

University of Prishtina

# About the University of Prishtina

Established

1970

14

faculties

Over

25,000

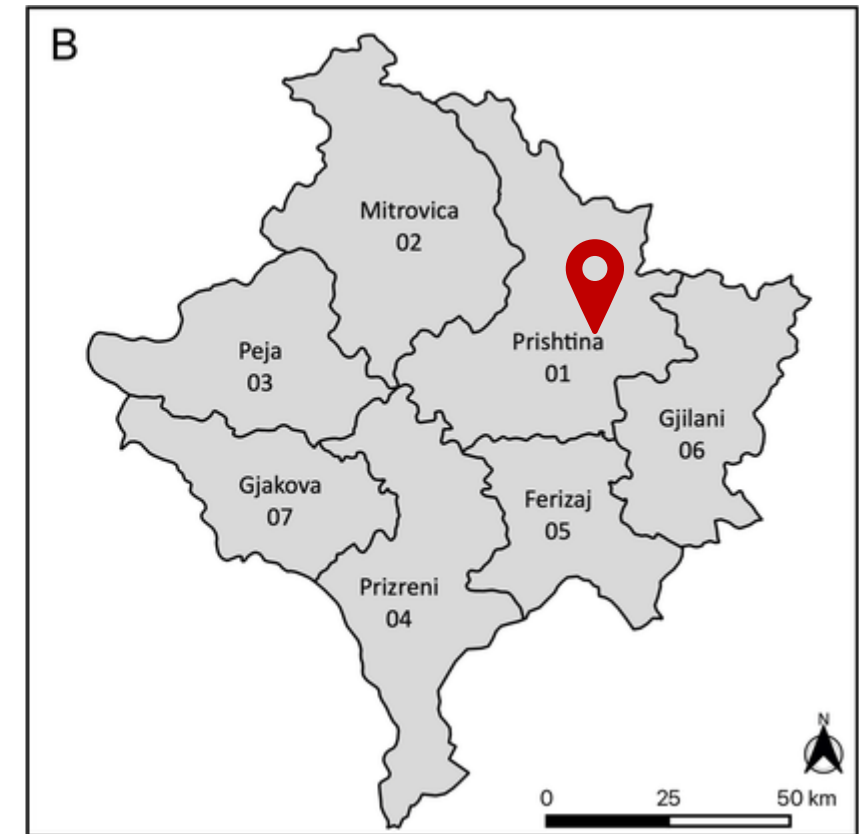

students

Largest

Public University

in Kosovo

Prishtina, Kosovo

# Faculties

Faculty of Electrical  
and Computer  
Engineering

Faculty of  
Mechanical  
Engineering

Faculty of Civil  
Engineering

Faculty of Math and  
Natural Sciences

Faculty of  
Architecture

Faculty of Medicine

Faculty of Arts

Faculty of  
Phylosophy

Faculty of  
Languages

Faculty of  
Economics

Faculty of Education

Faculty of Physical  
Education and  
Sports

Faculty of  
Agroculture and  
Veterninary

Faculty of Law

14  
faculties

# Faculty of Mechanical Engineering

---

# Faculty of Mechanical Engineering

Founded in

1961

## Departments – Bachelor studies

Thermal and  
Renewable  
Energy

Mechatronics

Design  
