ZAMAKONA YARDS GROUP

Zamakona Yards is a group of companies complementing each other to provide comprehensive services to all kinds of vessels, rigs and installations at any time, both in port and at sea.

We also supply all kinds of spare parts and consumables.

This business concept leverages and maximizes the qualities of each of the member companies that are divided into three main areas:

Zamakona Yards Bilbao – specialized in new building advance offshore vessels, tugs, live fish carriers, fishing vessels and ferries.

Zamakona Yards Pasaia – specialized in building high specification vessels as well as performing ship repairs and conversions

Zamakona Yards Canarias – Focus on ship repairs both afloat & dry-dock.

The strategic locations of Zamakona Yards in the Canary Islands along the Atlantic coast of Africa and in Northern Spain make this dynamic shipyard group the ideal logistic and service partner for ships and drilling rig owners and operators in the area.

Las Palmas (Canary Islands)

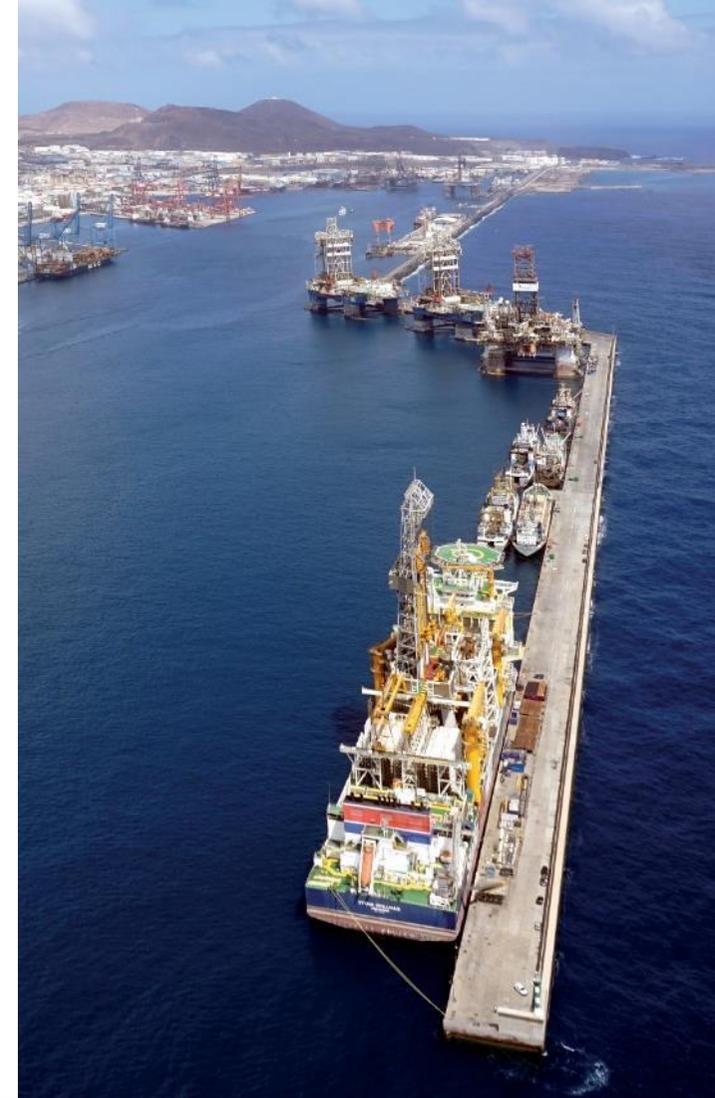

ZAMAKONA YARDS CANARIAS

Location

The Las Palmas Port, also known as Puerto de la Luz, is a commercial and passenger port with a separate yacht marina in the city of Las Palmas de Gran Canaria, Spain.

For five centuries, the Las Palmas Port has served as a traditional stopover and supply base for ships when crossing the Atlantic.

