# Table of Content

---

**ABOUT COMPANY**

**OUR PROJECTS**

**OUR SERVICES**

**CONTACT**

We manufacture, test, distribute, and offer repair services for electronic components and assemblies.

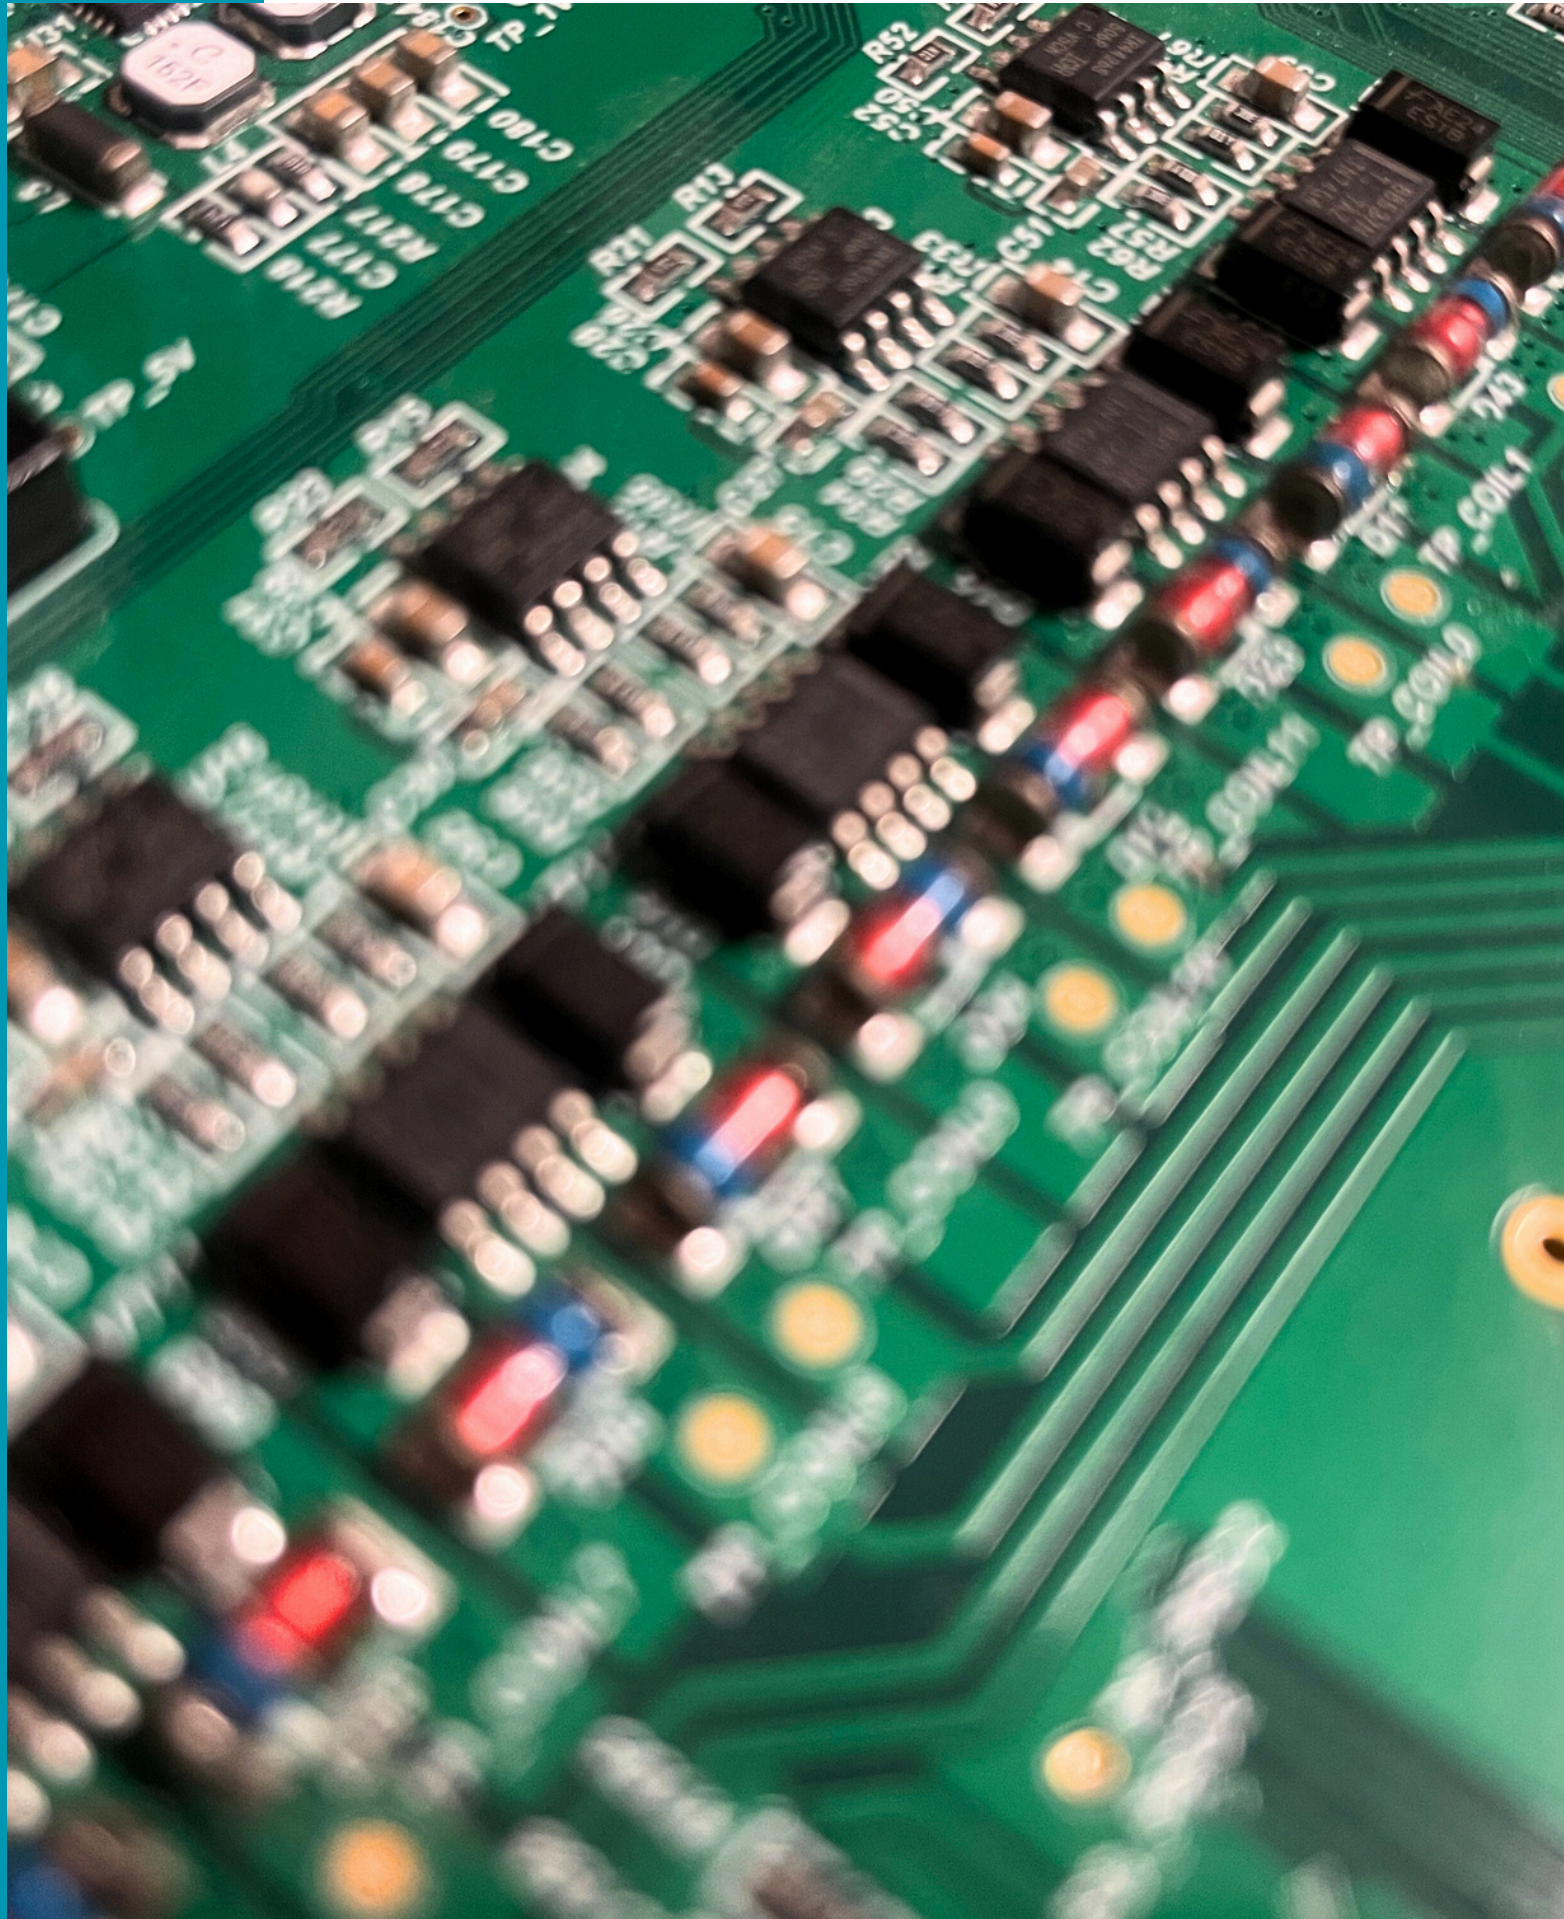

We bridges the gap between design, production, and customer satisfaction, ensuring seamless electronic manufacturing processes for a diverse range of products.

