION AND ABOLITION) ACT, 1988

The Contract Labour (Regulation and Abolition) Act 1988 is a law that regulates the use of contract labour in India. Under this law, contractors must ensure that their workers are treated fairly and are not subjected to slave labour or human trafficking. The Contract Labour (Regulation and Abolition) Act also prohibits employers from forcing employees to work excessive hours or under unsafe conditions.

It must be complied with by any principal employer/contractor who hires 20 or more contract labourers for an "establishment". The said Act requires the principal employer to register its establishment in accordance with the Act, whereas all such contractors must obtain a licence from the authorised licensing authority specified in the Act.

THE SEXUAL HARASSMENT OF WOMEN AT WORKPLACE (PREVENTION, PROHIBITION AND REDRESSAL) ACT, 2013:

The Sexual Harassment of Women at Workplace (Prevention, Prohibition and Redressal) Act, 2013 ("SHWW Act") provides for the protection of women at workplace and prevention of sexual harassment at workplace. The SHWW Act also provides for a redressal mechanism to manage complaints in this regard. Every employer has a duty to

provide a safe working environment at workplace which shall include safety from the persons coming into contact at the workplace, organizing awareness programs and workshops, display of rules relating to the sexual harassment at any conspicuous part of the workplace etc.

THE PAYMENT OF BONUS ACT, 1965:

The Payment of Bonus Act, 1965 aims to regulate the amount of bonus paid to the persons employed in certain establishments based on their profits and productivity. Pursuant to the Payment of Bonus Act, 1965, as amended, an employee in a factory or in any establishment where twenty or more persons are employed on any day during an accounting year, is eligible to be paid a bonus. It further provides for the payment of minimum and maximum bonus and linking the payment of bonus with the production and productivity.

PAYMENT OF GRATUITY ACT, 1972:

The Payment of Gratuity Act is applicable to every factory, mine, oilfield, plantation, port, railway companies and to every shop and establishment in which 10 or more persons are employed or were employed at any time during the preceding twelve months. This Act applies to all employees irrespective of their salary. The Payment of Gratuity Act, as amended, provides for a scheme for payment of gratuity to an employee on the termination of his employment after he has rendered continuous service for not less than 5 years:

- (a) On his/her superannuation;
 - (b) On his/her retirement or resignation;
 - (c) On his/her death or disablement due to accident or disease
- (In this case the minimum requirement of five years does not apply)

EMPLOYEES' STATE INSURANCE ACT, 1948

The Act requires any and all businesses, including construction projects, employing more than 10 people, to procure registration under the Employees' State Insurance Act, 1948 ("ESI Act"). Presently, the ESI Act mandates every employer to provide for its workers' insurance. The Act covers both workers employed directly under an employer and through a contractor. The insurance procured by an employer/contractor under the mandate of the ESI Act covers contingencies such as maternity leave, sickness, temporary or permanent physical disablement, or death owing to the hazards of employment, which may lead to loss of wages and the earning capacity of an employee.

TAXATION LAWS

In addition to the aforementioned legislations which are applicable to our Company, some of the tax legislations that may be applicable to the operations of our Company include:

- Income Tax Act, 1961, the Income Tax Rules, 1962, as amended by Finance Act in respective years;
- Building and Other Construction Workers Welfare Cess Act, 1996 - applies to 10 or more building workers or other construction workers, has been enacted for the welfare of construction workers, including regulating the workers' safety, health, and other service conditions. A cess of 1% is collected from the employer on the cost of construction incurred.
- Central Goods and Service Tax Act, 2017, the Central Goods and Service Tax Rules, 2017 and various
- State-wise legislations made thereunder;
- The Integrated Goods and Service Tax Act, 2017;
- Professional Tax state-wise legislations;

INTELLECTUAL PROPERTY RIGHT ACTS

THE PATENTS ACT, 1970 (“PATENTS ACT”)

The patent regime in India is governed by the Patents Act and rules and regulations made thereunder. Pursuant to the TRIPS Agreement, product patent regime with a protection period of 20 years became applicable in India. The patent regime protects inventions through patents. The amended Patents Act defines “inventive step” to mean a feature of an invention that involves a technical advance as compared to the existing knowledge or having economic significance or both and that makes an invention not obvious to a person skilled in the art. Any person claiming to be the true and first inventor of the invention or the assignee of the true and first inventor or the legal representative of any deceased person who was entitled to make an application immediately before death may apply for a patent for an invention.

Since our company employs a range of techniques, methodologies, and technologies aimed at optimizing the performance and stability of structures built on or in the ground, the Patents Act applies to us, both for the registration and protection of our patented methodologies/techniques.

THE DESIGNS ACT, 2000 (THE “DESIGNS ACT”)

The Designs Act prescribes for the registration of designs. The Designs Act specifically lays down the essentials of a design to be registered and inter alia, provides for application for registration of designs, copyright in registered designs, etc. A ‘Design’ means only the features of shape, configuration, pattern, ornament or composition of lines or combination thereof applied to any article whether two dimensional or three dimensional or in both forms, by any industrial process or means, whether manual, mechanical or chemical, separate or combined, which in the finished article appeal to and are judged solely by the eye, but does not include any mode or principle or construction or anything which is in substance a mere mechanical device, and expressly excludes works accorded other kinds of protection like property marks, trademarks and copyrights. Any person claiming to be the proprietor of a new or original design may apply for registration of the same before the Controller- General of Patents, Designs and Trade Marks. On registration, the proprietor of the design attains a copyright over the same. The duration of the registration of a design in India is initially ten years from the date of registration.

Since our Company is engaged in designing civil engineering products with state-of-the-art specialty in Geo-Technical Specialised Solutions, the Design Act applies to us, both for the registration and protection of our designs.

FOREIGN REGULATIONS

FOREIGN EXCHANGE MANAGEMENT ACT, 1999:

Foreign investment in India is primarily governed by the provisions of FEMA and the rules and regulations promulgated there under. Foreign Exchange Management Act, 1999 (“FEMA”) was enacted to consolidate and amend the law relating to foreign exchange with the objective of facilitating external trade and for promoting the orderly development and maintenance of foreign exchange market in India. FEMA extends to whole of India. This Act also applies to all branches, offices and agencies outside India owned or controlled by a person resident in India 102 and also to any contravention committed thereunder outside India by any person to whom the Act is applies. The Act has assigned an important role to the Reserve Bank of India (RBI) in the administration of FEMA.

FEMA REGULATIONS:

As laid down by the FEMA Regulations, no prior consents and approvals are required from the Reserve Bank of India, for Foreign Direct Investment under the automatic route within the specified sectoral caps. In respect of all industries not specified as FDI under the automatic route, and in respect of investment in excess of the specified sectoral limits under the automatic route, approval may be required from the FIPB and/or the RBI. The RBI, in exercise of its power under the FEMA, has notified the Foreign Exchange Management (Transfer or Issue of

Security by a Person Resident Outside India) Regulations, 2000 ("FEMA Regulations") to prohibit, restrict or regulate, transfer by or issue security to a person resident outside India. Foreign investment in India is governed primarily by the provisions of the FEMA which relates to regulation primarily by the RBI and the rules, regulations and notifications there under, and the policy prescribed by the Department of Industrial Policy and Promotion, Ministry of Commerce & Industry, Government of India.

THE FOREIGN TRADE (DEVELOPMENT AND REGULATION) ACT, 1992 (“FTA”):

In India, the main legislation concerning foreign trade is FTA. The FTA read along with relevant rules provides for the development and regulation of foreign trade by facilitating imports into, and augmenting exports from, India and for matters connected therewith or incidental thereto. FTA read with the Indian Foreign Trade Policy provides that no export or import can be made by a company without an Importer-Exporter Code number unless such company is specifically exempt. An application for an Importer-Exporter Code number has to be made to the office of the Joint Director General of Foreign Trade, Ministry of Commerce.

THE MICRO, SMALL AND MEDIUM ENTERPRISES DEVELOPMENT ACT, 2006

The Micro, Small and Medium Enterprises Development Act, 2006 as amended from time to time (MSMED Act) seeks to facilitate the development of micro, small and medium enterprises. The MSMED Act provides that where an enterprise is engaged in the manufacturing and production of goods pertaining to any industry specified in the first schedule to the Industries (Development and Regulation) Act, 1951, the classification of an enterprise will be as follows:

- where the investment in plant and machinery does not exceed twenty-five Lakh rupees shall be regarded as a micro enterprise;
- where the investment in plant and machinery is more than twenty-five Lakh rupees but does not exceed five crore rupees shall be regarded as a small enterprise;
- Where the investment in plant and machinery is more than five crore rupees but does not exceed ten crore rupees shall be regarded as a medium enterprise.

The MSMED Act provides for the memorandum of micro, small and medium enterprises to be submitted by the relevant enterprises to the prescribed authority. The MSMED Act ensures that the buyer of goods makes payment for the goods supplied to him immediately or before the date agreed upon between the buyer and supplier. The MSMED Act provides that the agreed period cannot exceed forty-five days from the day of acceptance of goods. It also stipulates that in case the buyer fails to make payment to the supplier within the agreed period, then the buyer will be liable to pay compound interest at three times of the bank rate notified by the Reserve Bank of India from the date immediately following the date agreed upon. The MSMED Act also provides for the establishment of the Micro and Small Enterprises Facilitation Council (—Council”). The Council has jurisdiction to act as an arbitrator or conciliator in a dispute between the supplier located within its jurisdiction and a buyer located anywhere in India. The MSMED act provides for appointment and establishment of National Board by the Central Government for MSME enterprise.

GENERAL LEGISLATIONS

THE COMMERCIAL COURTS ACT, 2015

The Commercial Courts Act, 2015 was passed by Parliament to enable the creation of commercial divisions in high courts and commercial courts at the district level. Section 2(1)(c) of the act defines ‘commercial disputes’ – a definition which includes disputes arising from construction and infrastructure contracts.

THE COMPETITION ACT, 2002:

The Competition Act, 2002 prohibits anti-competitive agreements, abuse of dominant positions by enterprises and regulates “combinations” in India. The Competition Act also established the Competition Commission of India (the “CCI”) as the authority mandated to implement the Competition Act. Combinations which are Likely to cause an appreciable adverse effect on competition in a relevant market in India are void under the Competition Act. The obligation to notify a combination to the CCI falls upon the acquirer in case of an acquisition, and on all parties to the combination jointly in case of a merger or amalgamation.

THE INDIAN STAMP ACT, 1899

Under the Indian Stamp Act, 1899, stamp duty is payable on instruments evidencing a transfer or creation or extinguishment of any right, title or interest in immovable property. Stamp duty must be paid on all instruments specified under the Stamp Act at the rates specified in the schedules to the Stamp Act. The applicable rates for stamp duty on instruments chargeable with duty vary from state to state.

THE REGISTRATION ACT, 1908

The purpose of the Registration Act, amongst other things, is to provide a method of public registration of documents so as to give information to people regarding legal rights and obligations arising or affecting a particular property, and to perpetuate documents which may afterwards be of legal importance, and also to prevent fraud.

NEGOTIABLE INSTRUMENTS ACT, 1881

In India, the laws governing monetary instruments such as cheques are contained in the Negotiable Instruments Act, 1881. The Act provides effective legal provision to restrain people from issuing cheques without having sufficient funds in their account or any stringent provision to punish them in the event of such cheque not being honored by their bankers and returned unpaid. Section 138 of the Act, creates statutory offence in the matter of dishonor of cheques on the ground of insufficiency of funds in the account maintained by a person with the banker which is punishable with imprisonment for a term which may extend to two year, or with fine which may extend to twice the amount of the cheque, or with both.

PROPERTY RELATED LAWS

The Company is required to comply with central and state laws in respect of property. Central Laws that may be applicable to our Company's operations include the Land Acquisition Act, 1894, the Transfer of Property Act, 1882, Registration Act, 1908, Indian Stamp Act, 1899, and Indian Easements Act, 1882. In addition, regulations relating to classification of land may be applicable. Usually, land is broadly classified under one or more categories such as residential, commercial or agricultural. Land classified under a specified category is permitted to be used only for such specified purpose. Where the land is originally classified as agricultural land, in order to use the land for any other purpose the classification of the land is required to be converted into commercial or industrial purpose, by making an application to the relevant municipal or town and country planning authorities. In addition, some State Governments have imposed various restrictions, which vary from state to state, on the transfer of property within such states. Land use planning and its regulation including the formulation of regulations for building construction, form a vital part of the urban planning process. Various enactments, rules and regulations have been made by the Central Government, concerned State Governments and other authorized agencies and bodies such as the Ministry of Urban Development, State land development and/or planning boards, local municipal or village authorities, which deal with the acquisition, ownership, possession, development, zoning, planning of land and real estate. Each state and city has its own set of laws, which govern planned development and rules for construction (such as floor area ratio or floor space index limits). The various

authorities that govern building activities in states are the town and country planning department, municipal corporations and the urban arts commission.

LIMITATION ACT, 1963

The law relating to Law of Limitation to India is the Limitation Act, 1859 and subsequently Limitation Act, 1963 which was enacted on 5th of October, 1963 and which came into force from 1st of January, 1964 for the purpose of consolidating and amending the legal principles relating to limitation of suits and other legal proceedings. The basic concept of limitation is relating to fixing or prescribing of the time period for barring legal actions. According to Section 2 (j) of the Limitation Act, 1963, period of limitation ‘means the period of limitation prescribed for any suit, appeal or application by the Schedule, and prescribed period ‘means the period of limitation computed in accordance with the provisions of this Act.

OUR HISTORY AND CERTAIN OTHER CORPORATE MATTERS

HISTORY OF OUR COMPANY

Our Company was incorporated as a private limited company with the name of “Z-Tech (India) Private Limited” under the Companies Act, 1956 vide certificate of incorporation dated November 09, 1994 issued by Registrar of Companies, Delhi, bearing Registration No. 62582. Further, our Company was converted into a Public Limited Company in pursuance of a special resolution passed by the members of our Company at the Extra Ordinary General Meeting held on November 20, 2023 and the name of our Company changed from “Z-Tech (India) Private Limited” to “Z-Tech (India) Limited” & Registrar of Companies, Delhi has issued a new certificate of incorporation consequent upon conversion dated January 11, 2024, bearing CIN U74899DL1994PLC062582 .

BUSINESS OVERVIEW

Our company originally designs civil engineering products and services with state-of-the-art specialty in Geo-Technical Specialised Solutions in the field of infrastructure and civil construction projects to India. It includes a range of techniques, methodologies, and technologies aimed at optimizing the performance and stability of structures built on or in the ground. In addition to this, we are actively engaged in the waste management sector, where our focus involves creating theme parks through the utilization of recycled scrap materials. Simultaneously, we are dedicated to implementing innovative waste water management solutions for industrial units, employing the cutting-edge GEIST technology. This dual commitment underscores our holistic approach to sustainable practices, transforming discarded materials into recreational spaces while efficiently managing industrial wastewater through state-of-the-art technology.

Our Company is engaged in providing innovative, safe and eco-friendly engineering solutions to our customers. These solutions include three major categories:

1. Sustainable Theme Park Development
2. Industrial Waste Water Management
3. Geo Technical Specialised Solutions

Sustainable Theme Park Development includes but not limited to creating beautification artwork and infrastructure, landscape designing, sourcing and execution of waste materials and transforming them into meaningful and attractive show pieces. It involves incorporating environmentally friendly practices and responsible resource management throughout the planning, design, and operational phases of the project. It goes beyond traditional development approaches by prioritizing ecological, social, and economic considerations.

Industrial Waste Water Management involves the systematic treatment and responsible handling of wastewater generated by industrial processes. The goal is to mitigate the environmental impact of potentially harmful substances, promote water conservation, and even extract valuable resources from the wastewater. Under this segment, we have acquired GEIST, a water treatment technology, developing solutions for the recovery of chemicals from industrial waste water streams. It offers Turnkey Solutions for achieving profitable zero liquid discharge (ZLD). This technology is also termed as WOOW (Wealth out of Waste) Technologies.

Geo Technical Specialised Solutions includes but not limited to reinforcement of soil walls and slopes, slope stabilization, retaining structures, ground improvement, riverside erosion control, coastal protection and similar activities. These services are offered including designing, supplying and construction undertaken by the company's in-house chartered engineers and backed up by a full indemnity supervision team.

