

Who we are

A European academic consortium of oncologists, researchers, and patient advocates involved in management of ovarian cancer coordinated by Lyon University Hospital (France).

What we are working on

SALVOVAR trial: a pragmatic international phase III trial sponsored by ARCAGY-GINECO testing intensified chemotherapy for poorly chemosensitive ovarian cancer, using the CA-125 KELIM as a pragmatic indicator of chemotherapy efficacy

What's the one thing we need next

Support future clinical trials with innovative drugs meant to chemosensitize disease in patients with poorly chemosensitive ovarian cancer.
