

The European Network of HE Cluster 4 Industry National Contact Points

ncp4industryplus@apre.it

www.ncp4industry.eu

A map of Europe and surrounding regions, color-coded to show the distribution of three major language families. The map includes the British Isles, Scandinavia, the Mediterranean, and parts of North Africa and Western Asia. A legend on the left side identifies the colors: a dark blue square for 'Indo-European', a light blue square for 'Afro-Asiatic', and a grey square for 'Altaic'. The map shows that Indo-European languages are spoken across most of Europe, including the British Isles, Scandinavia, and the Mediterranean. Afro-Asiatic languages are primarily found in North Africa and the Middle East. Altaic languages are concentrated in Siberia and parts of Central Asia.

GA No. 101207495

Objectives

The strategic objectives of the Cluster 4 Industry European NCP Network project towards the R&I community are to:

promote HE CL4 Industry funding opportunities among multiple research and innovation communities and

stimulate knowledge transfer and cross-fertilization among a wide diversity of actors and institutional stakeholders' groups.

NCP4Industry Plus Target Group

CL4 National Contact Points

Welcome Package; Capacity building activities, Trainings, webinars and background information

Relevant initiatives and stakeholders groups

Stakeholder map, continuous communication and mutual collaboration activities

R&I communities

Matchmaking activities, Proposal Checks, Webinars and Info-sessions during major events

Newcomers and potential new actors

Awareness raising campaigns and access to networks via Testimonials and knowledge transfer

European Commission

Feedback from and to the EC; Bilateral and collaborative approach to R&I communities via additional services and matchmaking opportunities
