

A Greentech solution for better living

Need to open the windows but you can't!

CO₂

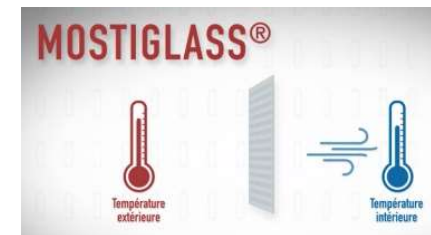

The Solution Mostiglass

Gently ventilate your inside spaces in the summer as well as in the winter

Avoid insect intrusions

Cool the incoming air by as much as 15 F°

Possibly lower or even eliminate air conditioning during the summer

Mostiglass benefits

100% efficiency demonstrated against Tiger mosquitos

Safe, pesticide free

Act as a buffer to regulate the temperature between the outside and the inside.

Examples of Installed Systems

Door

Window frame

Sliding frame

Mostiglass

A Lowtech solution adapted to today's lifestyle :

Gain comfort and save energy

Respect for the environment