The Las Palmas Port is the main port in the Canary Islands as well as **the main port in the Middle Atlantic, being the biggest transit junction between Europe, Africa and America.** It is an important hub for container companies, ship & rig repairs

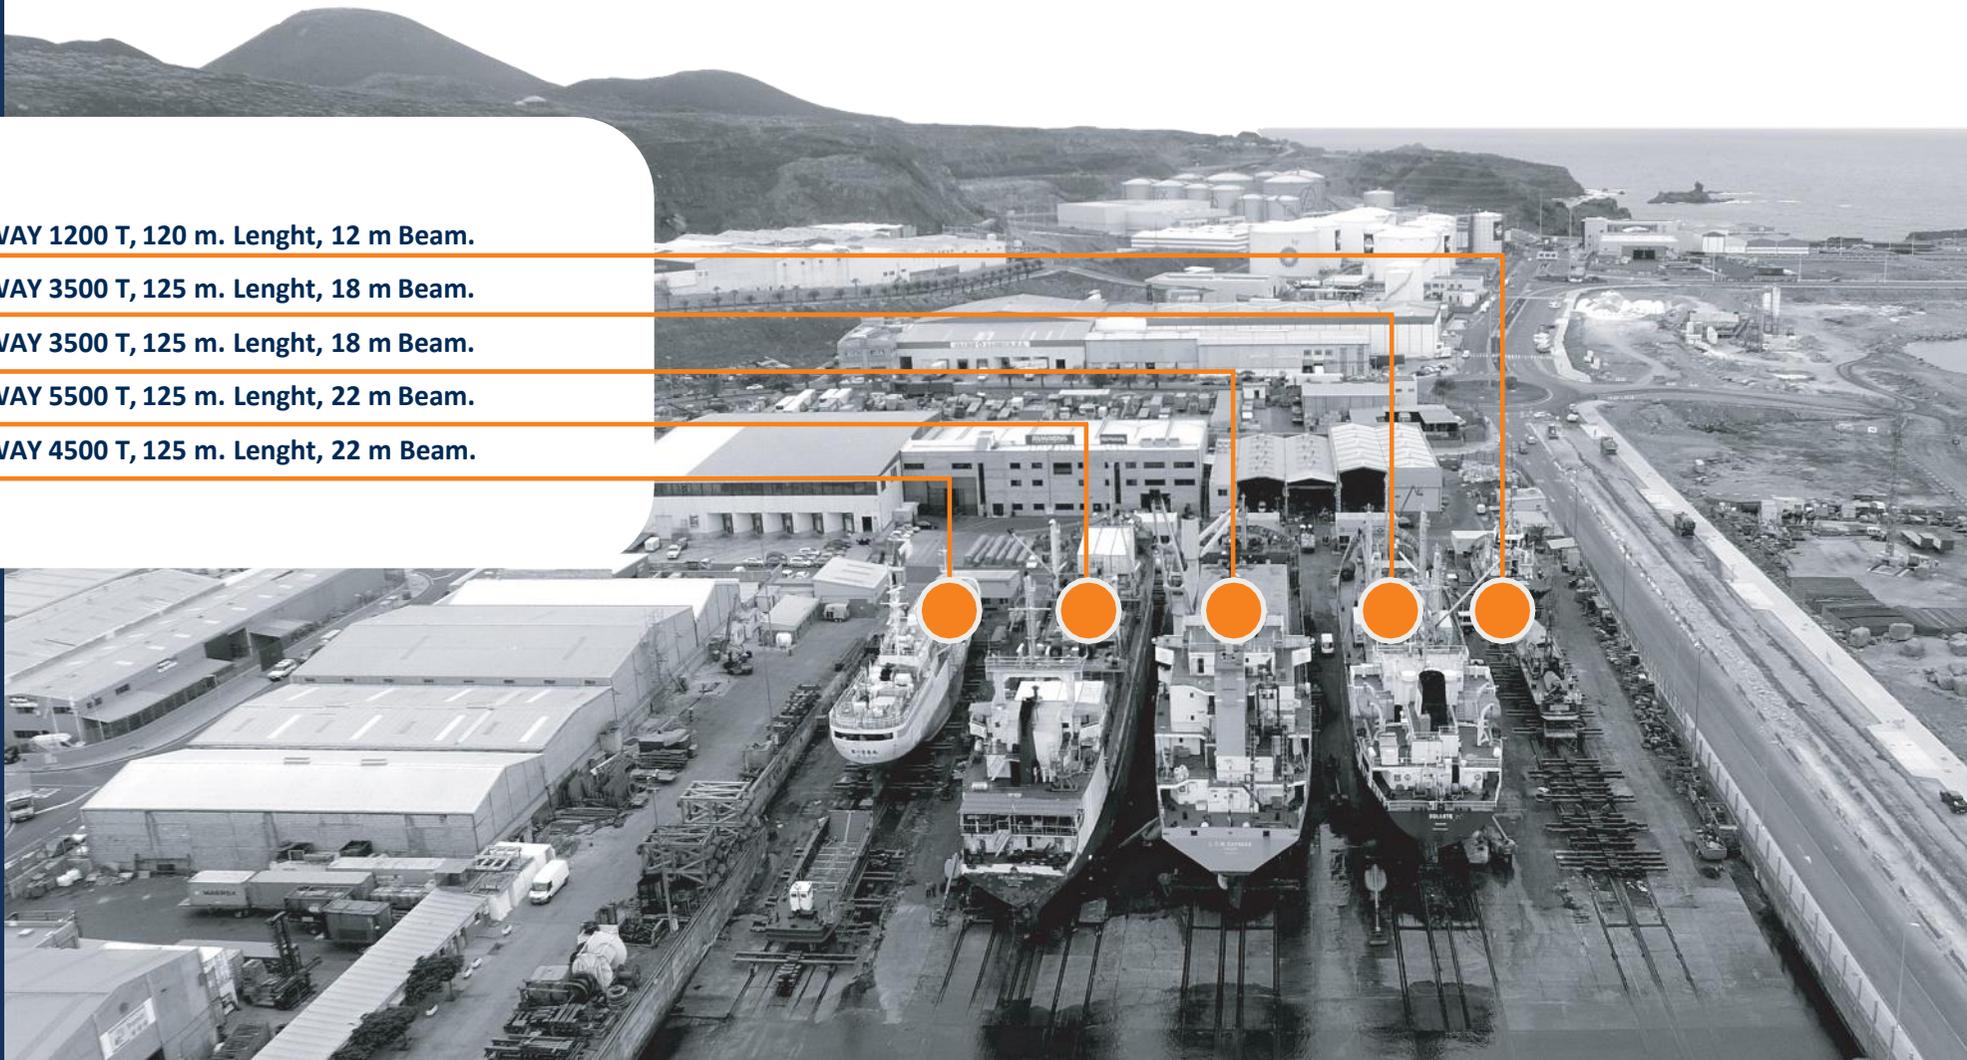

ZAMAKONA YARDS CANARIAS

Shipyard

Zamakona Yards Canarias is a shipyard specialized in maintenance, conversion and repairs of any kind of ships.

The shipyard has 5 repair slipways. The maximum capacity is: vessels up to 125 m length and 22 m beam, with displacement of 5500 T on docking condition.

- 01** SLIPWAY 1200 T, 120 m. Length, 12 m Beam.
- 02** SLIPWAY 3500 T, 125 m. Length, 18 m Beam.
- 03** SLIPWAY 3500 T, 125 m. Length, 18 m Beam.
- 04** SLIPWAY 5500 T, 125 m. Length, 22 m Beam.
- 05** SLIPWAY 4500 T, 125 m. Length, 22 m Beam.

EXPERIENCE

ZAMAKONA OFFSHORE

