

CHÂTEAU LE CONTE

A discreet estate nestled at the foot of a hillside, Château Le Conte is located in the village of Saint-Hippolyte, a small commune that is part of the Saint-Émilion Jurisdiction, listed as a UNESCO World Heritage Site.

When it was acquired in 2017, Château Le Conte was an estate in need of major restructuring. From the moment of acquisition, a colossal effort was launched both in the vineyard and on the estate's infrastructure to create a quality wine tourism offering and produce wines of excellence.
