

The background of the slide features a blue-tinted image of a male courier wearing a cap and glasses, holding a large cardboard box. Overlaid on the right side of the image is a large, semi-transparent orange circle with a white center, and a horizontal orange bar extending from the right edge of the circle.

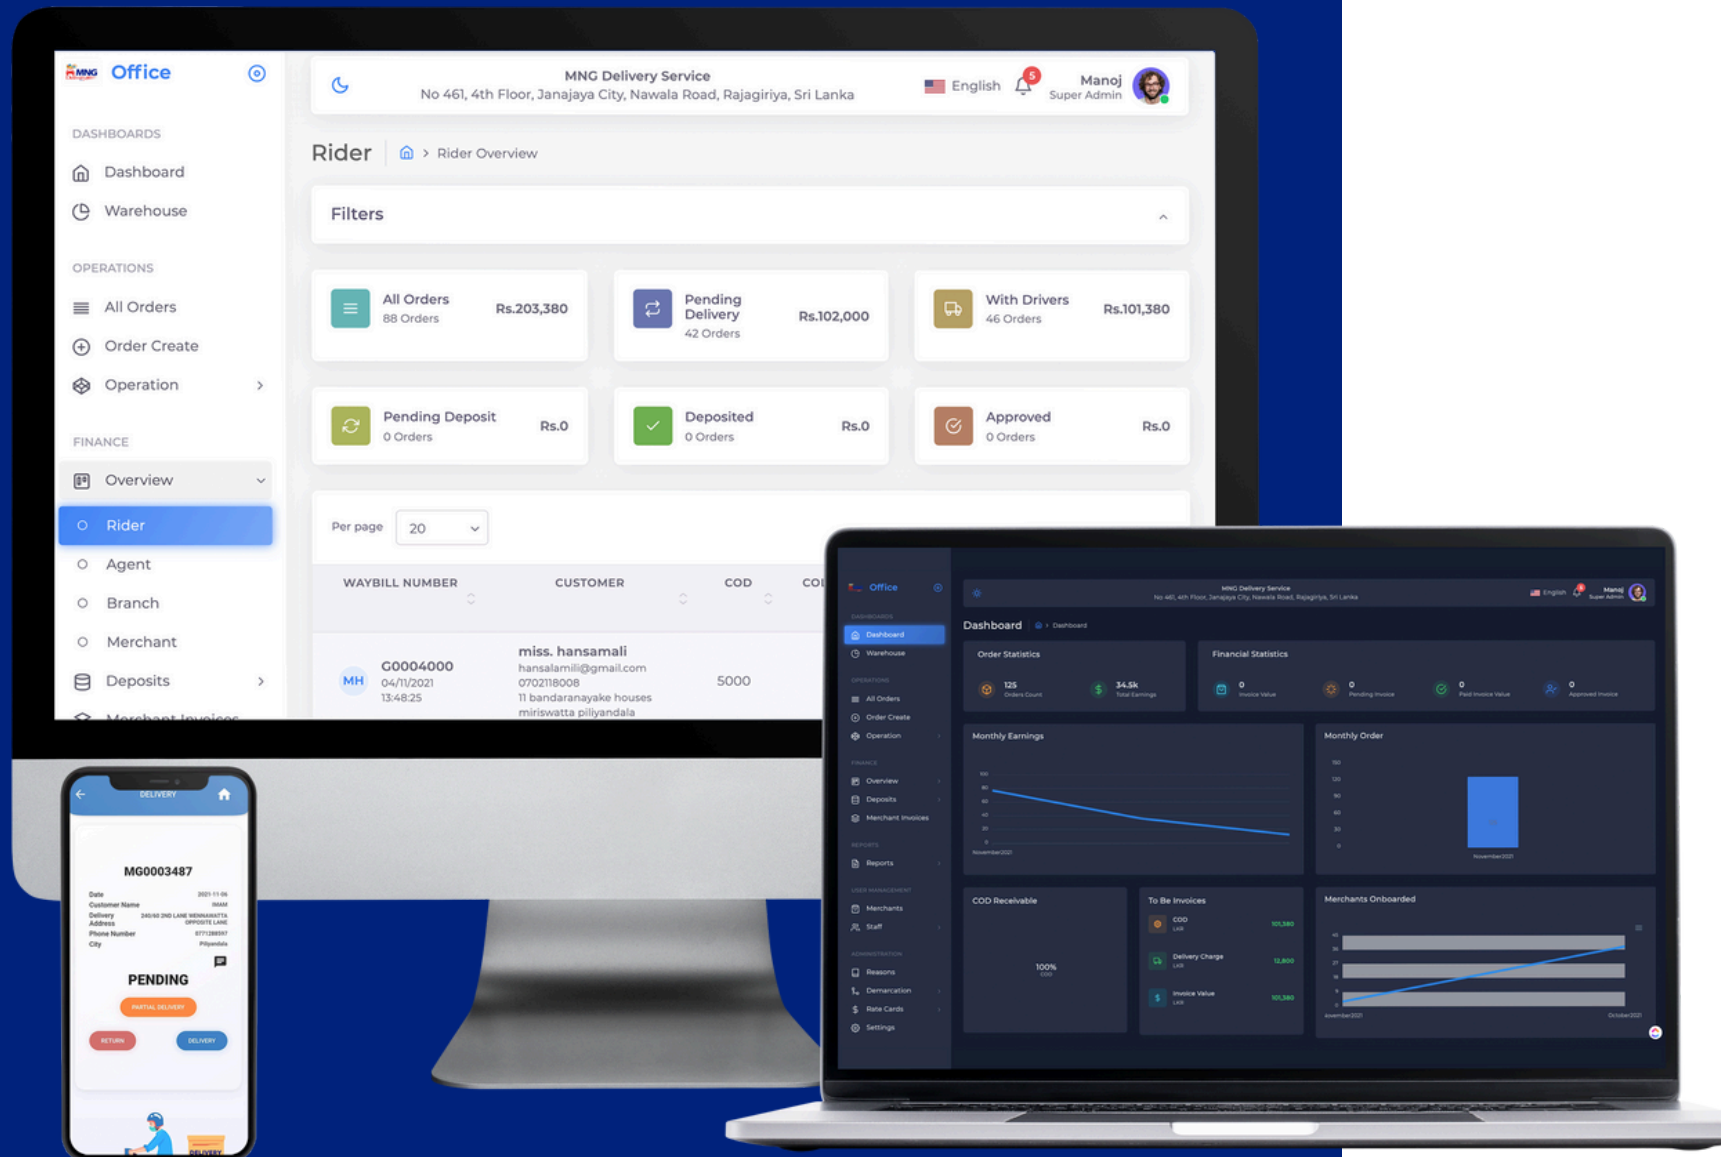

**CURFOX**

Parcel Returns**

## OUR UNIQUENESSES

# What Makes Us Different

Our foremost priority is to help you save both time and money by simplifying courier management

- ✓ AI-Powered Fraud Detection Tool
- ✓ IoT-Driven Package Sorting Solution
- ✓ Straightforward Delivery Status Flow
- ✓ Award Winning Excellence

## MAIN SOFTWARE PORTALS

# Easy-to-use Portals for Complete Delivery Control

- 
**Staff / Admin Portal / Branch Portal**  
 Manage & monitor all courier operations, and gain full control over your delivery process.
- 
**Merchant Portal**  
 Allow merchants to place orders, track orders, & manage their delivery requests effortlessly.
- 
**Rider App**  
 Empower delivery riders with real-time updates, optimized routes, & tools for smooth deliveries.

KEY FEATURE 01

# AI-Powered Delivery Success Rate (DSR) Prediction

## Mitigate Failed Attempts

Proactively mitigate failed delivery attempts

## Detect fake accounts

Detects customers who operate fake accounts, abandon deliveries or fail to pay.

