3x CNC Lathes up to max Ø1500mm, L=4000mm

MOSTARNA was founded by Jiri Stava, Sr. in 1994 in Ostrava, Czech Republic with a goal of supplying the global maritime industry with *“custom-made”* components engineered and manufactured to the highest technical standards and delivered *“just-in-time”*.

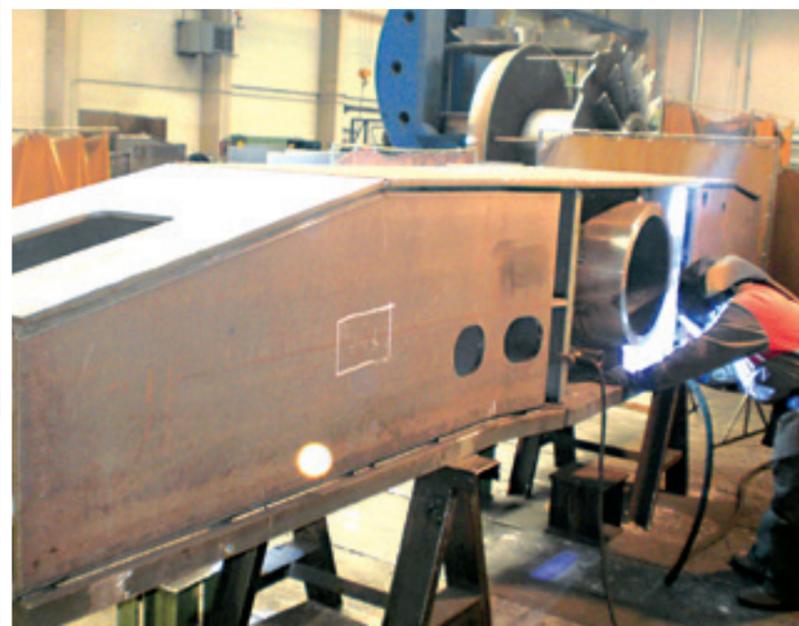

After hundreds of successfully realized client projects during the Sr.'s 24-year stewardship of MOSTARNA, the new generation of the Stavas has taken over the leadership of the company with a mission to secure its further dynamic expansion, while proudly adhering to the founder's vision.

WELDING WORKSHOP

Steel structures up to 32t
40 workers in two halls, 1500+1000m²
Door 5x5 m
Panasonic welding robot
More than 100 WPQRs

HEAVY STEEL STRUCTURES

Steel structures up to 60 t
35 workers in hall 4300 m²
Door 6x6 m
Sandblasting and metallization box 6x6x25m

MOUNTING AND EXPEDITION

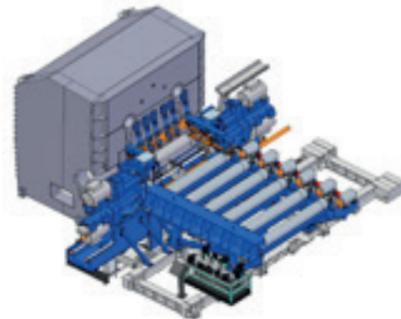

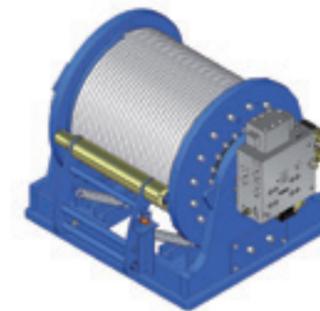

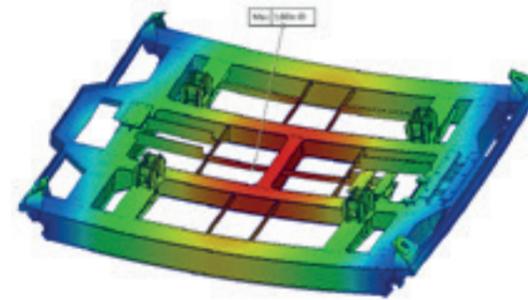

QUALITY DEPARTMENT

Complete assembly of units according to customer specifications.
Own technological and construction capacities.

Dimension check
Inspection of welds VT + MT + PT + UT
