CITY of BOSTON What We Delivered

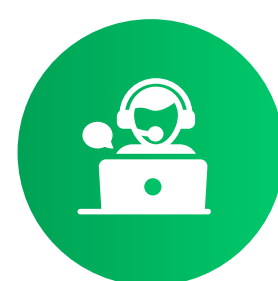

Our partnership with the City of Boston’s PowerCorps initiative resulted in the following outcomes.

Built a custom Salesforce solution for participants, certifications, attendance, and job outcomes

Integrated third-party systems for enhanced collaboration and data flow

Partnered closely with PowerCorps, delivering flexible, mission-aligned services

Provided managed services for ongoing support and the city’s transformation journey

Enabled scalability, positioning Boston to expand into broader government use cases

Delivered a secure platform with real-time reporting and a 360° view of participants

Client’s Speak

Davo J.

Executive Director City of Boston

“We’re glad we chose Plumlogix as our partner. They seemed to understand our mission and were always there when we needed them. Even with our busy schedules, they were flexible and easy to work with. Their global team of experts worked well with us. We’d tell any agency looking for a reliable partner to go with Plumlogix. They’re great to work with!”

Why Choose Plumlogix for Your City?

- Public sector expertise delivering tailored workforce solutions
- Accelerator approach enabling rapid deployment in weeks