Our Experience in Oil & Gas

During the last 10 years, ZAMAKONA YARDS has been working for the following Drilling Contractors

- **TRANSOCEAN**
 - Cajun Express
 - Sedco Energy
 - Sedco Express
 - Eirik Raude
 - Deepwater Discovery
 - Discoverer India
 - Ocean Rig Corcovado
 - Ocean Rig Mykonos
 - Gsf Jack Ryan
 - Noble Globetrotter II
 - Sovereign explorer
- **STENA**
 - Stena Icemax
 - Stena Drillmax
 - Stena Carron
 - Stena Tay
- **SEADRILL**
 - West Aquarius
 - West Saturn
 - West Neptune
 - West Gemini
- **MAERKS DRILLING**
 - Maersk Discoverer
- **DIAMOND OFFSHORE**
 - Ocean Confidence
 - Ocean Black Rhino
- **PETROSERV MARINE**
 - SSV Catarina
- **ODEBRECHT**
 - ODN Tay IV
- **VALARIS**
 - DS1, DS3, DS4, DS5, DS7, DS8, DS9, DS11, DS12, DS16, DS17
- **NOBLE**
 - Gerry de Souza
 - Faye Kozack
 - Mistral
 - Meltem
- **COSL**
 - Cosl Pioneer
- **ENAGAS**
 - La Gaviota

