CampusOne®

PRODUCT TOUR · DASHBOARD + APP

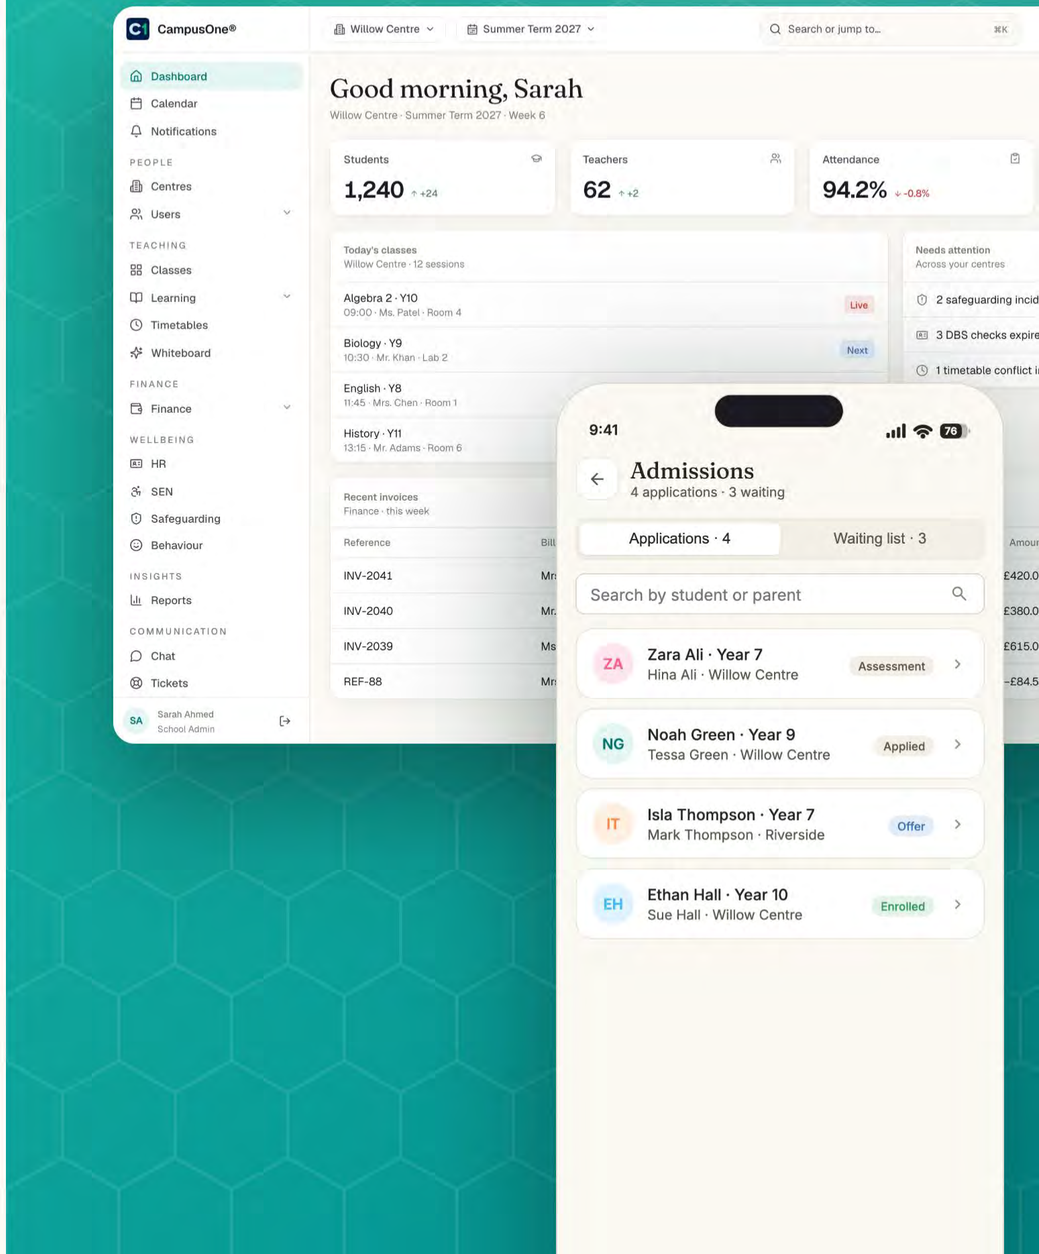

One platform, two ways in.

Every CampusOne® module on the admin dashboard and in the mobile app - shown side by side, screen by screen, on real product screens.

11 module pairs

6 everyday journeys

2 capability matrices

campusone.co.uk

AGENDA

What this tour covers.

1 **The platform at a glance**
What the dashboard is, what the app is, and how they share one database.

2 **Dashboard tour**
Overview, navigation & search, and multi-centre users & roles.

3 **App tour**
The Today screen, three audiences, messaging & notifications.

4 **Module by module**
Eleven modules, each paired: the dashboard screen next to the app screen.

5 **Six everyday journeys**
Real tasks crossing both surfaces - attendance to safeguarding.

6 **Compared**
Two capability matrices: dashboard vs app, and by role.

7 **Roles, security & AI**
Permissions, compliance architecture and built-in intelligence.

8 **Integrations, pricing & next steps**
Partners, plans and how to see it with your own data.

THE PLATFORM AT A GLANCE

Two surfaces, one deliberate split.

DASHBOARD

Where the school is run

The web panel at campusone.co.uk - for admins, managers and teaching staff doing deep work.

Build timetables · manage admissions · raise and reconcile fees · run payroll exports · manage safeguarding cases · HR and DBS compliance · reports and statutory returns.

APP

Where the school day happens

iOS and Android - for everyone: staff, students and parents, all day, in the pocket.

Mark registers · join live classes · submit and mark homework · pay invoices · chat with masked numbers · raise safeguarding concerns · self-service HR.

One database, live in both. A register marked in the app lands on the dashboard instantly - and anything too heavy for a phone points you to the panel rather than cramming it in.

DASHBOARD TOUR · 1 OF 3

The overview screen.

Sign in and the whole group is one glance: people, money and compliance, per centre.

Live headcounts

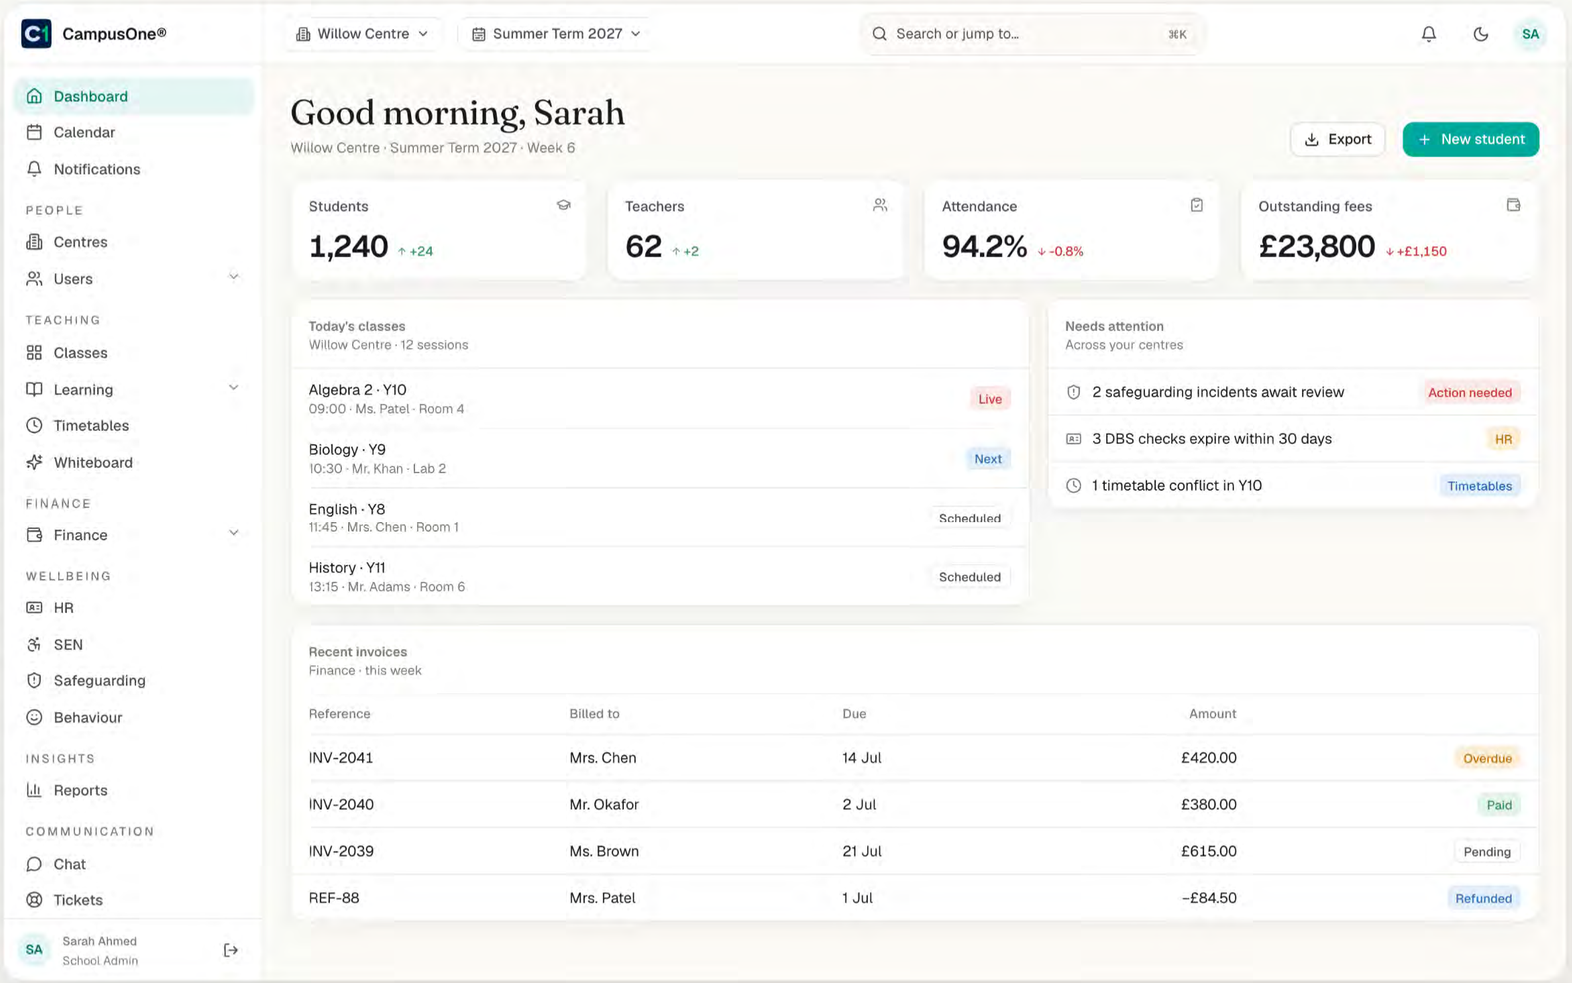

Centres, students, teachers and classes across the group.

Money at a glance

Invoiced, collected, outstanding and overdue.

Compliance early warnings

DBS, right-to-work and contract expiries, 30 days out.