NOTE: 1

Corporate information

1 Basis of Preparation of financial statements (Significant Accounting Policies & other explanatory Notes)

1.01 Basis of Preparation

The financial statements of the Company have been prepared in accordance with the Generally Accepted Accounting Principles in India (Indian GAAP), including the Accounting Standards notified under section 133 of the Companies Act, 2013. The financial statements have been prepared on accrual basis under the historical cost convention. The accounting policies adopted in the preparation of the financial statements are consistent with those followed in the previous years.

1.02 Current and non-current classification

The company presents assets and liabilities in the balance sheet based on current and non-current classification.

An asset is classified as current when it is-

Expected to be realised or intended to be sold or consumed in normal operating cycle;

Held primarily for the purpose of trading;

Expected to be realised within twelve months after the reporting period, or

Cash or Cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current.

A liability is current when-

It is expected to be settled in normal operating cycle:

It is held primarily for the purpose of trading;

It is due to be settled within twelve months after the reporting period, or

The company classifies all other liabilities as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

Operating cycle is the time between the acquisition of assets for processing and their realisation in cash or cash equivalents. The company has ascertained 12 months as its operating cycle.

The company classifies all other liabilities as non-current.

1.03 Use of estimates

The preparation of financial statements are in conformity with the Accounting Standards which requires Management to make estimates and assumptions that affect the reported amount of assets and liabilities and disclosures relating to the contingent liabilities as on the date of balance sheet and the reported amount of revenues and expenditures during the reporting period. The estimates and assumptions used in the Financial Statements are based upon Management's best evaluation of the relevant facts and circumstances as of the date of the Financial Statements. Examples of such estimates include useful life of fixed assets, creation of deferred tax asset, lease rentals and write off of deferred revenue expenditure. Actual results may differ from those estimates.

1.04 Inventories

Inventories are valued at cost after providing for obsolescence and other losses, where considered necessary and realizable value whichever is less. Cost includes all charges in bringing the goods to the point of sale, including octroi and other levies, transit insurance and receiving charges. Work-in-progress and finished goods include appropriate proportion of overheads.

1.05 Cash and cash equivalents

Cash and cash equivalents in the balance sheet comprise of cash at bank and in hand and short-term investments with an original maturity of three months or less if any. Earmarked balances with bank,

margin money or security against borrowings, guarantees and other commitments, if any shall be treated separately from cash and cash equivalent

1.06 Cash flow statement

Cash flows are reported using the indirect method, whereby profit / (loss) before extraordinary items and tax is adjusted for the effects of transactions of non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flows from operating, investing and financing activities of the Company are segregated based on the available information.

1.07 Depreciation and amortisation

"Depreciation has been provided as per the useful life of the respective asset by retaining 5% as residual value in accordance with the Schedule II to the Companies Act, 2013.

Depreciation on addition to fixed assets is provided on pro-rata basis from the date the assets are acquired/ installed. Description on sale/deduction from fixed assets is provided for upto the date of sale, deduction and discardment as the case may be.

1.08 Revenue recognition

Sale of goods

"Sales are recognised, net of returns and trade discounts, on transfer of significant risks and rewards of ownership to the buyer, which generally coincides with the delivery of goods to customers. Sales include excise duty but exclude sales tax, value added tax and GST. The company follows the mercantile system of accounting and recognizes the income and expenditures on accrual basis except in case of significant uncertainties. Certain items of income such as insurance claim, market fees refund, overdue interest from customers etc have been considered to the extent the amount is accepted by the parties.

Domestic sales are recognised at the point of dispatches to customers.

Export sales at the time of issue of Bill of lading.

1.09 Other income

Interest income is recognised on time proportion basis.

1.10 Tangible fixed assets

Fixed assets are stated at cost less accumulated depreciation and impairment losses, if any. Cost comprises the purchase price and any directly attributable cost of bringing the asset to its working condition for its intended use, including borrowing cost till commencement of commercial production, net changes on foreign exchange contracts, (if capitalization criteria are met). Capital work in progress is stated at cost. Capital work in progress includes the cost of fixed assets that are not yet ready for their intended use, as on the balance sheet date.

1.11 Intangible assets

Intangible assets are carried at cost less accumulated amortisation and impairment losses, if any. The cost of an intangible asset comprises its purchase price, including any import duties and other taxes (other than those subsequently recoverable from the taxing authorities), and any directly attributable expenditure on making the asset ready for its intended use and net of any trade discounts and rebates. Subsequent expenditure on an intangible asset after its purchase / completion is recognised as an expense when incurred unless it is probable that such expenditure will enable the asset to generate future economic benefits in excess of its originally assessed standards of performance and such expenditure can be measured and attributed to the asset reliably, in which case such expenditure is added to the cost of the asset.

1.12 Foreign currency transactions and translations

Initial recognition

Transactions in foreign currencies entered into by the Company and its integral foreign operations are accounted at the exchange rates prevailing on the date of the transaction or at rates that closely approximate the rate at the date of the transaction.

Measurement of foreign currency monetary items at the Balance Sheet date

Foreign currency monetary items (other than derivative contracts) of the Company outstanding at the Balance Sheet date are restated at the year-end rates.

Exchange differences arising out of these translations are charged to the Statement of Profit and Loss."

1.13 Government grants, subsidies and export incentives

Export Incentive if any is accounted on accrual basis except Interest Subsidy which has been accounted for on receipt basis.

1.14 Investments

"Long-term investments (excluding investment properties), are carried individually at cost less provision for diminution, other than temporary, in the value of such investments. Current investments are carried individually, at the lower of cost and fair value. Cost of investments include acquisition charges such as brokerage, fees and duties.

Investment properties are carried individually at cost less accumulated depreciation and impairment, if any. Investment properties are capitalised and depreciated (where applicable) in accordance with the policy stated for Tangible Fixed Assets. Impairment of investment property is determined in accordance with the policy stated for Impairment of Assets."

1.15 Employee benefits

The Company has adopted the Accounting Standard 15- Employee Benefits prescribed under the Companies (Accounting Standards) Rules, 2006. Employee benefits include provident fund, bonus, superannuation fund, compensated absences, long service awards and post-employment medical benefits. The Company's obligation towards various employee benefits has been recognized as follows:

Short Term Employee Benefits

All employee benefits payable wholly within twelve months of rendering the service are short-term employee benefits. Benefits such as salaries, wages and bonus wages, etc, are recognized in the Profit and Loss statement in the period in which the employee renders the related service.

Defined contribution plans

The Company's contribution to provident fund are considered as defined contribution plans and are charged as an expense as they fall due based on the amount of contribution required to be made.

Borrowing costs**1.16**

Borrowing costs include interest, amortisation of ancillary costs incurred and exchange differences arising from foreign currency borrowings to the extent they are regarded as an adjustment to the interest cost. Costs in connection with the borrowing of funds to the extent not directly related to the acquisition of qualifying assets are charged to the Statement of Profit and Loss over the tenure of the loan. Borrowing costs, allocated to and utilised for qualifying assets, pertaining to the period from commencement of activities relating to construction / development of the qualifying asset upto the date of capitalisation of such asset is added to the cost of the assets. Borrowing cost attributable to the fixed assets during construction/ exploration, renovation and modernization are capitalized. Such borrowing costs are apportioned on the average balance of capital work in progress for the year. Other borrowing costs are recognized as an expense in the period in which they are incurred.

Segment reporting**1.17**

The Company identifies primary segments based on the dominant source, nature of risks and returns and the internal organisation and management structure. The operating segments are the segments for which separate financial information is available and for which operating profit/loss amounts are evaluated

regularly by the executive Management in deciding how to allocate resources and in assessing performance. However the company is currently dealing in only one primary segment.

1.18 Taxes on income

"Tax expense comprises current and deferred tax. Current income tax is measured at the amount expected to be paid to the tax authorities in accordance with Income Tax Act, 1961. Deferred income tax reflects the impact of current year timing differences between taxable income that originates in one period and are capable of reversal in one or more subsequent periods.

Minimum Alternate Tax (MAT) paid in accordance with the tax laws, which gives future economic benefits in the form of adjustment to future income tax liability, is considered as an asset if there is convincing evidence that the Company will pay normal income tax. Accordingly, MAT is recognised as an asset in the Balance Sheet when it is probable that future economic benefit associated with it will flow to the Company.

Deferred tax is recognised on timing differences, being the differences between the taxable income and the accounting income that originate in one period and are capable of reversal in one or more subsequent periods. Deferred tax is measured using the tax rates and the tax laws enacted or substantially enacted as at the reporting date. Deferred tax liabilities are recognised for all timing differences. Deferred tax assets in respect of unabsorbed depreciation and carry forward of losses are recognised only if there is virtual certainty that there will be sufficient future taxable income available to realise such assets. Deferred tax assets are recognised for timing differences of other items only to the extent that reasonable certainty exists that sufficient future taxable income will be available against which these can be realised. Deferred tax assets and liabilities are offset if such items relate to taxes on income levied by the same governing tax laws and the Company has a legally enforceable right for such set off. Deferred tax assets are reviewed at each Balance Sheet date for their realisability. "

1.19 Impairment of assets

The carrying values of assets / cash generating units are reviewed at each Balance Sheet date for impairment. If any indication of impairment exists, the recoverable amount of such assets is estimated and impairment is recognised if the carrying amount of these assets exceeds their recoverable amount. The recoverable amount is the greater of the net selling price and their value in use. Value in use is arrived at by discounting the future cash flows to their present value based on an appropriate discount factor. When there is indication that an impairment loss recognised for an asset in earlier accounting periods no longer exists or may have decreased, such reversal of impairment loss is recognised in the Statement of Profit and Loss.

1.20 Provisions and contingencies

A provision is recognised when the Company has a present obligation as a result of past events and it is probable that an outflow of resources will be required to settle the obligation in respect of which a reliable estimate can be made. Provisions (excluding retirement benefits) are not discounted to their present value and are determined based on the best estimate required to settle the obligation at the Balance Sheet date. These are reviewed at each Balance Sheet date and adjusted to reflect the current best estimates.

A contingent liability is disclosed where, as a result of past events, there is a possible obligation or a present obligation that may, but probably will not, require an outflow of resources. When there is a possible obligation or a present obligation in respect of which the likelihood of outflow of resources is remote, no provision or disclosure is made."

1.21 Insurance claims

Insurance claims are accounted for on the basis of claims admitted / expected to be admitted and to the extent that there is no uncertainty in receiving the claims.

1.22 Leases

a) Finance lease

- i) Assets taken on finance lease are capitalised at fair value or net present value of the minimum lease payments, whichever is less.
- ii) Lease payments are apportioned between the finance charges and outstanding liability in respect of assets taken on lease.

b) Operating lease

- i) Leases, where the lessor effectively retains substantially all the risks and benefits of ownership of the leased term are classified as operating lease. Lease rent are recognized as an expense in the Statement of Profit and Loss on a straight line basis over the lease term.

1.23 Earning per share

Basic earnings per share is calculated by dividing the net profit or loss for the year attributable to equity shareholders by the weighted average number of equity shares outstanding during the year. Partly paid equity shares are treated as a fraction of an equity share to the extent that they were entitled to participate in dividends relative to a fully paid equity share during the reporting year. For the purpose of calculating diluted earnings per share, the net profit or loss for the year attributable to equity shareholders and the weighted average number of shares outstanding during the year are adjusted for the effects of all dilutive potential equity shares.

1.24 Discontinuing Operations

A discontinuing operation is a component of an enterprise: (a) that the enterprise, pursuant to a single plan, is: (i) disposing of substantially in its entirety, such as by selling the component in a single transaction or by demerger or spin-off of ownership of the component to the enterprise's shareholders; or (ii) disposing of piecemeal, such as by selling off the component's assets and settling its liabilities individually; or (iii) terminating through abandonment; and (b) that represents a separate major line of business or geographical area of operations; and (c) that can be distinguished operationally and for financial reporting purposes. However, the company doesn't have any discontinued operation.

1.25 Contingencies and Events Occurring After Balance Sheet Date

1.26 Construction Contracts

1.27 Accounting for Amalgamations

1.28 Consolidated Financial Statements

1.29 Interim Financial Reporting

1.30 Financial Reporting of Interests in Joint Venture

1.31 Financial Instruments

a) Initial recognition

Financial assets and financial liabilities are recognised when the company becomes a party to the contractual provision of the instruments.

b) Classification and initial measurement of financial assets-

On initial recognition, a financial asset is classified as measured at

- Amortised cost
- FVOCI – debt instruments
- FVOCI – equity instruments

- FVTPL

Amortised cost - The Company's business model is not assessed on an instrument-by-instrument basis, but at a higher level

of aggregated portfolios being the level at which they are managed. The financial asset is held with the objective to hold financial asset in order to collect contractual cash flows as per the contractual terms that give rise on specified dates to cash flows that are solely payment of principal and interest (SPPI) on the principal amount outstanding. Accordingly, the company measures bank balances, loans, trade receivables and other financial instruments at amortised cost.

FVOCI – debt instruments - The company measures its debt instruments at FVOCI when the instrument is held within a business model, the objective of which is achieved by both collecting contractual cash flows and selling financial assets; and the contractual terms of the financial asset meet the SPPI test.

FVOCI – equity instruments - The company subsequently measures all equity investments at FVOCI when the instrument at fair value through profit or loss, unless the company's management has elected to classify irrevocably some of its equity instruments at FVOCI, when such instruments meet the definition of Equity under AS 32 Financial Instruments and are not held for trading.

Financial assets are not reclassified subsequent to their initial recognition, except if and in the period the Company changes its business model for managing financial assets.

All financial assets not classified as measured at amortised cost or FVOCI are measured at FVTPL. This includes all derivative financial assets.

c) **Subsequent measurement of financial assets**

Financial assets at amortised cost are subsequently measured at amortised cost using effective interest method. The amortised cost is reduced by impairment losses. Interest income, foreign exchange gains and losses and impairment are recognised in Statement of profit and loss. Any gain and loss on derecognition is recognised in Statement of profit and loss.

Debt investment at FVOCI are subsequently measured at fair value. Interest income under effective interest method, foreign exchange gains and losses and impairment are recognised in Statement of profit and loss. Other net gains and losses are recognised in OCI. On derecognition, gains and losses accumulated in OCI are reclassified to Statement of profit and loss.

For equity investments, the Company makes an election on an instrument-by-instrument basis to designate equity investments as measured at FVOCI. These elected investments are measured at fair value with gains and losses arising from changes in fair value recognised in other comprehensive income and accumulated in the reserves. The cumulative gain or loss is not reclassified to Statement of profit and loss on disposal of the investments. These investments in equity are not held for trading. Instead, they are held for strategic purpose. Dividend income received on such equity investments are recognised in Statement of profit and loss.

Equity investments that are not designated as measured at FVOCI are designated as measured at FVTPL and subsequent changes in fair value are recognised in Statement of profit and loss.

Financial assets at FVTPL are subsequently measured at fair value. Net gains and losses, including any interest or dividend income, are recognised in Statement of profit and loss.

d) **Financial liabilities and equity instruments:**

Debt and equity instruments issued by the Company are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

Equity instruments

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities.

Financial liabilities

Financial liabilities are classified as measured at amortised cost or FVTPL. A financial liability is classified as FVTPL if it is classified as held-for-trading or it is a derivative (that does not meet hedge accounting requirements) or it is designated as such on initial recognition. Other financial liabilities are subsequently measured at amortised cost using the effective interest method. Interest expense and foreign exchange gains and losses are recognised in profit or loss. Any gain or loss on derecognition is also recognised in profit or loss.

e) Derecognition of financial assets

The Company derecognises a financial asset when the contractual rights to the cash flows from the financial asset expire, or it transfers the rights to receive the financial asset and substantially all the risks and rewards of ownership of the asset to another party. If the Company neither transfers nor retains substantially all of the risks and rewards of ownership and continues to control the transferred asset, the Company recognises its retained interest in the asset and an associated liability for the amount it may have to pay.

If the Company enters into transactions whereby it transfers assets recognised on its balance sheet, but retains either all or substantially all of the risks and rewards of the transferred assets, the transferred assets are not derecognised and the proceeds received are recognised as a collateralised borrowing.

f) Offsetting

Financial assets and financial liabilities are offset, and the net amount presented in the balance sheet when, and only when, the Company currently has a legally enforceable right to set off the amounts and it intends either to settle them on a net basis or to realise the asset and settle the liability simultaneously.