Engineering  
and Vehicles

Traffic and  
Road Transport

Manufacturing  
and Industrial  
Management

# Faculty of Mechanical Engineering

## Departments – Master studies

Thermal and  
Renewable  
Energy

Mechatronics

Design  
Engineering  
and Vehicles

Traffic and  
Road Transport

# Faculty of Mechanical Engineering in numbers

251

New students enrolled  
in 2025/2026 in  
Bachelor studies

90

New students enrolled  
in 2025/2026 in  
Master studies

37

Full time  
academic staff

31

Part time  
academic staff

# Faculty of Mechanical Engineering - Facilities

# Faculty of Mechanical Engineering - Facilities

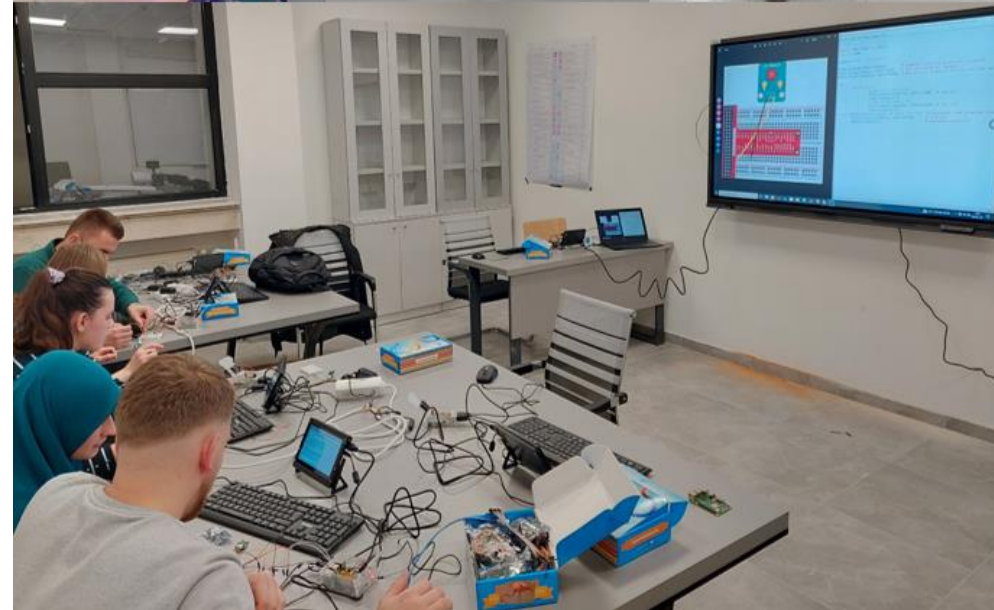

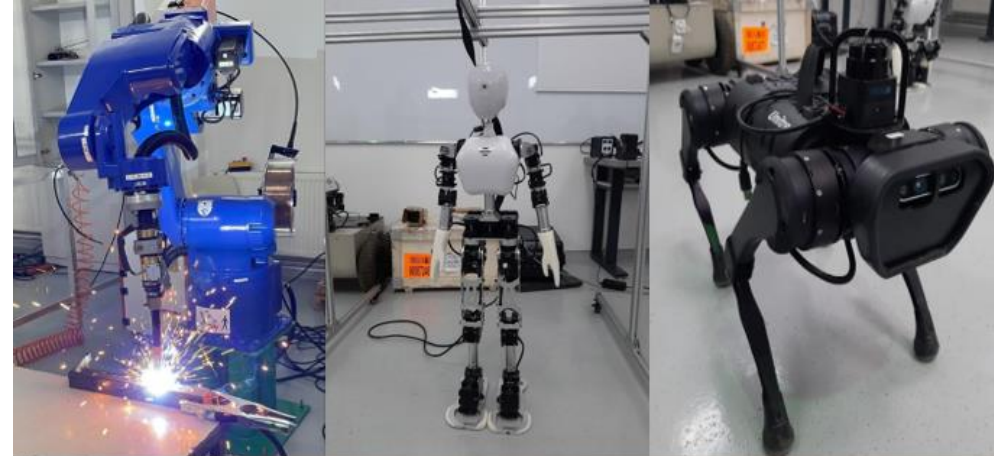

# Faculty of Mechanical Engineering – Some lab equipment...

# Faculty of Mechanical Engineering – Some lab equipment...

# Research collaboration with experts from...

Zagreb