DASHBOARD TOUR · 2 OF 3

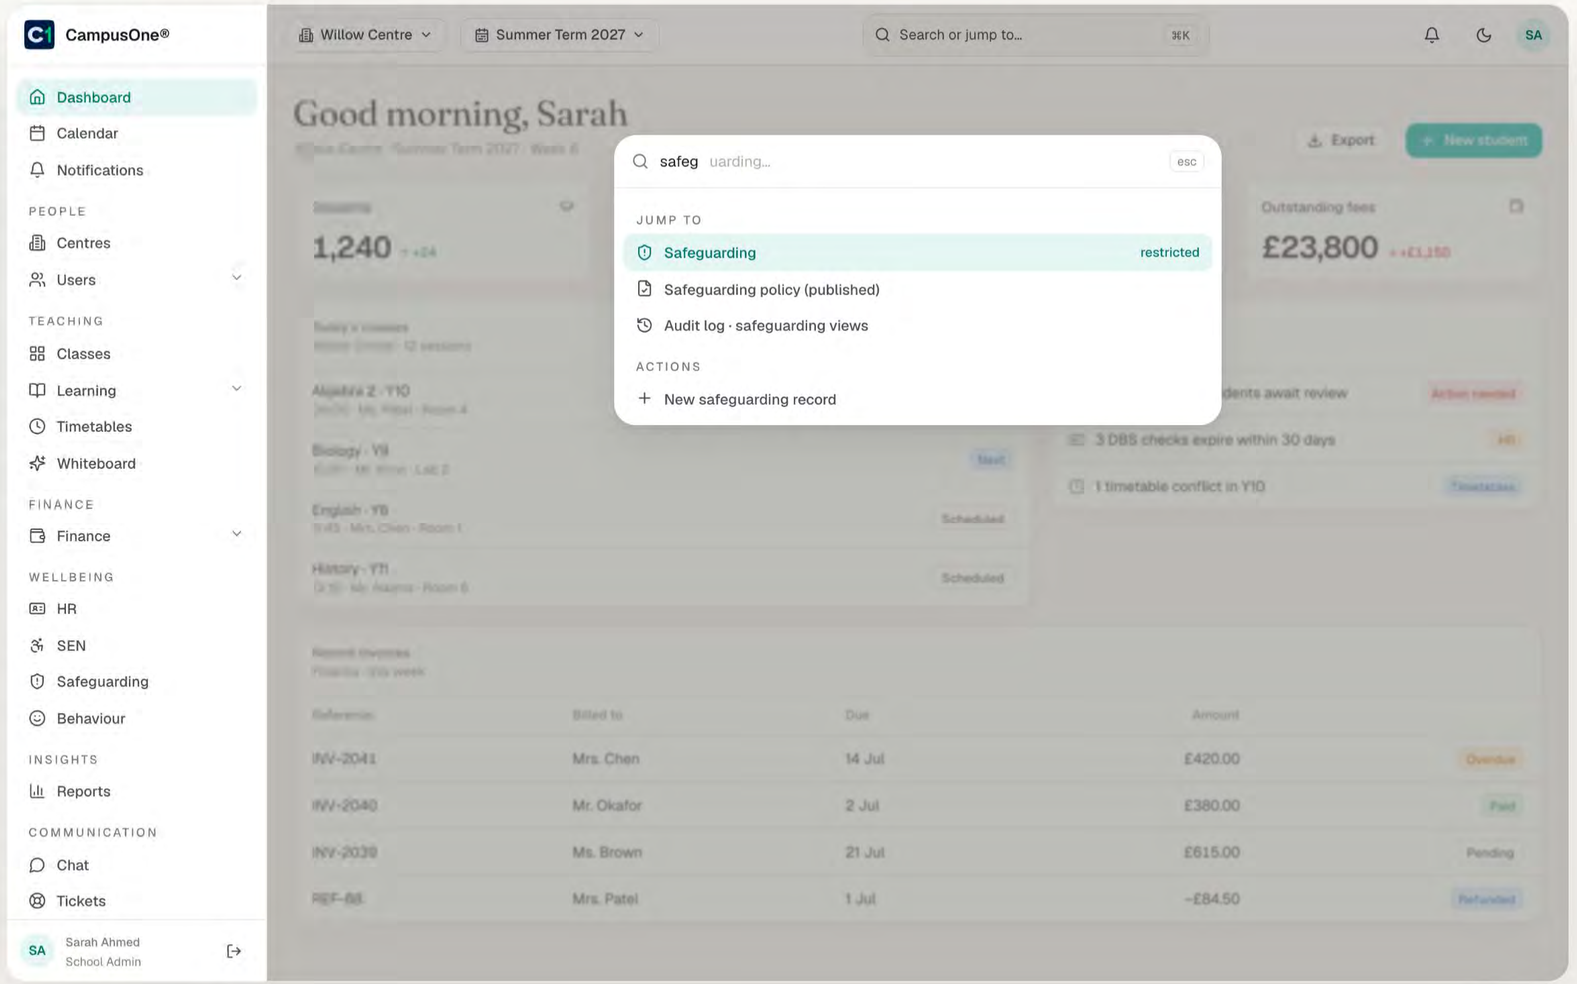

Navigation & search.

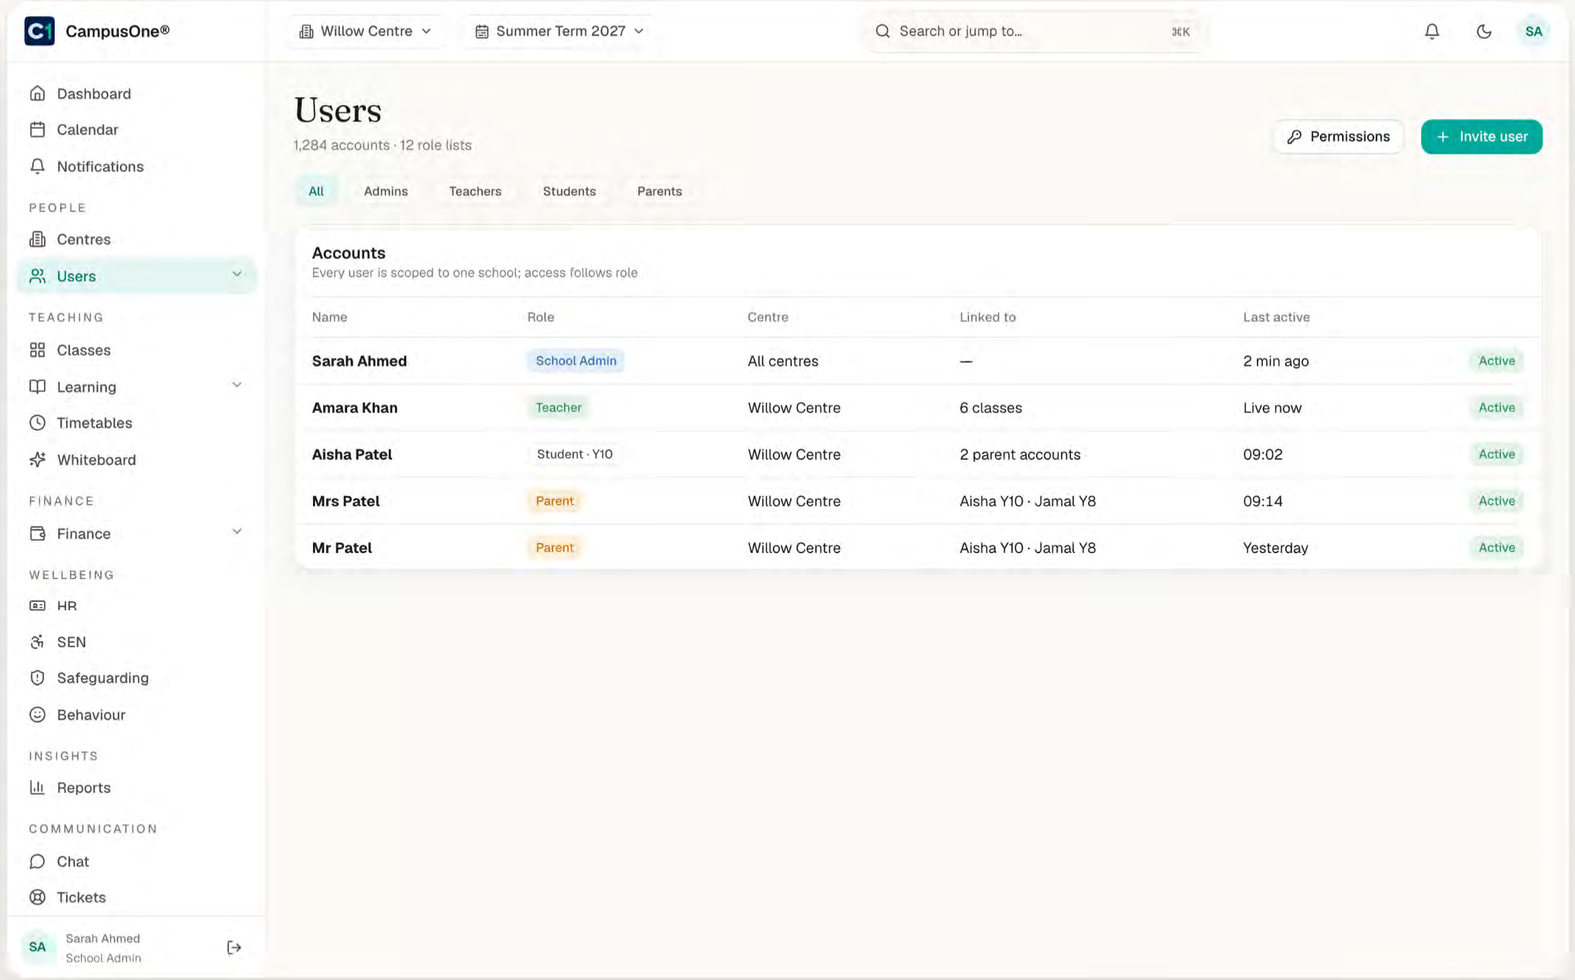

Every module one keystroke away - Ctrl K jumps to any screen, record or action.

Eight sections, thirty routes
People, teaching, calendar, finance, wellbeing, insights, communication, settings.

Search anything
Students, invoices, policies and actions from one box.

11 languages
Including full right-to-left Arabic, Farsi, Urdu and Pashto.

DASHBOARD TOUR · 3 OF 3

Centres, users & roles.

Every account scoped to one school; what they see follows their role.

12 role lists

From school admin to teaching assistant to two parents per student.

Per-school isolation

Separation enforced at the database level, not by policy.

Permissions you can edit

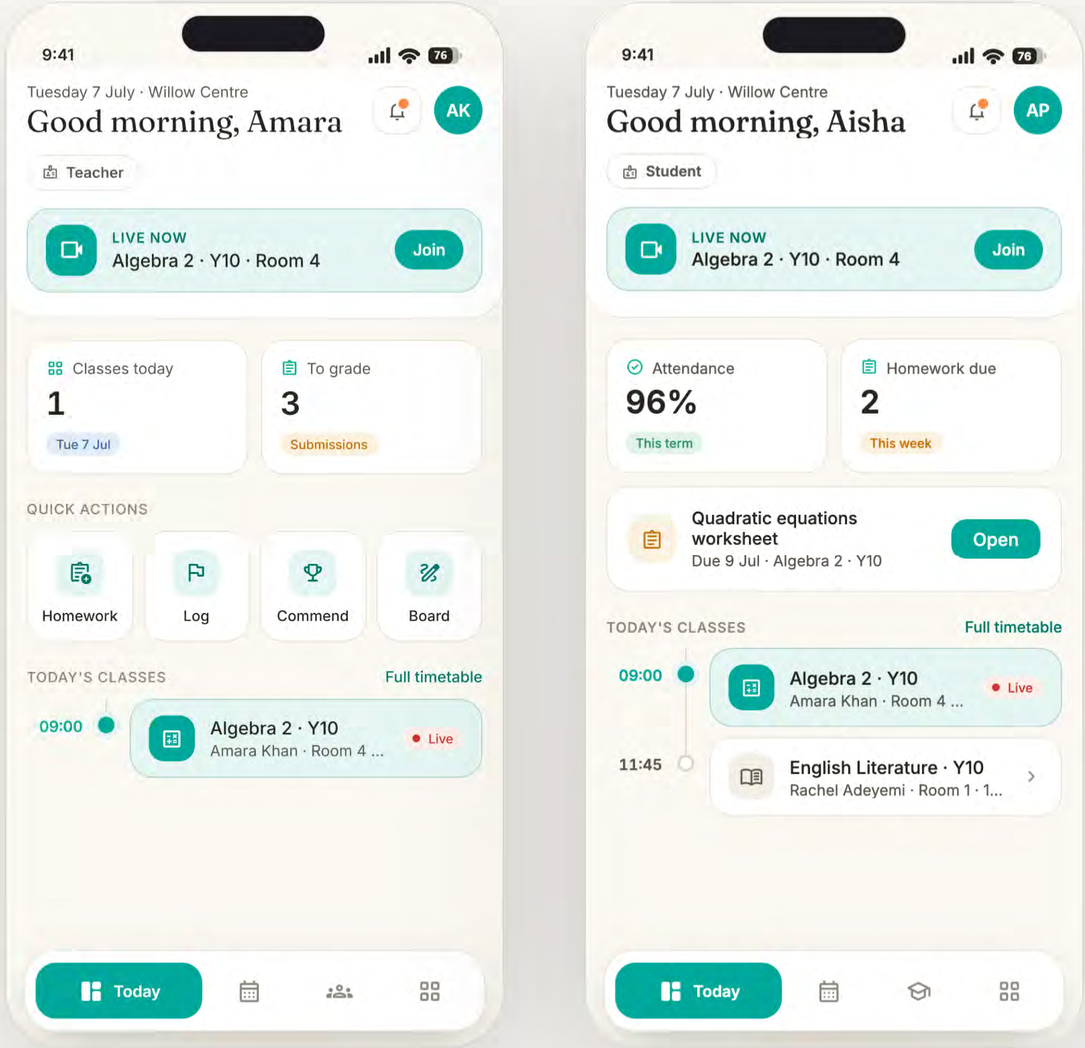

A live permissions editor drives access across dashboard and app.

APP TOUR · 1 OF 3

The Today screen.

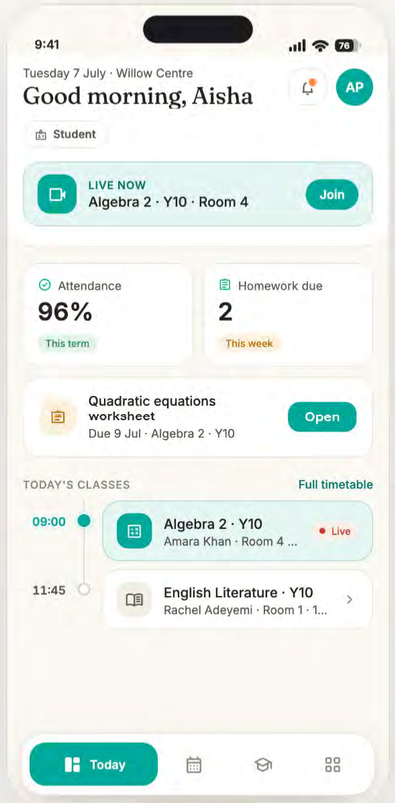

Free on the App Store and Google Play. Open it and the day is already arranged.

- **Live now, one tap to join**
  Running classes surface at the top with a Join button.
- **Quick actions**
  Homework, behaviour log, commendations, whiteboard.
- **Today's timeline**
  Classes in order, with rooms, teachers and live status.

