

Laryngoscope Handles Howland Lock

Handles

For Conventional
Light Blades

TWO CHOICES

- Chrome Plated Brass
- Surgical Stainless Steel -Waterproof
(May immerse in disinfectant.
Not necessary to remove batteries)

HOWLAND LOCK

Natural lifting simplifies laryngeal exposure, making intubation possible even in the most difficult cases. Built-in leverage prevents prying and reduces possibility of broken teeth. Adapts to all hook-on conventional laryngoscope handles and blades. Can often make an otherwise certain tracheotomy unnecessary. Made of surgical stainless steel.

CAT#	SIZE/DESCRIPTION	BATTERIES
CHROME PLATED BRASS HANDLES		
5-0237-01	Penlite Chrome Plated Brass	2 "AA"
5-0237-02	Stubby Chrome Plated Brass	2 "AA"