NOTE: 1**Corporate information****1 Basis of Preparation of financial statements (Significant Accounting Policies & other explanatory Notes)****Basis of Preparation****1.01**

The financial statements of the Company have been prepared in accordance with the Generally Accepted Accounting Principles in India (Indian GAAP), including the Accounting Standards notified under section 133 of the Companies Act, 2013. The financial statements have been prepared on accrual basis under the historical cost convention. The accounting policies adopted in the preparation of the financial statements are consistent with those followed in the previous years.

1.02 Current and Non-current classification

The company presents assets and liabilities in the balance sheet based on current and Non-current classification.

An asset is classified as current when it is-

Expected to be realised or intended to be sold or consumed in normal operating cycle;

Held primarily for the purpose of trading;

Expected to be realised within twelve months after the reporting period, or

Cash or Cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current.

A liability is current when-

It is expected to be settled in normal operating cycle;

It is held primarily for the purpose of trading;

It is due to be settled within twelve months after the reporting period, or

There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

The company classifies all other liabilities as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

Operating cycle is the time between the acquisition of assets for processing and their realisation in cash or cash equivalents. The company has ascertained 12 months as its operating cycle.

1.03 Use of estimates

The preparation of financial statements are in conformity with the Accounting Standards which requires Management to make estimates and assumptions that affect the reported amount of assets and liabilities and disclosures relating to the contingent liabilities as on the date of balance sheet and the reported amount of revenues and expenditures during the reporting period. The estimates and assumptions used in the Financial Statements are based upon Management's best evaluation of the relevant facts and circumstances as of the date of the Financial Statements. Examples of such estimates include useful life of fixed assets, creation of deferred tax asset, lease rentals and write off of deferred revenue expenditure. Actual results may differ from those estimates.

1.04 Inventories

Inventories are valued at cost after providing for obsolescence and other losses, where considered necessary and realizable value whichever is less. Cost includes all charges in bringing the goods to the point of sale, including octroi and other levies, transit insurance and receiving charges. Work-in-progress and finished goods include appropriate proportion of overheads.

1.05 Cash and cash equivalents

Cash and cash equivalents in the balance sheet comprise of cash at bank and in hand and short term investments with an original maturity of three months or less if any. Earmarked balances with bank, margin money or security against borrowings, guarantees and other commitments, if any shall be treated separately from cash and cash equivalent.

1.06 Cash flow statement

Cash flows are reported using the indirect method, whereby profit / (loss) before extraordinary items and tax is adjusted for the effects of transactions of non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flows from operating, investing and financing activities of the Company are segregated based on the available information.

1.07 Depreciation and amortisation

"Depreciation has been provided as per the useful life of the respective asset by retaining 5% as residual value in accordance with the Schedule II to the Companies Act, 2013. Depreciation on addition to fixed assets is provided on pro-rata basis from the date the assets are acquired/installed. Depreciation on sale/deduction from fixed assets is provided for upto the date of sale, deduction and discernment as the case may be."

1.08 Revenue recognition

Sale of goods

"Sales are recognised, net of returns and trade discounts, on transfer of significant risks and rewards of ownership to the buyer, which generally coincides with the delivery of goods to customers. Sales include excise duty but exclude sales tax, value added tax and GST. The company follows the mercantile system of accounting and recognizes the income and expenditures on accrual basis except in case of significant uncertainties. Certain items of income such as insurance claim, market fees refund, overdue interest from customers etc have been considered to the extent the amount is accepted by the parties

Domestic sales are recognized at the point of dispatches to customers.

Export Sales at the time of issue of Bill of Lading."

1.09 Other income

Interest income is recognised on time proportion basis.

Tangible fixed assets**1.10**

Fixed assets are stated at cost less accumulated depreciation and impairment losses, if any. Cost comprises the purchase price and any directly attributable cost of bringing the asset to its working condition for its intended use, including borrowing cost till commencement of commercial production, net changes on foreign exchange contracts, (if capitalization criteria are met). Capital work in progress is stated at cost. Capital work in progress includes the cost of fixed assets that are not yet ready for their intended use, as on the balance sheet date.

1.11 Tangible fixed assets

Fixed assets are stated at cost less accumulated depreciation and impairment losses, if any. Cost comprises the purchase price and any directly attributable cost of bringing the asset to its working condition for its intended use, including borrowing cost till commencement of commercial production, net changes on foreign exchange contracts, (if capitalization criteria are met). Capital work in progress is stated at cost. Capital work in progress includes the cost of fixed assets that are not yet ready for their intended use, as on the balance sheet date.

1.12 Foreign currency transactions and translations**Initial recognition**

Transactions in foreign currencies entered into by the Company and its integral foreign operations are accounted at the exchange rates prevailing on the date of the transaction or at rates that closely approximate the rate at the date of the transaction.

Measurement of foreign currency monetary items at the Balance Sheet date

"Foreign currency monetary items (other than derivative contracts) of the Company outstanding at the Balance Sheet date are restated at the year-end rates.

Exchange differences arising out of these translations are charged to the statement of Profit and Loss.

1.13 Government grants, subsidies and export incentives

Export Incentive if any is accounted on accrual basis except Interest Subsidy which has been accounted for on receipt basis.

1.14 Investments

"Long-term investments (excluding investment properties), are carried individually at cost less provision for diminution, other than temporary, in the value of such investments. Current investments are carried individually, at the lower of cost and fair value. Cost of investments include acquisition charges such as brokerage, fees and duties.

1.15 Employee benefits

The Company has adopted the Accounting Standard 15- Employee Benefits prescribed under the Companies (Accounting Standards) Rules, 2006. Employee benefits include provident fund, bonus, superannuation fund, compensated absences, long service awards and post-employment medical benefits. The Company's obligation towards various employee benefits has been recognized as follows:

Short Term Employee Benefits

All employee benefits payable wholly within twelve months of rendering the service are short-term employee benefits. Benefits such as salaries, wages and bonus wages, etc, are recognized in the Profit and Loss statement in the period in which the employee renders the related service.

Defined contribution plans

The Company's contribution to provident fund are considered as defined contribution plans and are charged as an expense as they fall due based on the amount of contribution required to be made.

1.16 Borrowing costs

"Borrowing costs include interest, amortisation of ancillary costs incurred and exchange differences arising from foreign currency borrowings to the extent they are regarded as an adjustment to the interest cost. Costs in connection with the borrowing of funds to the extent not directly related to the acquisition of qualifying assets are charged to the Statement of Profit and Loss over the tenure of the loan. Borrowing costs, allocated to and utilised for qualifying assets, pertaining to the period from commencement of activities relating to construction / development of the qualifying asset upto the date of capitalisation of such asset is added to the cost of the assets.

1.17 Segment reporting

The Company identifies primary segments based on the dominant source, nature of risks and returns and the internal organisation and management structure. The operating segments are the segments for which separate financial information is available and for which operating profit/loss amounts are evaluated regularly by the executive Management in deciding how to allocate resources and in assessing performance. However the company is currently dealing in only one primary segment..

1.18 Taxes on income

"Tax expense comprises current and deferred tax. Current income tax is measured at the amount expected to be paid to the tax authorities in accordance with Income Tax Act, 1961. Deferred income tax reflects the impact of current year timing differences between taxable income that originates in one period and are capable of reversal in one or more subsequent periods

Minimum Alternate Tax (MAT) paid in accordance with the tax laws, which gives future economic benefits in the form of adjustment to future income tax liability, is considered as an asset if there is convincing evidence that the Company will pay normal income tax. Accordingly, MAT is recognised as an asset in the Balance Sheet when it is probable that future economic benefit associated with it will flow to the Company.

Deferred tax is recognised on timing differences, being the differences between the taxable income and the accounting income that originate in one period and are capable of reversal in one or more subsequent periods. Deferred tax is measured using the tax rates and the tax laws enacted or substantially enacted as at the reporting date. Deferred tax liabilities are recognised for all timing differences. Deferred tax assets in respect of unabsorbed depreciation and carry forward of losses are recognised only if there is virtual certainty that there will be sufficient future taxable income available to realise such assets. Deferred tax assets are recognised for timing differences of other items only to the extent that reasonable certainty exists that sufficient future taxable income will be available against which these can be realised. Deferred tax assets and liabilities are offset if such items relate to taxes on income levied by the same governing tax laws and the Company has a legally enforceable right for such set off. Deferred tax assets are reviewed at each Balance Sheet date for their realisability. "

1.19 Impairment of assets

The carrying values of assets / cash generating units are reviewed at each Balance Sheet date for impairment. If any indication of impairment exists, the recoverable amount of such assets is estimated and impairment is recognised if the carrying amount of these assets exceeds their recoverable amount. The recoverable amount is the greater of the net selling price and their value in use. Value in use is arrived at by discounting the future cash flows to their present value based on an appropriate discount factor. When there is indication that an impairment loss recognised for an asset in earlier accounting periods no longer exists or may have decreased, such reversal of impairment loss is recognised in the Statement of Profit and Loss.

1.20 Provisions and contingencies

"A provision is recognised when the Company has a present obligation as a result of past events and it is probable that an outflow of resources will be required to settle the obligation in respect of which a reliable estimate can be made. Provisions (excluding retirement benefits) are not discounted to their present value and are determined based on the best estimate required to settle the obligation at the Balance Sheet date. These are reviewed at each Balance Sheet date and adjusted to reflect the current best estimates.

1.21 Insurance claims

Insurance claims are accounted for on the basis of claims admitted / expected to be admitted and to the extent that there is no uncertainty in receiving the claims.

1.22 Leases

a) Finance lease

- i) Assets taken on finance lease are capitalised at fair value or net present value of the minimum lease payments, whichever is less.
- ii) Lease payments are apportioned between the finance charges and outstanding liability in respect of assets taken on lease.

b) Operating lease

- i) Leases, where the lessor effectively retains substantially all the risks and benefits of ownership of the leased term are classified as operating lease. Lease rent are recognized as an expense in the Statement of Profit and Loss on a straight line basis over the lease term.

1.23 Earning per share

Basic earnings per share is calculated by dividing the net profit or loss for the year attributable to equity shareholders by the weighted average number of equity shares outstanding during the year. Partly paid equity shares are treated as a fraction of an equity share to the extent that they were entitled to participate in dividends relative to a fully paid equity share during the reporting year. For the purpose of calculating diluted earnings per share, the net profit or loss for the year attributable to equity shareholders and the weighted average number of shares outstanding during the year are adjusted for the effects of all dilutive potential equity shares.

1.24 Discontinuing Operations

A discontinuing operation is a component of an enterprise: (a) that the enterprise, pursuant to a single plan, is: (i) disposing of substantially in its entirety, such as by selling the component in a single transaction or by demerger or spin-off of ownership of the component to the enterprise's shareholders; or (ii) disposing of piecemeal, such as by selling off the component's assets and settling its liabilities individually; or (iii) terminating through abandonment; and (b) that represents a separate major line of business or geographical area of operations; and (c) that can be distinguished operationally and for financial reporting purposes. However, the company doesn't have any discontinued operation.

1.25 Contingencies and Events Occurring After Balance Sheet Date

1.26 Construction Contracts

1.27 Accounting for Amalgamations

1.28 Consolidated Financial Statements

1.29 Interim Financial Reporting

1.30 Financial Reporting of Interests in Joint Venture

1.31 Financial Instruments

a) Initial recognition

Financial assets and financial liabilities are recognised when the company becomes a party to the contractual provision of

b) Classification and initial measurement of financial assets-

On initial recognition, a financial asset is classified as measured at

- Amortised cost
- FVOCI – debt instruments
- FVOCI – equity instruments
- FVTPL

Amortised cost - The Company's business model is not assessed on an instrument-by-instrument basis, but at a higher level of aggregated portfolios being the level at which they are managed. The financial asset is held with the objective to hold financial asset in order to collect contractual cash flows as per the contractual terms that give rise on specified dates to cash flows that are solely payment of principal and interest (SPPI) on the principal amount outstanding. Accordingly, the company measures bank balances, loans, trade receivables and other financial instruments at amortised cost.

FVOCI – debt instruments - The company measures its debt instruments at FVOCI when the instrument is held within a business model, the objective of which is achieved by both collecting contractual cash flows and selling financial assets; and the contractual terms of the financial asset meet the SPPI test.

FVOCI – equity instruments - The company subsequently measures all equity investments at FVOCI when the instrument at fair value through profit or loss, unless the company's management has elected to classify irrevocably some of its equity instruments at FVOCI, when such instruments meet the definition of Equity under AS 32 Financial Instruments and are not held for trading.

Financial assets are not reclassified subsequent to their initial recognition, except if and in the period the Company changes its business model for managing financial assets.

All financial assets not classified as measured at amortised cost or FVOCI are measured at FVTPL. This includes all derivative financial assets.

c) Subsequent measurement of financial assets

Financial assets at amortised cost are subsequently measured at amortised cost using effective interest method. The amortised cost is reduced by impairment losses. Interest income, foreign exchange gains and losses and impairment are recognised in Statement of profit and loss. Any gain and loss on derecognition is recognised in Statement of profit and loss.

Debt investment at FVOCI are subsequently measured at fair value. Interest income under effective interest method, foreign exchange gains and losses and impairment are recognised in Statement of profit and loss. Other net gains and losses are recognised in OCI. On derecognition, gains and losses accumulated in OCI are reclassified to Statement of profit and loss.

For equity investments, the Company makes an election on an instrument-by-instrument basis to designate equity investments as measured at FVOCI. These elected investments are measured at fair value with gains and losses arising from changes in fair value recognised in other comprehensive income and accumulated in the reserves. The cumulative gain or loss is not reclassified to Statement of profit and loss on disposal of the investments. These investments in equity are not held for trading. Instead, they are held for strategic purpose. Dividend income received on such equity investments are recognised in Statement of profit and loss.

Equity investments that are not designated as measured at FVOCI are designated as measured at FVTPL and subsequent changes in fair value are recognised in Statement of profit and loss.

Financial assets at FVTPL are subsequently measured at fair value. Net gains and losses, including any interest or dividend income, are recognised in Statement of profit and loss.

d) Financial liabilities and equity instruments:

Debt and equity instruments issued by the Company are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

Equity instruments

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities.

Financial liabilities

Financial liabilities are classified as measured at amortised cost or FVTPL. A financial liability is classified as FVTPL if it is classified as held-for-trading or it is a derivative (that does not meet hedge accounting requirements) or it is designated as such on initial recognition. Other financial liabilities are subsequently measured at amortised cost using the effective interest method. Interest expense and foreign exchange gains and losses are recognised in profit or loss. Any gain or loss on derecognition is also recognised in profit or loss.

e) Derecognition of financial assets

The Company derecognises a financial asset when the contractual rights to the cash flows from the financial asset expire, or it transfers the rights to receive the financial asset and substantially all the risks and rewards of ownership of the asset to another party. If the Company neither transfers nor retains substantially all of the risks and rewards of ownership and continues to control the transferred asset, the Company recognises its retained interest in the asset and an associated liability for the amount it may have to pay.

If the Company enters into transactions whereby it transfers assets recognised on its balance sheet, but retains either all or substantially all of the risks and rewards of the transferred assets, the transferred assets are not derecognised and the proceeds received are recognised as a collateralised borrowing.

f) Offsetting

Financial assets and financial liabilities are offset and the net amount presented in the balance sheet when, and only when, the Company currently has a legally enforceable right to set off the amounts and it intends either to settle them on a net basis or to realise the asset and settle the liability simultaneously.

1.32 The Previous Year figures have been regrouped/rearranged wherever necessary to make them comparable.

BUSINESS OVERVIEW

Our Company is engaged in providing innovative, safe and eco-friendly engineering solutions to our customers. These solutions include three major categories:

1. Sustainable Theme Park Development
2. Industrial Waste Water Management
3. Geo Technical Specialised Solutions

Sustainable Theme Park Development includes but not limited to creating beautification artwork and infrastructure, landscape designing, sourcing and execution of waste materials and transforming them into meaningful and attractive show pieces. It involves incorporating environmentally friendly practices and responsible resource management throughout the planning, design, and operational phases of the project. It goes beyond traditional development approaches by prioritizing ecological, social, and economic considerations.

Industrial Waste Water Management involves the systematic treatment and responsible handling of wastewater generated by industrial processes. The goal is to mitigate the environmental impact of potentially harmful substances, promote water conservation, and even extract valuable resources from the wastewater. Under this segment, we have acquired GEIST, a water treatment technology, developing solutions for the recovery of chemicals from industrial waste water streams. It offers Turnkey Solutions for achieving profitable zero liquid discharge (ZLD). This technology is also termed as WOOW (Wealth out of Waste) Technologies.

