

Standard Laryngoscope Handles

RÜSCH

Conventional System

Rüsch offers a reliable tradition of high quality standard laryngoscope handles that are compatible with all standard blades manufactured to ISO 7376 standards. The design of these handles has been continually refined through many years of use the world over. They are manufactured to exacting specifications and are available in various materials and styles. Rüsch standard laryngoscope handles provide an optimal combination of quality and value.

Available Styles:

- ✧ Chrome Plated Brass
- ✧ Water Resistant Dolphin®
- ✧ Stainless Steel

For use with Rüsch FOCS™ fiberoptic blades, Standard/Conventional blades and Rüsch Lite™ Disposable blades.
