## Drop-in Single Burner Hob INDUCTION WARMER

Experience precision heating and reliable performance with our advanced induction warmers

# 500W RATED POWER

## INDUCTION WARMER WITH DISPLAY & TOUCH KEY

### DROP-IN SINGLE BURNER HOB - INDUCTION WARMER - ADVANCE

#### About us :

Welcome to **Equipsol Innovations** where we specialize in providing the highest quality induction warmers for the hospitality industry. Our products are designed to meet the needs of five-star hotels, catering companies, and other businesses that require reliable, efficient, and elegant food warming solutions.

Our induction warmers are designed to be easy to use and maintain, with intuitive controls and simple cleaning procedures. They are also energy-efficient, using only the necessary amount of electricity to keep your food warm, which can help you save on utility costs.

At Equipsol Innovations, we believe that our products are more than just warming stations. They are a reflection of the quality, professionalism, and attention to detail that our clients demand and expect from their food service equipment. So why settle for anything less than the best? Choose our induction warmers and experience the difference today

## MAIN FEATURES AND SPECIFICATIONS

### MAIN FEATURES :

- Designed for Drop-in type with fully powder coated metal body.
- EquipsoL 5mm indigenous Induction Glass is 10 times stronger than other imported inductions' glass .
- Pre Programmed 9 temperatures' control level & Timer.
- Automatic Switch-off Features if Pan not placed.
- Smart Control and Low Power Consumption will save Money. it will take 800 Watt to reach set temperature and less than 400W to maintain the temperature.
- Dual IGBT Based, Specially designed for 24X7 Use.
- Designed with Dual Fan, This combination helps machine to work in any environment.
- Errors Display for quick support.

### SPECIFICATION :

- It has powder coated metal body and indigenous glass. It can bear 45KG load as it is 10 times stronger than other imported glass.
- It has been designed in such a way that replacement of its parts is very quick, in 20 min only.
- Advance remote with dual digit display and touch buttons, pre-programmed 9 temperatures' control level and timer option,
- Parameter settings will allow you to use your desired temperature level , so no need to set every time.
- When cold water is placed, machine will use its 100% efficiency of 800 Watts for rapid heating once it gets heated, it will maintain the temperature with less than 300 Watts.

- Excel fan to cool internal ambient and heatsink This combination helps to work smoothly in any environment.
- FH Mode- food can be placed on machine immediately right after turning on the system, as we have provided rapid heating feature.
- Inbuilt timer up to 10 hours.
- Under voltage & over voltage protection.
- Working ambient temperature 1°C to 45°C.
- We have programmed this machine to quick support, if any issues will be detected then machine will give message, User can contact our technical team for further support.

### MODEL : INS101D -230V 500W

### MODEL : INS62D -230V 500W

### MODEL : INSP20 -230V 500W

Model	Power	Watt	Dimensions	Remote	Cutout Size	Remote Size	Weight
INS101D	230VAC 50HZ	500	340x340x100mm	External	314x314mm	144x50mm	5.2Kg
INS62D	230VAC 50HZ	500	380x380x100mm	External	360x360mm	97x100mm	6.2Kg
INSP20D	230VAC 50HZ	500	296x370x75mm	Inbuilt	275x350mm	Inbuilt	4.5Kg
INS2BRA	230VAC 50HZ	1000	800X400X100mm	Inbuilt	787X387mm	Inbuilt	9.700Kg
INS3BRA	230VAC 50HZ	1500	1200X500X82mm	Inbuilt	1205X505mm	Inbuilt	25.338Kg