Geo Technical Specialised Solutions includes but not limited to reinforcement of soil walls and slopes, slope stabilization, retaining structures, ground improvement, riverside erosion control, coastal protection and similar

activities. These services are offered including designing, supplying and construction undertaken by the company's in-house chartered engineers and backed up by a full indemnity supervision team.

Our highly competent team of engineers and trained technicians spearhead the process to timely deliver the solutions at your doorstep. We have a strong, diverse, and dedicated leadership and delivery team that is positioning the firm for growth and for the seamless transition of the next generation of leaders.

FISCAL ENDED MARCH 31, 2023 COMPARED WITH THE FISCAL YEAR ENDED MARCH 31, 2022 (BASED ON RESTATED FINANCIAL STATEMENTS FISCAL YEAR MARCH 31, 2023 COMPARED WITH THE FISCAL YEAR ENDED MARCH 31, 2022 (BASED ON CONSOLIDATED RESTATED FINANCIAL STATEMENTS).

Revenues

- **Total Income**

Total Income for the Financial Year 2022-23, stood at Rs. 2,588.40 Lakhs whereas in Financial Year 2021-22 it stood at Rs. 3,083.89 Lakhs representing a decrease of 16.07%.

Reason: *The decrease in total income of the company is due to a decrease in the revenue of the company.*

- **Revenue from operations**

Revenue from operation for the Financial Year 2022-23, stood at Rs. 2,572.50 Lakhs whereas in Financial Year 2021-22 it stood at Rs. 3,063.92 Lakhs representing a decrease of 16.04%.

Reason: *Revenue from operation decreased primarily because of decrease in sales of goods (domestically) as compared to previous financial year. Revenue breakup of the same is as follows:*

Particulars	<i>Amount in lakhs</i>	
	For the year ended March 31, 2023	For the year ended March 31, 2022
Sales Goods-Domestic	2,541.04	3,063.92

Allotment only in Dematerialized form

Pursuant to Section 29 of the Companies Act, the Equity Shares shall be Allotted only in dematerialized form. As per SEBI ICDR Regulations, the trading of the Equity Shares shall only be in dematerialized form. In this context, two agreements have been signed by our Company with the respective Depositories and the Registrar to the Issue before filing this Draft Red Herring Prospectus:

- Tripartite agreement dated October 23, 2023 among CDSL, our Company and the Registrar to the Issue; and
- Tripartite agreement dated August 20, 2021 among NSDL, our Company and the Registrar to the Issue.

As per the provisions of the Depositories Act, 1996 & regulations made there under and Section 29 (1) of the Companies Act, 2013, the equity shares of a body corporate shall be in dematerialized form i.e. not in the form of physical certificates, but be fungible and be represented by the statement issued through electronic mode. The trading of the Equity Shares will happen in the minimum contract size of [●] Equity Shares and the same may be modified by the NSE Limited from time to time by giving prior notice to investors at large. Allocation and allotment of Equity Shares through this Issue will be done in multiples of [●] Equity Shares subject to a minimum allotment of [●] Equity Shares to the successful Applicants in terms of the SEBI circular No. CIR/MRD/DSA/06/2012 dated February 21, 2012.

Minimum Application value, Market Lot and Trading Lot

In accordance with Regulation 267 (2) of the SEBI ICDR Regulations, our Company shall ensure that the minimum application size shall not be less than ₹ 1,00,000/- (Rupees One Lakh) per application.

The trading of the Equity Shares will happen in the minimum contract size of [●] Equity Shares and the same may be modified by the EMERGE Platform of NSE from time to time by giving prior notice to investors at large. For further details, see “Issue Procedure” on page 320 of this Draft Red Herring Prospectus.

Minimum Number of Allottees

Further in accordance with Regulation 268(1) of SEBI ICDR Regulations, the minimum number of allottees in this Issue shall be 50 shareholders. In case the minimum number of prospective allottees is less than 50, no allotment will be made pursuant to this Issue and all the monies blocked by SCSBs shall be unblocked within four (4) working days of closure of Issue.

Joint Holders

Where 2 (two) or more persons are registered as the holders of any Equity Shares, they will be deemed to hold such Equity Shares as joint holders with benefits of survivorship.

Jurisdiction

Exclusive Jurisdiction for the purpose of this Issue is with the competent courts/authorities in India.

The Equity Share have not been and will not be registered under the U.S. Securities Act or any state securities laws in the United States and may not be issued or sold within the United States or to, or for the account or benefit of, U.S. persons (as defined in Regulation S), except pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the U.S. Securities Act and applicable U.S. state securities laws. Accordingly, the Equity Shares are being issued and sold only outside the United States in off-shore transactions in reliance on Regulation S under the U.S. Securities Act and the applicable laws of the jurisdiction where those issues and sales occur.

The Equity Shares have not been and will not be registered, listed or otherwise qualified in any other jurisdiction outside India and may not be issued or sold, and applications may not be made by persons in any such jurisdiction, except in compliance with the applicable laws of such jurisdiction.

Nomination Facility to the Investor

In accordance with Section 72 of the Companies Act, 2013, read with Companies (Share Capital and Debentures) Rules, 2014, the sole Applicant, or the first Applicant along with other joint Applicants, may nominate any one person in whom, in the event of the death of sole Applicant or in case of joint Applicants, death of all the Applicants, as the case may be, the Equity Shares Allotted, if any, shall vest. A person, being an nominee, entitled to the Equity Shares by reason of the death of the original holder(s), shall be entitled to the same advantages to which he or she would be entitled if he or she were the registered holder of the Equity Share(s). Where the nominee is a minor, the holder(s) may make a nomination to appoint, in the prescribed manner, any person to become entitled to equity share(s) in the event of his or her death during the minority. A nomination shall stand rescinded upon a

sale/transfer/alienation of Equity Share(s) by the person nominating. A buyer will be titled to make a fresh nomination in the manner prescribed. Fresh nomination can be made only on the prescribed form available on request at our Registered Office or Corporate Office or to the registrar and transfer agents of our Company.

Any person who becomes a nominee by virtue of the provisions of Section 72 of the Companies Act shall upon production of such evidence, as may be required by the Board, elect either:

1. to register himself or herself as the holder of the equity shares; or
2. to make such transfer of the equity shares, as the deceased holder could have made.

Further, the Board may at any time give notice requiring any nominee to choose either to be registered himself or herself or to transfer the equity shares, and if the notice is not complied with within a period of ninety (90) days, the Board may thereafter withhold payment of all dividends, bonuses or other monies payable in respect of the equity shares, until the requirements of the notice have been complied with.

Since the Allotment of Equity Shares in the Issue will be made only in dematerialized form, there is no need to make a separate nomination with our Company. Nominations registered with respective depository participant of the applicant would prevail. If the Applicants require changing of their nomination, they are requested to inform their respective depository participant.

The SEBI vide its circular no. SEBI/HO/CFD/DIL2/CIR/P/2018/138 dated November 1, 2018, read with its circular no. SEBI/HO/CFD/DIL2/CIR/P/2019/50 dated April 3, 2019, has introduced an alternate payment mechanism using Unified Payments Interface (“UPI”) and consequent reduction in timelines for listing in a phased manner. From January 01, 2019, the UPI Mechanism for RIBs applying through Designated Intermediaries was made effective along with the existing process and existing timeline of T+6 days. (“UPI Phase I”). The UPI Phase-I was effective till June 30, 2019.

Subsequently, for applications by Retail Individual Investors through Designated Intermediaries, the process of physical movement of forms from Designated Intermediaries to SCSBs for blocking of funds has been discontinued and only the UPI Mechanism with existing timeline of T+6 days is applicable for a period of six months or launch of five main board public issues, whichever is later (“UPI Phase II”), with effect from July 1, 2019, by SEBI circular (SEBI/HO/CFD/DIL2/CIR/P/2019/76) dated June 28, 2019, read with circular (SEBI/HO/CFD/DIL2/CIR/P/2019/85) dated July 26, 2019. Further, as per the SEBI circular (SEBI/HO/CFD/DCR2/CIR/P/2019/133) dated November 8, 2019, the UPI Phase II had been extended until March 31, 2020. However, due to the outbreak of COVID-19 pandemic, UPI Phase II has been further extended by SEBI until further notice, by its circular (SEBI/HO/CFD/DIL2/CIR/P/2020/50) dated March 30, 2020. Thereafter, the final reduced timeline of T+3 days may be made effective using the UPI Mechanism for applications by Retail Individual Investors (“UPI Phase III”), as may be prescribed by SEBI. Further, SEBI, vide its circular no. SEBI/HO/CFD/DIL2/CIR/P/2021/2480/1/M dated March 16, 2021, and circular no.

SEBI/HO/CFD/DIL2/P/CIR/2021/570 dated June 2, 2021, has introduced certain additional measures for streamlining the process of initial public offers and redressing investor grievances. This circular is effective for initial public offers opening on/or after May 1, 2021, except as amended pursuant to SEBI circular SEBI/HO/CFD/DIL2/P/CIR/2021/570 dated June 2, 2021, and SEBI circular no. SEBI/HO/CFD/DIL2/CIR/P/2022/51 dated April 20, 2022, and the provisions of this circular are deemed to form part of this Prospectus. Furthermore, pursuant to SEBI circular no. SEBI/HO/CFD/DIL2/P/CIR/P/2022/45 dated April 5, 2022, all individual Investors in initial public offerings (opening on or after May 1, 2022) whose application sizes are up to ₹ 500,000 shall use the UPI Mechanism.

Furthermore, SEBI vide press release bearing number 12/2023 has approved the proposal for reducing the time period for listing of shares in public issue from existing 6 working days to 3 working days from the date of the closure of the issue. The revised timeline of T+3 days shall be made applicable in two phases i.e. voluntary for all public issues opening on or after September 1, 2023, and mandatory on or after December 1, 2023. Further, SEBI has vide its circular no. SEBI/HO/CFD/TPD1/CIR/P/2023/140 dated August 9, 2023 reduced the time taken for listing of specified securities after the closure of a public issue to three Working Days. Accordingly, the Issue will be made under UPI Phase III on a mandatory basis, subject to any circulars, clarification or notification issued by the SEBI from time to time.

REDUCTION OF TIMELINE FOR LISTING OF SHARES IN PUBLIC ISSUE FROM EXISTING T+6 DAYS TO T+3 DAYS

The SEBI vide its circular no. SEBI/HO/CFD/TPD1/CIR/P/2023/140 dated August 09, 2023, has introduced reduction of timeline for listing of shares in public issue from existing t+6 days to t+3 days. This circular shall be applicable on voluntary basis for public issues opening on or after September 1, 2023 and Mandatory for public issues opening on or after December 1, 2023.

Consequent to extensive consultation with the market participants and considering the public comments received pursuant to consultation paper on the aforesaid subject matter, it has been decided to reduce the time taken for listing of specified securities after the closure of public issue to 3 working days (T+3 days) as against the requirement of 6 working days (T+6 days); 'T' being issue closing date.

The T+3 timeline for listing shall be appropriately disclosed in the Offer Documents of public issues.

Notwithstanding anything contained in Schedule VI of the ICDR Regulations, the provisions of this circular shall be applicable:

- On voluntary basis for public issues opening on or after September 1, 2023, and
- Mandatory for public issues opening on or after December 1, 2023.

The timelines prescribed for public issues as mentioned in SEBI circulars dated November 1, 2018, June 28, 2019, November 8, 2019, March 30, 2020, March 16, 2021, June 2, 2021, and April 20, 2022, shall stand modified to the extent stated in this Circular.

SEBI circular no. SEBI/HO/CFD/DIL2/CIR/P/2021/2480/1/M dated March 16, 2021 read with SEBI circular no. SEBI/HO/CFD/DIL1/CIR/P/2021/47 dated March 31, 2021 effective to public issues opening on or after from May 01, 2021. However, said circular has been modified pursuant to SEBI Circular no. SEBI/HO/CFD/DIL2/P/CIR/2021/570 dated June 2, 2021 in which certain applicable procedure w.r.t. SMS Alerts,

Web portal to CUG etc. shall be applicable to Public Issue opening on or after January 1, 2022 and October 1, 2021 respectively and the provisions of this circular, as amended, are deemed to form part of this Draft Red Herring Prospectus. Additionally, SEBI vide its circular no. SEBI/HO/CFD/DIL1/CIR/P/2021/47 dated March 31, 2021 has reduced the time period for refund of application monies from 15 days to four days. Furthermore, pursuant to SEBI circular no. SEBI/HO/CFD/DIL2/P/CIR/P/2022/45 dated April 5, 2022, all UPI Bidders in initial public offerings (opening on or after May 01, 2022) whose application sizes are up to Rs. 5,00,000/- shall use the UPI Mechanism.

PHASED IMPLEMENTATION OF UNIFIED PAYMENTS INTERFACE

SEBI has issued UPI Circulars in relation to streamlining the process of public issue of equity shares and convertibles. Pursuant to the UPI Circulars, UPI will be introduced in a phased manner as a payment mechanism (in addition to mechanism of blocking funds in the account maintained with SCSBs under the ASBA) for applications by RIIs through intermediaries with the objective to reduce the time duration from public issue closure to listing from six Working Days to up to three Working Days. Considering the time required for making necessary changes to the systems and to ensure complete and smooth transition to the UPI Mechanism, the UPI Circulars proposes to introduce and implement the UPI Mechanism in three phases in the following manner:

- a. Phase I: This phase was applicable from January 01, 2019 and lasted till June 30, 2019. Under this phase, a Retail Individual applicant, besides the modes of Bidding available prior to the UPI Circulars, also had the option to submit the Bid cum Application Form with any of the intermediary and use his / her UPI ID for the

purpose of blocking of funds. The time duration from public issue closure to listing continued to be six Working Days.

- b. Phase II: This phase commenced on completion of Phase I i.e. with effect from July 1, 2019 and was to be continued for a period of three months or launch of five main board public issues, whichever is later. Further, as per the SEBI circular SEBI/HO/CFD/DCR2/CIR/P/2019/133 dated November 8, 2019, the UPI Phase II has been extended until March 31, 2020. Further still, as per SEBI circular SEBI/HO/CFD/DIL2/CIR/P/2020/50 dated March 30, 2020, the current Phase II of Unified Payments Interface with Application Supported by Blocked Amount be continued till further notice. Under this phase, submission of the Application Form by a Retail Individual Applicant through intermediaries to SCSBs for blocking of funds will be discontinued and will be replaced by the UPI Mechanism. However, the time duration from public issue closure to listing would continue to be six Working Days during this phase.
- c. Phase III: This phase has become applicable on a voluntary basis for all issues opening on or after September 1, 2023, and on a mandatory basis for all issues opening on or after December 1, 2023, vide SEBI circular bearing number SEBI/HO/CFD/TPD1/CIR/P/2023/140 dated August 9, 2023 ("T+3 Notification"). In this phase, the time duration from public issue closure to listing has been reduced to three Working Days. The Issue shall be undertaken pursuant to the processes and procedures as notified in the T+3 Notification as applicable, subject to any circulars, clarification or notification issued by the SEBI from time to time, including any circular, clarification or notification which may be issued by SEBI.

All SCSBs offering the facility of making applications in public issues are required to provide a facility to make applications using the UPI Mechanism. Further, in accordance with the UPI Circulars, our Company has appointed [●] as the Sponsor Bank to act as a conduit between the Stock Exchanges and NPCI in order to facilitate collection of requests and / or payment instructions of the Retail Individual Investors into the UPI mechanism.

Pursuant to the UPI Circular, SEBI has set out specific requirements for redressal of investor grievances for applications that have been made through the UPI Mechanism. The requirements of the UPI Circular include, appointment of a nodal officer by the SCSB and submission of their details to SEBI, the requirement for SCSBs to send SMS alerts for the blocking and unblocking of UPI mandates, the requirement for the Registrar to submit details of cancelled, withdrawn or deleted applications, and the requirement for the bank accounts of unsuccessful Bidders to be unblocked no later than one day from the date on which the Basis of Allotment is finalised. Failure to unblock the accounts within the timeline would result in the SCSBs being penalised under the relevant securities law. Additionally, if there is any delay in the redressal of investors' complaints in this regard, the relevant SCSB as well as the post – Offer BRLM will be required to compensate the concerned investor.

