## Company Information & Our Philosophy

### Company Philosophy:

- Our products are cost-effective: balance quality-cost-delivery time of products & service
- Our work is customer-oriented: providing professional products and service
- We are good at technical communication: precise and efficient communication with partners/customers. Ensure the stability of the process with considering on details.
- We have long-term cooperation with our customers & partners, with trust and quality.

### Our Goal:

- to provide products and service with good quality, competitive price, on-time delivery → benefiting customers & partners
- To create greater value for customers than the product itself, such as efficient service and communication, comprehensive cost optimization and professionalism in the overall procurement of different products, and the ability to create more new products or solutions for customers.

WELLE Technology Co., Ltd. focuses on following business areas:

### Customized Product Manufacturing

✓ With more than 30 years of experience, we are able to provide various industrial products. Incl.:

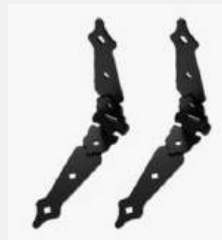

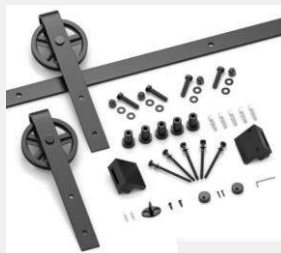

#### • **Building Hardware + Nameplate**

- CNC products Industrial Chains + Drive components
- Precision machining parts (non-metal & metal),
- Fastener parts
- Rubber/PVC/Silicone/EPDM products
- 3D print + Model & Prototype making
- Injection parts,
- Other customized products according to drawings and specifications.

✓ Different product types and materials available, :

- ◆ Door & Window Hardware,
- ◆ Tube/Solid Lever Handle / Handle on Plate,
- ◆ Door Knobs,
- ◆ Pull Handle,
- ◆ Hinge,
- ◆ Customized Hardware Components

✓ Customized Service and Manufacturing:

◆ Materials: Stainless Steel, Copper, SPCC/Cold rolled sheet, Iron, Aluminum, Zinc coated steel, Magnesium alloy, etc.

◆ Multiple processes:

- ❑ Machine tool processing
- ❑ Deformation processing
- ❑ Punching
- ❑ Welding
- ❑ Bend

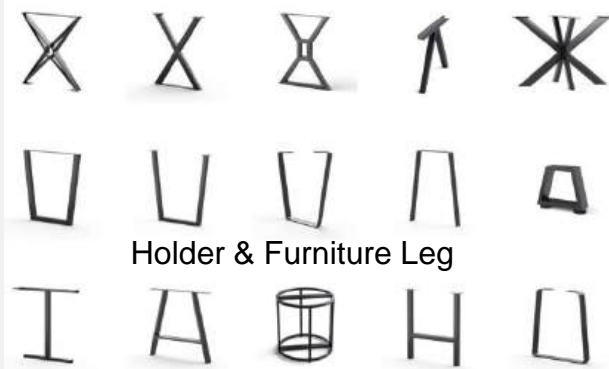

- ❑ Wire drawing
- ❑ Anodizing
- ❑ Laser engraving
- ❑ Electrophoresis
- ❑ Electroplate

◆ Packaging: packaging types according to customers' requirement , e.g. transport packaging, sales package, or other customized types.

✓ You show us required products or drawings, we could make it!