ZAMAKONA YARDS

Partnerships

GENEROC AS

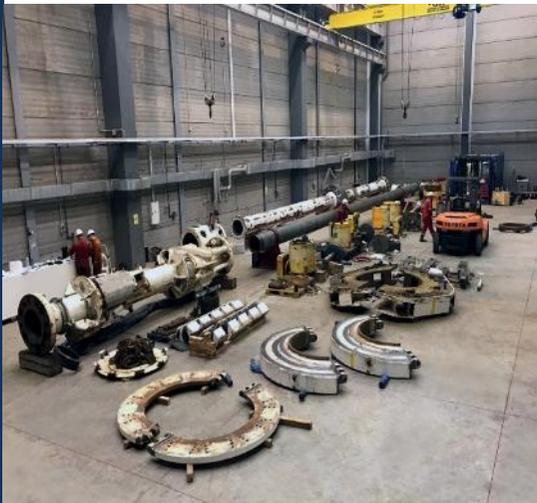

ZAMAKONA YARDS

Services

Some of our main services are:

- Mechanical and Machining
- Electrical and Electronics
- Welding and Steel Works
- Piping & Hydraulics
- Subsea Equipment Overhaul
- Scaffolding Installations
- Structures prefabrications and Installations
- Surface Treatment and Painting
- Diving Operations
- Cranes and Lifting Operations
- Cleaning Works
- Interior Works
- Load Testing
- Rope Access
- Inspections
- NDT's