SEBI through its circular (SEBI/HO/CFD/DIL2/CIR/P/2022/45) dated April 5, 2022, has prescribed that all individual investors applying in initial public offerings opening on or after May 1, 2022, where the application amount is up to Rs. 5,00,000, shall use UPI. Individual investors bidding under the Non-Institutional Portion bidding for more than Rs. 200,000 and up to Rs. 5,00,000, using the UPI Mechanism, shall provide their UPI ID in the Bid-cum-Application Form for Bidding through Syndicate, sub-syndicate members, Registered Brokers, RTAs or CDPs, or online using the facility of linked online trading, demat and bank account (3 in 1 type accounts), provided by certain brokers.

The processing fees for applications made by Retail Individual Bidders using the UPI Mechanism may be released to the remitter banks (SCSBs) only after such banks provide a written confirmation on compliance with SEBI

Circular No: SEBI/HO/CFD/DIL2/P/CIR/2021/570 dated June 2, 2021 read with SEBI Circular No: SEBI/HO/CFD/DIL2/CIR/P/2021/2480/1/M dated March 16, 2021.

APPLICATIONS BY ELIGIBLE FIIs/FPIs

In terms of the SEBI FPI Regulations, an FII who holds a valid certificate of registration from SEBI shall be deemed to be a registered FPI until the expiry of the block of three years for which fees have been paid as per the SEBI FPI Regulations.

An FII or sub-account may, subject to payment of conversion fees under the SEBI FPI Regulations participate in the Issue until the expiry of its registration with SEBI as an FII or sub-account, or if it has obtained a certificate of registration as an FPI, whichever is earlier. Accordingly, such FIIs can, subject to the payment of conversion fees under the SEBI FPI Regulations, participate in this Offer in accordance with Schedule 2 of the FEMA Regulations. An FII shall not be eligible to invest as an FII after registering as an FPI under the SEBI FPI Regulations.

In terms of the SEBI FPI Regulations, the purchase of Equity Shares and total holding by a single FPI or an investor group (which means the same set of ultimate beneficial owner(s) investing through multiple entities) must be below 10% of our post-issue Equity Share capital. Further, in terms of the FEMA Regulations, the total holding by each FPI shall be below 10% of the total paid-up Equity Share capital of our Company and the total holdings of all FPIs put together shall not exceed 24% of the paid-up Equity Share capital of our Company. The aggregate limit of 24% may be increased up to the sectoral cap by way of a resolution passed by the Board of Directors followed by a

special resolution passed by the Shareholders of our Company and subject to prior intimation to RBI. In terms of the FEMA Regulations, for calculating the aggregate holding of FPIs in a company, holding of all registered FPIs as well as holding of FIIs (being deemed FPIs) shall be included.

Further, pursuant to the Master Directions on Foreign Investment in India issued by the RBI dated January 4, 2018 (updated as on March 8, 2019) the investments made by a SEBI registered FPI in a listed Indian company will be reclassified as FDI if the total shareholding of such FPI increases to more than 10% of the total paid-up equity share capital on a fully diluted basis or 10% or more of the paid up value of each series of debentures or preference shares or warrants.

FPIs are permitted to participate in the Issue subject to compliance with conditions and restrictions which may be specified by the Government from time to time.

Subject to compliance with all applicable Indian laws, rules, regulations, guidelines and approvals in terms of Regulation 22 of the SEBI FPI Regulations, an FPI, other than Category III foreign portfolio investor and unregulated broad based funds, which are classified as Category II foreign portfolio investor by virtue of their investment manager being appropriately regulated, may issue, subscribe to or otherwise deal in offshore derivative instruments (as defined under the SEBI FPI Regulations as any instrument, by whatever name called, which is issued overseas by a FPI against securities held by it that are listed or proposed to be listed on any recognised stock exchange in India, as its underlying) directly or indirectly, only in the event (i) such offshore derivative instruments are issued only to persons who are regulated by an appropriate regulatory authority; and (ii) such offshore derivative instruments are issued after compliance with know your client' norms. Further, pursuant to a Circular dated November 24, 2014 issued by the SEBI, FPIs are permitted to issue offshore derivative instruments only to subscribers that (i) meet the eligibility criteria set forth in Regulation 4 of the SEBI FPI Regulations; and (ii) do not have opaque structures, as defined under the SEBI FPI Regulations. An FPI is also required to ensure that no further issue or transfer of any offshore derivative instrument is made by or on behalf of it to any persons that are not regulated by an appropriate foreign regulatory authority. Further, where an investor has investments as FPI and also holds positions as an overseas direct investment subscriber, investment restrictions under the SEBI FPI Regulations shall apply on the aggregate of FPI investments and overseas direct investment positions held in the underlying Indian company.

FPIs who wish to participate in the Offer are advised to use the Application Form for Non-Residents (blue in color). FPIs are required to apply through the ASBA process to participate in the Offer.

Applicants residing at places where the designated branches of the Banker to the Issue are not located may submit/mail their applications at their sole risk along with Demand payable at Mumbai.

SEBI, vide Circular No. CIR/CFD/14/2012 dated October 04, 2012 has introduced an additional mechanism for investors to submit application forms in public issues using the stock broker (broker) network of Stock Exchanges, who may not be syndicate members in an issue with effect from January 01, 2013. The list of Broker Centre is available on the websites of NSE Limited i.e. www.nseindia.com.

BIDDER'S DEPOSITORY ACCOUNT AND BANK DETAILS

Please note that, providing bank account details in the space provided in the Bid cum application form is mandatory and Bids that do not contain such details are liable to be rejected.

Bidders should note that on the basis of name of the Applicants, Depository Participant's name, Depository Participant Identification number and Beneficiary Account Number provided by them in the Bid cum Application Form, the Registrar to the Issue will obtain from the Depository the demographic details including address, Bidders' bank account details, MICR code and occupation (hereinafter referred to as Demographic Details'). Bidders should carefully fill in their Depository Account details in the Bid cum Application Form.

These Demographic Details would be used for all correspondence with the Bidders including mailing of the CANs / Allocation Advice. The Demographic Details given by Bidders in the Bid cum Application Form would not be used for any other purpose by the Registrar to the Issue.

By signing the Bid Cum Application Form, the Bidders would be deemed to have authorized the depositories to provide, upon request, to the Registrar to the Issue, the required Demographic Details as available on its records.

SUBMISSION OF BIDS

- I. During the Bid/ Offer Period, Bidders may approach any of the Designated Intermediaries to register their Bids.
- II. In case of Bidders (excluding NIIs) Bidding at Cut-off Price, the Bidders may instruct the SCSBs to block Bid Amount based on the Cap Price less Discount (if applicable).
- III. For Details of the timing on acceptance and upload of Bids in the Stock Exchange Platform Bidders are requested to refer to the Draft Red Herring Prospectus.

BASIS OF ALLOTMENT

Allotment will be made in consultation with the NSE. In the event of oversubscription, the allotment will be made on a proportionate basis in marketable lots as set forth here:

1. The total number of Shares to be allocated to each category as a whole shall be arrived at on a proportionate basis i.e. the total number of Shares applied for in that category multiplied by the inverse of the over subscription ratio (number of applicants in the category X number of Shares applied for).

2. The number of Shares to be allocated to the successful applicants will be arrived at on a proportionate basis in marketable lots (i.e. Total number of Shares applied for into the inverse of the over subscription ratio).
 - a) For applications where the proportionate allotment works out to less than [●] equity shares the allotment will be made as follows:
 1. Each successful applicant shall be allotted [●] equity shares; and
 2. The successful applicants out of the total applicants for that category shall be determined by the drawl of lots in such a manner that the total number of Shares allotted in that category is equal to the numberof Shares worked out as per (2) above.
 - b) If the proportionate allotment to an applicant works out to a number that is not a multiple of [●] equity shares, the applicant would be allotted Shares by rounding off to the nearest multiple of [●] equity shares subject to a minimum allotment of [●] equity shares.
 - c) If the Shares allotted on a proportionate basis to any category is more than the Shares allotted to the applicants in that category, the balance available Shares for allocation shall be first adjusted against any category, where the allotted Shares are not sufficient for proportionate allotment to the successful applicants in that category, the balance Shares, if any, remaining after such adjustment will be added to the category comprising of applicants applying for the minimum number of Shares. If as a result of the process of rounding off to the nearest multiple of [●] equity shares, results in the actual allotment being higher than the shares offered, the final allotment may be higher at the sole discretion of the Board of Directors, up to 110% of the size of the offer specified under the Capital Structure mentioned in this Draft Red Herring Prospectus.
 - d) The above proportionate allotment of shares in an Issue that is oversubscribed shall be subject to the reservation for small individual applicants as described below:
 1. As the retail individual investor category is entitled to more than fifty percent on proportionate basis,the retail individual investors shall be allocated that higher percentage.
 2. The balance net offer of shares to the public shall be made available for allotment to
 - a) Individual applicants other than retails individual investors and
 - b) Other investors, including Corporate Bodies/ Institutions irrespective of number of shares applied for.
 3. The unsubscribed portion of the net offer to any one of the categories specified in a) or b) shall/maybe made available for allocation to applicants in the other category, if so required.

Retail Individual Investor' means an investor who applies for shares of value of not more than Rs. 2,00,000/. Investors may note that in case of over subscription allotment shall be on proportionate basis and will be finalized in consultation with NSE.

The Executive Director / Managing Director of NSE – the Designated Stock Exchange in addition to BRLM and Registrar to the Public Issue shall be responsible to ensure that the basis of allotment is finalized in a fair and proper manner in accordance with the SEBI (ICDR) Regulations.

INFORMATION FOR BIDDERS

The relevant Designated Intermediary will enter a maximum of three Bids at different price levels opted in the Bid cum Application Form and such options are not considered as multiple Bids. It is the Bidder's responsibility to obtain the acknowledgment slip from the relevant Designated Intermediary. The registration of the Bid by the Designated Intermediary does not guarantee that the Equity Shares shall be allocated/Allotted. Such Acknowledgement Slip will be non-negotiable and by itself will not create any obligation of any kind. When a Bidder revises his or her Bid, he /she shall surrender the earlier Acknowledgement Slip and may request for a revised acknowledgment slip from the relevant Designated Intermediary as proof of his or her having revised the previous Bid. In relation to electronic registration of Bids, the permission given by the Stock Exchange to use their network and software of the electronic bidding system should not in any way be deemed or construed to mean that the compliance with various statutory and other requirements by our Company, the BRLM are cleared or approved by the Stock Exchange; nor does it in any manner warrant, certify or endorse the correctness or completeness of compliance with the statutory and other requirements, nor does it take any responsibility for the financial or other soundness of our Company, the management or any scheme or project of our Company; nor does it in any manner warrant, certify or endorse the correctness or completeness of any of the contents of the Draft Red Herring Prospectus or the Red Herring Prospectus; nor does it warrant that the Equity Shares will be listed or will continue to be listed on the Stock Exchanges.

OTHER INSTRUCTIONS

Joint Applications in the case of Individuals

Applications may be made in single or joint names (not more than three). In the case of joint Applications, all payments will be made out in favour of the Applicant whose name appears first in the Application Form or Revision Form. All communications will be addressed to the First Applicant and will be dispatched to his or her address as per the Demographic Details received from the Depository.

Multiple Applications

An Applicant should submit only one Application (and not more than one) for the total number of Equity Shares required. Two or more Applications will be deemed to be multiple Applications if the sole or First Applicant is one and the same.

In this regard, the procedures which would be followed by the Registrar to the Issue to detect multiple applications are given below:

- (i) All applications are electronically strung on first name, address (1st line) and applicant's status. Further, these applications are electronically matched for common first name and address and if matched, these are checked manually for age, signature and father/ husband's name to determine if they are multiple applications.
- (ii) Applications which do not qualify as multiple applications as per above procedure are further checked for common DP ID/ beneficiary ID. In case of applications with common DP ID/ beneficiary ID, are manually checked to eliminate possibility of data entry error to determine if they are multiple applications.
- (iii) Applications which do not qualify as multiple applications as per above procedure are further checked for common PAN. All such matched applications with common PAN are manually checked to eliminate possibility of data capture error to determine if they are multiple applications.

In case of a mutual fund, a separate Application can be made in respect of each scheme of the mutual fund registered with SEBI and such Applications in respect of more than one scheme of the mutual fund will not be treated as multiple Applications provided that the Applications clearly indicate the scheme concerned for which the Application has been made.

In cases where there are more than 20 valid applications having a common address, such shares will be kept in abeyance, post allotment and released on confirmation of know your client's norms by the depositories. The Company reserves the right to reject, in our absolute discretion, all or any multiple Applications in any or all categories.

After submitting an ASBA Application either in physical or electronic mode, an ASBA Applicant cannot apply (either in physical or electronic mode) to either the same or another Designated Branch of the SCSB. Submission of a second Application in such manner will be deemed a multiple Application and would be rejected. More than one ASBA Applicant may apply for Equity Shares using the same ASBA Account, provided that the SCSBs will not accept a total of more than five Application Forms with respect to any single ASBA Account.

Duplicate copies of Application Forms downloaded and printed from the website of the Stock Exchange bearing the same application number shall be treated as multiple applications and are liable to be rejected. The Company,

in consultation with the BRLM reserves the right to reject, in its absolute discretion, all or any multiple applications in any or all categories. In this regard, the procedure which would be followed by the Registrar to the Issue to detect multiple applications is given below:

1. All Applications will be checked for common PAN. For Applicants other than Mutual Funds and FII subaccounts, Applications bearing the same PAN will be treated as multiple Applications and will be rejected.
2. For Applications from Mutual Funds and FII sub-accounts, submitted under the same PAN, as well as Applications on behalf of the Applicants for whom submission of PAN is not mandatory such as the Central or State Government, an official liquidator or receiver appointed by a court and residents of Sikkim, the Application Forms will be checked for common DP ID and Client ID.

PERMANENT ACCOUNT NUMBER OR PAN

Pursuant to the circular MRD/DoP/Circ 05/2007 dated April 27, 2007, SEBI has mandated Permanent Account Number (PAN) to be the sole identification number for all participants transacting in the securities market, irrespective of the amount of the transaction w.e.f. July 02, 2007. Each of the Applicants should mention his/her PAN allotted under the IT Act. **Bid submitted without this information will be considered incomplete and are liable to be rejected.** It is to be specifically noted that Applicants should not submit the GIR number instead of the PAN, as the Application is liable to be rejected on this ground.

RIGHT TO REJECT APPLICATIONS

In case of QIB Applicants, the Company in consultation with the BRLM may reject Applications provided that the reasons for rejecting the same shall be provided to such Applicant in writing. In case of Non-Institutional Applicants, Retail Individual Applicants who applied, the Company has a right to reject Applications based on technical grounds.

GROUND FOR REJECTIONS

In addition to the grounds for rejection of Bids on technical grounds as provided in the General Information Document, the bidders are advised to note that Bids are liable to be rejected inter alia on the following technical grounds:

- The allotment and trading of the Equity Shares of the Company would be in dematerialized form only for all investors.

TERMS OF PAYMENT

The entire Issue price of Rs. [●] /- per share is payable on application. In case of allotment of lesser number of Equity Shares than the number applied, the Registrar shall instruct the SCSBs or Sponsor Bank to unblock the excess amount paid on Application to the Bidders.

SCSBs or Sponsor Bank will transfer the amount as per the instruction of the Registrar to the Public Issue Account, the balance amount after transfer will be unblocked by the SCSBs or Sponsor Bank.

The applicants should note that the arrangement with Banker to the Issue or the Registrar or Sponsor Bank is not prescribed by SEBI and has been established as an arrangement between our Company, Banker to the Issue and the Registrar to the Issue to facilitate collections from the Applicants.

PAYMENT MECHANISM FOR APPLICANTS

The Bidders shall specify the bank account number in their Application Form and the SCSBs shall block an amount equivalent to the Application Amount in the bank account specified in the Application Form sent by the Sponsor Bank. The SCSB or Sponsor Bank shall keep the Application Amount in the relevant bank account blocked until withdrawal/ rejection of the Application or receipt of instructions from the Registrar to unblock the Application Amount. However Non-Retail Bidders shall neither withdraw nor lower the size of their applications at any stage. In the event of withdrawal or rejection of the Bid or for unsuccessful Bids, the Registrar to the Issue shall give instructions to the SCSBs to unblock the application money in the relevant bank account within one day of receipt of such instruction. The Application Amount shall remain blocked in the ASBA Account until finalization of the Basis of Allotment in the Issue and consequent transfer of the Application Amount to the Public Issue Account, or until withdrawal/ failure of the Issue or until rejection of the Application by the ASBA Applicant, as the case may be.

Please note that, in terms of SEBI Circular No. CIR/CFD/POLICYCELL/11/2015 dated November 10, 2015 and the SEBI (Issue of Capital and Disclosure Requirements) Regulations, 2018, all the investors applying in a public Offer shall use only Application Supported by Blocked Amount (ASBA) process for application providing details of the bank account which will be blocked by the Self Certified Syndicate Banks (SCSBs) for the same. Further, pursuant to SEBI Circular No. SEBI/HO/CFD/DIL2/CIR/P/2018/138 dated November 01, 2018, Retail Individual Investors applying in public offer may use either Application Supported by Blocked Amount (ASBA) facility for making application or also can use UPI as a payment mechanism with Application Supported by Blocked Amount for making application. SEBI through its circular (SEBI/HO/CFD/DIL2/CIR/P/2022/45) dated April 5, 2022, has prescribed that all individual investors applying in initial public offerings opening on or after May 1, 2022, where the application amount is up to Rs. 5,00,000, may use UPI.

PAYMENT BY STOCK INVEST

In terms of the Reserve Bank of India Circular No. DBOD No. FSC BC 42/ 24.47.00/ 2003-04 dated November 05, 2003; the option to use the stock invest instrument in lieu of cheques or banks for payment of Application money has been withdrawn. Hence, payment through stock invest would not be accepted in this Issue.

The Company will intimate the details of allotment of securities to Depository immediately on allotment of securities under relevant provisions of the Companies Act, 2013 or other applicable provisions, if any.

NAMES OF ENTITIES RESPONSIBLE FOR FINALISING THE BASIS OF ALLOTMENT IN A FAIR AND PROPER MANNER

The authorised employees of the Stock Exchange, along with the BRLM and the Registrar, shall ensure that the Basis of Allotment is finalised in a fair and proper manner in accordance with the procedure specified in SEBI ICDR Regulations.

METHOD OF ALLOTMENT AS MAY BE PRESCRIBED BY SEBI FROM TIME TO TIME

Our Company will not make any allotment in excess of the Equity Shares offered through the offer document except in case of oversubscription for the purpose of rounding off to make allotment, in consultation with the Designated Stock Exchange. The allotment of Equity Shares to applicants other than to the Retail Individual Investors shall be on a proportionate basis within the respective investor categories and the number of securities allotted shall be rounded off to the nearest integer, subject to minimum allotment being equal to the minimum application size.

DISPOSAL OF APPLICATION AND APPLICATION MONIES AND INTEREST IN CASE OF DELAY

The company shall ensure the dispatch of allotment advice, instruction to SCSBs and give benefit to the beneficiary account with Depository Participants and submit the documents pertaining to the allotment to the stock exchange within one (1) working day of the date of allotment of equity shares.

The company shall use best efforts that all steps for completion of the necessary formalities for listing and commencement of trading at Emerge platform of NSE, where the equity shares are proposed to be listed are taken within three (3) working days of the closure of the issue.

MODE OF REFUNDS

a) In case of ASBA Applicants: Within 3 (three) Working Days of the Issue Closing Date, the Registrar to the Issue may give instructions to SCSBs for unblocking the amount in ASBA Account on unsuccessful Application, for any excess amount blocked on Application, for any ASBA application withdrawn, rejected or unsuccessful or in the event of withdrawal or failure of the Offer

b) In the case of Applications from Eligible NRIs and FPIs, refunds, if any, may generally be payable in Indian Rupees only and net of bank charges and/ or commission. If so desired, such payments in Indian Rupees may be converted into U.S. Dollars or any other freely convertible currency as may be permitted by the RBI at the rate of exchange prevailing at the time of remittance and may be dispatched by registered post. The Company may not be responsible for loss, if any, incurred by the applicant on account of conversion of foreign currency.

c) In case of Other Investors: Within Three Working Days of the Issue Closing Date, the Registrar to the Issue may dispatch the refund orders for all amounts payable to unsuccessful Investors. In case of Investors, the Registrar to the Offer may obtain from the depositories, the Applicants' bank account details, including the MICR code, on the basis of the DP ID, Client ID and PAN provided by the Investors in their Investor Application Forms for refunds. Accordingly, Investors are advised to immediately update their details as appearing on the records of their depositories. Failure to do so may result in delays in dispatch of refund orders or refunds through electronic transfer of funds, as applicable, and any such delay may be at the Investors' sole risk and neither the Issuer, the Registrar to the Issue, the Escrow Collection Banks, may be liable to compensate the Investors for any losses caused to them due to any such delay, or liable to pay any interest for such delay.

MODE OF MAKING REFUNDS FOR APPLICANTS OTHER THAN ASBA APPLICANTS

The payment of refund, if any, may be done through various modes as mentioned below:

(i) NECS - Payment of refund may be done through NECS for Applicants having an account at any of the centers specified by the RBI. This mode of payment of refunds may be subject to availability of complete bank account details including the nine-digit MICR code of the applicant as obtained from the Depository

(ii) NEFT - Payment of refund may be undertaken through NEFT wherever the branch of the Applicants' bank is NEFT enabled and has been assigned the Indian Financial System Code ("IFSC"), which can be linked to the MICR of that particular branch. The IFSC Code may be obtained from the website of RBI as at a date prior to the date of payment of refund, duly mapped with MICR numbers. Wherever the Applicants have registered their nine-digit MICR number and their bank account number while opening and operating the demat account, the same may be duly mapped with the IFSC Code of that particular bank branch and the payment of refund may be made to the Applicants' through this method. In the event NEFT is not operationally feasible, the payment of refunds may be made through any one of the other modes as discussed in this section;

(iii) Direct Credit – Applicants having their bank account with the Refund Banker may be eligible to receive refunds, if any, through direct credit to such bank account;

(iv) RTGS – Applicants having a bank account at any of the centres notified by SEBI where clearing houses are managed by the RBI, may have the option to receive refunds, if any, through RTGS. The IFSC code shall be obtained from the demographic details. Investors should note that on the basis of PAN of the applicant, DP ID and beneficiary account number provided by them in the Application Form, the Registrar to the Issue will obtain from the Depository the demographic details including address, Investors' account details, IFSC code, MICR code and

occupation (hereinafter referred to as “Demographic Details”). The bank account details for would be used giving refunds. Hence, Applicants are advised to immediately update their bank account details as appearing on the records of the Depository Participant. Please note that failure to do so could result in delays in dispatch/ credit of refunds to Applicants at their sole risk and neither the BRLM or the Registrar to the Issue or the Escrow Collection Bank nor the Company shall have any responsibility and undertake any liability for the same;

(v) Please note that refunds, on account of our Company not receiving the minimum subscription, shall be credited only to the bank account from which the Bid Amount was remitted to the Escrow Bank. For details of levy of charges, if any, for any of the above methods, Bank charges, if any, for cashing such cheques, pay orders or demand drafts at other centers etc. Investors may refer to Red Herring Prospectus.

INTEREST IN CASE OF DELAY IN ALLOTMENT OR REFUND

ISSUE PROCEDURE FOR ASBA (APPLICATION SUPPORTED BY BLOCKED ACCOUNT) APPLICANTS

In accordance with the SEBI Circular No. CIR/CFD/POLICYCELL/11/2015 dated November 10, 2015 all the Applicants have to compulsorily apply through the ASBA Process. Our Company and the BRLM are not liable for any amendments, modifications, or changes in applicable laws or regulations, which may occur after the date of this Draft Red Herring Prospectus. ASBA Applicants are advised to make their independent investigations and to ensure that the ASBA Application Form is correctly filled up, as described in this section.

This section is for the information of investors proposing to subscribe to the Issue through the ASBA process. Our Company and the BRLM are not liable for any amendments, modifications, or changes in applicable laws or regulations, which may occur after the date of this Draft Red Herring Prospectus. ASBA Applicants are advised to make their independent investigations and to ensure that the ASBA Application Form is correctly filled up, as described in this section.

The lists of banks that have been notified by SEBI to act as SCSB (Self Certified Syndicate Banks) for the ASBA Process are provided on http://www.sebi.gov.in/cms/sebi_data/attachdocs/1480483399603.html. For details on designated branches of SCSB collecting the Application Form, please refer the above mentioned SEBI link.

ASBA PROCESS

A Resident Retail Individual Investor shall submit his Application through an Application Form, either in physical or electronic mode, to the SCSB with whom the bank account of the ASBA Applicant or bank account utilized by the ASBA Applicant (ASBA Account) is maintained. The SCSB shall block an amount equal to the Application Amount in the bank account specified in the ASBA Application Form, physical or electronic, on the basis of an authorization to this effect given by the account holder at the time of submitting the Application. The Application Amount shall remain blocked in the aforesaid ASBA Account until finalization of the Basis of Allotment in the Issue and consequent transfer of the Application Amount against the allocated shares to the ASBA Public Issue Account, or until withdrawal/failure of the Issue or until withdrawal/rejection of the ASBA Application, as the case may be.

The ASBA data shall thereafter be uploaded by the SCSB in the electronic IPO system of the Stock Exchange. Once the Basis of Allotment is finalized, the Registrar to the Issue shall send an appropriate request to the Controlling Branch of the SCSB for unblocking the relevant bank accounts and for transferring the amount allocable to the successful ASBA Applicants to the ASBA Public Issue Account. In case of withdrawal/failure of the Issue, the blocked amount shall be unblocked on receipt of such information from the LM.

ASBA Applicants are required to submit their Applications, either in physical or electronic mode. In case of application in physical mode, the ASBA Applicant shall submit the ASBA Application Form at the Designated Branch of the SCSB. In case of application in electronic form, the ASBA Applicant shall submit the Application Form either through the internet banking facility available with the SCSB, or such other electronically enabled mechanism for applying and blocking funds in the ASBA account held with SCSB, and accordingly registering such Applications.

Who can apply?

Please note that, in accordance with the SEBI circular no. CIR/CFD/POLICYCELL/11/2015 dated November 10, 2015 and the SEBI (Issue of Capital and Disclosure Requirements) Regulations, 2018, all the investors (Except Anchor investors) applying in a public issue shall use only Application Supported by Blocked Amount (ASBA) facility for making payment. Further, pursuant to SEBI Circular No. SEBI/HO/CFD/DCR2/CIR/P/2019/133 dated November 08, 2019, Retail Individual Investors applying in public Issue may use either Application Supported by Blocked Amount (ASBA) process or UPI payment mechanism by providing UPI ID in the Application Form which is linked from Bank Account of the investor.

Mode of Payment

Upon submission of an Application Form with the SCSB, whether in physical or electronic mode, each ASBA Applicant shall be deemed to have agreed to block the entire Application Amount and authorized the Designated Branch of the SCSB to block the Application Amount, in the bank account maintained with the SCSB. Application Amount paid in cash, by money order or by postal order or by stock invest, or ASBA Application Form accompanied by cash, money order, postal order or any mode of payment other than blocked amounts in the SCSB bank accounts, shall not be accepted. After verifying that sufficient funds are available in the ASBA Account, the SCSB shall block an amount equivalent to the Application Amount mentioned in the ASBA Application Form till the Designated Date. On the Designated Date, the SCSBs shall transfer the amounts allocable to the ASBA Applicants from the respective ASBA Account, in terms of the SEBI Regulations, into the Public Issue Account. The balance amount, if any against the said Application in the ASBA Accounts shall then be unblocked by the SCSBs on the basis of the instructions issued in this regard by the Registrar to the Issue. The entire Application Amount, as per the Application Form submitted by the respective ASBA Applicants, would be required to be blocked in the respective ASBA Accounts until finalization of the Basis of Allotment in the Issue and consequent transfer of the Application Amount against allocated shares to the Public Issue Account, or until withdrawal/failure of the Issue or until rejection of the ASBA Application, as the case may be.

Unblocking of ASBA Account

On the basis of instructions from the Registrar to the Issue, the SCSBs shall transfer the requisite amount against each successful ASBA Applicant to the Public Issue Account as per the provisions of section 40(3) of the Companies Act, 2013 and shall unblock excess amount, if any in the ASBA Account. However, the Application Amount may be unblocked in the ASBA Account prior to receipt of intimation from the Registrar to the Issue by

the Controlling Branch of the SCSB regarding finalization of the Basis of Allotment in the Issue, in the event of withdrawal/failure of the Issue or rejection of the ASBA Application, as the case may be.

RESTRICTION ON FOREIGN OWNERSHIP OF INDIAN SECURITIES

Foreign investment in Indian securities is regulated through the Industrial Policy, 1991 of the Government of India and FEMA. While the Industrial Policy, 1991 prescribes the limits and the conditions subject to which foreign investment can be made in different sectors of the Indian economy, FEMA regulates the precise manner in which such investment may be made. Under the Industrial Policy, unless specifically restricted, foreign investment is freely permitted in all sectors of Indian economy up to any extent and without any prior approvals, but the foreign investor is required to follow certain prescribed procedures for making such investment. Foreign investment is allowed up to 100% under automatic route in our Company.

The Government has from time to time made policy pronouncements on FDI through press notes and press releases. The Department of Industrial Policy and Promotion, Ministry of Commerce and Industry, Government of India (DIPP), issued consolidated FDI Policy, which with effect from August 28, 2017 consolidates and supersedes all previous press notes, press releases and clarifications on FDI issued by the DIPP that were in force and effect as on August 27, 2017. The Government proposes to update the consolidated circular on FDI Policy once every year and therefore, the Consolidation FDI Policy will be valid until the DIPP issues an updated circular.

The transfer of shares by an Indian resident to a Non-Resident does not require the prior approval of the FIPB or the RBI, provided that (i) the activities of the investee company are under the automatic route under the Consolidated FDI Policy and transfer does not attract the provisions of the SEBI (Substantial Acquisition of Shares and Takeovers) Regulations, 2011; (ii) the non-resident shareholding is within the sectoral limits under the Consolidated FDI Policy; and (iii) the pricing is in accordance with the guidelines prescribed by SEBI/RBI.

As per the existing policy of the Government of India, OCBs cannot participate in this Issue. The Equity Shares offered in the Issue have not been and will not be registered under the Securities Act and may not be offered or sold within the United States, except pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the Securities Act and applicable U.S. state securities laws.

Accordingly, the Equity Shares are being offered and sold (i) within the United States to persons reasonably believed to be “qualified institutional investors” (as defined in Rule 144A under the Securities Act) pursuant to Rule 144A under the Securities Act or other applicable exemption under the Securities Act and (ii) outside the United States in offshore transactions in reliance on Regulations under the Securities Act and the applicable laws of the jurisdictions where such offers and sales occur.

The above information is given for the benefit of the Applicants. Our Company and the BRLM are not liable for any amendments or modification or changes in applicable laws or regulations, which may occur after the date of this Draft Red Herring Prospectus. Applicants are advised to make their independent investigations and ensure that the Applications are not in violation of laws or regulations applicable to them.

