

PARTNER SEARCH PROFILE: NGO E-TEAM (Ukraine)

Implementation Partner for EU Energy & Climate Consortia

1. Executive Summary

Established in 2010 and restructured in 2025, E-TEAM is a Ukrainian NGO driving the green transition in the residential sector.

Our core team brings 6+ years of experience from the International Finance Corporation (World Bank Group) and represents a key part of Ukraine's housing energy modernization ecosystem.

Track record (team-level):

- 380+ energy modernization projects
- 380+ buildings restored after war damage
- 312 GWh/year energy savings

We act as an implementation partner with GIZ, UNIDO, and EU LIFE, translating EU policies into practical implementation for municipalities and HOAs.

2. Institutional Capacity

E-TEAM operates on a hybrid model:

- donor-funded projects
- B2G contracts (MEPs/SECAPs)
- HOA advisory

This ensures **financial sustainability and delivery reliability**.

Key strengths:

- hands-on HOA expertise
- ability to mobilize co-financing from residents
- strong compliance (IFC/WB standards)
- nationwide expert network (25+)

We are **field operators**.

3. What We Offer

- **Local implementation:** direct work with municipalities and HOAs
- **Pilot deployment:** real-life testing of EE, RES, digital tools
- **Stakeholder engagement:** turning residents into active participants
- **Data & MRV:** full cycle from baseline to reporting
- **Policy feedback:** SECAP/MEP-level recommendations

4. Energy Communities (Emerging Focus)

E-TEAM is developing expertise in **energy communities**, a largely unexplored field in Ukraine.

5. Capacity Building & Outreach

We combine implementation with strong outreach capacity:

- ongoing training and capacity-building activities
- high trust among local stakeholders

6. Target Programmes

- LIFE (Clean Energy Transition)
- Horizon Europe / CETPartnership
- Interreg Europe / EUI
- Erasmus+
