

Tuttnauer 3870EA

Fully Automatic Autoclave (sterilizer)

Equipment for the way *you* operate

Our largest automatic table top autoclave. Features a closed door active drying system. Perfect for multi-doctor practices, clinics or surgery centers. 15" x 30" chamber accommodates longer instruments or a large number of small instruments. Capacity for 15 full size IMS cassettes.

FEATURES:

- Closed door active drying system to maintain sterility and ensure efficient drying of packs and pouches.
- Hepa filter 0.2 µm air filter (replaceable).
- Rapid cycles optimize the availability of ready-to-use sterile instruments
- Easy-to-use, single touch control system increases productivity
- 3 Pre-set sterilization programs
- Program and customize cycle parameters to suit your needs and maximize flexibility
- Integrated printer for cycle documentation (optional)
- Interdependent temperature and pressure monitoring
- Cycle information recovery in the case of power failure or cycle interruption
- Insufficient water detector with automatic shut-off

PLUS:

- High Efficiency air pump.
- Decreased overall drying time.
- Closed door drying.
- Hepa filter 0.2µm air filter (replaceable)
- Circulates hot air after the sterilization cycle for fast drying.

SAFETY AND CONVENIENCE FEATURES:

- Seamlessly integrated into your work environment with compact design and heat insulation
- Durable 316L type stainless steel chamber and door with electro-polish finish
- Control lock-out switch prevents starting a cycle when door is not properly locked
- Door failure protection prevents door from opening at high pressure
- Automatic safety shutoff prevents overheating

CONTROL PANEL:

Interactive Control System: Monitoring is essential for correct infection control in your private practice. Tuttnauer Automatic Autoclaves feature a user-friendly, control-system which offers enhanced monitoring, providing the control and flexibility you need. In addition password protection provides for secure access.