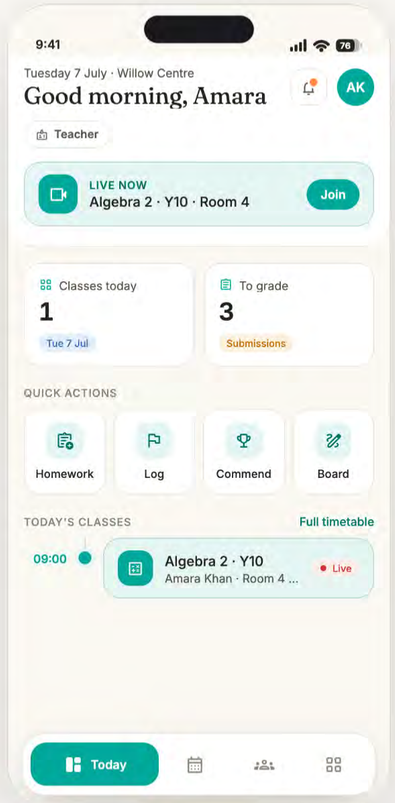

APP TOUR · 2 OF 3

One app, three audiences.

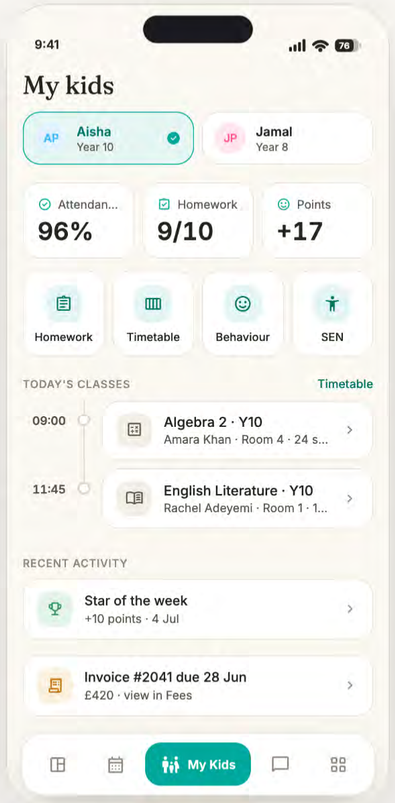

Student

Timetable, homework, exams, recordings and courses - their school only.

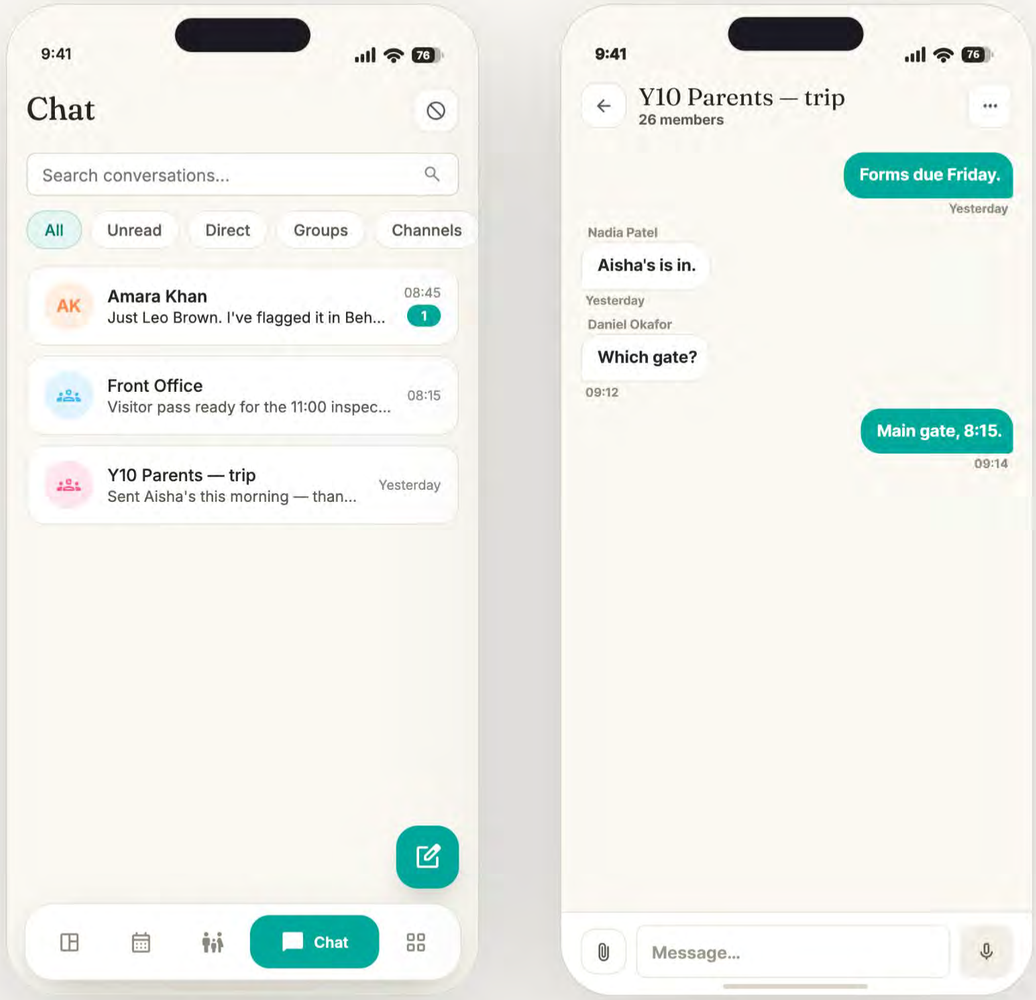

Teacher

Registers, marking, live classes and behaviour - wherever they teach.

Parent

Attendance, homework, points and fees - two accounts per child.

APP TOUR · 3 OF 3

Messaging & notifications.

Direct, class and school-wide - reaching families on the channels they actually read.

- **Masked numbers**
  Parents reach staff without personal numbers being shared.
- **Routed by preference**
  Push, email, SMS and WhatsApp Business per user.
- **End-to-end encrypted**
  With broadcast announcements from the dashboard.

PART ONE OF THREE

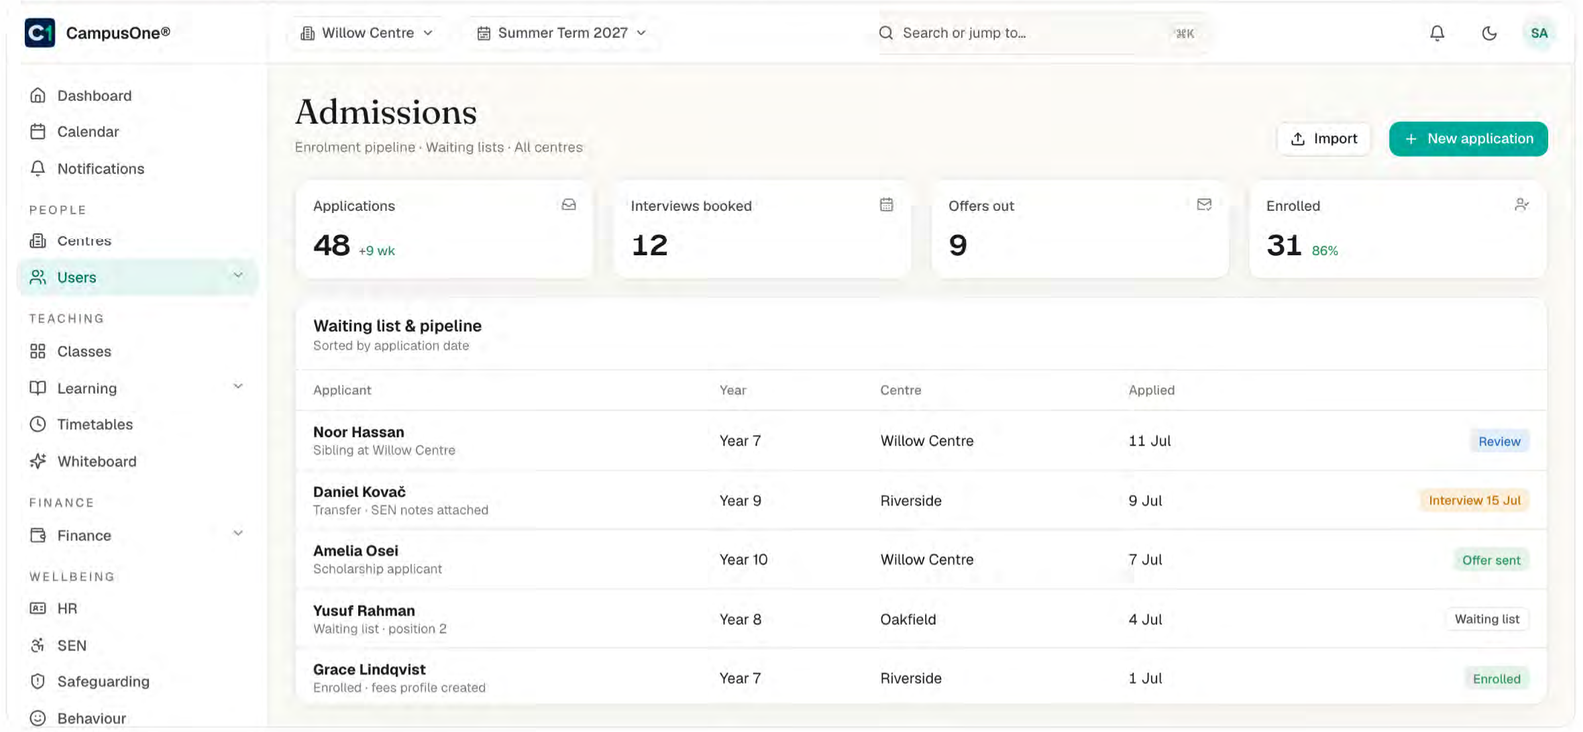

Module by module.

Admissions · Timetable & attendance · Homework & exams · Live classes & whiteboard · Courses & materials · Finance & invoicing · Behaviour & SEN · Safeguarding · HR & staff · Chat & notifications · Reports & analytics

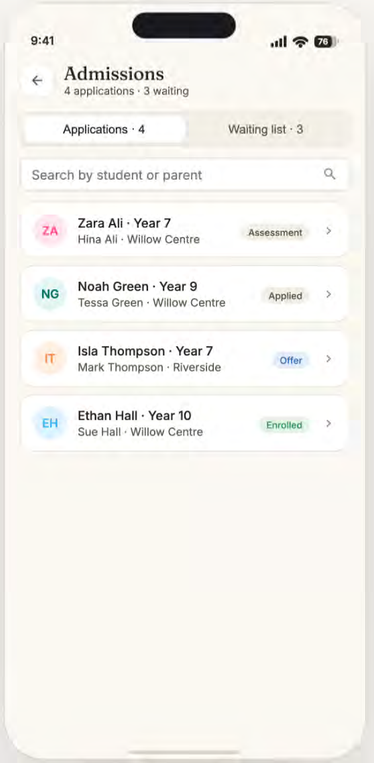

MODULE 01 · ADMISSIONS & ENROLMENT

Waiting lists on the dashboard, applications in the app.

DASHBOARD Pipeline, interviews, offers & waiting lists per centre

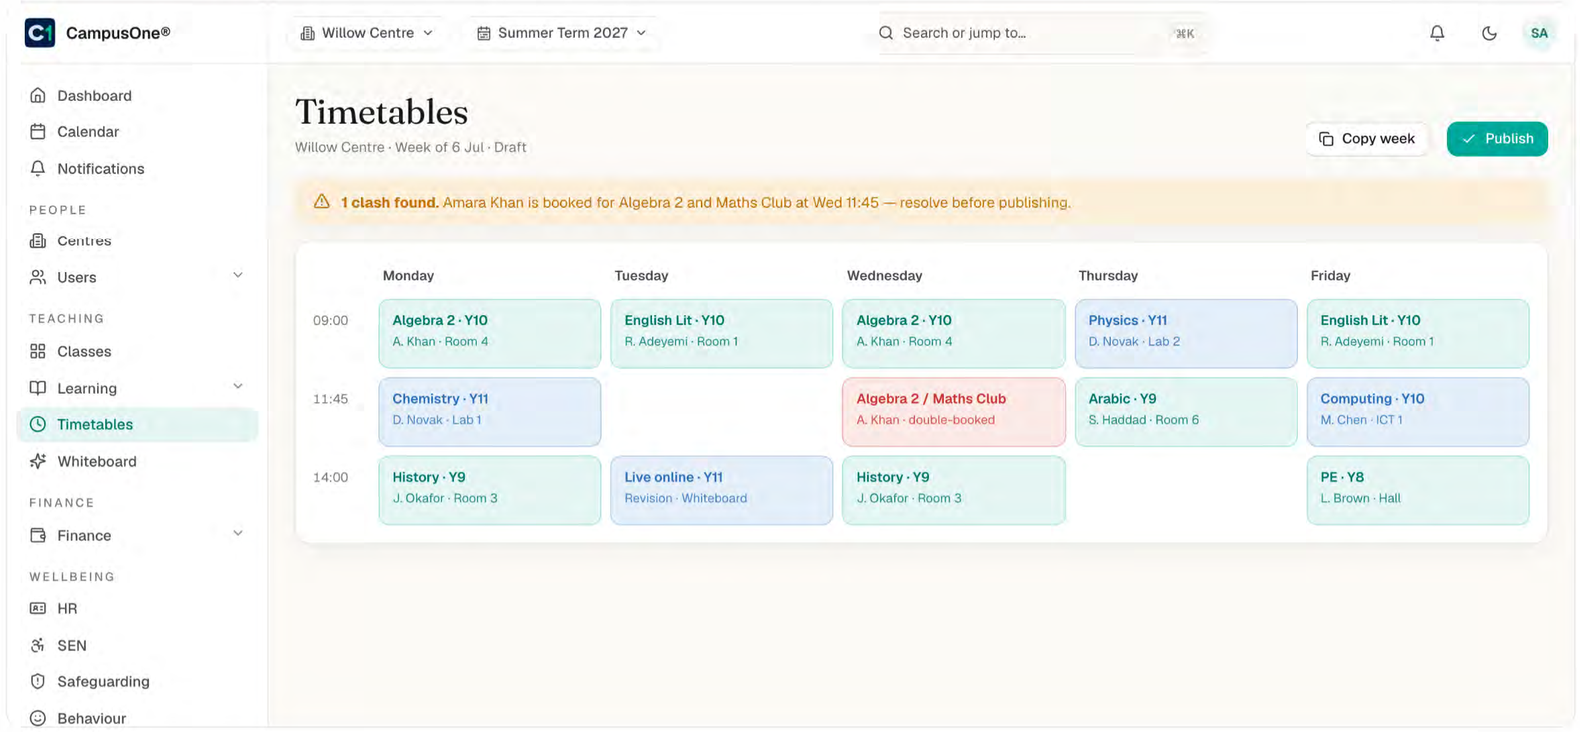

APP Applications & waiting list on the move

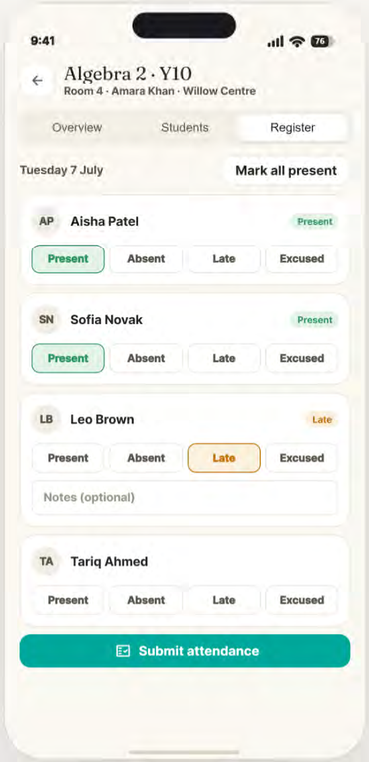

MODULE 02 · TIMETABLE & ATTENDANCE

Timetables built on the dashboard, registers marked in the app.

