HEAD COACH JEFF GRABA QUOTES

On the SEC Championship...

"We're excited about being in the night session because we've never entered the SEC Championship ranked in the top half of the league. to see how we match up against the other three. We've come the closest to LSU of anyone in the conference this year, and we've hung right with Alabama and Florida. If our girls do a good job, we'll be right in the mix at the end of the night."

On what he's telling the team this week...

"Typically this team has been really good against top competition. We've seen them struggle for sharpness. They've hit against some of the normal competition we run up against. Friday night was a perfect example. North Carolina comes in, and I think we had a pretty good meet, but we weren't really sharp. We've really used this week to try to sharpen up the team and get them back on their game a little bit. At the same time, if we do it right, there's five weeks left in this season. That's an eternity in gymnastics. We've got to keep people healthy and manage our own expectations and make sure we keep the end goal in mind and use this as testing ground, but remind ourselves that this is just another meet. If we do it the right way, we're in good shape."

On how the SEC Championship affects RQS...

"The SEC Championship is an away score for anyone who is competing there. Away scores are premium in gymnastics. Typically your best scores are at home because you finish on floor and start on vault. You have all of these built in advantages. On the road, you typically are not getting that rotation. For us, we're finishing on beam. It's important that we do a good job because if we score well at this meet, we can actually move up mathematically as far as sixth in the country. We definitely want to stay in the top 10. We want to go into this meet and count it as another away score. We think we have some scores that we think we can flush out and get rid of if we can do a good job."

On what the team can do this year...

"When we're on, I think we can compete against anybody in the country. What it really comes down to is we're in the postseason. If you don't hit, anybody is good enough to beat you at this point. We have to hit. If we hit and we're clicking on all cylinders we could go to the Super Six. We could get all the way to the end and fight for a national championship. That's a tall order for a really young team who has very little experience with that. As far as the talent level, and the ability level, I think we're capable of that. Everyone is pretty vulnerable at this point. All of your top teams, it only takes a minor mistake at this point because anyone in the top 25 can beat anyone else."

On resting gymnasts last week...

"For the end result, you're only as good as your talent allows you to be. We tell the girls all the time, 'it doesn't matter how talented you are if you're sitting on the bench and not doing anything for your team.' In the end, it will be probably the most important thing all year that we were able to rest Caitlin (Atkinson) and MJ (Rott) and Lexus (Demers) and all of our girls who were at one point or another the stars of our team. In the end, I think it's going to be the secret of our success."

CAITLIN ATKINSON QUOTES

On the SEC Championship...

"Our goal as a team this season, as far as SECs, was to make night session, and we've accomplished that. For us it's about going out,

having fun and showing that we deserve to be there and we didn't just happen to make that spot, but earned the spot. We're going out there with the mentality of let's have fun, put on a show and do Auburn gymnastics. We're really excited because we have nothing to lose."

On earning the night session at the SEC Championship...

"It was pretty exciting. Jeff told us before the Alabama meet in Birmingham. When he first told us we weren't sure if he was messing with us a little bit and none of us reacted and when he said, 'no, really you made the night session,' we all freaked out. People were crying. To have worked so hard all year long to achieve one of our goals is just the stepping stone to achieve the next goal."

On resting against North Carolina...

"I think it will definitely help me, especially after the double meet at Kentucky and at Alabama. It was rough on our bodies. The rest will be good for our bodies. I worked out yesterday and felt good today going into workout. I definitely think it gave my body some extra rest, while still giving people opportunities to be in lineup and get experience. You never know what's going to happen going into meets. Increasing our depth and our confidence in one another if we have to put in our alternate or second alternate, I feel comfortable with putting others in at this point. We've had those opportunities with resting myself and resting other people."

On previously competing on podium being an advantage...

"We already have a feel of how bouncy the floor is, what the bars feel like, what the beam feels like, the run to the vault. For practice, we don't have to do as much as far as figuring out our adjustment. It definitely benefits, especially for girls who haven't been on podium. I definitely think it is beneficial and helpful."

AGAINST ALABAMA (3/8/15)

Auburn scored its all-time team total away score against No. 6 Alabama in Birmingham with a 197.025. Auburn defeated Alabama on vault and floor. Caitlin Atkinson won the all-around title with an Auburn record 39.750, ranking her fourth in the nation in RQS. Atkinson also won the event title for vault and bars. Megan Walker earned the event title on beam.

AGAINST KENTUCKY (3/6/15)

Auburn fell to Kentucky 196.575-196.325 in Lexington. Caitlin Atkinson earned her sixth straight all-around with a total of
