

AGILE LOGISTICS VEHICLES

Bruntor is a Latvian company that manufactures small electric logistics vehicles for postal, parcel, grocery, hospital deliveries, park and city maintenance, and more. With three models available, Bruntor can customize solutions to meet customer needs.

Cargo compartment

- 60-120kg, up to 600L
- Optional insulation
- Lockable compartments

Open box

- 60-120kg, up to 600L
- Removable panels
- Special warning signal

Platform

- 120 kg capacity
- Load can be tied to the sides

All models are customizable: size, cargo compartment, lights, and more.
