Needs and interests

The need (the challenge and commitment at the same time) is to provide end-user perspective for RDI through own capacities, and jointly with own partners.

Main interests:

- **Disaster-Resilient Society for Europe**
 - **HORIZON-CL3-2025-01-DRS-03 (CBRNe related issues)**
 - HORIZON-CL3-2025-01-DRS-01 and HORIZON-CL3-2025-01-DRS-02
- **Better protect the EU and its citizens against Crime and Terrorism**
 - HORIZON-CL3-2025-01-FTC-01 and HORIZON-CL3-2025-01-FTC-03
- **Resilient infrastructure**
 - HORIZON-CL3-2025-01-INFRA-01 and HORIZON-CL3-2025-01-INFRA-02
- **Strengthened Security Research and Innovation**
 - HORIZON-CL3-2025-01-SSRI-03 (tight cooperation with Section of Public procurement of MoI SR)
- but also, Effective management of EU external borders (BM) as well as another calls that require the perspective of end-users (practitioners).

Contribution

- Ready to be a WP / task(s) leader
- Technical and procedural gaps & needs analysis and requirements specifications
- Use-case(s) and scenario development
- **Planning, organization, coordination and execution of tests/trials/demonstrations in relevant environment**
- Complex training activities and **exercises**
- Validations and evaluation
- Usability and performance analysis
- Contributions to dissemination and exploitation

In addition to this, ISEMI is ready to support consortium building with a focus on end-users' (practitioners) involvement.