# About Company

---

Started 10+ years ago as LED lighting company and continuously growing further by manufacturing line automation, El-fabrik company became one of the top quality EMS manufacturers in Latvia.

# Our Portfolio examples

1

## GAMECHANGER AUDIO SIA PARTNERSHIP

Our company is a long-term manufacturing partner for Gamechanger Audio SIA, an innovative musical tools company.

We provide a comprehensive range of services, including component sourcing, electronic assembly, functional testing, and box packaging for Gamechanger Audio's products.

2

## BMW MUSEUM MÜNCHEN PROJECT

Our company was involved in a project for the BMW Museum in München.

We produced all the control electronics for an internal LED media facade.

The project was successfully completed despite challenges posed by a component shortage crisis.

3

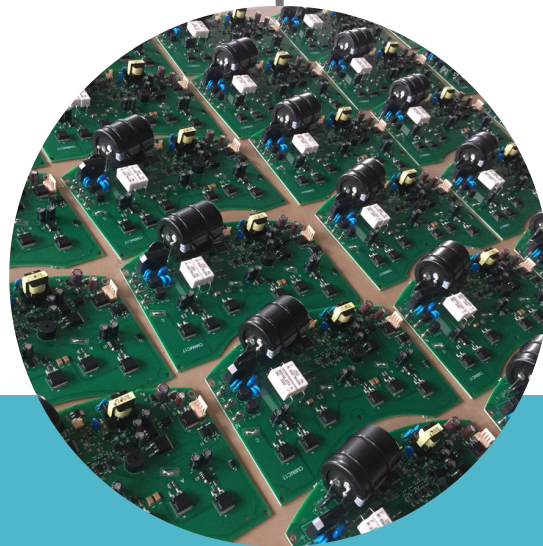

## SELLENIS LTD PARTNERSHIP

ShineLEDmt has a long-term manufacturing partnership with Sellenis Ltd.

We are responsible for producing mainboards for industrial printers.

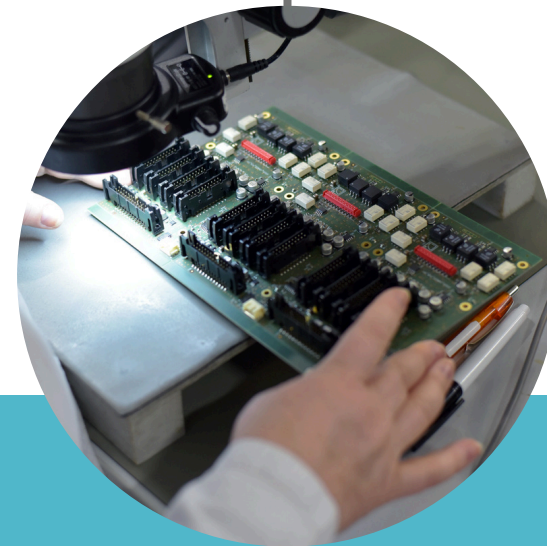

## Our Services

### PCBA - PCB ASSEMBLY

WPCB assembly services following best practices and standards

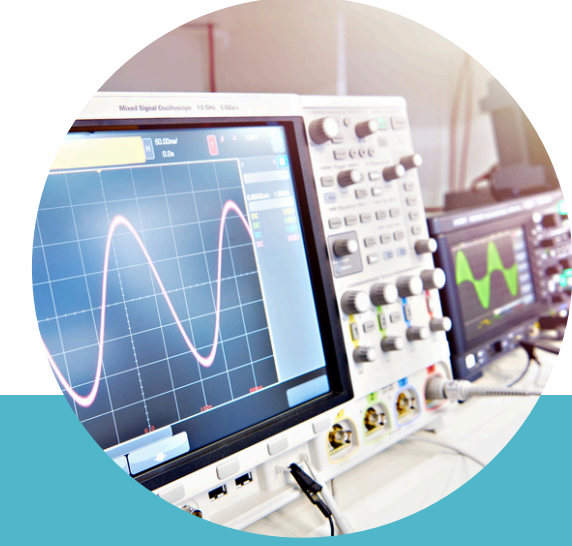

### PROTOTYPE BUILD

Rapid prototype fabrication, testing and adjustment

### BOX-BUILD ASSEMBLY

EMS services with box-build product as the result

### COMPONENT SOURCING & TESTING

All required microelectronics components order and delivery. The end product is always tested to meet customers requirements
