

## A PLATFORM FOR “NATURAL” AUGMENTED REALITY

As augmented reality becomes rapidly widely spread, the need for AR experiences that interact with the physical world in it is critical. **Resight aim to be THE leading platform for AR experiences that "live naturally" in the Metaverse**

### TEAM

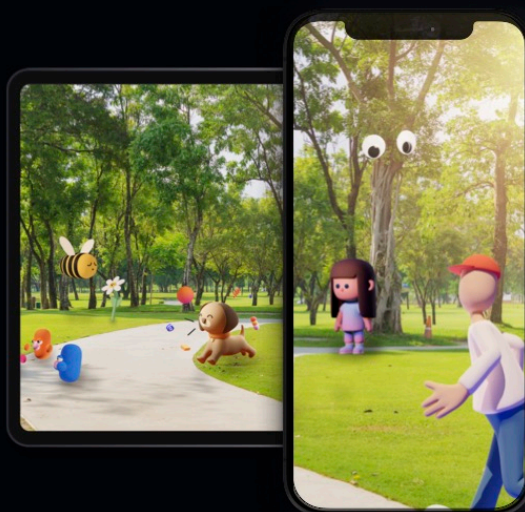

Eran Segal  
CTO & Founder

Omri Stein  
CEO & Founder

Ari Zigler  
VP R&D & Founder

### PRODUCT & TECHNOLOGY

We have developed a cutting-edge platform that enables developers, designers & creators to seamlessly translate 3D objects to AR experiences that interact with the physical world.

**A new type of technology architecture is a must** to enable “natural” AR experiences; including proprietary distributed computer vision algorithms and zero latency mesh network