- Faculty of Mechanical Engineering and Naval Architecture
- LEU

Prishtina

- FME

Singapur

- National University of Singapore

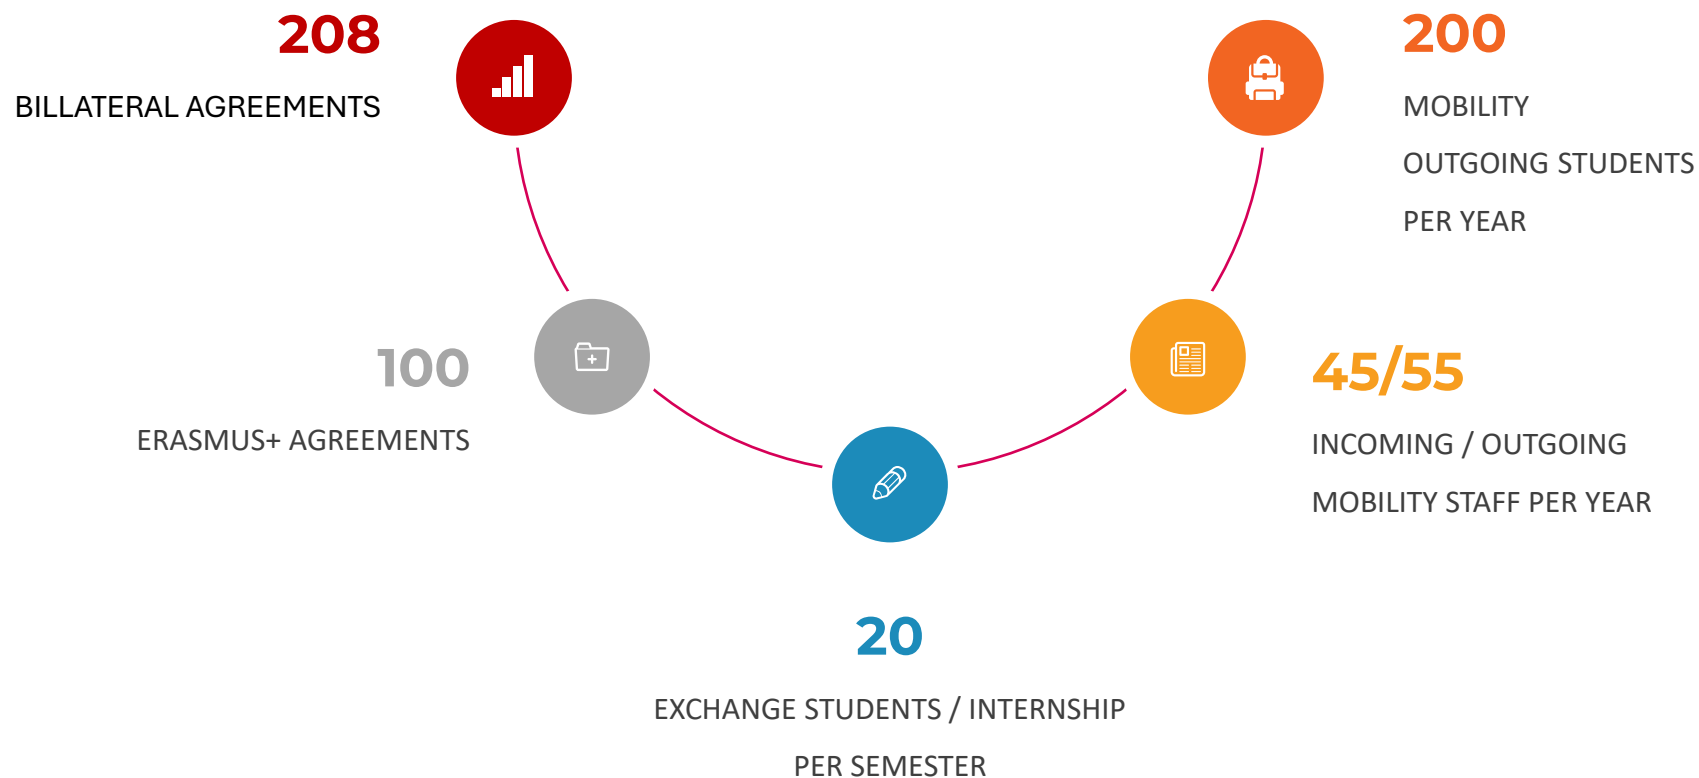

Helsinki

- Aalto University
- Metropolia University

# University of Prishtina

## International relations at University level

# First International Congress on the Mechanical Engineering (ICME25)

10 and 11 September 2025,  
Prishtina, Kosovo

## ICME 2025 Topics

- Engineering Design and Vehicles
- Mechatronics
- Production and Industrial Engineering
- Management and Innovation
- Thermoenergetics and Renewable Energy
- Traffic and Transport
- Material Science
- Textile Manufacturing Technologies
- AI in Engineering
- Sustainability and green production

Deadline for abstract  
submission  
**03 June 2025**

Are you interested to know more or  
for potential collaboration? 😊