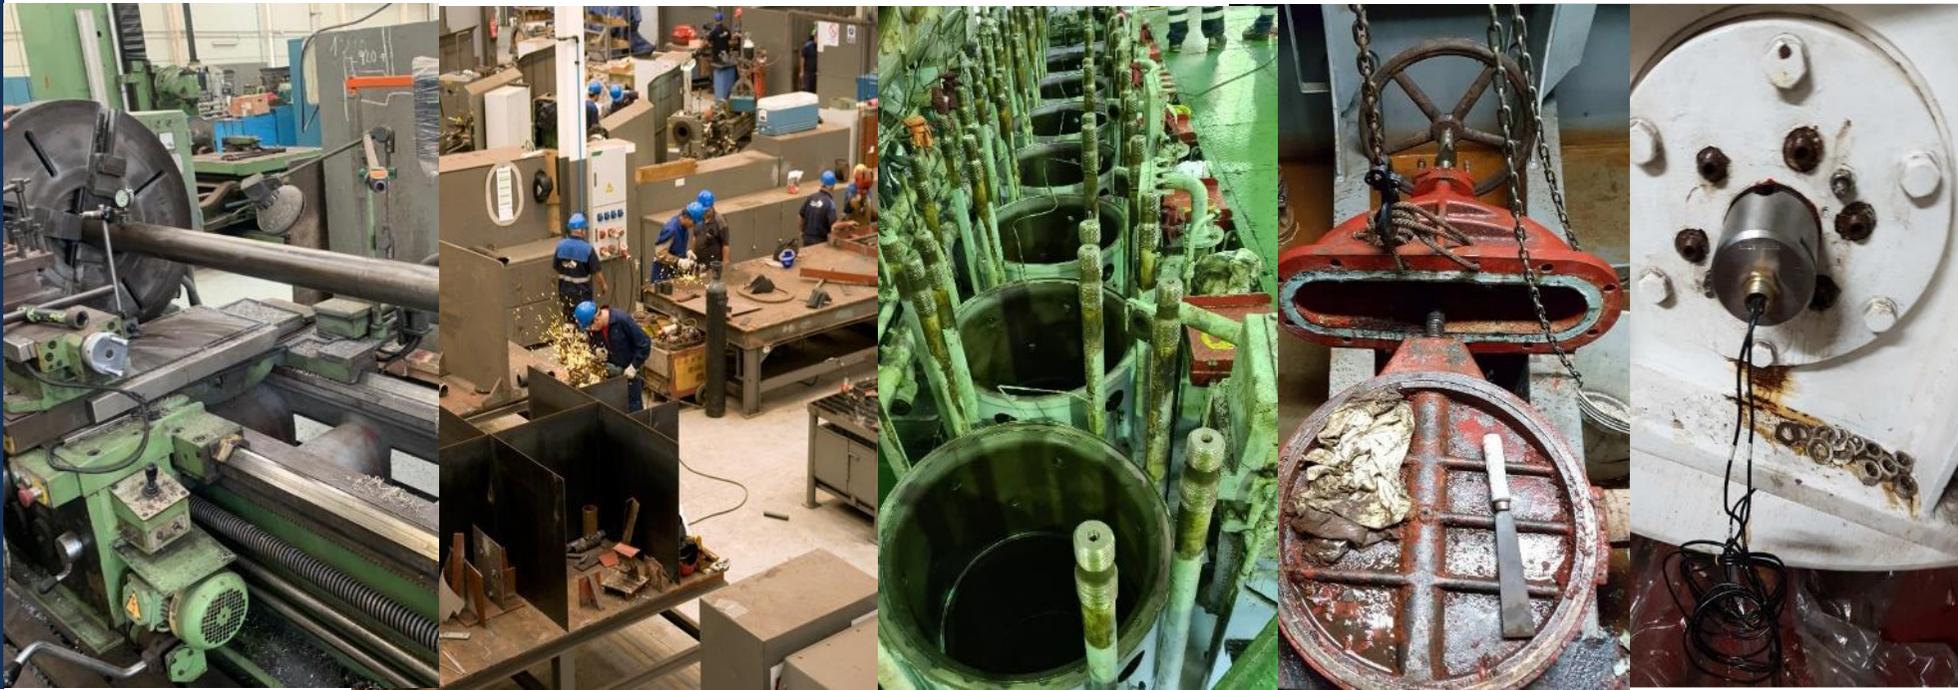

Mechanical and Machining

Some of **mechanical and machining** services are:

- Engines Overhaul and Repairs
- Fuel Pumps O/H and Repairs
- All type of pumps, purifiers, air compressors, turbochargers, pneumatic engine starters, refrigerators, coolers repairs and maintenance.
- On-site machining Works
- Laser alignment
- Fog Detectors inspection and repair
- Remote-Control Systems
- PRV's Recertification

Electrical and Electronic

Some of **electrical & electronic** services are:

- Rewinding of electrical motors, alternators and transformers AC/DC.
- Repair of switchboards and control panels
- Assembly of Naval and Industrial electrical equipment
- Electrical installations, bilge separators, safety equipment.
- Repair of naval and industrial electronic equipment
- Repairs of power packs, electro-generators
- Equipment and central alarm systems. Water treatment plants.
- (LTMC) low tension service.
- ATEX Personnel Certified

Steel Works

Some of **steel works** services are:

- Carbon and Stainless Steel Welding
- Aluminum and Copper Welding
- Certified-Coded Welders in several Class Societies
- Structures Prefabrication and Installation
- PWHT Equipment
- Special Alloys Welding
- Several Welding Procedure Specifications (WPS)
- Steel Plates and Beams Forming

Piping & Hydraulics

Some of **piping & hydraulics** services are:

- Hydraulic repairs and maintenance
- Upgrade of piping systems (MPD, BWTS, subsea, etc)
- High Pressure Piping (Cr-Mo Piping, ASTM A519)
- Specific Piping (ASTM A333)
- Hydraulic Piping (ASTM A269, ASTM A312, EN10305)
- Stainless Steel, Duplex and Super Duplex piping (AST A240 – SFA 2507)
- Chemical cleaning, flushing and pickling
- Pressure testing with chart recorder
- PPR, ABS, CPVC, GRE-GRP Piping Works.