DASHBOARD Weekly builder with clash detection before publishing

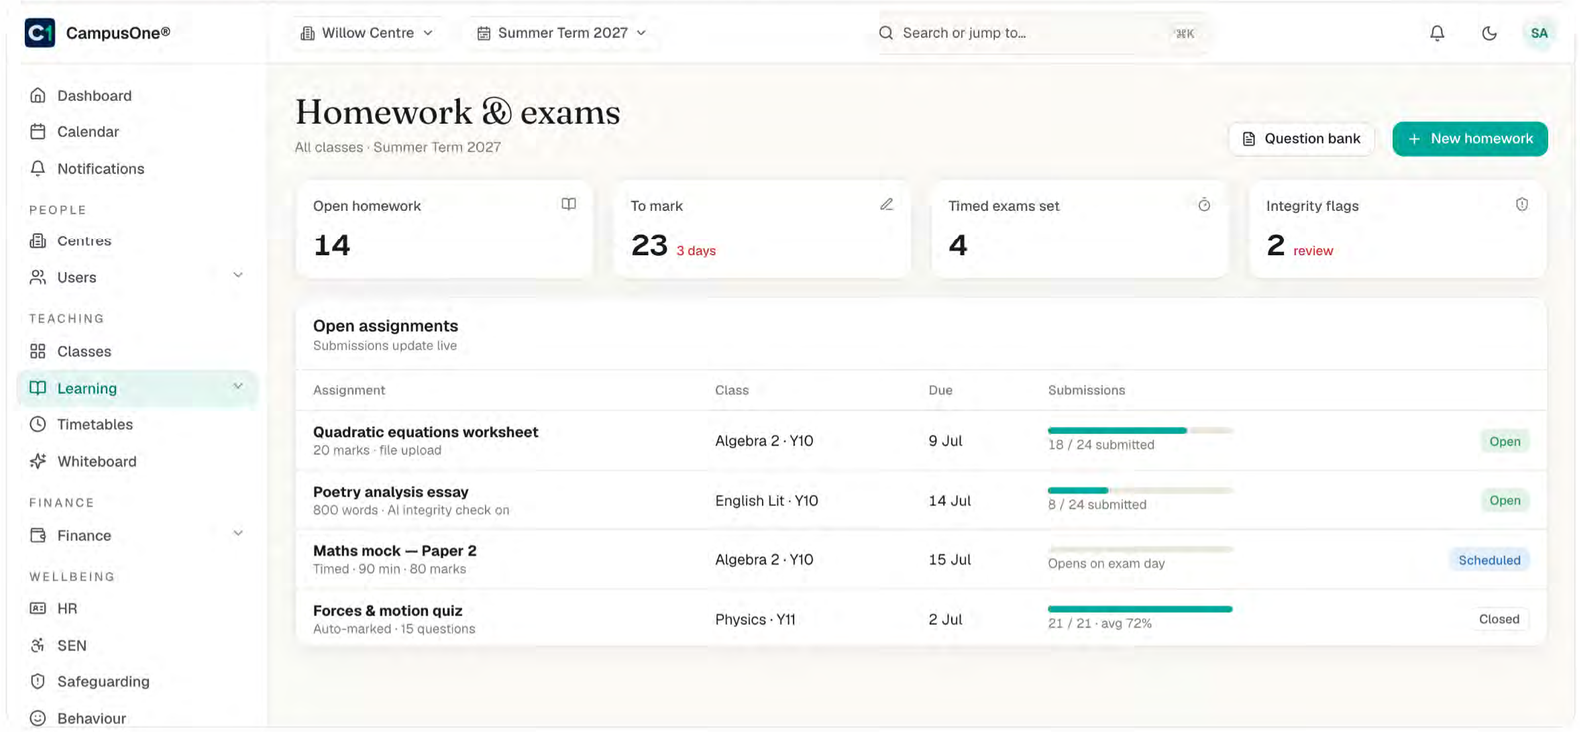

APP A class register marked in seconds

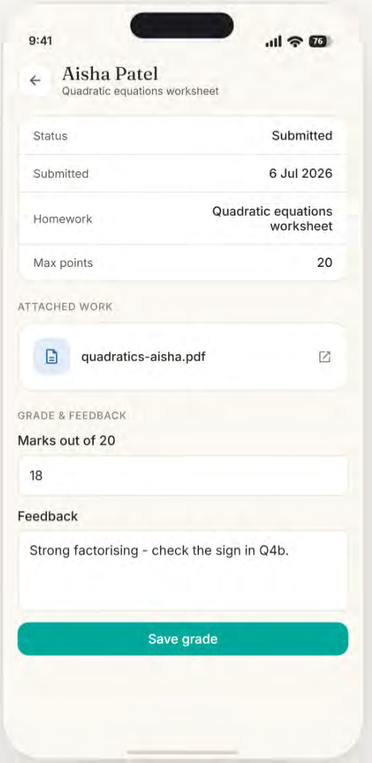

Homework set on the dashboard, marked in the app.

DASHBOARD Assignments, timed exams & live submission counts

APP Grade & feedback, pen-tablet marking

MODULE 04 · LIVE CLASSES & WHITEBOARD

Sessions scheduled on the dashboard, taught from anywhere.

DASHBOARD Live sessions, recordings & per-session attendance

Algebra 2 · factorising quadratics 6 Jul · 74 min · AI summary ready · 312 views	Published
English Lit · unseen poetry 5 Jul · 68 min · AI summary ready · 228 views	Published

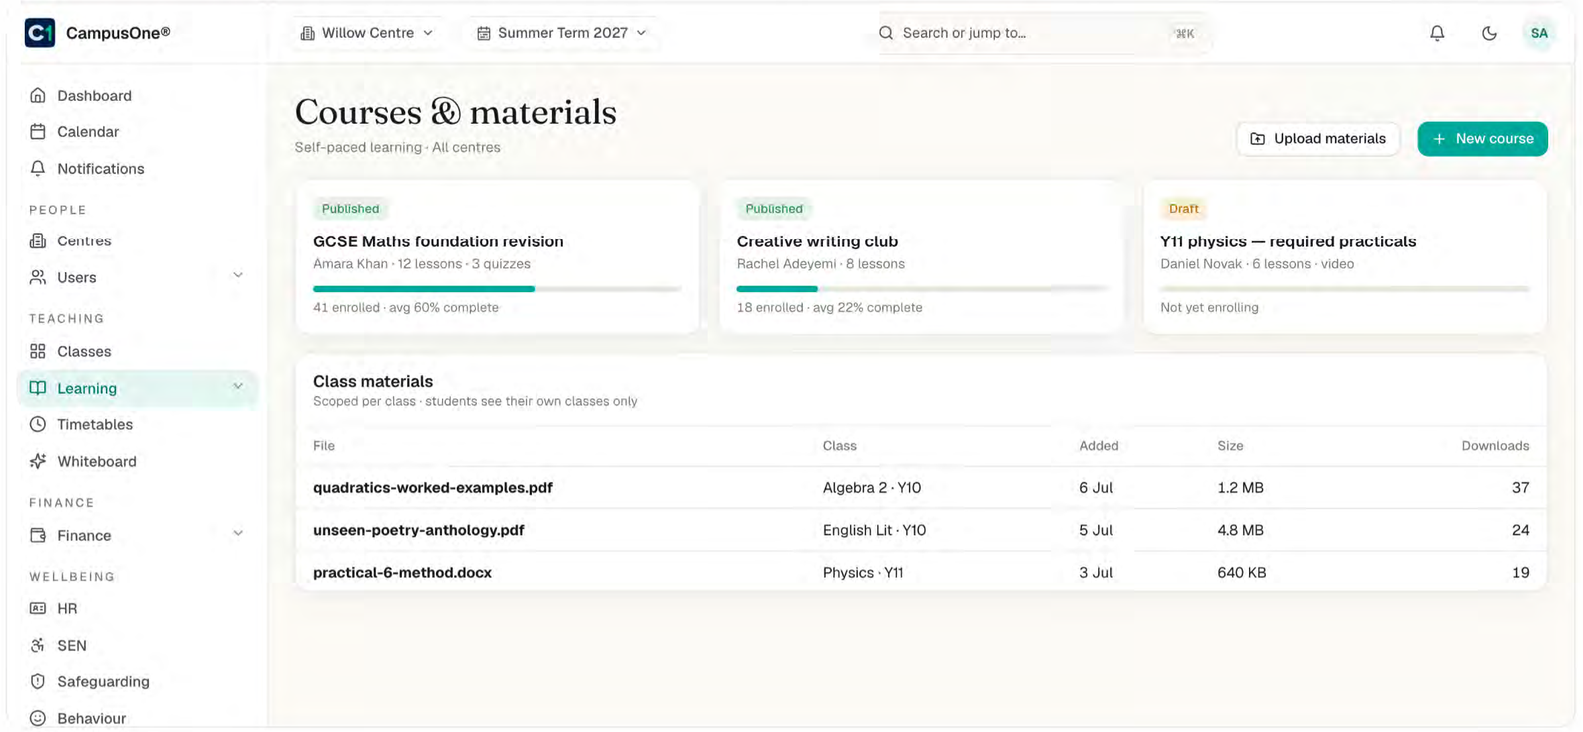

APP Browser whiteboard with GAOMON tablet support

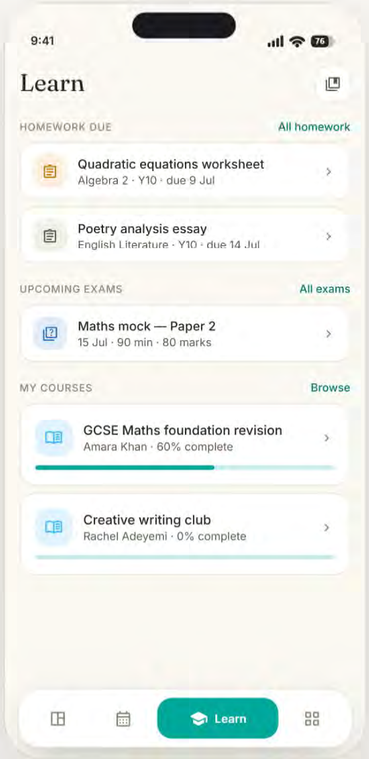

MODULE 05 · COURSES & MATERIALS

Courses authored on the dashboard, studied in the app.

