Before / After

A night-time photograph of an art installation. In the foreground, a pond reflects the scene. Several large, colorful geometric sculptures, resembling stylized paper boats or pyramids, are in the water. One is bright blue, another is red, and a third is yellow. On a raised wooden platform in the middle ground, a group of people, including children and adults, are standing and looking towards the sculptures. The background is filled with more people and trees, illuminated by warm, golden light. The entire image is framed by a large, thin white circle. On the right side, there are four horizontal, wavy white lines. In the bottom left corner, the text "over 30 000 visitors" is written in white.

South park

A large crowd of people is gathered at a night festival. The scene is illuminated by warm yellow and orange lights, with some areas showing cooler blue and purple tones. The crowd is dense, and many people are looking towards the camera or the festival activities. In the background, there are trees with autumn-colored leaves and a large, glowing yellow sphere. A white wavy graphic overlay is present in the upper left quadrant, and a large white circle is drawn around the central part of the image.