Surface Treatment and Painting

Some of **surface treatment and painting** services are:

- Surface Treatment of decks and equipments
- UHP Water Jetting, Water Blasting, Sand Blasting
- Rust Removal and Treatment
- Piping Painting and Special Coatings
- Risers & Drill Pipes Blast and Painting
- Tank Cleaning
- Marine Growth Removal
- Paint and Special Wastes Management
- Surface Polishing
- Pumps, boilers and other equipment cleaning

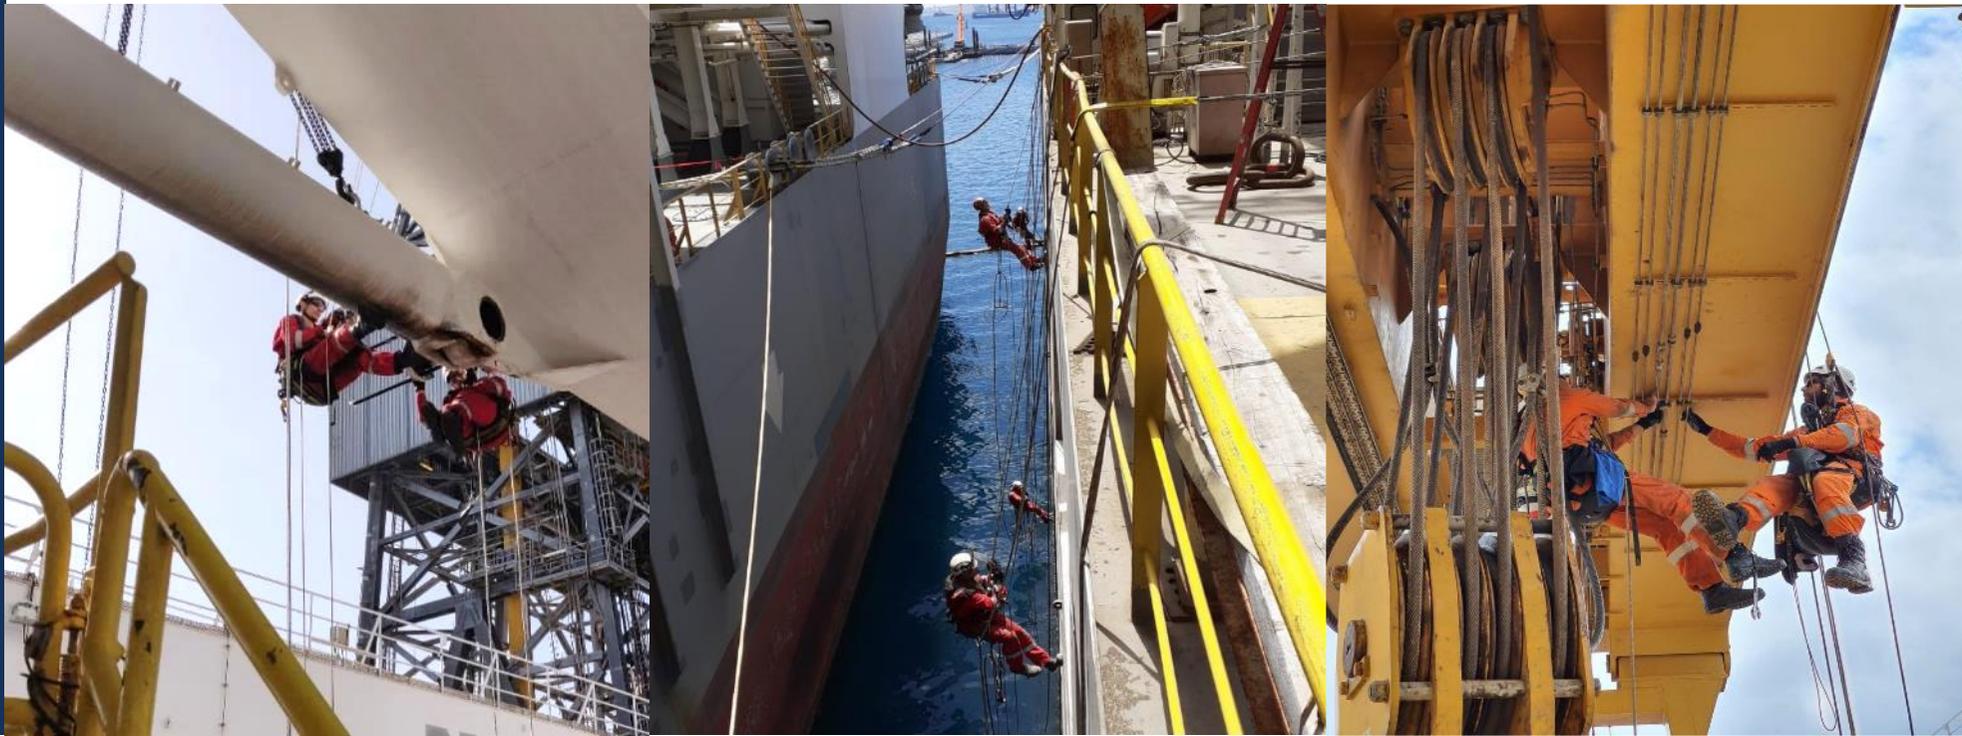

Rope Access

Some of the **rope access** services are:

- Hydraulic Works at Height
- Coating Repairs
- Drops Surveys
- NDT Inspection
- Crane Cylinders Removal & Reinstallation
- Derrick Inspections
- Structural Integrity Inspections
- Maintenance and Repair Works at Height
- Offshore Cranes Inspection (API RP 2D)
- Lifting Equipment Certification

