About us

Founded in 2004 to serve our customers quality honey and other bee products. We have good experience on domestic and international markets. Our foreign markets are European countries and USA. The quality of honey is in permanent attention of our management. Company was certified in accordance with standards ISO 9001 Quality Management System and ISO 22000 Food Safety Management System.

We provide

The climate, relief and vegetation of Republic of Moldova are favorable for beekeeping development. The flora of our country has a rich and various area of melliferous plants.

From all types of honey we have selected the most delicious.