## Fake merchants

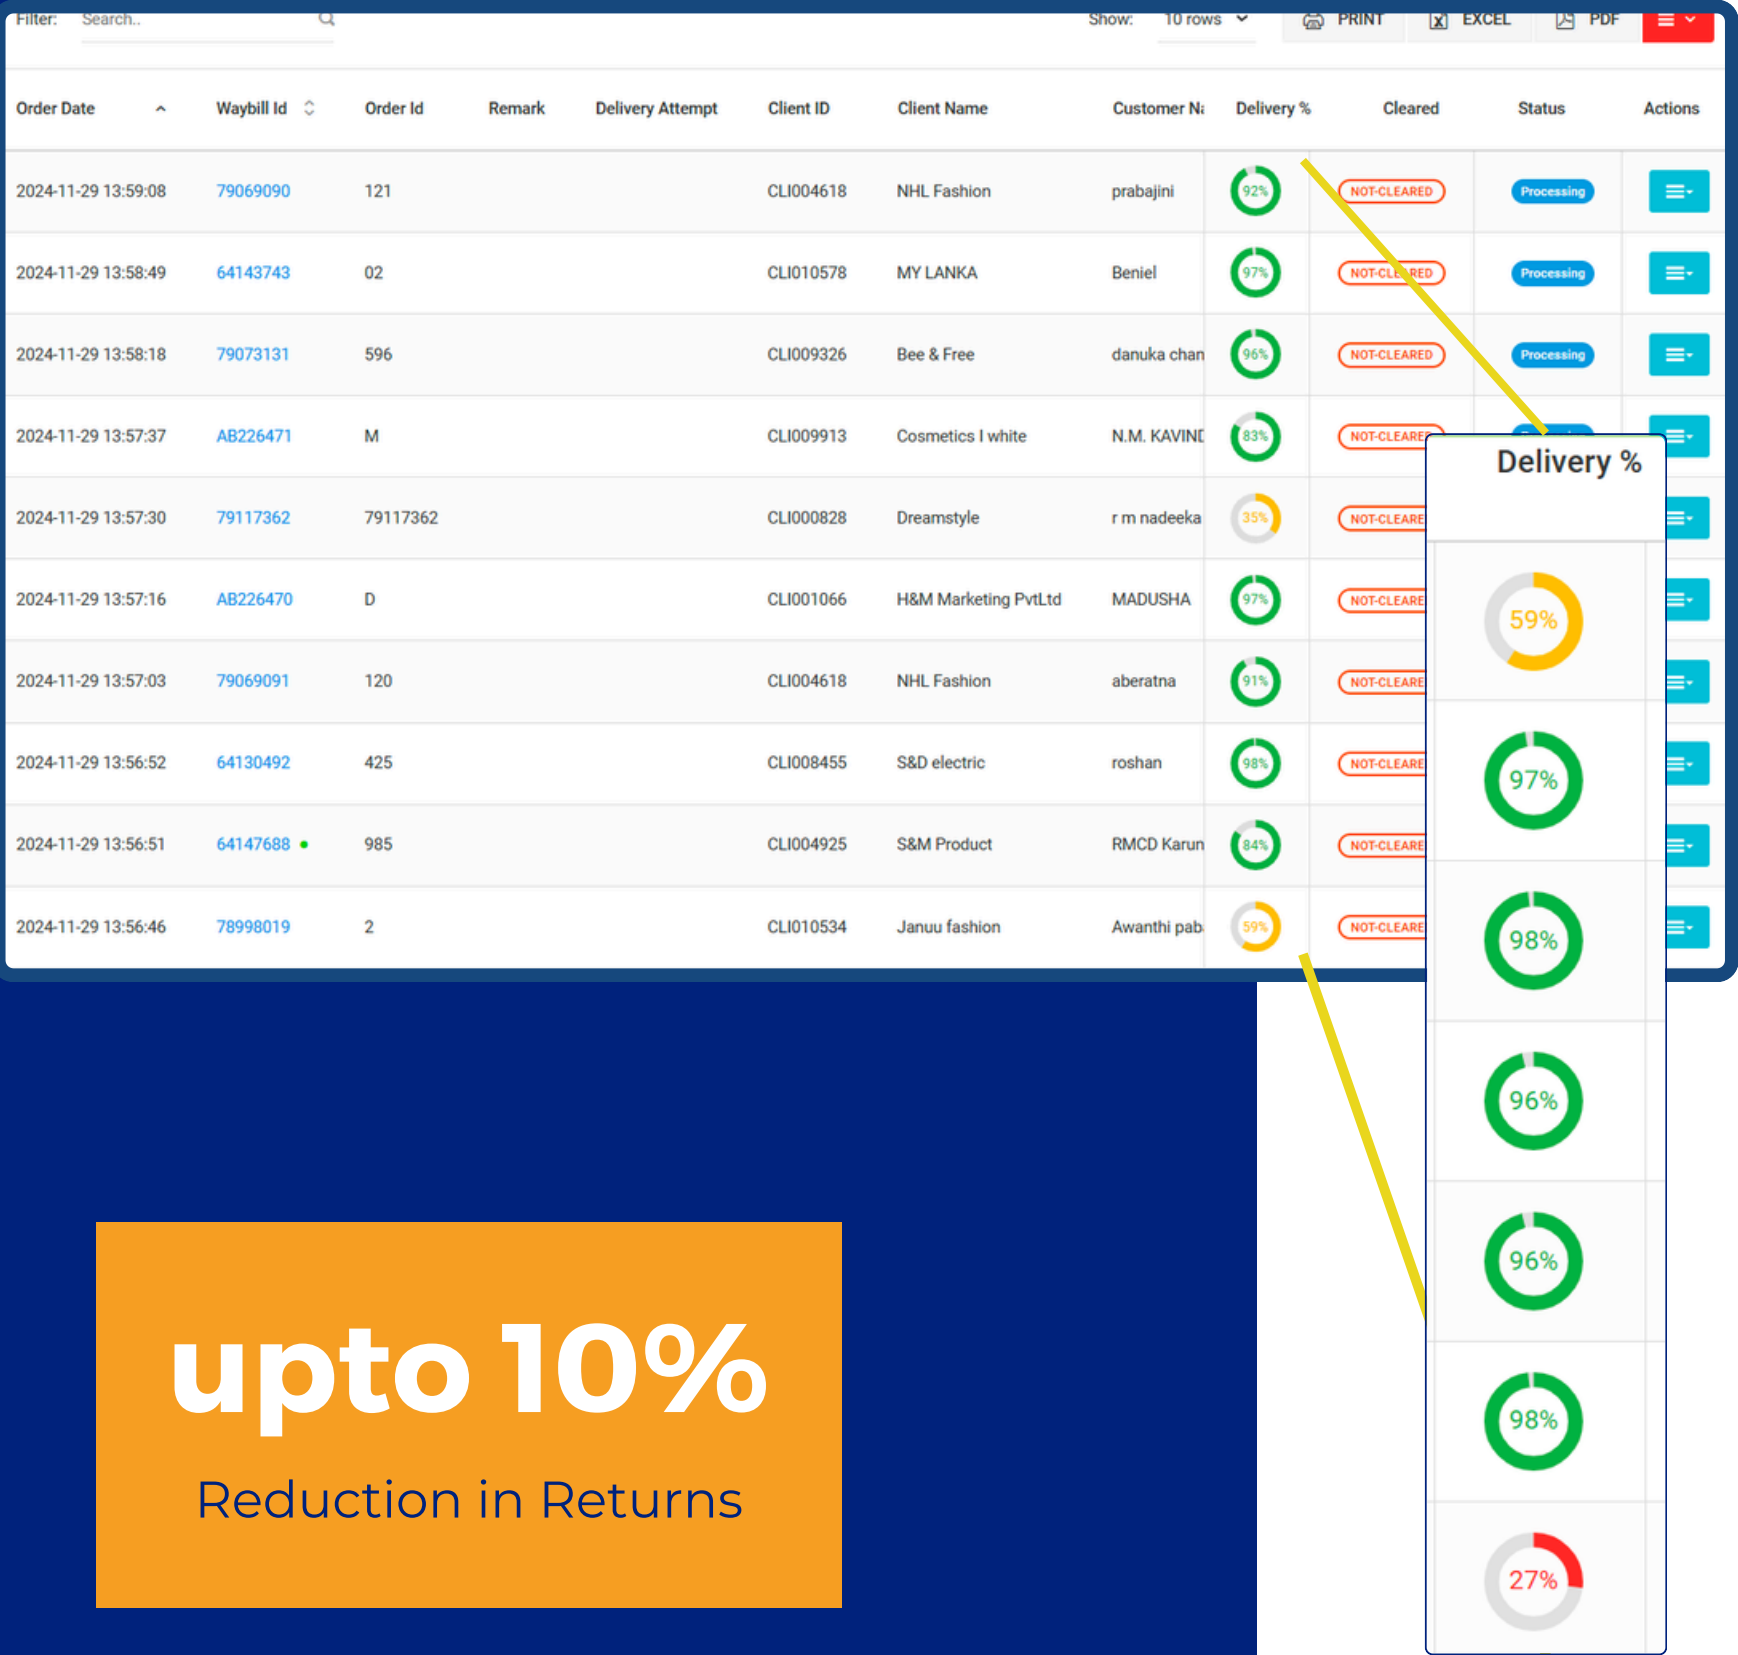

Identify merchants with fake online storefronts, mismatched product descriptions, or frequent returns.

