

RebuildUA

Empowering Ukrainian businesses with global talent.

Empowering individuals with global opportunities.

About RebuildUA.pro

RebuildUA provides AI powered foreign workforce recruitment services to expedite Ukraine's rebuild.

Short Term Goals

1. Rapid foreign blue/gray/white collar workforce deployment for critical sectors to bridge the workforce gap while Ukraine recovers.

Priority Service Sectors: • Construction • Energy • Transport • Logistics • Water treatment • Factories • Mining and Quarries • Personal Security • Healthcare/Medical

Long Term Goals

1. **Empower** the Ukrainian future workforce through world-class vocational training
2. **Partner** with Ukrainian universities, industries & government to train IDPs, EDPs, veterans, and civilians for meaningful employment in Ukraine
3. **Share** actionable, research-driven insights with Ukrainian employment policymakers, backed by ground-level data collection and AI-powered analysis, to support the modernization of Ukraine's labor policies in accordance with EU integration requirements.
4. **Promote & support** startups and the entrepreneurship mindset in Ukraine in collaboration with leading Ukrainian Universities (example "Kyiv School of Economics - KSE")
5. **Engineering Projects:** In collaboration with our engineering & life-science technology partners worldwide, RebuildUA also plans to help with Turn-key consulting/engineering/R&D projects in priority sectors