DASHBOARD Self-paced courses, lessons, quizzes & class files

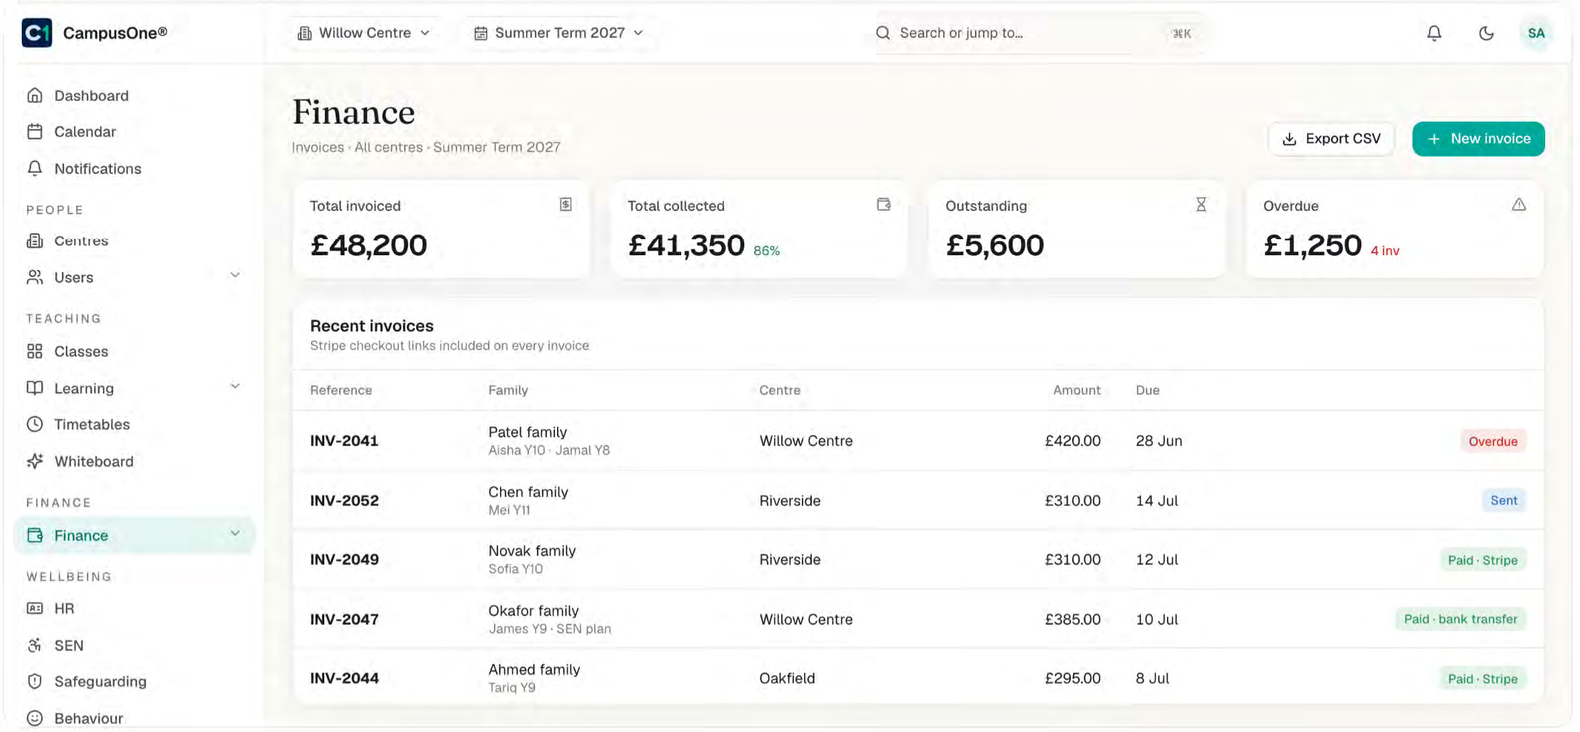

APP Homework due, exams & course progress

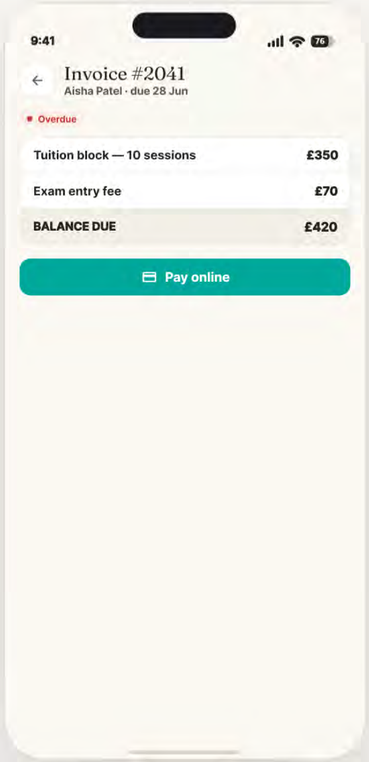

MODULE 06 · FINANCE & INVOICING

Fees raised on the dashboard, paid in the app.

DASHBOARD Invoiced · collected · outstanding · overdue, per centre

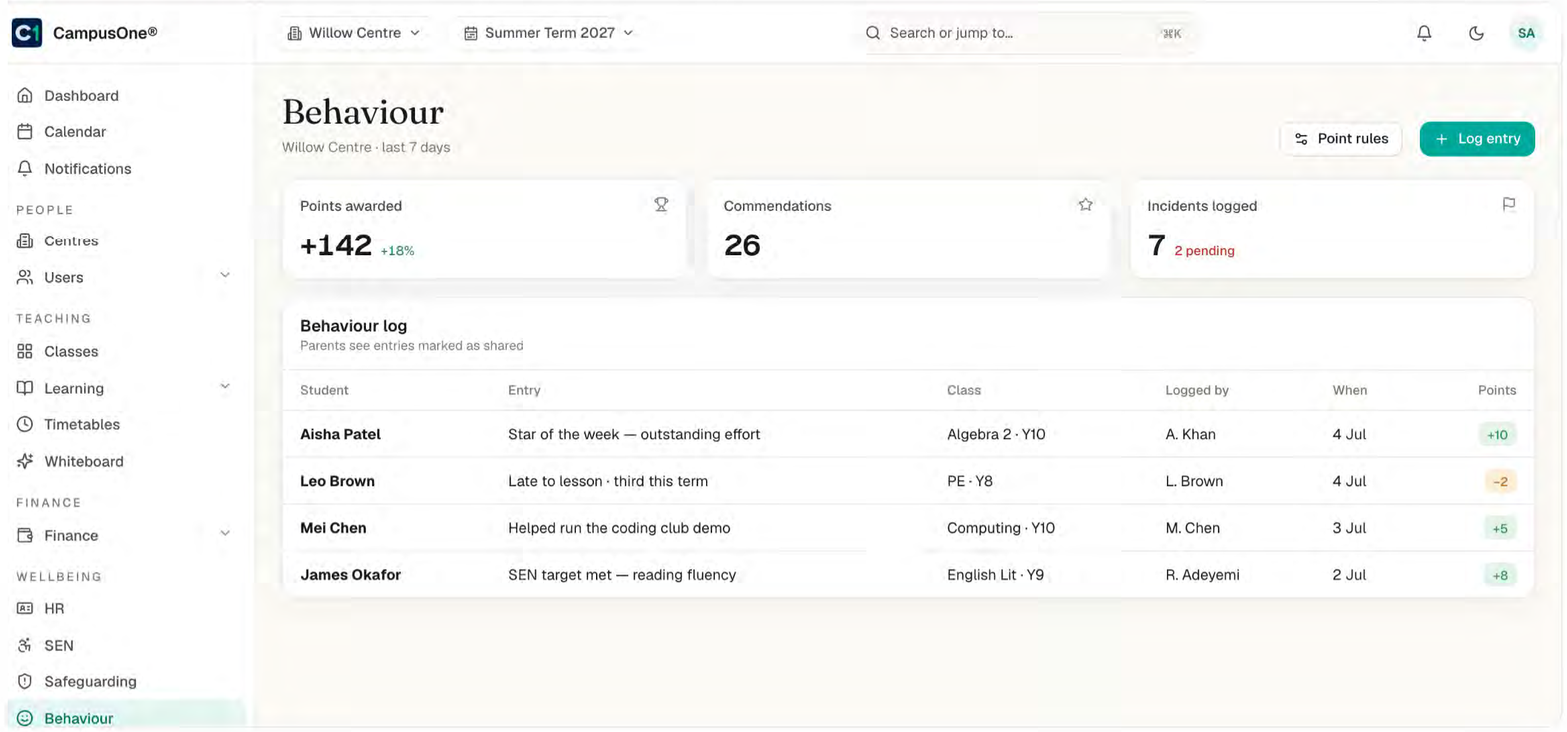

APP Stripe checkout & payment history for families

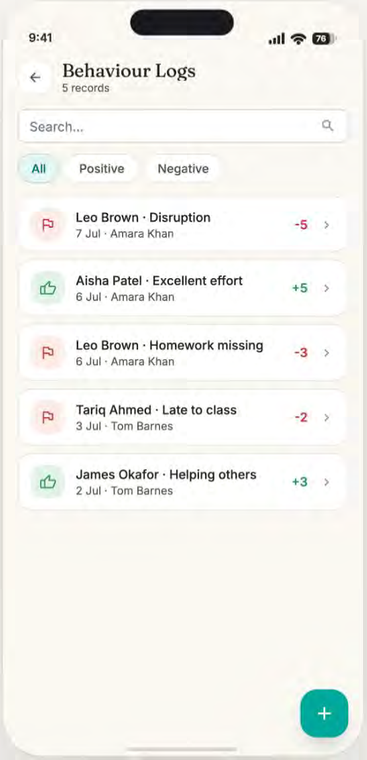

MODULE 07 · BEHAVIOUR & SEN

Behaviour reviewed on the dashboard, logged in the app.

DASHBOARD Points, commendations, incidents & SEN plans

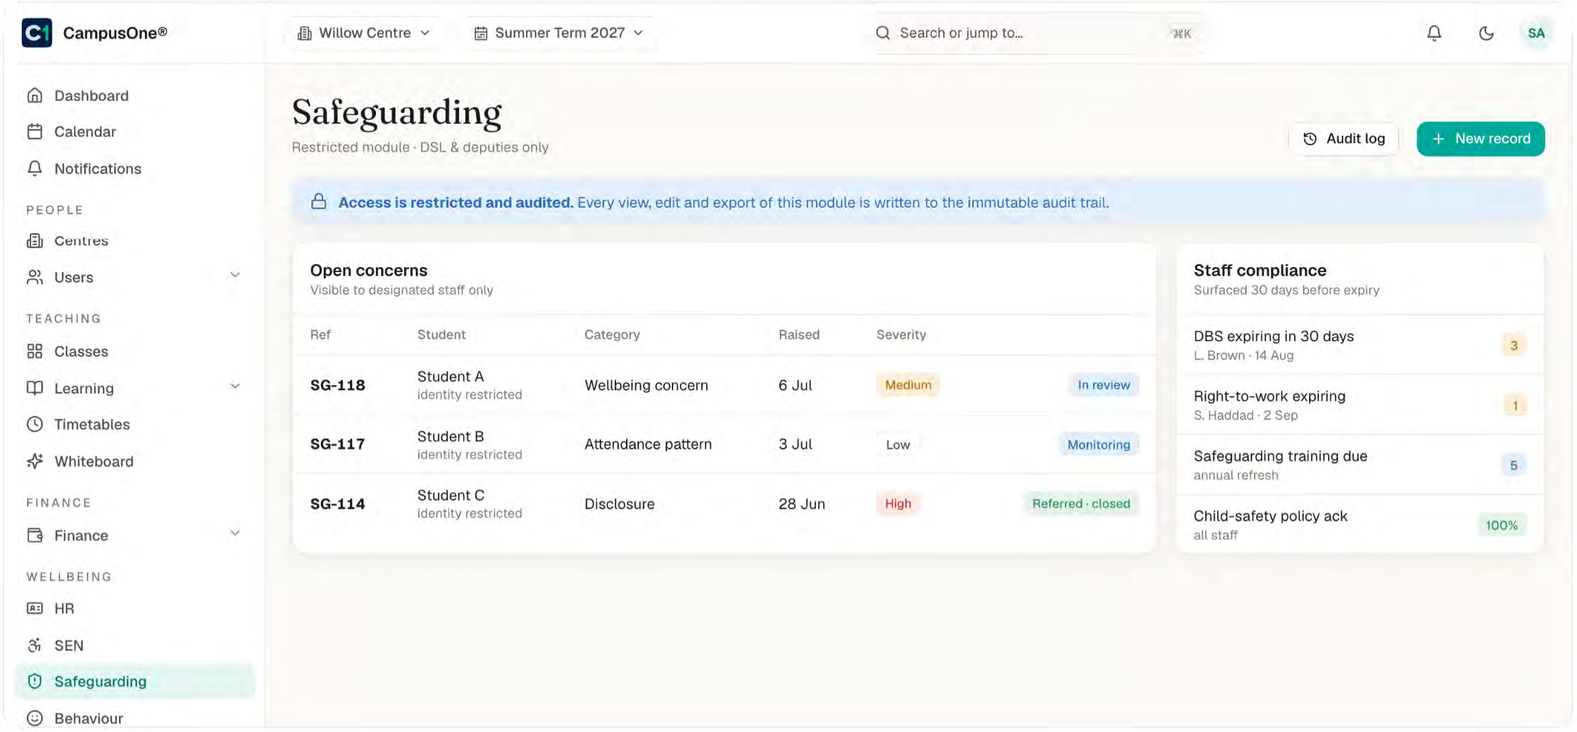

APP Logs from the classroom, the moment they happen

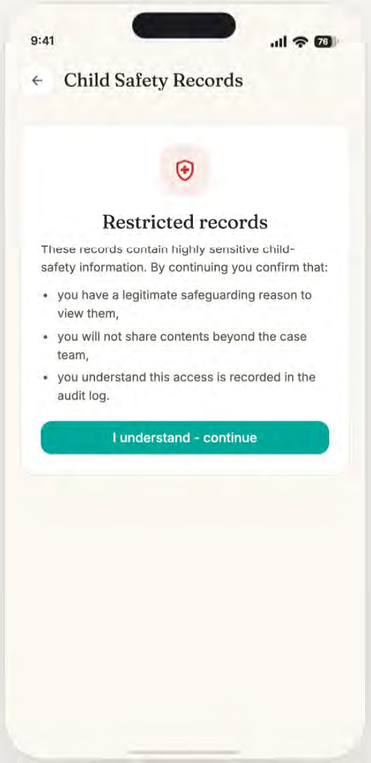

MODULE 08 · SAFEGUARDING & COMPLIANCE

Cases managed on the dashboard, concerns raised in the app.

