

NRSNG AFFILIATE PROGRAM

NRSNG MISSION

- ▶ Our mission is to fix the holes left by traditional nursing education, by simplifying, condensing and clarifying important nursing concepts, while encouraging and motivating alongside our growing community.

NRSNG PHILOSOPHY

- ▶ Our Goal Is to Change Nursing Education Forever.
- ▶ Yes, that is ambitious . . . but after talking directly to hundreds of thousands of nursing students all over the world, I have learned that my experience in nursing school is not unique. So many students struggle for no reason at all. Yes, nursing school is hard because there is so much to learn . . . but it doesn't have to be so complicated in the sense that schools and some professors are complicating the process.

HERE IS WHAT WE BELIEVE NEEDS TO CHANGE ABOUT NURSING EDUCATION

- ✔ Schools must hire professors with a **PASSION** not burnt out bedside nurses.
- ✔ Nursing must be taught as a **SCIENCE** not just an art.
- ✔ Stop talking about critical thinking . . . and **TEACH** it.
- ✔ We must stop teaching mnemonics and start teaching the **PROCESS**.
- ✔ Students must be taught how to **THINK** and not just to follow steps or call a doctor.
- ✔ Professors should be promoted based on student **SUCCESS** and not on politics.
- ✔ Schools need to **STOP** passings students that are not ready.
- ✔ Students need more time in **CLINICALS** with preceptors that care.

AFFILIATE SUCCESS STORY

- ▶ Ashley Adkins (YouTube: @ashleylh24)
- ▶ "Being an NRSNG affiliate has been an amazing experience. What started off as a "side hobby" has grown into almost half of my income source.
- ▶ Each month with NRSNG has been more successful than the prior. My NRSNG income has allowed me to have money to do whatever I want; whether that's saving a bit extra each month, going on a fun trip, or investing it back into my own business.
- ▶ NRSNG has created a great brand name that has ingrained itself into the nursing world. I trust NRSNG with my followers because they are a reputable and well-respected brand. I know that if I send my followers to them, that they will have a positive outcome.
- ▶ Lastly, I owe my success as an NRSNG affiliate to a few things. One, consistency in sharing the brand with my followers. And two, sharing products that I know are already proven to be successful. Becoming an NRSNG affiliate just made sense, because it already fit in with everything I was already doing. It may sound dramatic, but NRSNG changed my life for the better."

Just passed my NCLEX! Thank you NRSNG! I did NOT use Kaplan or Hurst... just NRSNG and lots of practice questions! FYI, I failed Simclex. But passed NCLEX in 75 questions! The Med Master course is amazing! I learned things I never learned in nursing school or in my pharmacology course ! Thank you, a million times thank you!

I passed my NCLEX! Thank you NRSNG! I utilized many of your resources along the way, including Academy, SIMCLEX, Scrub Cheats, Medmaster, 150 Must Know Meds and many podcasts. I have every intention of continuing to use these resources in my new career as a nurse. Infinite thanks to my NRSNG family ❤️

NRSNG IS FREAKING AWESOME! I have to tell you this is by far the best thing I ever did for myself. The Academy is the Cream of the crop when it comes to nursing reviews. Trust me! I did Uworld questions all of my 3rd and 4th semester because everybody told me it's all I needed! Read the rationales they said. I did over and over and over. (I needed more! I needed the knowledge nrsng provided) I did Hurst Review Live. 3 days of non stop filling in the blanks in my big book that I would need to memorize. They have NOTHING compared to nrsng. I have been watching and learning from nrsng you tube videos since I started nursing school. I did the La charity delegation workbook along side the Academy sections! I learned more doing this than I did my whole nursing school. The Academy questions make you think critically like a nurse! The SATA questions are hard and leave no room for just guessing, you have to think and use the knowledge they provide all in one place- THE NRSNG ACADEMY! Thank you! Passed the NCLEX ❤️