	Variation of members rights
	16 (1) If at any time the share capital is divided into different classes of shares, the rights attached to any class (unless otherwise provided by the terms or issue of the shares of that class) may, subject to the provisions of the Act, and whether or not the Company is being wound up, be varied with the consent in writing of the holders of three-fourths of the issued shares of that class, or with the sanction of a special resolution passed at a separate general meeting of the holders of the shares of that class and all the provisions of these Articles relating to general meetings shall mutatis mutandis apply, but so that the necessary quorum shall be two persons at least holding or representing by proxy one-third of the issued shares of the class in question.
	(2) The rights conferred upon the holders of the shares of any class issued with preferred or other rights shall not, unless otherwise expressly provided by the terms of issue of the shares of that class, be deemed to be varied by the creation or issue of further shares ranking pari passu therewith.
	Issue and redemption of preference shares
	17 Subject to the provisions of the Act and Rules made in this behalf, the Board shall have the power to issue or re-issue preference shares of one or more classes which are liable to be redeemed, or converted to equity shares, on such terms and conditions and in such manner as determined by the Board in accordance with the Act.
	Further issue of capital
	18 (1) The Board or the Company, as the case may be, may, in accordance with the Act and the Rules, issue further shares to
	(a) persons who, at the date of offer, are holders of equity shares of the Company; such offer shall be deemed to include a right exercisable by the person concerned to renounce the shares offered to him or any of them in favour of any other person; or
	(B) employees under any scheme of employee stock option; or
	(c) any persons, whether or not those persons include the persons referred to in clause (a) or clause (b) above.
	19 (2) A further issue of shares may be made in any manner whatsoever as the Board may determine including by way of preferential offer or private placement, subject to and in accordance with the Act and the Rules and SEBI guidelines.
	Issue of Securities at a Premium

	20. The Company shall have power to issue Securities at a premium and shall duly comply with the provision of Sections 52 of the said Act.
	LIEN
	21. (1) The Company shall have a first and paramount lien -
	(a) on every share (not being a fully paid share), for all monies (whether presently payable or not) called, or payable at a fixed time, in respect of that share; and
	(b) on all shares (not being fully paid shares) standing registered in the name of a member, for all monies presently payable by him or his estate to the Company:
	Provided that the Board may at any time declare any share to be wholly or in part exempt from the provisions of this clause.
	The company lien ,if any ,on a share shall extend to all dividends payable and bonus declare from time to time respect of such share
	22. The Company may sell, in such manner as the Board thinks fit, any shares on which the Company has a lien:
	Provided that no sale shall be made
	(a) unless a sum in respect of which the lien exists is presently payable; or
	(b) until the expiration of fourteen days after a notice in writing stating and demanding payment of such part of the amount in respect of which the lien exists as is presently payable, has been given to the registered holder for the time being of the share or to the person entitled thereto by reason of his death or insolvency.
	23. To give effect to such sale, the Board of Directors may authorise some person to transfer the shares sold to the purchaser thereof and the purchaser shall be registered as the holder of the shares comprised in any such transfer. The purchaser shall not be bound to see to the application of the purchase money, nor shall his title to the shares be affected by any irregularity or invalidity in the proceedings in reference to the sale.
	24. The net proceeds of the sale after payment of the costs of the sale shall be received by the Company and applied or towards payment or such part of the amount in respect of which the lien exists as is presently payable and the residue, if any, shall (subject to a like lien for debts or liabilities not presently payable as existed upon the shares before the sale) be paid to the person entitled to the shares at the date of the sale.
	25. In exercising its lien, the Company shall be entitled to treat the registered holder of any share as the absolute owner thereof and accordingly shall not (except as ordered by a court of competent jurisdiction or unless required by any statute) be bound to recognize any equitable or other claim to, or interest in, such share on the part of any other person, whether a creditor of the registered Holder or otherwise. The company's lien shall prevail notwithstanding that it has received notice of any such claim.
	26. The provisions of these Articles relating to lien shall mutatis mutandis apply to any other securities including debentures of the Company.
	SHARE WARRANTS
	27. The Company may issue Share warrants subject to, and in accordance with, the provisions of the Act and the applicable rules/ regulations/ guidelines. The Board may in its discretion, with respect to any Share which is fully paid-up, on application in writing signed by the person registered as holder of the Share, and authenticated by such evidence (if any) as the Board may from time to time, require as to the identity of the person signing the application, and on receiving the certificate (if any) with respect to the Share, and the amount of the stamp duty on the warrant and such fee as the Board may from time to time require, issue a Share warrant.

	(1) The bearer of a Share warrant may at any time deposit the warrant at the office of the Company, and so long as the warrant remains so deposited, the depositor shall have the same right of signing a requisition for calling a meeting of the Company, and of attending, and voting and exercising the other privileges of a Shareholder at any meeting held after the expiry of two (2) clear days from the time of deposit, as if the depositor's name were inserted in the Register of Members as the holder of the Shares included in the deposited warrant.
	(2) Not more than one person shall be recognized as the depositor of the Share warrant.
	The Company shall, on two (2) days, written notice, return the deposited Share warrant to the depositor.
	29. (1) Except as herein otherwise expressly provided, no person shall, as bearer of a Share warrant, sign a requisition for calling a meeting of the Shareholders of the Company, or attend, or vote or exercise any other privilege of a Shareholder at a meeting of the Shareholders, or be entitled to receive any notices from the Company.
	(2) The bearer of a Share warrant shall be entitled in all other respects to the same privileges and advantages as if such person were named in the Register of Members as the holder of the Shares included in the warrant, and such person shall be a Shareholder.
	30 The Board may, from time to time, make rules as to the terms on which (if it deems fit) a new Share warrant or coupon may be issued by way of renewal in case of defacement, loss or destruction.
	POWER TO BORROW
	31. The Board may, from time to time, and at its discretion, subject to the provisions of the Act and these Articles, accept deposits from Shareholders either in advance of calls or otherwise and generally raise or borrow moneys, either from the Directors, their friends and relatives or from others for the purposes of the Company and/or secure the payment of any such sum or sums of money, provided however, where the moneys to be borrowed together with the moneys already borrowed by the Company (apart from the temporary loans obtained from the Company's bankers in ordinary course of business) and remaining outstanding and undischarged at that time exceed the aggregate of the paid-up capital of the Company and its free reserves (not being reserves set apart for any specific purpose), the Board shall not borrow such money without the consent of the Company in a General Meeting by an ordinary resolution. The Board may raise and secure the payment of such sum or sums in such manner and upon such terms and conditions as it thinks fit, and in particular by receiving deposits, issue of bonds, debentures perpetual, redeemable, debenture stock, or any security of the Company by mortgage or charge or other security upon all or any part of the property or undertaking of the Company (both present and future), including its uncalled capital for the time being; provided that the Board shall not give any option or right to any person for making calls on the Shareholders in respect of the amount unpaid for the time being on the Shares held by them, without the previous sanction of the Company in a General Meeting.
	CALLS ON SHARES
	32. (1) The Board may, from time to time, make calls upon the members in respect of any monies unpaid on their shares (whether on account of the nominal value of the shares or by way of premium) and not by the conditions of allotment thereof made payable at fixed times.
	(2) Each member shall, subject to receiving at least fourteen days notice specifying the time to times and place of payment, pay to the Company, at the time or times and place so specified, the amount called on his shares.
	(3) A call may be revoked or postponed at the discretion of the Board.
	33. (1) A call shall be deemed to have been made at the time when the resolution of the Board

	(2) The joint holders of a share shall be jointly and severally liable to pay all calls in respect thereof.
	34. If a sum called in respect of the shares is not paid before or on the day appointed for payment thereof the person from whom the sum is due shall pay interest upon the sum at such rate not exceeding 10% per annum or at such lower rate, if any, as the Board may determine, but the Board of Directors shall be at liberty to waive payment of that interest wholly or in part
	35 (1) Any sum which by the terms of issue of a share becomes payable on allotment or at any fixed date, whether on account of the nominal value of the share or by way of premium, shall, for the purposes of these Articles, be deemed to be a call duly made and payable on the date on which by the terms of issue such sum becomes payable.
	(2) In case of non-payment of such sum, all the relevant provisions of these Articles as to payment of interest and expenses, forfeiture or otherwise shall apply as if such sum had become payable by virtue of a call duly made and notified.
	36 The Board
	(a) may, if it thinks fit, receive from any member willing to advance the same, all or any part of the monies uncalled and unpaid upon any shares held by him; and
	(b) upon all or any of the monies so advanced, may (until the same would, but for such advance, become presently payable) pay interest at such rate as may be fixed by the Board.
	Nothing contained in this clause shall confer on the member (a) any right to participate in profits or dividends or (b) any voting rights in respect of the moneys so paid by him until the same would, but for such payment, become presently payable by him.
	37 Neither a judgement nor a decree in favour of Company for calls or other moneys due in respect of any share, nor any part payment or satisfaction there under, nor the receipt by the Company of a portion of any money which shall, from time to time, be due from any member in respect of any share, either by way of principal or interest, nor any indulgence granted by the Company in respect of the payment of any such money, shall preclude the Company from thereafter proceeding to enforce a forfeiture of such shares as hereinafter provided.
	38 The provisions of these Articles relating to calls shall mutatis mutandis apply to any other securities including debentures of the Company.
	TRANSFER OF SHARES
	39 (1) The instrument of transfer shall be in writing and all provisions of the Companies Act, 2013 and of any statutory modification thereof for the time being shall be duly complied within respect of all transfer of shares and the registration thereof.
	(2) The instrument of transfer of any share shall be signed by or on behalf of both the transferor and the transferee and the transferor shall be deemed to remain the holder of such share until the name of the transferee is entered in the Register in respect thereof.
	40 The Board may, subject to the right of appeal conferred by Section 58 of the Act, decline to register any transfer of shares (not being fully paid shares) to a person of whom they shall not approve, and they may also decline to register any transfer of shares on which the Company has a lien.
	41 The Board of Directors may also decline to recognize any instrument of transfer unless:
	a. the instrument of transfer is duly executed and is in the form as prescribed in the Rules made under the Act;
	b. the instrument of transfer is accompanied by the certificate of shares to which it relates and such other evidence as the Board of Directors may reasonably require to show the right of transferor to make the transfer; and
	c. the instrument of transfer is in respect of only one class of shares.

	42 On giving not less than seven days, previous notice or such lesser period in accordance with the Act and Rules made thereunder, the registration of transfers may be suspended at such times and for such periods as the Board may from time to time determine. Provided that such registration shall not be suspended for more than thirty days at any one time or for more than forty five days in the aggregate in any year. The provisions of these Articles relating to transfer of shares shall mutatis mutandis apply to any other securities including debentures of the Company.
	TRANSMISSION OF SHARES
	43 (1) On the death of a member, the survivor or survivors where the member was a joint holder, and his nominee or nominees or legal representatives where he was a sole holder, shall be the only persons recognized by the Company as having any title to his interest in the shares but nothing in this Article shall release the estate of a deceased joint holder from any liability in respect of any share which had been jointly held by him with other persons.
	44 (1) Any person becoming entitled to a share in consequence of the death or insolvency of member may, upon such evidence being produced as may from time to time, be required by the Board and subject as hereinafter provided, elect either:
	a. to be registered himself as holder of the shares; or
	b. to make such transfer of the shares as the deceased or insolvent member could have made
	(2) The Board shall, in either case, have the same right to decline or suspend registration as they would have had, if the deceased or insolvent member had transferred the shares before his death or insolvency.
	45 (1) If the person so becoming entitled shall elect to be registered as holder of the shares himself, he shall deliver or send to the Company a notice in writing by him stating that he so elects.
	(2) If the person aforesaid shall elect to transfer the share, he shall testify his election by executing a transfer of the share.
	(3) All the limitations, restrictions and provisions or these regulations to the rights to transfer and the registration of transfer of shares shall be applicable to any such notice or transfer as aforesaid as if the death or insolvency of the member had not occurred and the notice of transfer were a transfer signed by that member.
	(4) A person becoming entitled to a share by reason of the death or insolvency of the holder shall be entitled to the same dividends and other advantages to which he would be entitled if he were the registered holder of the share except that he shall not before being registered as a member in respect of the share be entitled in respect of it to exercise any right conferred by membership in relation to meetings of the Company.
	Provided that the Board may, at any time, give notice requiring any such person to elect either to be registered himself or transfer the share and if the notice is not complied with within ninety days, the Board may thereafter withhold payment of all dividends, bonuses or other monies payable in respect of the share, until the requirements of the notice have been complied with.
	46 The provisions of these Articles relating to transmission by operation of law shall mutatis mutandis apply to any other securities including debentures of the Company.
	FORFEITURE OF SHARES
	47 If a member fails to pay any call or instalment of a call, on the day appointed for payment thereof, the Board may at any time thereafter, during such time as the call or instalment remains unpaid, serve a notice on him requiring to pay such call or instalment together with interest which may have accrued.
	48 The notice shall name a further day (not earlier than the expiry of fourteen days from the date of service thereof) on or before which and the place where the payment required by the notice is to be made, and shall state that in the event of non- payment on or before the day and at

	the place appointed the shares in respect of which the call was made shall be liable to be forfeited.
	49 If the requirements of any such notice as aforesaid are not complied with, any share in respect of which the notice has been given may at any time thereafter before the payment required by the notice has been made, be forfeited by a Resolution of the Board of Directors to that effect.
	50 Neither the receipt by the Company for a portion of any money which may from time to time be due from any member in respect of his shares, nor any indulgence that may be granted by the Company in respect of payment of any such money, shall preclude the Company from thereafter proceeding to enforce a forfeiture in respect of such shares as herein provided. Such forfeiture shall include all dividends declared or any other moneys payable in respect of the forfeited shares and not actually paid before the forfeiture.
	51 When any share shall have been so forfeited, notice of the forfeiture shall be given to the defaulting member and an entry of the forfeiture with the date thereof, shall forthwith be made in the register of members but no forfeiture shall be invalidated by any omission or neglect or any failure to give such notice or make such entry as aforesaid.
	52 The forfeiture of a share shall involve extinction at the time of forfeiture, of all interest in and all claims and demands against the Company, in respect of the share and all other rights incidental to the share.
	53 A forfeited share shall become the property of the Company and may be sold, re-allotted or otherwise disposed of, either to the person who was before forfeiture the holder thereof or entitled thereof or entitled thereto, or to any other person, upon such terms and in such manner as the Board thinks fit, and at any time before a sale, re-allotment or disposition the forfeiture may be cancelled on such terms as it thinks fit.
	54 A member whose shares have been forfeited shall cease to be a Member in respect of the forfeited shares, but shall notwithstanding the forfeiture remain liable to pay to the Company all moneys which at the date of forfeiture were presently payable by him to the Company in respect of the shares, with interest thereon at such rate as the Board may determine.
	55 A duly verified declaration in writing that the declarant is a Director, the Manager or the Secretary of the Company, and that a share has been duly forfeited on a date stated in the declaration, shall be conclusive evidence of the facts therein stated as against all persons claiming to be entitled to the share.
	56 Upon any sale after forfeiture or for enforcing a lien in exercise of the powers hereinabove given, the Board may, if necessary, appoint some person to execute an instrument for transfer of the shares sold and cause the purchases name to be entered in the register of members in respect of the shares sold and after his name has been entered in the Register of Members in respect of such shares the validity of the sale shall not be impeached by any person.
	57 Upon any sale, re-allotment or other disposal under the provisions of the preceding Articles, the certificate(s), if any, originally issued in respect of the relative shares shall (unless the same shall on demand by the Company has been previously surrendered to it by the defaulting member) stand cancelled and become null and void and be of no effect, and the Board shall be entitled to issue a duplicate certificate(s) in respect of the said shares to the person(s) entitled thereto.
	58 The Board may, subject to the provisions of the Act, accept a surrender of any share from or by any member desirous of surrendering them on such terms as they think fit.
	59 The provisions of these Articles as to forfeiture shall apply in the case of non-payment of any sum which by the terms of issue of a share, becomes payable at a fixed time whether on account of the nominal value of the share or by way of premium, as if the same had been payable by virtue of a call duly made and notified.