DASHBOARD Restricted to the DSL team · every view audited

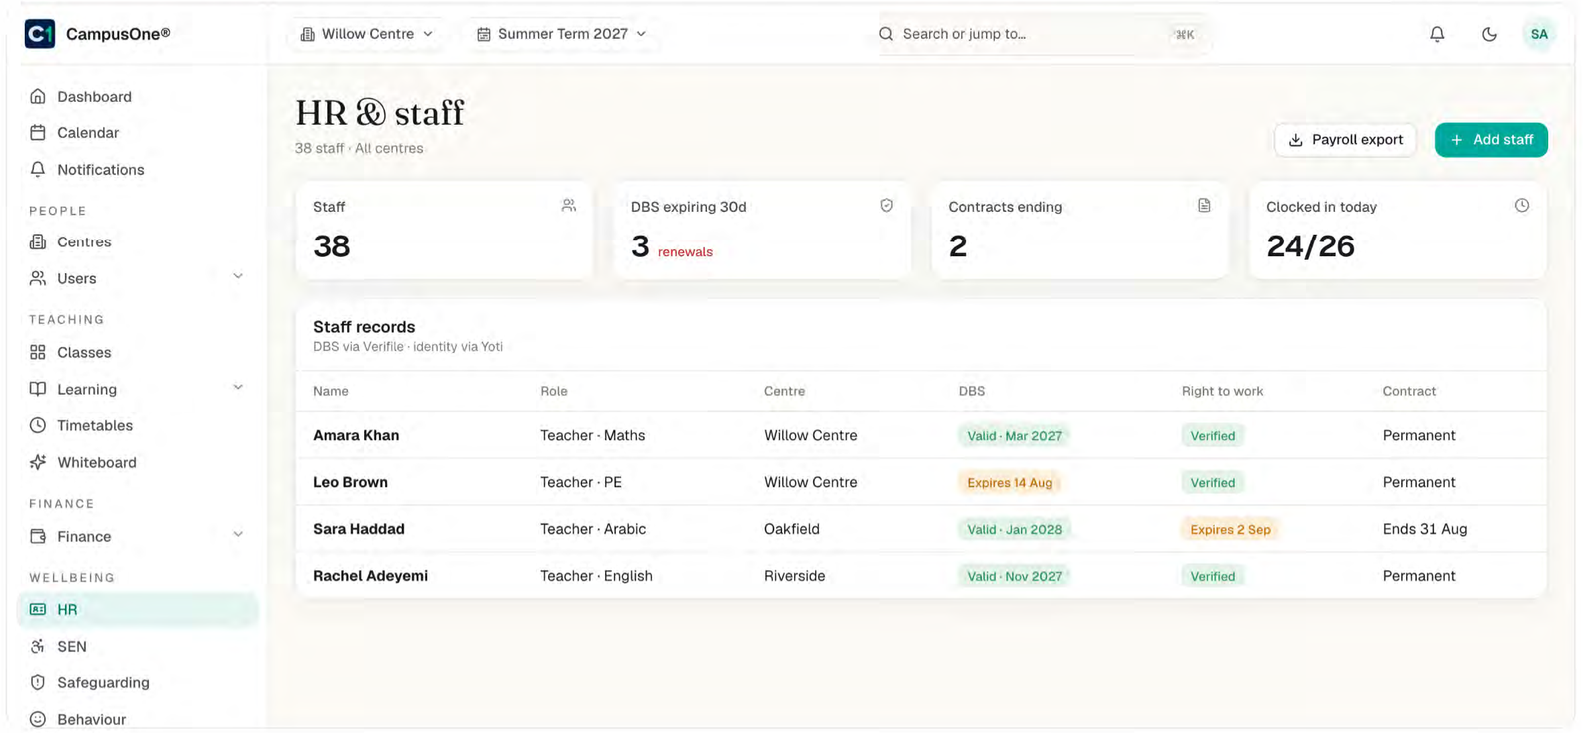

APP An acknowledgement gate before any record opens

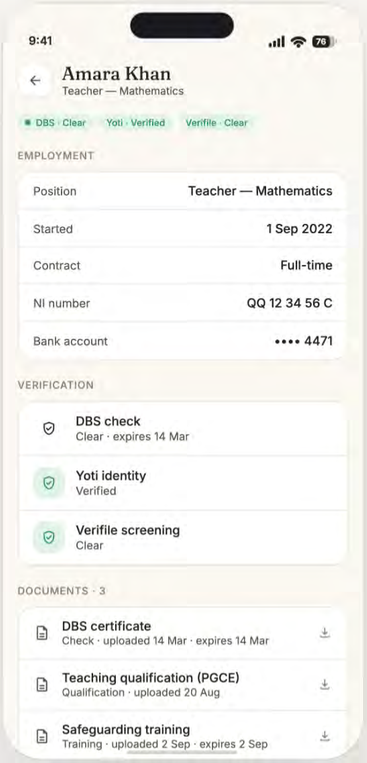

MODULE 09 · HR & STAFF

HR run on the dashboard, self-service in the app.

DASHBOARD DBS via Verifile, identity via Yoti, contracts & payroll

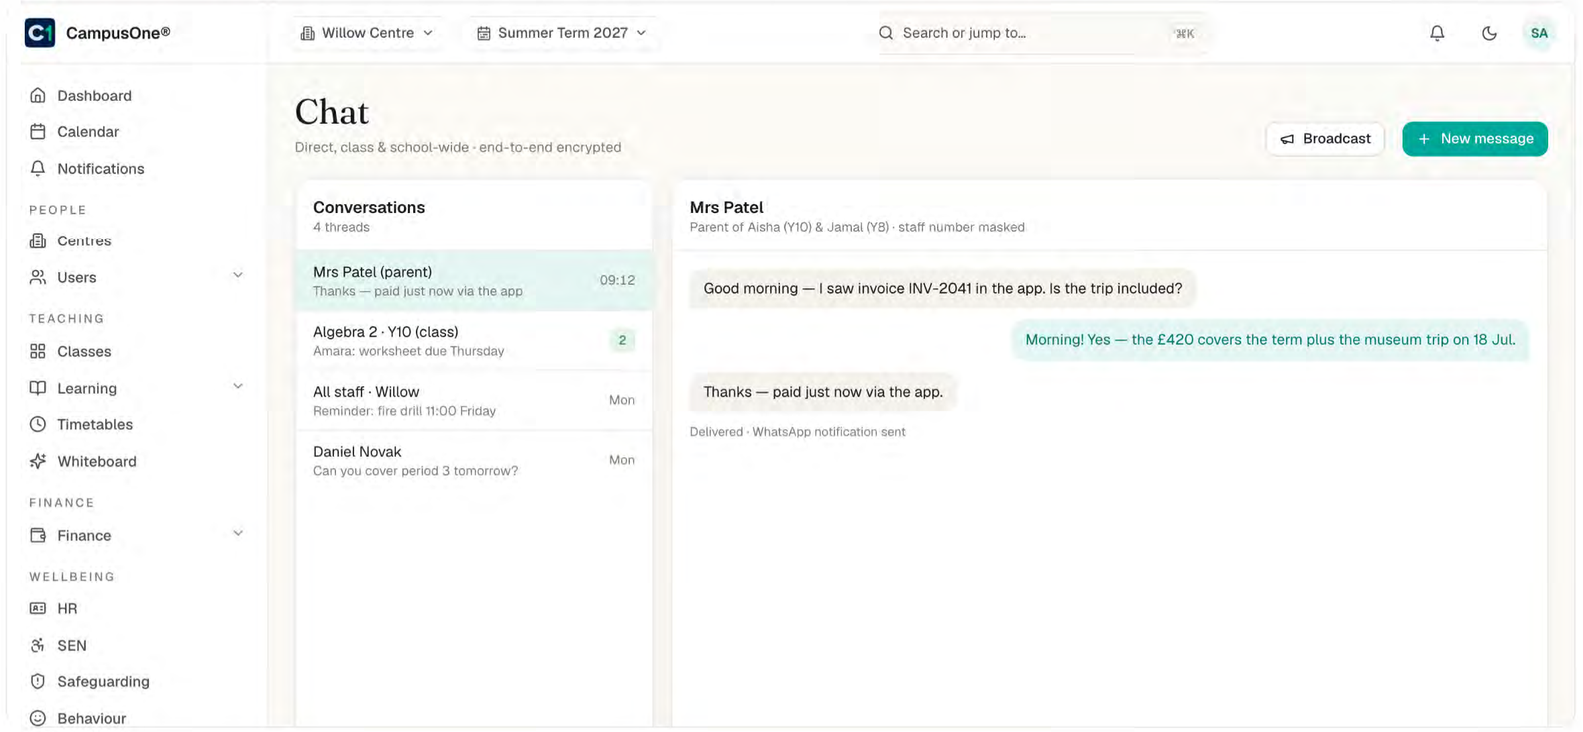

APP Each staff member's own record & documents

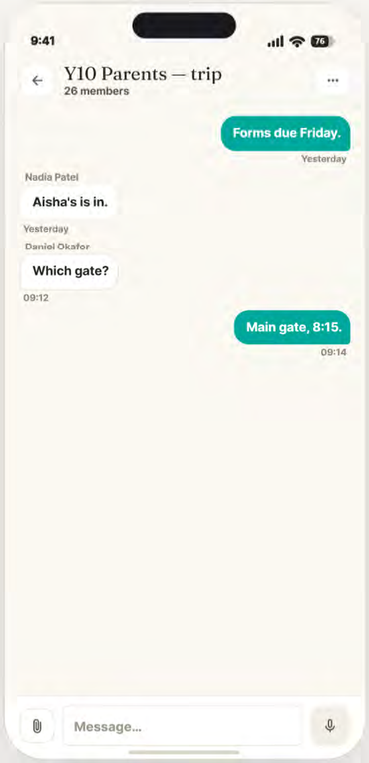

Broadcasts from the dashboard, conversations in the app.

DASHBOARD Threads, class channels & school-wide broadcast

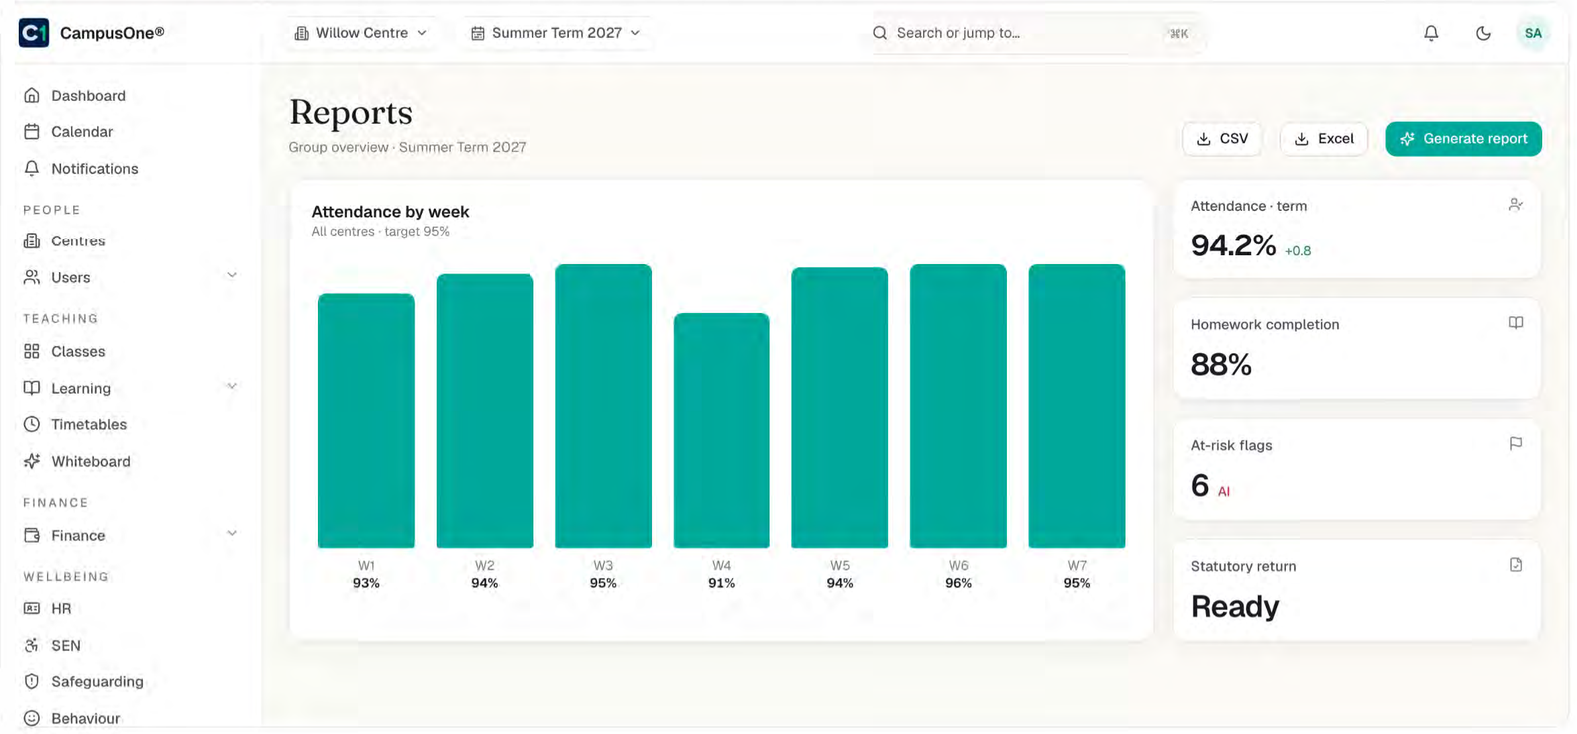

APP Teachers, classes & school in one inbox

Reports built on the dashboard - and the app knows it.

DASHBOARD Attendance trends, at-risk flags & statutory exports

APP Heavy analysis points to the panel - by design

PART TWO OF THREE

Six everyday journeys.

Taking attendance · Setting & marking homework · Raising & paying an invoice · Logging a safeguarding concern · Running a live class · Messaging a parent

JOURNEY 1 OF 6

Taking attendance.

