

Welcome to

O.E.I Group of Companies

VDO PRESENTATION

O.E.I LOCATION

Our Growth

O.E.I Parts Co.,Ltd.
Established in 1993

O.E.I Group of
Companies

1st Factory in a
Townhouse Registered
with Baht 1,000,000

5 Factories
Registered Capital
Baht 220,000,000
(USD 7,167,000)

10 Employees

> 500 Employees

4 CNC-Lathe Machines

> 200 Machines

Machining parts
by CNC machines

Established : 1993
Employees : 320

Sheet metal works -
Stamping/laser
cut/bend/weld/etc.

Established : 2002
Employees : 120

O.E.I Group's
properties
management

Established : 2006

Joint-Venture

Machined parts Mecha-Lock Coupling
Established : 2011 Employees : 10

Joint-Venture
High precision
cold forged parts

Established : 2011
Employees : 80

O.E.I FOODS CO.,LTD
Areca Leaf
Food Containers

Established : 2019
Employees : 10

Collaboration with Narimune

Contact us :

Tel. 02-693-4480

e-mail: info@narimune.co.th

Line Official : @narimune

Contact Measurement

The precise and high accuracy equipment using by the expert.
CMM Mitutoyo CRYSTA-Apex S 9168

Non-Contact Measurement

Accurate efficient high speed scanning. Hybrid and Fully automatic measurement.

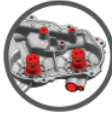

Mitutoyo LINE LASER PROBE for CMM SurfaceMeasure 1010

3D Scanning

High accuracy and flexible system series for precise 3D digitisation and measuring. Available for on-site scanning for large workpiece and heavily weighted.

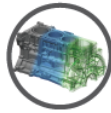

Smart SCAN 3D : Breuckmann

OUR ENGINEERING SERVICE

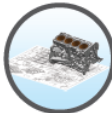

CAD - 3D Modeling

Our experience more than 18 years in this field. We provide 3D modeling, modification, 3D design & development.

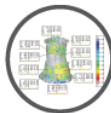

Reverse Modeling

Our the most popular service that customer trust when they need reverse from physical parts to CAD DATA, with class A quality CAD data that including inspection report to confirm our results.

2D Drawing

We made 2D drawing base on 3D CAD and customer requirement. However, we adhere to the correctness according to the principle of 2D drawing making.

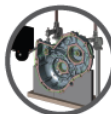

3D Inspection

Whether you want to compare physical part vs CAD data, part vs part, etc. 3D Inspection will show you clearly and easy to understand results that making it possible to solve the problem at the point exactly.

Engineering Support Service

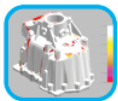

We find the best solution which suitable for each problem to support customer with quick reply and by working honestly and sincerely

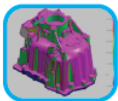

CMM Macro Programming

We create automatic programming by using 3D CAD and drawing prior by off-line, to simulate the measurement and reconfirmed for completed checking on PC before using in the real machine, it really helps to reduce time for mass inspection

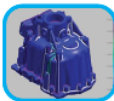

Quality is the first priority

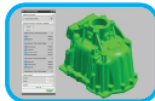

Thickness Checking

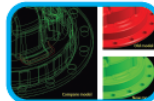

Draft Checking

R/Fillet Checking

Product Data Quality (PDQ) Checking

Narimune Techno Engineering (Thailand) Co.,Ltd. Address: 3 Soi Intramara 34, Ratchadapisek, Dindaeng, Bangkok 10400