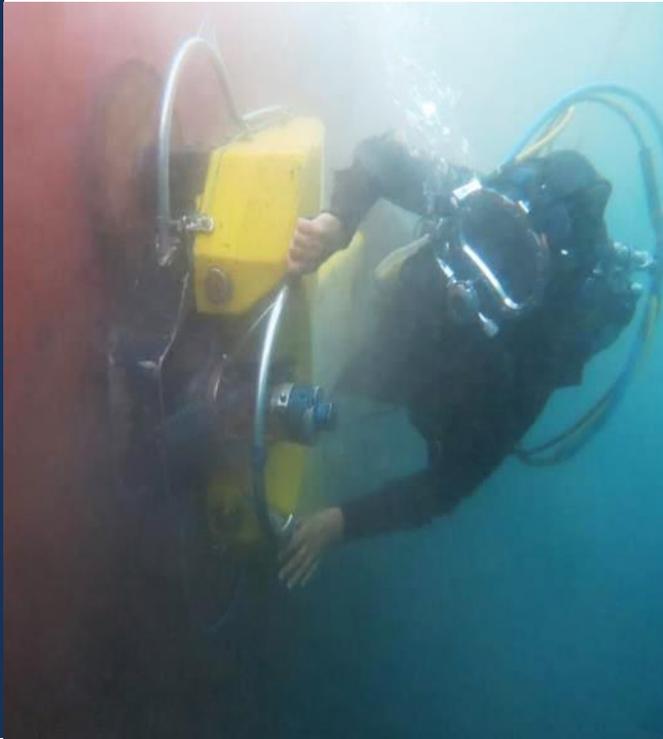

Diving Operations

Some of **diving** services are:

- Under Water Inspections (UWILD)
- Diving Inspection
- Hull and Thrusters Cleaning
- Ballast Tanks Inspections
- Plugs Installation
- Water Leakings Plugging
- Measurements and Bathymetries
- ROV and Boroscope Inspections
- Anodes Replacement
- Rescue and Salvage Operations
- Maintenance and Repairs

Other Services

Some **other services** are:

- Load Testing
- Non-Destructive Testing (NDT)
- Interiors-Accommodation Repairs and Renewal
- Inspections and Recertifications (Lifting equipment, mooring equipment, lifeboats-rescue boats, instrumentation, etc)
- Subsea Equipment Overhaul
- Cranes and Lifting Operations
- Cleaning Works (tanks, equipment, etc)
- Preservation – Depreservation
- Risers inspection and repair
- Drill Pipes inspection
