

CANCER FIGHTERS

Who we are

We are a survivor-founded, nationwide Polish foundation supporting children, adolescents and adults with cancer, alongside their families, so nobody faces cancer alone.

What we are working on

We are turning nearly PLN 293 million raised through Diss na Raka into treatment, medicines, equipment, family support and long-term improvements in Polish oncology.

What's the one thing we need next

Partners and network to work on simultaneously strengthening financial assistance, developing a grant programme and modernising facilities at Poland's largest oncology hospitals to better serve patients.