	60. The provisions of these Articles relating to forfeiture of shares shall mutatis mutandis apply to any other securities including debentures of the Company.
	ALTERATION OF CAPITAL
	61 Subject to the provisions of the Act , the Company may
	(a) increase the share capital by such sum, to be divided into shares of such amount as it thinks expedient;
	(b) consolidate and divide all or any of its share capital into shares of larger amount than its existing shares; Provided that any consolidation and division which results in changes in the voting percentage of members shall require applicable approvals under the Act;
	(c) convert all or any of its fully paid-up shares into stock, and reconvert that stock into fully paid-up shares of any denomination;
	(d) sub-divide its existing shares or any of them into shares of smaller amount than is fixed by the memorandum;
	(e) cancel any shares which, at the date of the passing of the resolution, have not been taken or agreed to be taken by any person.
	62 Where any shares have been converted into stock:
	a. the holders of such stock may transfer the same, or any part thereof, in the same manner and subject to the same regulations as and subject to which the shares from which the stock arose might previously to conversion have been transferred or as near thereto as circumstances admit, but the Board may from time to time, if it thinks fit, fix the miexceed.amount of stock transferable, with power nevertheless at its discretion to waive the observance of such rules in any particular case, provided that such minimum shall not exceed the nominal amount of the shares from which the stock arose.
	b. the holders of stock shall, according to the amount of stock held by them, have the same. rights, privileges, and advantages as regards dividends, voting at meetings of the Company, andother matters, as if they held the shares from which the stock arose; but no such privilege or advantage (except participation in the dividends and profits of the Company and in the assets on winding up) shall be conferred by an amount of stock which would not, if existing in shares,have conferred that privilege or advantage
	c. such of these Articles of the Company as are applicable to paid-up shares shall apply to stock and the words “share” and “shareholders”/” members” shall include “stock”and “stock-holders” respectively.
	63 The Company may, by resolution as prescribed by the Act, reduce in any manner and in accordance with the provisions of the Act and the Rules,
	(a) its share capital; and/or
	(b) any capital redemption reserve account; and/or
	(c) any securities premium account; and/or
	(d) any other reserve in the nature of share capital
	JOINT HOLDERS
	64 Where two or more persons are registered as joint holders of any share, they shall be deemed. to hold the same as joint tenants with benefit of survivorship, subject to the following provisions:
	a. The person whose name stands first on the register in respect of such shares shall alone be entitled to delivery of certificate thereof.
	b. Any one of such persons may give effectual receipts for any dividend, bonus or return of capital payable in respect of such share and such joint holders shall be severally, as well as jointly liable for payment of all installments and calls due in respect of such share/shares.

	c. Any one of two or more joint-holders may vote at any meeting either personally or by attorney or by proxy in respect of such shares as if he were solely entitled thereto and if more than one of such joint holders be present at any meeting personally or by proxy or by attorney then that one of such persons so present whose name stands first or higher (as the case may be) on the register in respect of such shares shall alone be entitled to vote in respect thereof. Several executors or administrators, of a deceased member in whose names any share stands shall be for the purpose of this Article be deemed joint holders thereof;
	d. On death of any one or more of such joint holders, the survivors shall be the only persons recognized by the Company as having any title to or interest in such share, but the Directors may require such evidence of death as they may deem fit, and nothing herein contained shall be taken to release the estate of a deceased joint holder from any liability on shares held by him jointly with any other person.
	e. The provisions of these Articles relating to joint holders of shares shall mutatis mutandis apply to any other securities including debentures of the Company registered in joint names.
	CAPITALISATION OF PROFITS
	65 (1) The Company in General Meeting may, upon the recommendation of the Board, resolve
	a. that it is desirable to capitalize any part of the amount for the time being standing to the CREDIT of the Company reserve accounts or to the credit of the profit and loss account or otherwise available for distribution; and
	b. that such sum is accordingly set free for distribution in the manner specified in clause (2) amongst the members who would have entitled thereto if distributed by way of dividend and in the same proportion.
	(2) The sum aforesaid shall not be paid in cash but shall be applied, subject to the provisions contained in clause (3) either in or towards;
	i. paying up any amounts for the time being unpaid on shares held by such members respectively;
	ii. paying up in full, unissued shares of the Company to be allotted and distributed, credited as fully paid up, to and amongst such members in the proportions aforesaid; or
	iii. partly in the way specified in sub-clause (i) and partly in that specified in sub-clause (ii).
	(3) A securities premium account and a capital redemption reserve account or any other permissible reserve account may, for the purposes of this Article, be applied in paying up of unissued shares to be issued to members of the Company as fully paid bonus shares;
	(4) The Board shall give effect to the resolution passed by the Company in pursuance of this Article.
	(1) Whenever such a resolution as aforesaid shall have been passed, the Board shall:
	a. make all appropriations and applications of the undivided profits resolved to be capitalized thereby and all allotments and issues of fully paid shares, if any, and
	b. generally do all acts and things required to give affect thereto.
	(2) The Board shall have full power:
	a. to make such provisions, by the issue of fractional certificates or by payment in cash or otherwise as it thinks fit, for the case of shares or other securities becoming distributable in fractions; and
	b. to authorise any person to enter, on behalf of all the members entitled thereto, into an agreement with the Company providing for the allotment to them respectively, credited as fully paid-up, of any further shares or other securities to which they may be entitled upon such capitalization, or (as the case may require) for the payment by the Company on their behalf, by the application thereto of their respective proportions of profits resolved to be capitalized, of the amount or any part of the amounts remaining unpaid on their existing shares.

	(3) Any agreement made under such authority shall be effective and binding on such members.
	BUY-BACK OF SHARES
	67 Notwithstanding anything contained in these Articles but subject to all applicable provisions of the Act or any other law for the time being in force, the Company may purchase its own shares or other specified securities.

A General Meetings of the company may be called by the giving at least clear twenty one days notice in writing or through electronic mode but a General Meeting may be called after giving shorter notice if consent is given in writing or by electronic mode by not less than ninety five percent of the members entitled to vote at such meeting. The accidental omission to give notice to or the non-receipt of notice by, any member or other person to whom it should be given shall not invalidate the proceedings at the meeting.
	PROCEEDINGS AT GENERAL MEETINGS
	70 (1) No business shall be transacted at any general meeting unless a quorum of members is present at the time when the meeting proceeds to business.
	(2) No business shall be discussed or transacted at any general meeting except election of Chairperson whilst the Chair is vacant.
	(3) The quorum for a general meeting shall be as provided in the Act.
	71 The Chairperson of the Company shall preside as Chairperson at every general meeting of the Company.
	72 If there is no such Chairperson, or if he is not present within fifteen minutes after the time appointed for holding the meeting, or is unwilling to act as chairperson of the meeting, the directors present shall elect one of their members to be Chairperson of the meeting.
	73 If at any meeting no director is willing to act as Chairperson or if no director is present within fifteen minutes after the time appointed for holding the meeting, the members present shall choose one of their members to be Chairperson of the meeting.
	74 On any business at any general meeting, in case of an equality of votes, whether on a show of hands or electronically or on a poll, the Chairperson shall have a second or casting vote.
	75 (1) The Company shall cause minutes of the proceedings of every general meeting of any class of members or creditors and every resolution passed by postal ballot to be prepared and signed in such manner as may be prescribed by the Rules and kept by making within thirty days of the conclusion of every such meeting concerned or passing of resolution by postal ballot entries thereof in books kept for that purpose with their pages consecutively numbered.
	(2) The Chairman shall exercise an absolute discretion in the matters as are or could reasonably be regarded as defamatory of any person, irrelevant or immaterial to the proceedings or detrimental to the interests of the Company. The minutes of the meeting kept in accordance with the provisions of the Act shall be evidence of the proceedings recorded therein.
	ADJOURNMENT OF MEETING
	76. The Chairman of the meeting may suo moto or with the consent of any meeting at which a quorum is present (and shall if so directed by the meeting) adjourn the meeting from time to time and from place to place, but no business shall be transacted at any adjourned meeting other than the business left unfinished at the meeting from which the adjournment took place. When a meeting is adjourned for thirty days or more, notice of the adjourned meeting shall be given as in

	the case of an original meeting. Save as aforesaid, it shall not be necessary to give any notice on an adjournment or of the business to be transacted at an adjourned meeting.
	VOTING RIGHTS
	77 Subject to any rights or restrictions for the time being attached to any class or classes of shares
	(a) on a show of hands, every member present in person shall have one vote; and
	(b) on a poll, the voting rights of members shall be in proportion to his share in the paid-up
	A member may exercise his vote at a meeting by electronic means in accordance with the Act and shall vote only once.
	78 In case of joint holders, the vote of the senior who tenders a vote whether in person or by proxy, shall be accepted to the exclusion of the votes of the other joint holders and for this purpose, seniority shall be determined by the order in which the names stand in the Register of Members.
	79 A member of unsound mind, or in respect of whom an order has been made by any court having jurisdiction in lunacy, may vote, whether on a show of hands or on a poll, by his committee or other legal guardian, and any such committee or guardian may, on a poll, vote by proxy, provided that such evidence as the Board may require of the authority of the person claiming to vote shall have been deposited at the office or such other office of the Company as may from time to time be designated by the Board, not less than forty eight hours before the time for holding the meeting or adjourned meeting at which such person claims to vote. If any member be a minor, the vote in respect of his share or shares shall be by his guardian or any one of his guardians.
	80 Any business other than that upon which a poll has been demanded may be proceeded with, pending the taking of the poll.
	81 No member shall, unless the Board otherwise determines, be entitled to vote at any General Meeting, either personally or by proxy, or to exercise any privilege as a Member unless all calls or other sums presently payable by him in respect of shares in the Company have been paid or in regard to which the Company has exercised any right of lien.
	82 No objection shall be raised to the qualification of any voter except at the meeting or adjourned meeting at which the vote objected to his given or tendered, and every vote not disallowed at such meeting shall be valid for all purposes. Any such objection made in due time shall be referred to the Chairman of the meeting, whose decision shall be final and conclusive.
	PROXY
	83 (1) Any member entitled to attend and vote at a general meeting of the Company shall be entitled to appoint any person or attorney whether a member or not as his proxy to attend and vote instead of himself, but the proxy so appointed shall not, unless be a member, have any right to speak at the meeting and shall not be entitled to vote except on a poll.
	(2) The instrument appointing a proxy and the power-of-attorney or other authority, if any, under which it is signed or a notarized copy of that power or authority, shall be deposited at the registered office of the Company not less than 48 hours before the time for holding the meeting or adjourned meeting at which the person named in the instrument proposes to vote, and in default the instrument of proxy shall not be treated as valid.
	84 An instrument appointing a proxy shall be in the form as prescribed in the Rules.
	85 A vote given in accordance with the terms of an instrument of proxy shall be valid, notwithstanding the previous death or insanity of the principal or the revocation of the proxy or of the authority under which the proxy was executed, or the transfer of the shares in respect of which the proxy is given:

	Provided that no intimation in writing of such death, insanity, revocation or transfer shall have been received by the Company at its office before the commencement of the meeting or adjourned meeting at which the proxy is used.
	BOARD OF DIRECTORS
	86 a. Unless otherwise determined by the Company in general meeting, the number of directors shall not be less than 3 (three) and shall not be more than 15 (Fifteen). b. Subject to the provisions of Section 149 of the Act, the Company may from time to time by Special Resolution increase or reduce the number of Directors within the limits fixed by these Articles, and may also determine in what rotation the increased or reduced number is to vacate the office. The remaining Directors of the Company shall also be appointed by the Company in General Meeting except to the extent that the Articles otherwise provide or permit.
	(iii) The remaining Directors of the Company shall also be appointed by the Company in General Meeting except to the extent that the Articles otherwise provide or permit.
	(iv) Subject to the provisions of Section 152 of the Act at every Annual General Meeting, one third of such of the Directors for the time being as are liable to retire by rotation, or if their number is not three or a multiple of three, then the number nearest to one-third, shall retire from office.
	(v) The Directors to retire by rotation at every Annual General Meeting shall be those who have been longest in office since their last appointment, but as between persons who become Directors on the same day, those who are to retire shall, in default of and subject to any agreement among themselves, be determined by lot. A retiring Director shall be eligible for reflection.
	(vi) At the Annual General Meeting at which a Director retires as aforesaid, the Company may fill up the vacancy by appointing the retiring Director or some other person thereto.
	(vii) If the place of the retiring Director is not so filled up and the meeting has not expressly resolved not to fill the vacancy, the meeting shall stand adjourned till the same day in the next week, at the same time and place, or if that day is a National Holiday, till the next succeeding day which is not a holiday, at the same time and place.

	(viii) If at the adjourned meeting also, the place of the retiring Director is not filled up and that meeting also has not expressly resolved not to fill the vacancy, the retiring Director shall be deemed to have been re-appointed at the adjourned meeting unless :-
	(a) at the meeting or at the previous meeting a resolution for the reappointment of such Director has been put to the meeting and lost;
	(b) the retiring Director has, by a notice in writing addressed to the Company or its Board of Directors, expressed his unwillingness to be so re-appointed;
	(c) he is not qualified or is disqualified for appointment;
	(d) a resolution, whether special or ordinary, is required for his appointment or reappointment by virtue of any provisions of the said Act; or
	(ix) The Whole-time Directors shall not be liable to retire by rotation.
	88 (1) The remuneration of the directors shall, in so far as it consists of a monthly payment, be deemed to accrue from day-to-day.
	(2) The remuneration payable to the Directors, including any Managing or Whole-time Director or Manager, if any, shall be determined in accordance with and subject to the provisions of the Act by a resolution passed by the Company in General Meeting.
	(3) Every Director shall be paid a sitting fee not exceeding the limits prescribed in the Companies Act, 2013 or any amendment thereof for each meeting of the Board of Directors or of any committee thereof attended by him and shall be paid in addition thereto all travelling, hotel and other expenses properly incurred by him in attending and returning from the meetings of the Board of Directors or any committee thereof or General Meeting of the company or in connection with the business of the Company to and from any place.
	89 All cheques, promissory notes, drafts, hundis, bills of exchange and other negotiable instruments, and all receipts for monies paid to the Company, shall be signed, drawn, accepted, endorsed, or otherwise executed, as the case may be, by such person and in such manner as the Board shall from time to time by resolution determine.
	90 The Board of Directors shall have power at any time, and from time to time, to appoint any person other than a person who fails to get appointed as a director in a general meeting, as an additional director at any time who shall hold office only up to the date of the next Annual General Meeting, or the last date on which the annual general meeting should have been held, whichever is earlier, but shall be eligible for appointment by the Company at that meeting subject to the provisions of the Act.
	91 The Board of Directors may appoint a person, not being a person holding any alternate directorship for any other Director in the Company, to act as an Alternate Director to act for a Director (hereinafter called "the Original Director") during his absence for a period of not less than three months from India. No person shall be appointed as an alternate director for an Independent Director unless he is qualified to be appointed as an Independent Director. An Alternate Director shall be entitled to notice of meetings of the Directors, and to attend and vote thereat accordingly. An Alternate Director shall vacate office if and when the Original Director returns to India. If the term of office of the Original Director is determined before he so returns to India as aforesaid any provision for the automatic reappointment of retiring Directors in default of another appointment shall apply to the Original Director and not to the Alternate Director. An Alternate Director may be removed by the Board of Directors which may appoint another Alternate Director in his place.
	92 The Board may appoint any person as a director nominated by any financial institution, bank, corporation or any other statutory body, or if the Company has entered into any obligation with any such institution, bank, corporation or body in relation to any financial assistance by way of

	loan advanced to the Company or guarantee or given of any loan borrowed or liability incurred by the Company or so long as the Company is indebted. Such Nominee Director/s shall not be required to hold any share qualification in the Company, and such Nominee Director/ shall not be liable to retirement by rotation of Directors.
	Subject as aforesaid, the Nominee Director/s shall be entitled to the same rights and privileges and be subject to the same obligations as any other Director of the Company.
	93 If the office of any Director appointed by the Company in general meeting is vacated before his term of office expires in the normal course, the resulting casual vacancy may, be filled by the Board of Directors at a meeting of the Board and the person so appointed shall hold office upto the date which the Director in whose place he is appointed would have held office, if it had not been vacated as aforesaid
	Subject to the provisions of Section 168 of the Act a Director may at any time resign from his office upon giving notice in writing to the Company of his intention so to do, and thereupon his office shall be vacated.
	POWERS OF BOARD
	94 The management and business of the Company shall be vested in the Board of Directors, who may exercise all such powers of the Company as are not by the Act or any statutory modification thereof for the time being in force, or by these presents, required to be exercised by the Company in General Meeting, subject nevertheless to any regulation of these presents, to the provisions of the said Act, and to such regulations being not inconsistent with the aforesaid regulations or provisions as may be prescribed by the Company in General Meeting, but no regulation made by the Company in General meeting shall invalidate any prior act of the Board which would have been valid if that regulation had not been made.
	95 Subject to the provisions of Section 179 of the Act and other provisions of the Act and rules there under, the Board may delegate from time to time and at any time to committee formed out of the Directors any of its powers, authorities, and discretion for the time being vested in the Board and any such delegations may be made on such terms and subject to such conditions as the Board may think fit.
	96 The Board may appoint, at any time and from time to time by a power of attorney under the Company's seal any person to be the attorney of the company for such purpose and with such powers, authorities and discretions not exceeding those vested in or exercisable by the board under these Articles and for such period and subject to such conditions as the Board may from time to time thinks fit, and any such appointment may, if the Board thinks fit, be made in favour of the members or any of the members of any firm or company, or the members, directors, nominees or manufacturers of any firm or company or otherwise in favour of anybody or persons, whether nominated directly or indirectly by the Board, and any such power of attorney may contain such provision for the protection or convenience of persons dealing with such attorney as the Board may think fit.
	97 The Board may authorise any such delegate, or attorney as aforesaid to sub-delegate all or any of the powers, authorities and discretions for the time being vested in it.
	98 Subject to the provisions of Section 179, the Board may delegate all or any of their powers to any Directors jointly or severally or to any one Director at their discretion.
	PROCEEDINGS OF THE BOARD