1 **The published timetable creates the register** DASHBOARD

Every scheduled class gets one automatically.

2 **Teacher opens the class, taps Register** APP

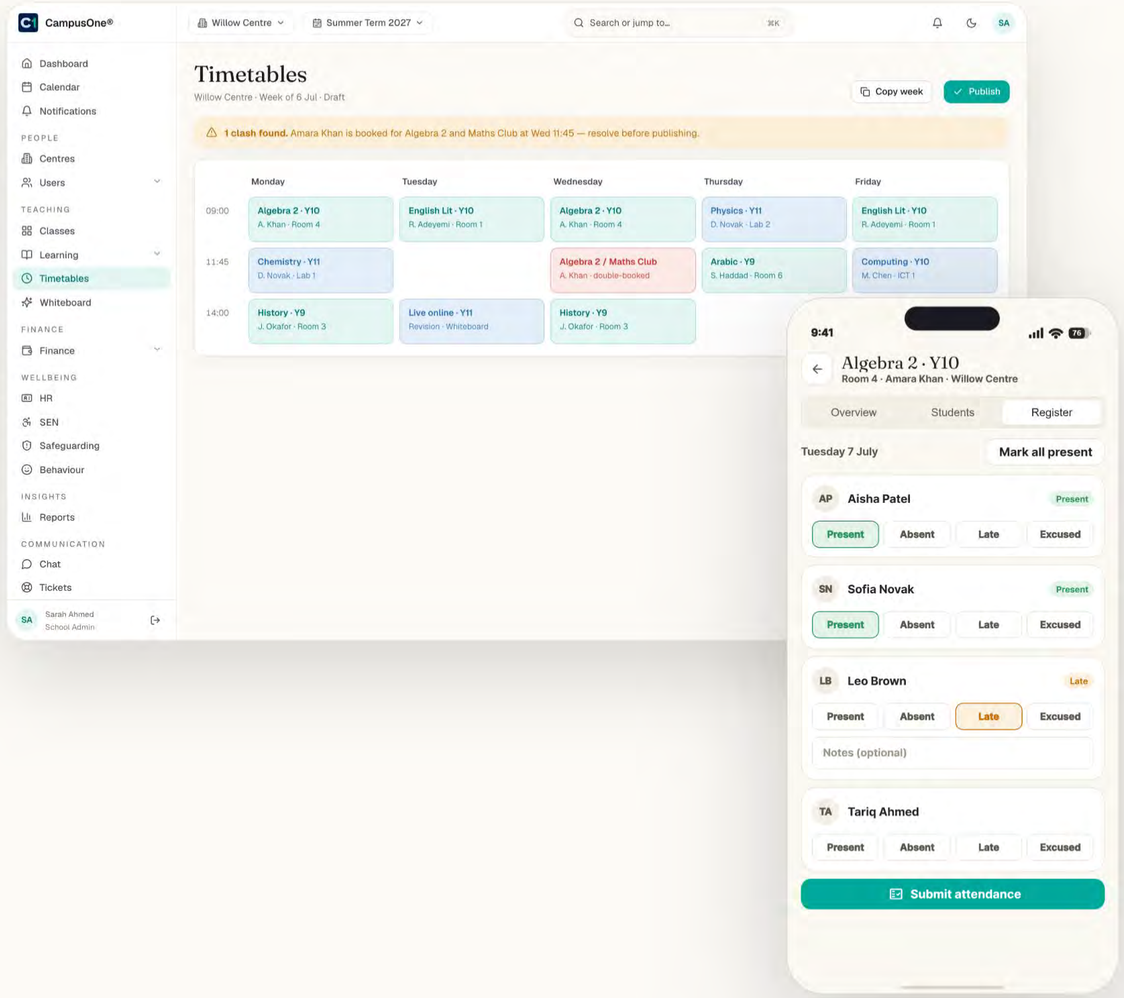

Present, absent, late or excused - with optional notes.

3 **Mark all present, adjust the exceptions** APP

A full class register takes under a minute.

4 **Attendance lands group-wide, parents notified** DASHBOARD

Absence alerts route by each family's channel preference.

JOURNEY 2 OF 6

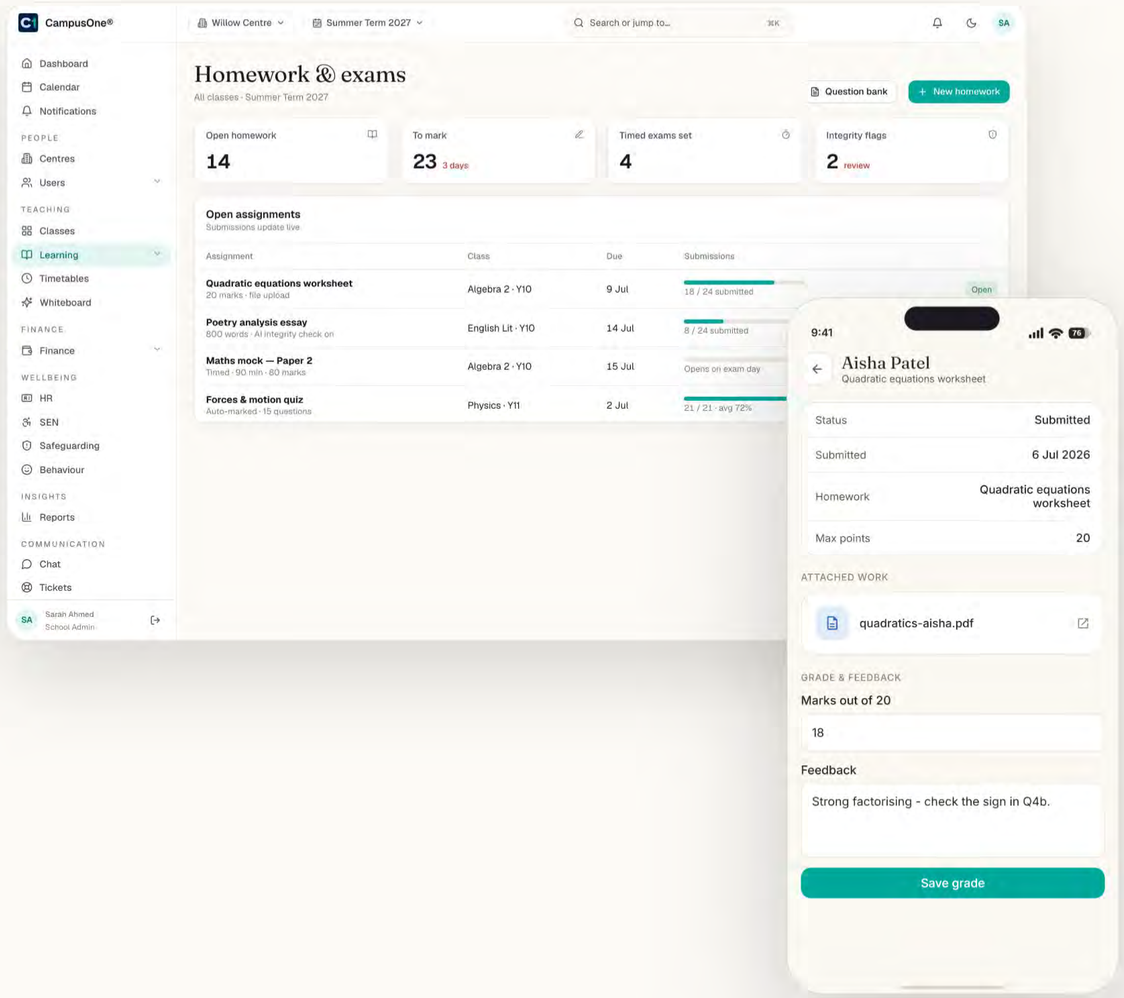

Setting & marking homework.

1. **Set the assignment, due date & marks** DASHBOARD
   With AI-drafted questions and rubrics if you want them.

2. **Students submit from their phone** APP
   Files, photos or text - integrity checks run on submission.

3. **Teacher marks with grade & feedback** APP
   Pen-tablet annotation for handwritten work.

4. **Grades & integrity flags roll up** DASHBOARD
   Class averages, completion rates and outliers per centre.

JOURNEY 3 OF 6

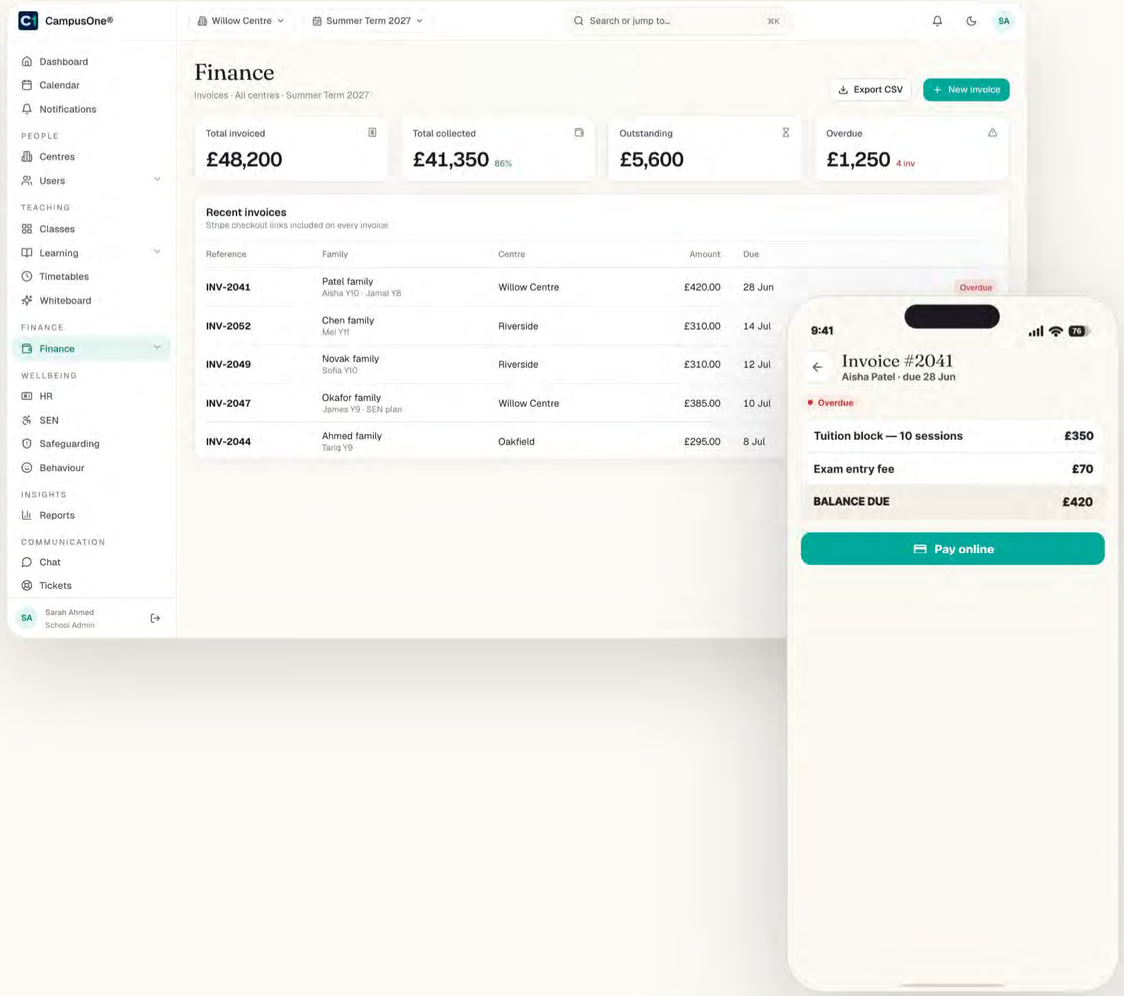

Raising & paying an invoice.

1. **Raise the invoice against a billing profile** DASHBOARD
   Per family, per centre, one-off or recurring.

2. **Parents get the notification** APP
   Push, email or WhatsApp Business - their choice.

3. **Pay by card in two taps** APP
   Stripe checkout; receipts land in payment history.

4. **Collection totals update live** DASHBOARD
   Invoiced, collected, outstanding, overdue - reconciled.

