Granalix is an Israeli biotech company founded by **Prof. Ruth Gabizon**, a senior researcher of degenerative brain diseases at Hadassah University Hospital. Also, **Prof. Shlomo Magdassi**, a worldwide expert in nanotechnology from Hebrew University of Jerusalem. The company has developed the groundbreaking, patented **GranaGard** product .

GranaGard is a pomegranate seed oil (PSO) and micro-absorption catalyst formulation packaged as a supplement pill. Pomegranate seed oil contains exceptionally high amount of Omega 5 polyunsaturated fatty acid (punicic acid), one of the rarest and most powerful antioxidants found in nature. Studies suggest PSO inhibits the onset of degenerative nervous system diseases such as:

- ✔ Multiple Sclerosis
- ✔ Alzheimer's
- ✔ Dementia

INNOVATIVE NANOTECHNOLOGY FOR **MAXIMUM BIOAVAILABILITY**

SUPPLY

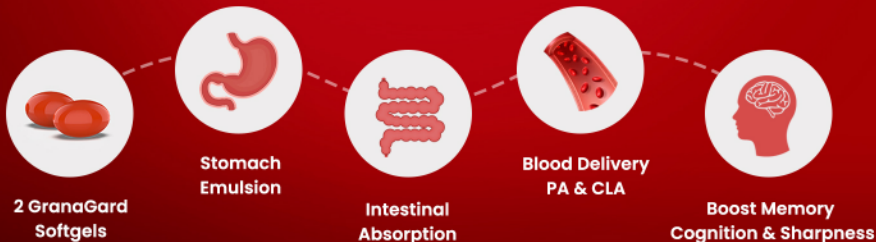

HOW DOES IT WORK?

Upon reaching the stomach, GranaGard PSO capsules break down into punnic acid nano-droplets designed to pass the liver and absorb directly into the bloodstream. In the bloodstream, punnic acid (PA) inhibits the formation of free radicals that cause the oxidation of proteins and lipids (fats). Once the punnic acid passes the blood-brain barrier, it converts into conjugated linoleic acid (CLA).

Punic acid (PA) and CLA have been shown to have numerous significant health benefits, including:

- ✓ **Anti-aging agent**
(brain, skin, etc.)
- ✓ **Decreasing cancer risk**
(i.e. breast and prostate)
- ✓ **Prevention of obesity**
- ✓ **Prevention of heart disease**
- ✓ **An anti-inflammatory substance**

GRANAGARD IN THE BODY

CLINICAL STUDIES ON GRANAGARD

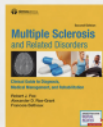

Click the links to read more

- ✔ **Decreases pathological hallmarks of Alzheimer**
- ✔ **Improves mitochondrial dysfunction**
- ✔ **Attenuates traumatic brain injury**
- ✔ **Increases survival of brain cells**
- ✔ **Enhances effects of stem cell**
- ✔ **Improves hepatic steatosis**
- ✔ **Improves memory (Human study)**
- ✔ **Anti inflammatory**
- ✔ **Anti aging**

WHY CHOOSE GRANAGARD?

Patented self nano-emulsion technology

Unique formulation turns large oil drops into tiny nano particles (200nm)

Enhanced absorption in the gut

Enhanced brain tissue uptake (5 times more than plain oil)

Enhanced effects on cognition (12% increase in CVLTII test)