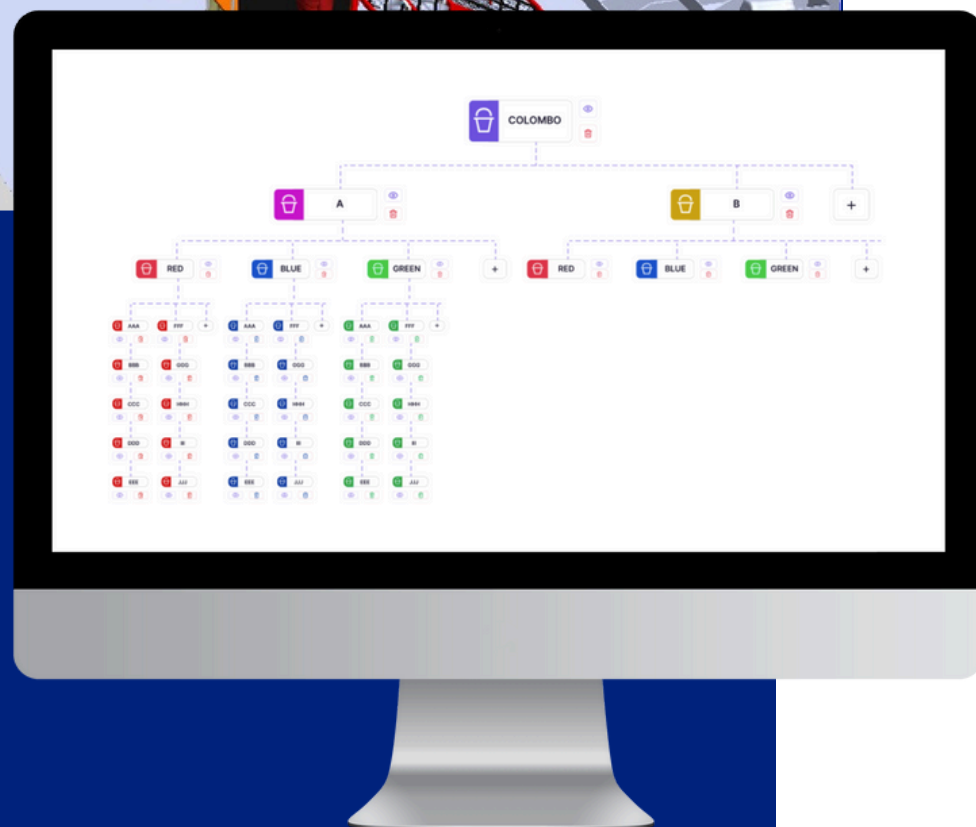

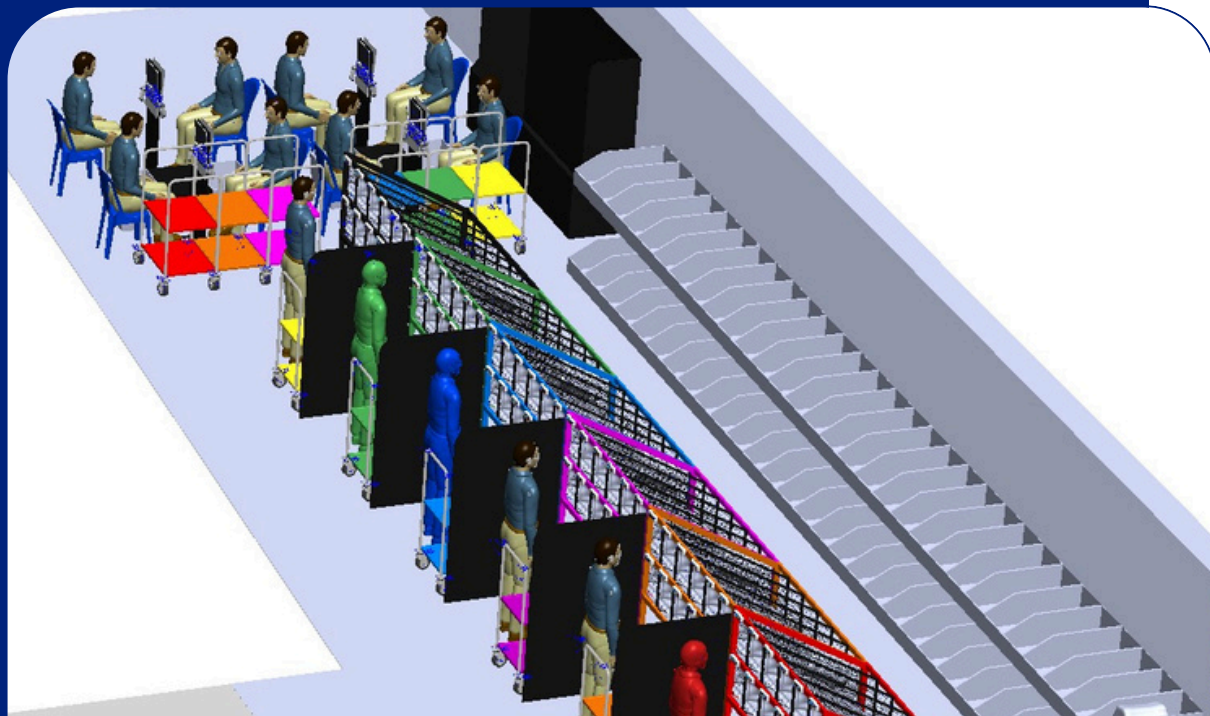

## Cut Costs

Cut down on extra costs related to returns

upto 10%  
Reduction in Returns

## KEY FEATURE 02

# IoT-driven Package Sorting

Transform inefficient sorting operations into smooth and smart systems - all with affordable infrastructure upgrades.

**Reduce missed parcels up to 95%**

**Reduce parcel damages up to 90%**

**Reduce labour up to 65%**

**Reduce sorting time up to 35%**

**Reduce returns up to 90%**

### KEY FEATURE 03

## Cash on Delivery (COD)

Our Cash on Delivery (COD) solution automatically tracks payments, invoices daily, calculates rider commissions, and ensures easy rider and branch deposit tracking with hassle-free reconciliation.

**Automated Invoicing**

**Daily reports & Reconciliation**

**Rider commissions handling**

**QR & Card payment integrations**