JOURNEY 4 OF 6

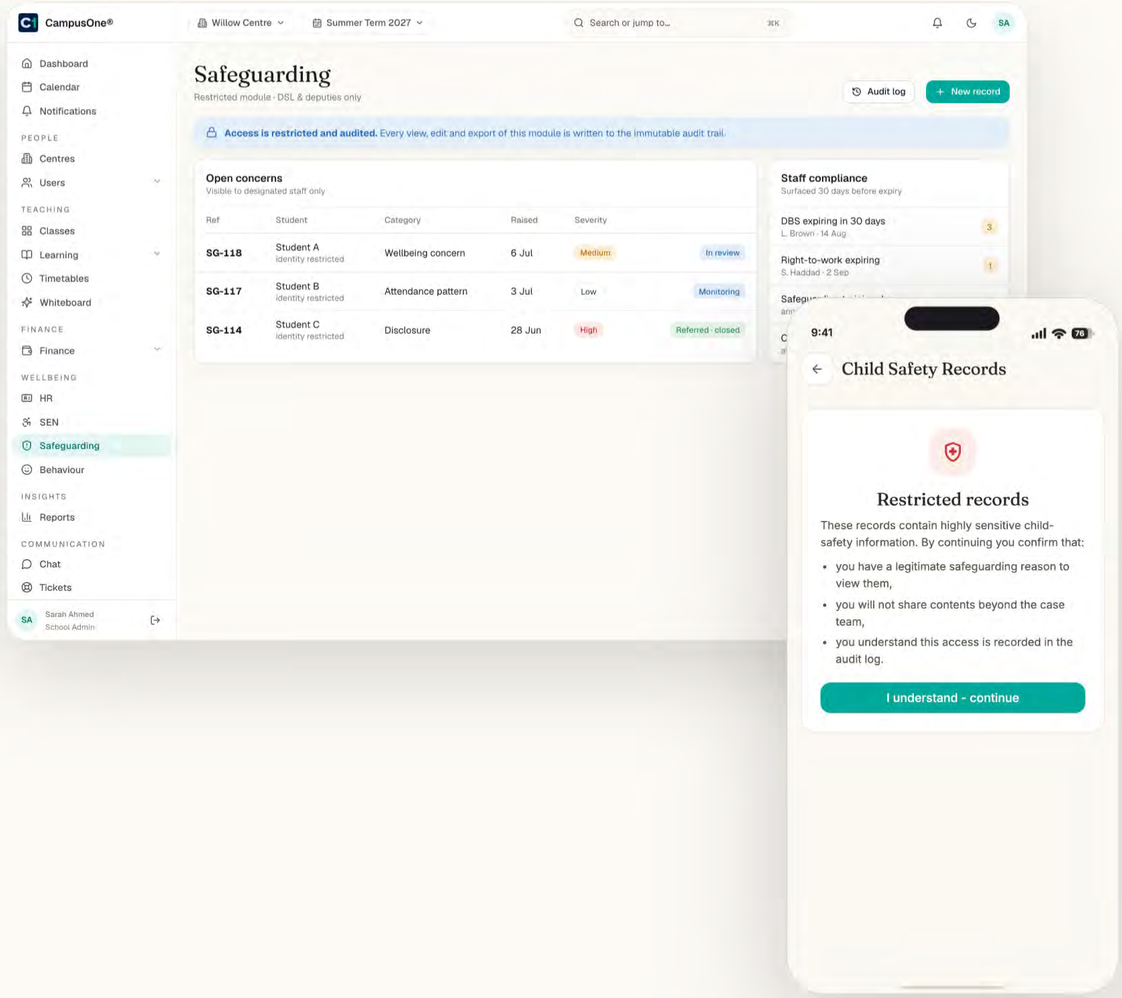

Logging a safeguarding concern.

1. **Any staff member raises a concern** APP
   Structured form; goes straight to the safeguarding lead.

2. **The DSL is notified immediately** DASHBOARD
   Restricted case opens with severity and category.

3. **Case managed by the DSL team only** DASHBOARD
   Reviews, referrals and outcomes - identities restricted.

4. **Every access recorded, immutably** DASHBOARD
   Even opening a record requires an acknowledgement.

JOURNEY 5 OF 6

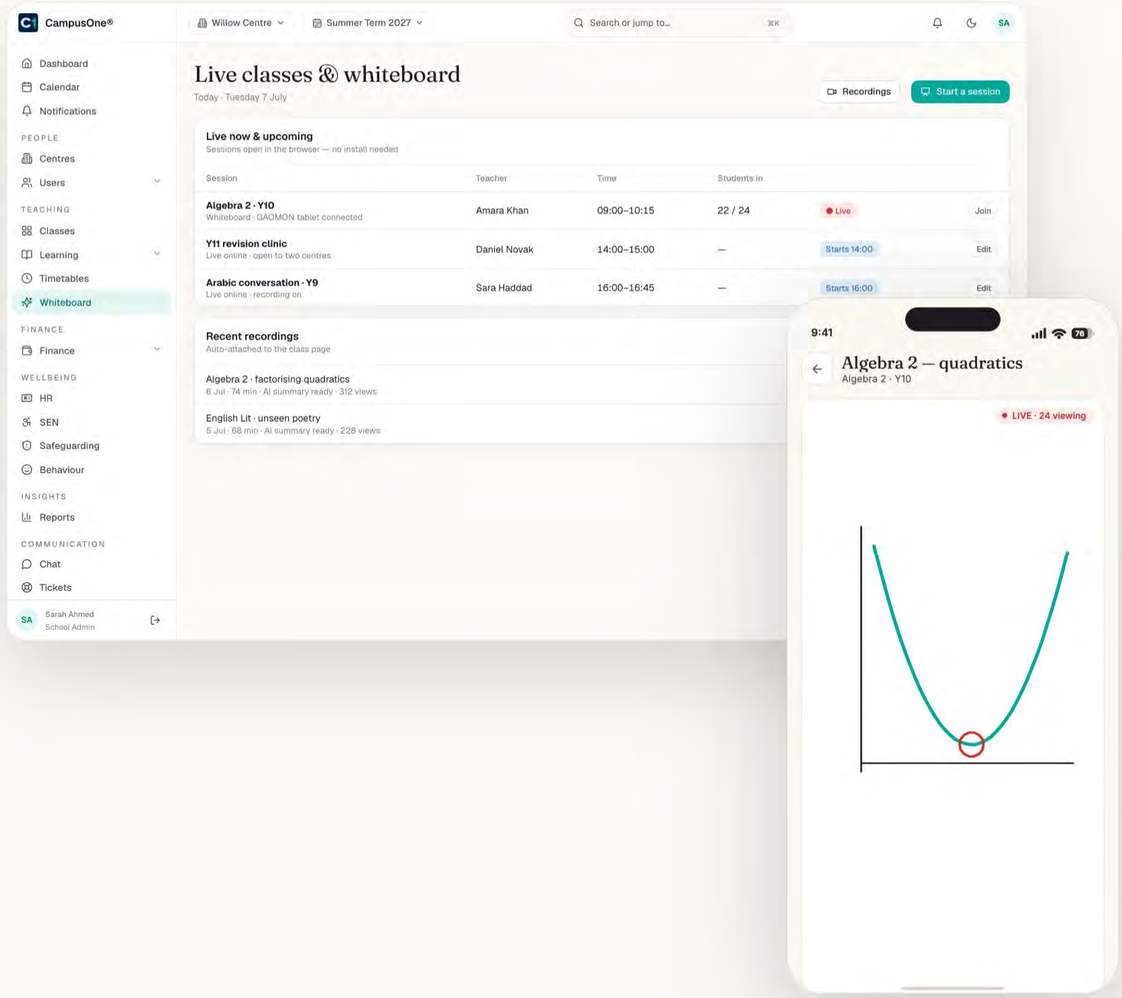

Running a live class.

1. **Schedule the session on the timetable** DASHBOARD
   On-site, live online or hybrid - same class record.

2. **Teacher starts the whiteboard** APP
   In the browser too - GAOMON pen tablets supported.

3. **Students join with one tap** APP
   Live chat alongside; attendance marked per session.

4. **Recording & AI summary attach to the class** DASHBOARD
   Replayable by students; distilled for parents.

JOURNEY 6 OF 6

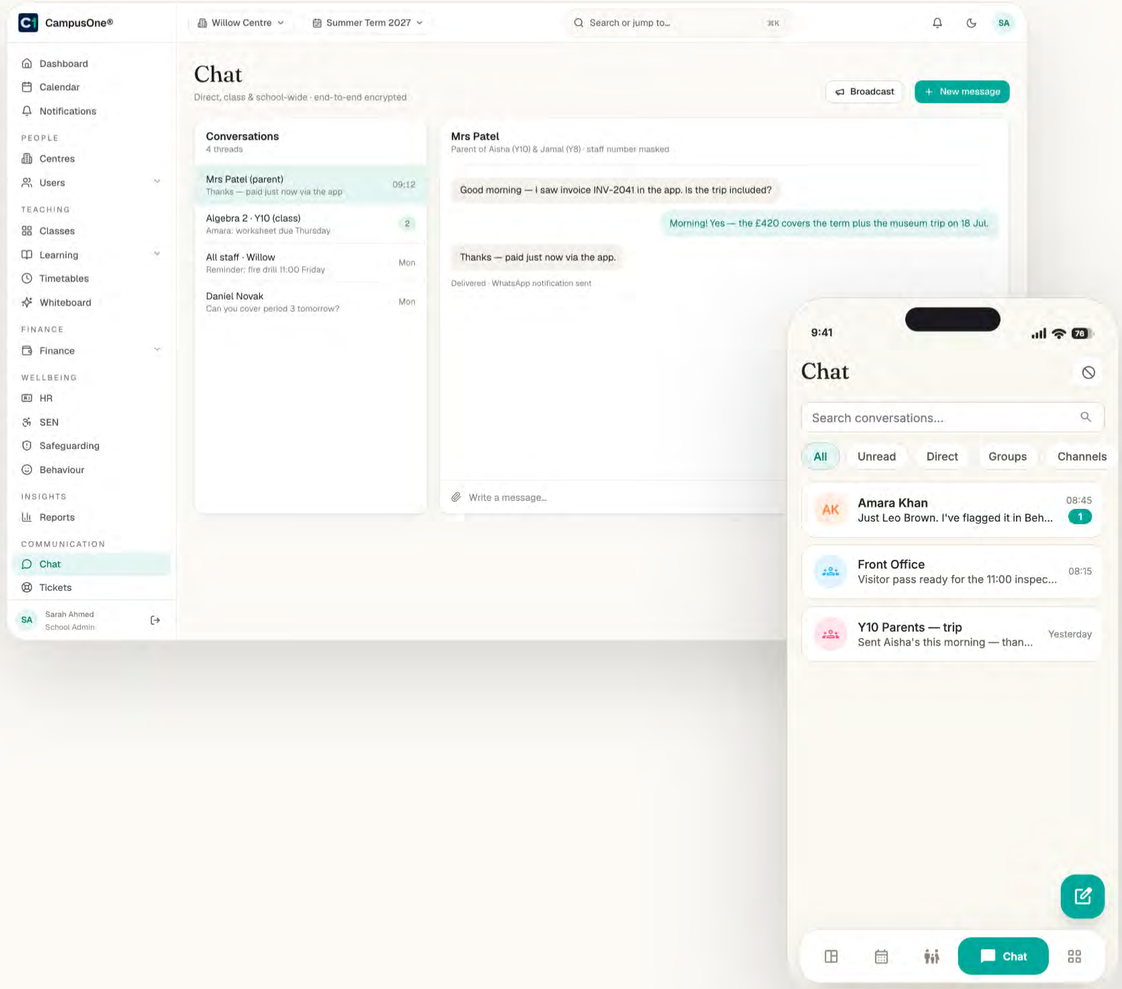

Messaging a parent.

1. **Parent writes from the app** APP
   Staff numbers stay masked - always.

2. **Teacher replies from either surface** DASHBOARD
   Same thread on web and phone.

3. **Notification routes by preference** APP
   Push, email, SMS or WhatsApp Business.

4. **The thread stays searchable & archived** DASHBOARD
   A record the school can stand behind.

PART THREE OF THREE

Compared.

Two matrices: what lives on which surface, and what each role can do - then permissions, security, AI, integrations and pricing.

CAPABILITY MATRIX · 1 OF 2

What lives where.

CAPABILITY	DASHBOARD	APP
Build timetables & detect clashes	✓	View your own timetable
Mark attendance registers	✓	✓

ROLES & PERMISSIONS

Access follows the role, on both surfaces.

Admin

Runs the group

Centres, users, finance, HR, compliance and reporting - with full audit access.

Teacher

Runs the classroom

Their classes only: registers, homework, live sessions, behaviour and chat.

Student

Owns their learning

Timetable, homework, exams, recordings and courses - one school, one scope.

Parent

Stays close

Two accounts per child: attendance, homework, fees and masked messaging.

12 role lists, one live editor. Permissions are edited on the dashboard and take effect instantly across dashboard and app - restricted records carry extra controls and a full audit trail.

SECURITY & COMPLIANCE

Built to be trusted with children's data.

Encryption everywhere

AES-256 at rest, TLS 1.3 in transit, end-to-end encrypted messaging.

GDPR & FERPA ready

UK GDPR compliant, with safeguarding, DBS and SEN handling designed for inspection.

Isolation by architecture

Per-school data isolation enforced at the database level - every record carries its school and centre.

Role-based access

Staff see only what their role allows, on the dashboard and in the app alike.

Immutable audit trails

Every access to sensitive data is logged - audits take clicks, not days.

Published policies

Safeguarding, privacy, complaints, KYC and legal framework - public and versioned.

AI ACROSS THE PLATFORM

Intelligence that respects academic integrity.

For teachers

Homework and rubric drafts, lesson summaries after every recorded session, feedback suggestions.

For managers

Attendance trends, engagement alerts and at-risk early-warning flags across centres.

For students

Explanations, hints and practice questions - scoped to their own classes only.

Integrity by design. AI text detection and plagiarism checks on submissions, school-scoped prompts, no cross-school training, immutable usage logs - and the teacher always makes the final call.

INTEGRATIONS & EXPORTS

Plays well with what you already use.

Stripe

Card payments, recurring billing and receipts.

WhatsApp Business

Notifications where families actually read them.

Wonde & Bromcom

MIS connections for UK schools.

Google Drive

Materials and document storage.

Yoti & Verifile

Identity verification and DBS screening.

GAOMON tablets

Pen-tablet whiteboard teaching and marking.

CSV & Excel

Payroll and statutory reporting exports.

Open API

Custom integrations on Enterprise plans.

PRICING

Plans that scale with your institution.

Billed per school in GBP, excluding VAT · annual billing saves 20% · 14-day free trial with full features.

Starter

Small schools

£149 /mo

150 students · 5 staff · 1 school

- ✓ Student & parent portals
- ✓ Attendance tracking
- ✓ Timetable & classes
- ✓ Homework & submissions
- ✓ Messaging & notifications
- ✓ Basic reports

MOST POPULAR

Growth

Growing schools

£349 /mo

500 students · 25 staff · 3 schools
