

The art of teaching is the art of assisting discovery.

Mark Van Doren

The ***Bolinas-Stinson Beach School Foundation*** is committed to supporting our students, staff, and our growing community today and tomorrow.

Foremost in our hearts and minds are the historic challenges over the past several months impacting every one of us. We are proud of our teachers, staff, and community who have worked tirelessly to create and implement continuous learning during and after school.

Together, we will work to embrace recent changes and creatively fund exceptional programs in the areas of math, music, literature, visual arts, environmental science, physical education, performing arts, and technology.

Each year, with the help of donors like you, the BSBSF funds over \$20,000 in scholarships and grants, subsidizing vital extracurricular programs, ensuring that ALL children have access to quality enrichment programming.

In the past, our students have enjoyed classes such as after school Clay with Kathy Bustamante; Coding Club with Jesse Andrews; Theatre with Lisa Townsend; Drawing with Janis Yarrington and Pre-School Aftercare with Omar Rifkin. Our hope is to invite even more community members to share their skills and knowledge with our youth. Today, we're helping to provide equitable high-speed internet access to our rural community.

TO DONATE Click Here:
