

## IN THE HEART OF VALPOLICELLA

We are a young and dynamic winery based in San Pietro in Cariano, in the heart of Valpolicella Classica. Guided by the values of sustainability and passion, we embrace a philosophy that has always celebrated the uniqueness of our terroir and the importance of environmental stewardship. In 2022, this commitment was rewarded with the achievement of organic certification.

## THE SPIRIT THAT UNITES US

Unique journeys and experiences converge here, bound together by a shared passion for Valpolicella's wines. Each wine is the expression of this union: a harmony of reason and passion, where dedication, perseverance, and love for this land give life to authentic wines of character and quality.
