

DRE Milano OB50

OB/GYN Procedure Table

Modern and efficient multi-function procedure chair

The DRE Milano OB50 is a multi-function procedure table that features full electric operation. The European style is modern, and the surface is thermoplastic over a steel frame for easy cleaning. The Milano OB50 utilizes 3 independent motors for simple and automatic operation. The standard foot control adjusts height, backrest, and Trendelenburg position. The Milano OB50 Procedure Table is designed for gynecological and urological examinations, ultrasounds, colposcopic examinations and minor clinical surgery.

FEATURES
