

# Quantum ~ Gravity

The Single most important scientific conundrum is resolved....

Leading to :: The 4th Industrial Revolution

2025	Quantisation	~ Full Solar System Access
1980	Digitization	~ Semi-Conductors / Internet
1880	Electrification	~ Power Generation
1680	Mechanisation	~ Steam

## Robust, Economic Engineering Pathways for....

Low Cost, Production Grade, Orbital Vehicles :: Cyber Trucks for Space  
Access to Vast Mining Resources :: Asteroid, Lunar & Martian  
Hundreds of Trillions of Dollars of new raw materials

## Implications....

- ✓ Aircraft, Space Rockets, Long Distance Freeways = Obsolete
- ✓ On-Planet Mining / Heavy Industry = Obsolete
- ✓ Poverty / War Over Resources & Mineral Rights = Obsolete
- ✓ Schism over the nature of reality & life purpose = Obsolete
