

DRE Delphi CF

Float Top C-Arm Table

C-Arm and Vascular Table with Floating Top Movement

The DRE Delphi CF is an affordable C-arm table with high-end, easy-to-use features. For more information, contact an Avante representative today. Ideal for imaging, pain management, vascular, and hybrid operating room applications.

FEATURES

- Maximum patient weight of 661 pounds centered on column, including raise/lower.
- Rapid positioning via the following table motions: height, lateral tilt, Trendelenburg, longitudinal travel, lateral travel.
- Carbon fiber table allows clinicians to get high-quality, clear images with low X-ray doses.
- Maximum full articulation weight of 450 lb including slide; 500 lb centered on column.
- Easy-to-use, five-movement C-arm table with high-speed actuators.
- High-quality casters and braking system allow clinicians to easily move the table.
- Comes standard with onboard control panel and handheld remote control.
- Micromotors ensure quick, smooth, and balanced table movements.
- Compatible with a variety of popular C-arm systems from industry-leading brands.

SPECIFICATIONS

Maximum Patient Weight:
661 lb, including raise/lower
(centered on column)

Max. Full Articulation Weight:
500 lb centered on column;
450 lb including slide

Trendelenburg: 0-27°

Reverse Trendelenburg:
0-27°

Lateral Roll: 0-27°

Power:
120 V / 50 Hz / 350 VA
(available in 220 V)

Length: 96.75"

Width: 20.9"

Thickness: 1.5"

Height: 28" - 44.75"

**Head Section
Transparency:** 72.5"

**Foot Section
Transparency:** 32.75"

Longitudinal Travel: 31.5"

Lateral Travel: 8"

**Vertical - Min.
distance from floor:** 28"

**Vertical - Max.
distance from floor:** 44.75"

Vertical - Travel: 16.75"

STANDARD ACCESSORIES

- › Mattress - 1 piece
- › Onboard Controller - 1 set
- › Remote Control - 1 set
- › Lateral support - 1 pair
- › IV pole
- › Fixed belts - 1 pair
- › Arm boards - 1 pair
- › Anesthesia screen
- › Removable rail - 2 pieces

OPTIONAL ACCESSORIES

- › Lead drape
