## Our main activities:

metalworking,  
locksmith work,  
laser cutting,  
robotic welding,  
welding,  
edge bending,  
pressing,  
milling,  
electrostatic powder coating.

**BOTH, s.r.o.**

## Our technologies:

- TruLaser 3030,
- TruLaser Tube 5000
- TruBend 5130
- Daihen - OTC robot welding,
- welding with protective gas Ar,
- KASTO automatic band saw,
- plate cutting equipment,
- presses : 40t, 63t, 160t,
- Drilling machines: VR 2, VR 4,
- spot welder: 90A,
- lathe: SUI 40,
- milling machines,
- metal cutting scissors.

**BOTH, s.r.o.**

## **Our products:**

- **Complex logistics boxes for the automotive industry,**
- **for a semi-automatic or automated production line,**
- **metal pallets,**
- **collapsible mesh cages (Gitterbox),**
- **manufacturing of containers,**
- **laser cut parts,**
- **robotic welding.**

Our products are made exclusively from high-quality environmentally friendly materials - plates, wires, various pipes and profiles. The final surface treatment works include the following processes: electroplating, hot-dip galvanizing, electrostatic powder painting, varnishing. Our company also undertakes the delivery of the ordered products.

## **Our quality management systems**

In order to retain our customers, gain their satisfaction and broaden the customer base, with an eye to raising the quality level of our activities, we introduced and have been using the quality management system according to the ISO 9001:2015 standard in 2019. Furthermore, at the same time, our company built the environmental management system according to the ISO 14001:2015 standard and the workplace health protection and safety management system according to the ISO 45001:2018 standard.

Our certifications website is available:

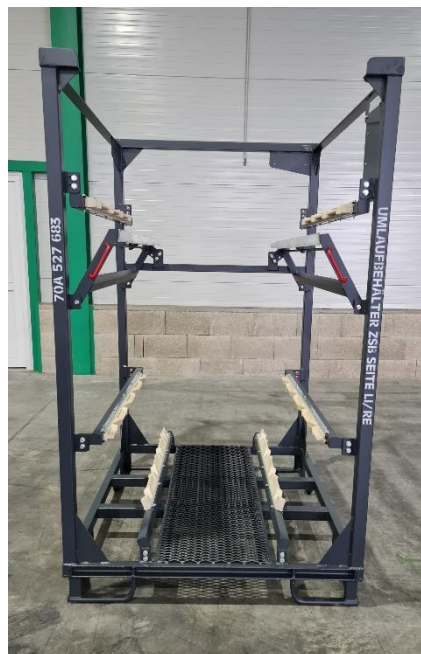

<https://bothsro.sk/certyfikaty.html>

## **Our IT system:**

In 2023, our own RFID-based warehousing software was introduced thanks to the development of Innovitech Zrt. - which can also monitor production components and also plays an important role in increasing the efficiency of our warehousing processes.

## Our references

### **Advantages for the customer:**

- the high quality of our services,
- many years of experience in the field of metalworking,
- short delivery time,
- deadline compliance,
- correct pricing, reliability,
- expertise,
- flexibility.

**We are looking forward to the cooperation!**