OUR GOLD

ISO/IEC 17025 within 2022

Dimensional Measurement

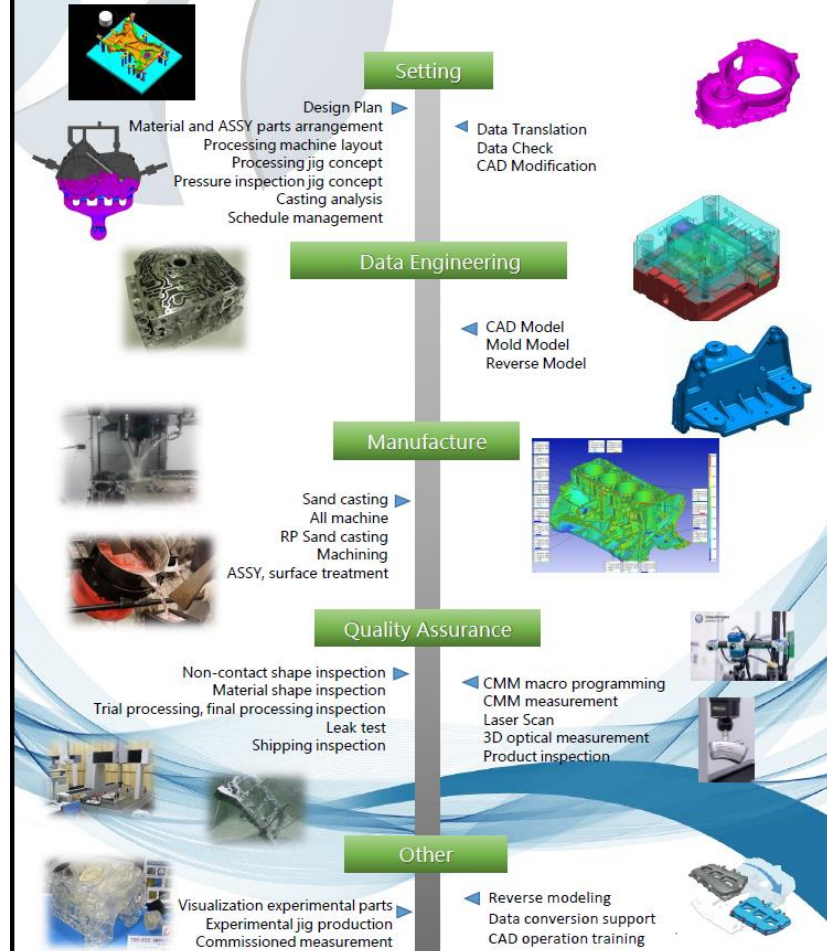

Narimune Manufacturing Co., Ltd.

NARIMUNE

Narimune Techno Engineering (Thailand) Co., Ltd.

O.E.I GROUP OF COMPANIES

Manufacturer of high precision metal parts.

Machine List

- CNC Lathe Machine 92 Units
- CNC Machining Center 15 Units
- Centerless Grinder 2 Units
- Straightening Machine 2 Units
- CNC Auto Lathe 9 Units
- Auto Tapping Machine 28 Units
- Robot 7 Units
- Manual Machine 7 Units
- Milling Machine 1 Units
- Etc.

Capability of machined parts;

Diameter: Max. = 220 mm., Min. = 6 mm.

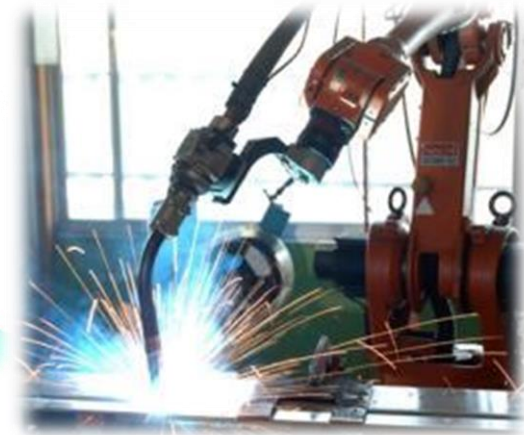

Machine List

- Robot Welding (MIG/TIG) 8 Units
- Spot Welding 7 Units
- Mechanical Press Machine 20 Units
- Press Brake Machine 1 Unit
- Mechanical Double Crank Press 250T
(Progressive Die) 2 Unit
- Laser Cutting Machine 2 Units
- Shearing Machine 1 Unit
- CNC Wire-cut 1 Unit
- CNC Machining Center 2 Units
- Etc.

Capability of stamping parts;

Thickness: Max. = 9.0 mm., Min. = 0.8 mm.

Length*Width: Max. = 1,000 mm.*500 mm.

Capability of laser cut parts;

Thickness: Max = 16.0 mm., Min = 0.8 mm., Length*Width : Max. = 10ft.*5f

From our efforts

Quality Awards

ปี 2017 : รางวัล The Delivery Performance
“ Excellent ”

ปี 2016 : รางวัล สุดยอด SMEs ครั้งที่ 8
(SME's National Award)

ปี 2015 : รางวัล SMEs ดีเด่น ครั้งที่ 7
(SME's National Award)
รางวัลอุตสาหกรรมดีเด่น (การบริหารงานคุณภาพ)

ปี 2014 : รางวัล SMEs ดีเด่น ครั้งที่ 6 (SME's National Award)
รางวัลอุตสาหกรรมดีเด่น (การบริหารอุตสาหกรรมขนาดกลางและขนาดย่อม)
Prime Minister Industry Award (SME's Management)

ปี 2010 : รางวัล สุดยอด SMEs แห่งชาติ ครั้งที่ 2

(SME's National Award)
ปี 2009 : รางวัล Lean Manufacturing

ปี 2008 : รางวัล TCC Ethic (Best Practice)
รางวัล Auto-Parts Manufacture (Best Practice)

ปี 2002 : รางวัลอุตสาหกรรมดีเด่น
Prime Minister Industry Award
(SME's Management)
