Low Level of Digitalization in AEC Industry

Our solution - Industry 4.0

SaaS solution for AEC industry. we specializes in the generation intelligent models for multisystem & complex projects. we offer our clients maximal optimization in the organization of systems while associating all the information & documentation that exists on-site

How It Works

IoT

upload files to P&ID process dashboard - take all system P&ID - CAD Source File and connect item & equipment. all information system - Engineering documents, Maintenance System

SCAN YOUR FACILITY

scan of the facility using Leica BLK360 Matterport 2

SMART DIGITAL TWIN

connect item from P&ID dashboard to the accurate place in digital twin thus controlling the most accurate information to manage the process

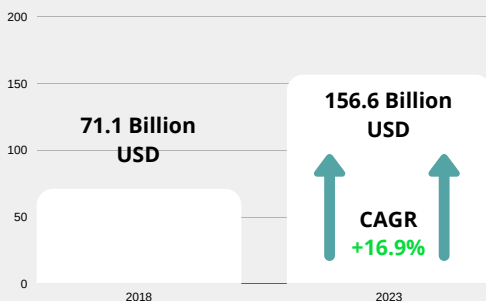

OUR ADVANTAGE

	DIGITAL TWIN	CAD Viewer	Documentation Viewer	3D MODEL Embedded to 2D CAD	Facility process Management	SaaS LMS
METABIM	✓	✓	✓	✓	✓	✓
PREVU3D	✓	✗	✓	✗	✗	✓
NwVis	✓	✗	✓	✗	✗	✓

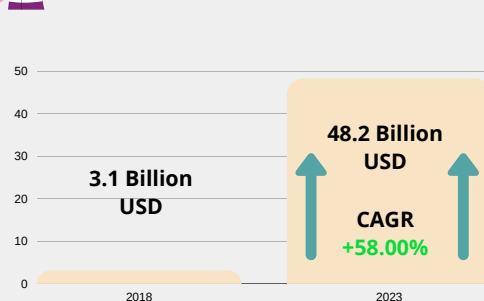

GLOBAL FORECAST MARKET 2019 TO 2024

INDUSTRY 4.0 MARKET

DIGITAL TWIN MARKET

IOT SOLUTION
