

Cushion Face Masks

RÜSCH

Disposable

Superior Quality and Value

The Rüscht line of disposable cushion face masks is available in a full range of sizes and styles. Our premium style mask comes equipped with a reliable inflation valve for optimum fit, patient comfort and adjustability. Our standard style offers you a truly economical alternative. Both are manufactured to Rüscht's highest specifications making Rüscht your best source for quality and value.

Premium Cushion Face Mask(with Valve)

- ✦ Rotationally molded bladder, providing the optimal soft seal
- ✦ Reliable valve construction that can easily adjust to custom pressure
- ✦ Crystal clear cone for rapid assessment of patient condition
- ✦ Lightly scented with a pleasing grape aroma
- ✦ Color-coded harness ring
- ✦ Latex-Free

Cushion Face Mask(without Valve)

- ✦ Extremely pliable bladder for excellent sealing
- ✦ Mold parting lines have been minimized and located away from the patients face
- ✦ The no-valve construction provides an extended shelf life without fear of deflation.
- ✦ Crystal clear cone for easy assessment of patient condition
- ✦ Color-coded harness ring
- ✦ Latex-Free

Latex-Free
