

HIV Update

axess sexual health outreach team are offering a HIV update session to professionals.

To support professionals working with vulnerable groups this presentation aims to increase confidence, knowledge, and skills to help raise awareness about the transmission, prevention, and treatment of Human Immunodeficiency Virus (HIV).

Aims of the briefing

This briefing will include a 1.5 hour presentation, aiming to expand knowledge and highlight the importance of talking about and promoting testing of HIV and sexual health within your role, covering:

- HIV transmission and myths
- Who is most at risk
- Prevention and treatment
- Stigma, discrimination and the law
- Local services and what they offer

At the end of this briefing session, you will have gained knowledge and understanding around:

- ✓ The difference between HIV and AIDS
- ✓ How HIV is transmitted
- ✓ What activities increase the risk of HIV exposure
- ✓ Debunking myths
- ✓ How to prevent HIV transmission
