Removable Fiber Optics

The Original RÜsch SnapLight™ fiber optic laryngoscope blades are designed with the clinician in mind. The large diameter fiber optic bundle can be removed to simplify cleaning - no crevices or hard to reach areas. Our unique snap-on fit mechanism eliminates screws that can be misplaced.

Specifications:

- ✧ Large diameter fiber optic light pipe
- ✧ Easy to remove fiber bundle
- ✧ Green system fitting to ISO 7376-3 specifications
- ✧ Lifetime warranty; free from manufacturing defects

Benefits:

- ✧ Bright, focused light
- ✧ Easy to clean
- ✧ No screws to keep track of
- ✧ Interchangeable with other Green systems

Latex-Free
